The Daily Review has the largest
circulation of any newspaper
published in the city of Wilmington.

The San Bernardino, Cal., fruit
growers have used 500,000 orange boxes
this season.

Ferdinand Ward is known as "Doc-
tor" among the prisoners of the Ludlow
Street Jail.

There are 8,000 children in New
York for whom there are no school
accommodations.

In an English cavalry regiment of
500 sabres there are usually but 330
horses ready for duty.

The splendid mansion formerly the
residence of Ole Bull, one of the finest
in Madison, has been purchased by the
State as an official home for the Gov-
ernor of Wisconsin.

The English Lifeboat Service saved
633 lives and eighteen vessels during
the past year. Shore boats, manned
by volunteers, saved 159 more in the
same time.

The gardener at the White House
has named two more seedlings after the
President and a lady friend of the Pres-
ident. If Mr. Blaine had been elected
the new varieties would probably have
been named the Miss Gail Hamilton
and the President Blaine.

Speaking of the Democratic rush for
office, so frequently alluded to by the
organs, a Cabinet officer informs Editor
McClure that there are not recom-
mendations or names on file in the de-
partments for half the offices that are
now vacant.

The new sixpence rate for telegrams
to all parts of Great Britain is not such
a reduction as at first appears. The
present rate is one shilling for twenty
words, exclusive of the address. Un-
der the new law the address is counted
and charged for, and the minimum
twelve instead of twenty words.

The Government is about to move
\$35,000,000 in gold from the sub-treasury
at San Francisco to that at New
York. The lowest bid of the express
companies is \$3.25 per \$1,000, which
does not come within the \$100,000 ap-
propriated by Congress for the purpose.
The Pacific Mail makes a lower bid.

Bragg H. Comer, of Barbour county,
is the farmer king of Alabama. Last
season he produced on his plantation
2,250 bales of cotton. With ninety
mules he made 1,100 bales, and on sev-
eral of his farms ten mules produced
150 bales, or fifteen bales to the mule.
In addition to this exhibit a large
amount of corn was produced. Mr.
Comer has this year 8,000 to 10,000
acres in cotton and corn, and this enor-
mous crop is worked by 225 mules.

Mr. R.H. Williams, of Louisville, an
enthusiastic Welshman, has secured
8,000 acres of land in Powell and Estell
Counties, Ky., admirably adapted for
agricultural purposes, on which he pro-
poses to settle several Welsh colonies
immediately. There are about sixty
houses already erected and ready for
occupancy, and the most liberal terms
will be granted the colonists. Provi-
sion will also be made for schools and
churches of the faith of the colonists.

The use of the revolver by women to
avenge real or supposed injuries, is be-
coming very common in France. Re-
cently a Paris physician, residing in
the Rue Lafayette, had a maid servant
named Louise Chasot, whom he dis-
missed. She left, vowing vengeance,
of which he took no notice. The next
day a messenger called to ask him to
go and see a person who was ill at 24
Rue de Dunkirk. He went to the apart-
ment indicated, and on the door being
opened to him he found himself in the
presence of his late domestic. She
immediately fired two shots of a re-
volver at him. One bullet grazed his
ear. The other passed through his left
thigh.

In the Medical Press Dr. Spanton
tells of a young man who attended the
Salvation Army meetings in order to
be cured of heart disease. Eight or ten
of the "soldiers" placed their hands
upon his head, and the "Major" talked
earnestly with him and crossed his
forehead with oil. He was asked if he
did not feel healed, and replied in the
negative. The process was repeated,
and the bystanders shouted to him that
he was healed. But he was still obliged
to deny the fact, and was at last igno-
miniously dismissed with the observa-
tion from the Major, "You don't under-
stand faith."

THE DAILY REVIEW.

VOL. IX.

WILMINGTON, N. C. SATURDAY, MAY 2, 1885.

NO. 101.

An English clergyman has sent to
each member of the House of Lords a
copy of a pamphlet written by him
proving that the British disasters in
the Sudan are a consequence of God's
anger with their lordships for not re-
jecting more emphatically the bill
legalizing marriage with a deceased
wife's sister.

