For other locals see fourth page. Only 1 bale of cotton received at this port to-day. Twenty difference styles of beautiful Straw Hats for 50 cents each at Dyer's.

Too Common. Speaking of chicken stealing, we were told a few days ago by a gentleman in this city that his chickens had been stolen a week or two previously, and when the loss was discovered he thought he would give the fact to the newspapers as an item, but in talking of the matter with his neighbors he found that nearly all of them had suffered in like manner, and he concluded that chicken stealing had become too monotonously common to prove a live item.

Resolved, That the attention of the various committees of the Board of Aldermen and of the heads of the several departments is respectfully called to the necessity of deferring the incurring of any expenditures under the appropriations for the current fiscal year, especially those for repairs and extension of buildings, except such as may be absolutely necessary, until the Fall months, when the taxes begin to come in.

The Register of Deeds submitted his report of fees received from marriage licenses during the month of April, amounting to \$12.35, and exhibited the Treasurer's receipt for the same. The Chairman exhibited the Treasurer's receipt for \$12.15 collected from Pender county for the insane of said county, cared for by this county.

Schr. Carrie Bell, from Kennebec for this port, sailed from Portland, Me., May 3d. Eggs have advanced again in price and were retailing to-day for the stores for 15 cents per dozen.

Personal. Dr. H. J. Faison, of Faison, Duplin county, is in the city to-day. Hon. A. J. Seymour, Judge of the U. S. District Court, arrived in the city last night.

An election of policemen was held which resulted as follows: A. W. Wiggs, captain; Robt. Green, first sergeant; R. M. Capps, second sergeant; G. W. Bishop, third sergeant; and the following privates: E. Allen, D. W. Chadwick, M. F. Costin, J. F. Everett, R. Grant, W. H. Griffith, S. Howland, B. F. Latham, Wm. Martin, H. J. Mintz, J. D. Orrell, J. S. Piver, F. T. Skipper, W. R. Smith, S. H. Terry, Marsh Walker, W. T. Williams, H. H. Woebbe, B. F. Bryan, J. A. White, W. H. Sholar, J. M. Nelson, B. F. Turlington, John Nutt, B. H. Scott.

The Board proceeded to draw the regular venire of jurors for the June term of the Superior Court, with the following result: First week.—Martin O'Brien, W. L. Pentress, Martin A. Daniels, Willis Jordan, W. M. Hurst, Geo. W. Sheridan, E. A. Sholar, Washington Howe, Jno. F. Soll, C. P. Mebane, F. A. Muse, John S. Piver.

The Chinaman says: Me likee washee Diamond Shirtee. They can only be found at Shrier's, 114 Market st. To-day is the twenty-third anniversary of the battle of Williamsburg, Va., which was fought on the 5th day of May 1862.

The committee on Streets and Wharves were granted further time in the matter of sidewalks at the railroad depot. The committee on Fire Department reported that, upon examination of the Cape Fear engine, they find her in working order and ready for service, and that if she remained in service, recommended that the necessary alterations be made to enable her to connect with the hydrants. Adopted.

On motion, the Board adjourned, subject to a call of the Chairman. Ring in the New. There is a movement on foot to get a new fire alarm bell in place of that now in use. The old bell weighs about 400 pounds and has done faithful service for lo! these many years. It was bought at a time when Sixth street was on the outskirts of the city and all beyond, in an Easterly direction, was in the suburbs where scrub oaks were wont to grow. While the territory of the city was thus confined to such narrow limits the old bell answered every necessary purpose, but with the increase of our population and the extension of the city East and North in consequence of that increase, it has become comparatively of no value, and its usefulness is confined to its original limits.

All in need of a Canary or Mocking Bird Cage, will do well to call at JACOB'S Hardware Depot, and examine his large and fine stock. Guy Wright's band paraded the streets this afternoon with the announcement that the match game of base ball would be played at 4 o'clock.

