

THE DAILY REVIEW.

VOL. IX. WILMINGTON, N. C. WEDNESDAY, MAY 13, 1885. NO. 110

THIS PAPER published every evening, Sundays excepted by JOSH T. JAMES, EDITOR AND PROPRIETOR. SUBSCRIPTIONS POSTAGE PAID. One year \$4.00. Six months, \$2.00. Three months, \$1.00. One month, 35 cents. The paper will be delivered by carriers free of charge, in any part of the city, at the above rates, or 10 cents per week. Advertising rates low and liberal. Subscribers will report any and all failures to receive their paper regularly.

The Memphis *Avance* condenses the general press comment neatly by saying: "The *Avance* advises Senator Eustis of Louisiana, to study the examples of some former Senators before saying what he may find himself wishing he had said. In all these cases there is an appeal to the people. We venture to suggest to Senator Eustis that he resign and appeal to the people."

Gen. Imboden has published in the *May Century* some reminiscences of the war, in which he mentions incidentally the arrival of Mrs. "Stonewall" Jackson and her infant on the battlefield of Manassas. He tells about dandling the girl baby in his arms on the morning after the battle, little thinking that on the day when this appeared in the magazine the daily papers would chronicle the approaching marriage of that same infant.

Capt. S. A. Ashe has been appointed Postmaster at Raleigh, vice John Nichols, Republican, whose term has expired. It gives us pleasure to record this fact. Capt. Ashe's services have been of inestimable benefit to the Democratic party in this State and he has borne much of the burden and heat of the day in more than one desperate conflict. His paper, the *News and Observer*, is *par excellence* the Democratic paper of the State and we are glad that its services and those of its publisher have been recognized at last.

A baby show of unique character was given last week by a number of young ladies in New York for a charitable purpose. The entertainment consisted of the singing of the cradle songs, carols and lullabies of all nations. Each piece was accompanied by a scene that depicted, as nearly as possible, the costumes and customs of the nation of which the music was typical. There was a supply of live and docile babies, who were dressed in the manner of the countries represented. There were Grecian, Chinese, Egyptian, Russian, German, Irish and Indian scenes among others.

Dickens has been much criticised for the apparent acceptance of the fact of spontaneous combustion, but Sir W. Gull lately testified to a surprising case before the committee of the House of Lords on intemperance. A large, bloated man, who was suffering from difficulty of breathing and great distension of the venous system, died at Guy's Hospital. At the post mortem of the following day there was no sign of decomposition and the body was believed to be distended with gas. "When punctures were made into the skin," said Sir William, "and a lighted match applied, the gas which escaped burned with the ordinary flame of carburetted hydrogen. As many as a dozen of these small flames were burning at the same time."

The French Minister of the Interior disposes annually of \$400,000 secret service money, and is not required to account for the disbursement of a single franc. In theory he is, indeed, responsible to the President of the republic for the use he makes of the money; and he sends him a report every year, which, however, is practically limited to a declaration that it was spent in the way in which it was meant to be spent. No details or vouchers accompany the report, which is thus the merest formality. The Emperor exercised a real control over the disposition of this fund; but the existing Constitution gives the President no such power, and the Minister is free to dispose of all events of one-half of it precisely as he pleases.

A visiting friend called the President's attention to the published story about some alleged crank who is supposed to have fired a pistol at the car in which the President was believed to be riding on his return from Gettysburg. Mr. Cleveland laughed and said that the story was absurd. "I've got as keen an ear for a pistol shot as any other man," said the President, "and if anybody had fired at the car I was in I would have known it. I expect some enthusiastic Democrat in one of the cars ahead of the one I was in fired a pop-gun out of the window, and that was all there was in it. I do not believe that I am in any more danger than any other citizen. The statement in a New York paper that I ride in a closed carriage as a precaution, and that I have relinquished my walks for the same reason, is a purely imaginative effort." Nobody in Washington, excepting nervous old women and other very excitable persons, takes the least stock in the idea that the President was fired at.

LOCAL NEWS.

INDEX TO NEW ADVERTISEMENTS.

WILL WEST—To Epicures
C W YATES—Base Ball Bats
FRINGSBERG—Blank Books
F C MILLER—A Fresh Supply
GEORGE L LAMB—300 Roses
E G BLAIR—To Fruit Growers
Louisiana State Lottery Company
JOHN J HEDRICK—White Goods
R M MCINTIRE—Black Silk Net, &c
W E DAVIS & SON—Just Arrived
FESTIVAL—Wilmington Light Infantry
MUNDA BROTHERS—Ice Cream Soda Water

There was no City Court this morning.

We had splendid showers during last night.

There were no tramps at the guard house last night.

Steamship *Benefactor*, Tribon, arrived at New York May 11th.

We noticed quite a fine display of dog collars at JACOB'S Hardware Depot.

There was a profound dullness in the atmosphere of the City Hall this morning.

Call at JACOB'S Hardware Depot and examine his fine assortment of fishing poles and lines.

Schooner *L. S. Levering*, Corson, once, arrived at Philadelphia May 11th.

This has been a bad day for news gathering. It is possible that there has been plenty of it, but we have failed to catch on to a very liberal share.

Go see the game of Base Ball on Friday afternoon. "Excelsior" vs "Seaside," and wear a Straw Hat bought from Dyer.

At the match game of base ball played at Durham yesterday, the score stood 3 for the Durhams and 0 for the Raleighs. The latter nine played under protest.

Steamboatmen report that the river is getting very low and that, although they can yet carry full freights, the depth of water is such that they are compelled to keep in the channel nearly all the way.