Archbishop Ryan received up to Sat-
urday, as trustee of the Catholic insti-
tutions in the Diocese of Philadelphia,
\$740,000 under the will of the late
Francis A. Drexel, the banker, who
directed that, after the payment of cer-
tain small specific legacies, one-tenth of
his estate should go to a number of
Catholic charities which he named.
The executors by the will were given a
year in which to settle the estate's
affairs. It is stated that Mr. Drexel
estate will amount to \$10,000,000.

People generally, and even those who
may be termed steady readers and
close observers, have but a faint con-
ception of the magnitude and influence
the press of this country has attained.
From a careful examination of the ad-
vance pages of the 1885 edition of the
American Newspaper Directory, issued
May 1st, by Geo. P. Rowell & Co., of
New York, appears that there are 14,
147 newspapers and periodicals pub-
lished in the United States and Canada;
of these the United States has 13,973,
an average of one paper for every 3,667
persons. In 1884 the total number of
newspapers was less by 823 than at
present, and while the gain this year
is not so marked as in some previous
years, it is still considerable. Kansas
shows the greatest increase, the num-
ber being 78, while Illinois follows with
a gain of 77. It is curious to notice
that New York, the scene of so much
political activity during the last cam-
paign, should have only about one-third
as many newspapers as the state of
Pennsylvania. As an index to the
comparative growth and prosperity of
different sections of the country, espe-
cially the Territories, the number of new
papers forms an interesting study, and
may well occupy the attention of the
curious.

ing upon "The Non-conformity of the

Disastrous Fire.

A report reached here to-day that a
fire broke out at Elizabethtown, Bladen
county, which was quite disastrous in
its results. There is no definite news
from there, but it is thought that nearly
the entire business portion of the town
was destroyed.

Discussion on Baptism.

Rev. J. P. King will occupy his pulpit
to-morrow (Sunday) night at 8 o'clock
at the Second Baptist Church to discuss
the subject of Baptism in answer to the
recent argument made by Rev. Mr.
Tuttle, of Fifth Street M. E. Church.
All interested are invited. This is an
open question.

Sudden Death.

An old colored man named Thomas
Davis, living on Sixth street, between
Swan and Nixon, while going to his
work this morning at Messrs. Parsley
& Wiggins' mill, was taken suddenly
sick just as he was entering through
the gate leading to the mill. Help was
summoned and they started to convey
the sick man to his home, but he died
before reaching there. He had been in
the employ of Messrs. Parsley & Wig-
gins for many years. It is supposed
that the cause of death was heart dis-
ease.

The Atlantic Coast Line—Pur- chase of the Richmond, Fred- ericksburg & Potomac R. R.

Yesterday's Petersburg *Index-Appel*
gives publication to a rumor to the
effect that the Virginia & Carolina R.
R. had been sold to the syndicate of the
Atlantic Coast Line and a despatch
from Petersburg to the Charleston
News and Courier, on the same subject,
is as follows:

It is stated here that the Virginia and
Carolina Railroad, which runs from
Ridgeway, N. C., through Petersburg
to Richmond, has been sold to the syn-
dicate owning the Atlantic Coast Line
railroads. Only a few months ago the
city of Petersburg exchanged \$100,000
worth of her bonds for a like amount of
Virginia & Carolina Railroad bonds to
aid in the construction of the road, and
also gave a bonus of \$50,000 for the
purchase of the right of way through
the city and the erection of depot build-
ings within the corporate limits. Maj.
W. S. Green, chief engineer, and E. A.
Green, assistant engineer of the road,
have tendered their resignations, to
take effect on the 15th of May.

The facts in the case are that the
Richmond, Fredericksburg & Potomac
R. R. has been purchased by the At-
lantic Coast Line. This has been the
property of Mr. Moncure Robinson,
father of Col. John M. Robinson, and
as the same gentleman is also largely
interested in the Virginia & Carolina
R. R. it is likely that this latter road
has been included in the sale. The
Atlantic Coast Line have long desired
to get possession of the R. F. & P. R.
R. and their success in this respect
gives them an unbroken line of railway
from Charleston in the South to Quan-
tico in the North. At this latter point
they meet the Pennsylvania R. R.