Centennial Issue. The Augusta Chronicle has published a centennial issue of that paper. Some time in May, 1785, the first number of the Chronicle was issued and the centennial sheet now before us is in commemoration of that event. A facsimile of one of the earlier numbers is published in this issue and the contrast between it and the mammoth 24 page publication now given to the world is very great indeed.

Report of G. W. Thames, Clerk of Market, was received and filed. The ordinance concerning markets hereafter shall be from daylight until 11 a. m., and from 4 p. m. until 7 p. m. The Sanitary committee recommended that an additional cart or wagon be detailed for sanitary purposes, and that the police be instructed to report promptly any violation of sanitary regulations. Adopted.

The steam tug Wm. Nyce, which has been under repairs for some time past, is about ready for service again, and expects to be ready to make her trial trip on or about the 11th inst. Br. barque Susan J. Campbell, Steele, cleared to-day for Liverpool with 625 bales cotton, 500 casks spirits turpentine, 3,300 barrels tar, 1,042 barrels rosin and 250 barrels crude turpentine, valued at \$44,675, shipped by Messrs. Alex. Sprunt & Son.

Don't Shoot! We hear of two ladies who live in the Eastern section of the city and keep house together. A short time since they bought some chickens of a colored woman and put them in a coop in the yard. A few nights ago one of the ladies heard a noise in the yard and upon going out ascertained that there was some sort of a disturbance in the chicken coop. Being one of the plucky kind of women she stepped towards the coop, at the same time calling to the lady who was in the house to bring her pistol as she was going to shoot whoever or whatever was in the chicken coop. While saying this she marched boldly up to the coop, when an imploring voice begged her, for God's sake, not to shoot! It was a woman's voice, and when she came out of the coop and stood revealed in the light, she proved to be the identical colored woman from whom the chickens were bought.

Resolved, That the Committee on Fire Department be requested to report to the next regular meeting of this Board some feasible plan for reducing the expense of working said Fire Department. A communication from the N. C. Board of Health was received and ordered to be filed. The Board then adjourned subject to the call of the Mayor.

Mr. John H. Hanby is erecting a two story frame building on the corner of Seventh and Orange streets. It is intended that the first floor shall be converted into a store, while the second story will be used as a residence. The New York Herald now thinks that a "warm wave" will probably pass over the Atlantic coast during the middle of this week. To day the wind has been from the South but the atmosphere has been very pleasant.

Carolina Yacht Club. The annual meeting of the Carolina Yacht Club was held at the City Hall last night and it was largely attended. A number of new members were admitted and the following officers were chosen to serve for the ensuing year, viz: Commodore—Pembroke Jones. Fleet Captain—Norwood Giles. Flag Captain—W. L. Smith, Jr. Parser—M. S. Willard. Measurer—G. D. Parsley. Governing Committee—G. H. Smith, W. L. Parsley, H. M. Bowden. Marshal—H. McL. Green. It was decided, if the necessary arrangements can be perfected, to have a race in the river sometime in June, and that the Carolina Yacht Club, of Charleston, S. C., and the Savannah Yacht Club, of Savannah, Ga., be invited to participate in the same.

In one case a fine of \$5 was imposed; in the second case judgment was suspended and in the third case the defendant was discharged. His aim has always been in selling good goods at the lowest prices. Be sure and give him a call. The Anglican Communion throughout the world embraces at the present time 206 Bishops and 29,663 clergy. Of these 71 Bishops and 3,669 clergy belong to the United States. This gives an average of one Bishop to every 144 clergy. In England there is only one Bishop to every 553 clergy; in Ireland, one to 146; Scotland, 35; colonies, 38; and United States, 51. From a return published by the Berlin municipality of the population of the German capital it appears that Berlin had on Dec. 1, 1880 (the last census day of the German empire), 1,133,608 inhabitants, including the military. By the end of 1881 the population had risen to 1,156,332 souls; 1882, to 1,192,073; 1883, to 1,226,392; 1884, to 1,263,196. The garrison of Berlin was, at the end of the latter year, 20,064. A fresh census of the German empire will be taken on Dec. 1 next.