The Gale.

We learn that there was a severe
gale last night on the line of the North
eastern Railroad between Florence and
Charleston and that several trees were
blown down and across the track. It
also blew heavily along the line of the
Wilmington & Weldon Railroad, and
in the vicinity of Magnolia the gale
was quite severe. The clouds looked
very threatening here and at one time
there was every appearance of a terrific
storm, but it blew over without doing
any damage.

More Arrests.

Jane Hoiden, colored, who lives on
McRae street, between Hanover and
Brunswick, was arrested to-day upon
the charge of receiving stolen goods
knowing them to have been stolen. She
is a daughter of Lizzie Riley, who was
arrested as one of the gang of shop-
lifters on Thursday. Officer Strode is
yet on the lookout for more stolen
property and to day succeeded in finding
a picture and a book which have not
been identified.

Changed Owners.

The steamer *A. P. Hurt*, which has
for so many years been known in the
waters of the Cape Fear as a regular
packet between this city and Fayette-
ville, has been sold and the new owners
will take possession when she next
arrives in Wilmington. Messrs. Woody
& Currie, who have become part own-
ers of the boat, will in the future be the
agents in this city. The other owners
are principally in Fayetteville, but we
were unable to obtain their names. The
boat will continue to be run under its
new ownership and management, from
this city to Fayetteville, as it has been
running in the past.

Vital Statistics.

Dr. F. W. Potter, city physician, re-
ports the following as the number of
deaths during the month ended April
30th, 1885:

White males 4; females 3. Total
whites 7. Of this number 5 were adults
and two were children. Colored males
16; females 9. Total colored 25. Of
this number 14 were adults and 11 were
children. This makes the total num-
ber of deaths—white and colored—32,
but from this number should be taken
4 still born, 2 who died from extreme
old age, 4 drowned and 2 poisoned,
making 12 who did not die of disease,
leaving 20 whose deaths were caused
by sickness. This is a remarkably
good showing.

State Dental Association.

The eleventh annual session of the
North Carolina State Dental Associa-
tion will be held at Charlotte June
2nd, 3rd and 4th. The necessary ar-
rangements have been made by the ex-
ecutive committee for the comfort and
accommodation of all members of the
profession who may wish to attend.
Fare over all the railways will be re-
duced, and board at either of the hotels
can be procured at \$2 per day. The
officers of the association are Dr. J. H.
Durham, president, Wilmington; Dr.
C. J. Watkins, 1st vice-president, Sale-
m; Dr. J. E. Matthews, 2nd vice-
president, Kenansville; Dr. T. M. Hun-
ter, secretary, Fayetteville; Dr. J. W.
Hunter, treasurer, Salem.

Drummer's Tax.

The following letter from the State
Treasurer is an important paper which
we publish for the benefit of all con-
cerned:

NORTH CAROLINA,
TREASURY DEPARTMENT,
RALEIGH, April 20th, 1885.

S. H. Manning, Esq., Sheriff, Wilming-
ton, N. C.:

DEAR SIR:—I have received your
communication of 18th inst.
For reasons stated by you I can, to
some extent, appreciate the difficulties
in your way of prompt enforcement of
the law as to "drummers." Yet, I sug-
gest that the unlawful collection of the
tax from "drummers," by the authori-
ties of the City of Wilmington, does
not relieve the Sheriff of the responsi-
bility of enforcing the statute. Tak-
ing your statement as true in
every particular, and in view of the
conduct of the employed agents of the
city of Wilmington, which has the
effect of depriving the State of its just
revenues and of aiding in a disregard
of the State law, I am surprised at the
course pursued by your city govern-
ment.

It has been the invariable decision of
this Department, sustained by the
Attorney-General, that county, city or
town governments have no right to
collect a tax on drummers, whether
operating with State license or not.
It is the duty of the sheriff to see that
the law is respected by every drummer,
and I will sustain you in every lawful
proceeding against such violators of the
law as authorized by Sec. 28, Schedule
B, of the "act to raise revenue."
Very Respectfully,
D. W. BLAIR,
State Treasurer.