The Criminal Court for New Hanover county will convene in this city next Monday and will probably continue two weeks, as the docket will be unusually large with three or four capital cases to make it important.

Next to a clear conscience, to sleep cool and comfortable, comes a night shirt. You can get one at the small cost of 85 cents at the Wilmington Shirt Factory, No. 27 Market street, J. ELSBACH, Prop.

The only news we can gather from our friends in the country is that the farmers are as busy as they can be with their crops, and there is a desperate struggle between the latter and the grass for mastery, which makes a much harder task for the workers who as a matter of course are bound to help the corn, cotton, "taters and "sich."

Royal Arch Masons.

The 37th Annual Convocation of the Grand Chapter of Royal Arch Masons of North Carolina will be held in the town of Tarboro, Edgecombe county on Tuesday, May 19th, commencing at 8 o'clock p. m. Concord Chapter, No. 4, of this city, will send the following representatives: Messrs H. C. Prempert, H. H. Munson and J. McD. French. The last two will be present as the proxies of Messrs M. M. Katz and W. H. Chadbourne, who are the regular representatives.

Shrier Making Things Hum.

Business is easy to do if you do it right. The way to stir things up is to give the people bargains, and through this we have built up a big business and we propose to hold it by continuing the fair and square dealing for which our house is noted far and wide. We do and can afford to sell goods cheaper than any other clothing house in this city, and we make the same liberal offer to everybody. If any article bought of us is not exactly as represented or is in any respect unsatisfactory, it may be exchanged, or we will promptly refund in cash the price paid for it. Examine our goods at your homes, compare them, their quality and price, with goods from other stores and you will see why our trade continues to grow and prosper. We are now showing great bargains in men's, boys' and children's clothing. See our prices and post yourself before you buy and you will surely save from 15 to 25 per cent on every dollar. SHRIER, the Old Reliable Clothier, 114 Market street.

Now is the season for painting your houses. Go to JACOB'S Hardware Depot and buy your paints, if you want to save money.

Religious Items.

On account of the inclemency of the weather a good many were kept at home last night who had not been for the rain, would have been present at the First Baptist Church to listen to the sermon by Rev. A. C. Dixon, of Baltimore. As it was, there was a fair congregation in attendance and his able and eloquent discourse was listened to with much gratification by those who were present.

Base Ball.

The Seaside Base Ball Club, of this city, will play match games with the Goldsboro Club, in that town, on Monday and Tuesday next, and with the Raleighs, at Raleigh, on Wednesday and Thursday next. On the 22nd and 23rd inst. they will play at Durham, and at Oxford on the 25th and 26th inst. This will complete their first round of games, at the conclusion of which they will have a rest until the 7th and 8th of July, when they will play again in this city with the Raleighs.

To Leave Us.

The hook and ladder truck, which has done such faithful service in the years that have passed, will be sent to-day to Marion, S. C., where it will probably be used in the future. The outfit complete will be shipped so that it will be ready for use as soon as received, without any delay or expense incident to obtaining new ladders. The truck and ladders are in excellent condition and are good for many years of useful and efficient service. The bargain for their purchase has not yet been consummated, but in all probability it will be as soon as they are received at Marion.

Military Festival.

As will be seen by reference to our advertising columns, there will be a grand festival for the benefit of the Wilmington Light Infantry at the City Hall on Tuesday and Wednesday nights next. The arrangements have been placed in the hands of a committee of ladies whose names are a guarantee of success. It is highly desirable that other ladies, who would like to cooperate with the committee, should report to some of its members at once, so that all the details may be arranged and completed in due season. There is no time to spare. The festival will be gotten up in a style of unusual elegance and nothing will be left undone to make the occasion delightful. There will be a variety and abundance of edibles of the most tempting kinds, a competitive drill by members of the company and a contest between the two best drilled fours.

The members of the company have chartered the *Passport* for a moonlight excursion down the river complimentary to the ladies who take part in the festival.

The company is already one of the very best drilled in the State, and it is the ambition of its members that it shall reach a still higher plane of excellence and that its numbers shall be increased until it shall not only be the largest, but shall be the best in drill and discipline of any in North Carolina.

A Beautiful Experiment.

Do you want to grow salt, and at the same time have an interesting, handsome ornament? The proceeding is a novel chemical experiment that may be tried by any one. Put in a goblet one tablespoonful of salt and one spoonful of bluing. Fill the goblet two-thirds full of water, and set in a position where it will have plenty of warmth and sunlight.

In a little while sparkling crystals will commence forming on the outside of the glass, and it is both a novel and interesting sight to watch it gradually growing, day by day, until the outside of the goblet is entirely covered with beautiful white crystals.

Another variation of this beautiful experiment would be to take a goblet with the base broken off, and fasten it in the centre of a thin piece of board, which may be round, square or oblong. After the crystals have formed on the glass set it on a tiny wall bracket and place a bright holiday or birthday card in front of it; this will hide the base, on which no crystals will form. After this is done fill the goblet with flowers, or dried grasses, and you will have a vase which will cost comparatively little.

It appears now as if the "Winter in May" had passed by and there was now a fair prospect for warmer weather.

Hon. A. M. Waddell, of this city, delivered the Memorial Address in Raleigh on Monday. He spoke of General Gen. B. Anderson. The attendance was very large and the address was a very fine one. The *News and Observer* publishes it in full.

Mr. Will West presents a bill of fare that is enough to make one's mouth water. He has not only some very fine beef but a lot of Western mutton that is equal to the best, with such delicacies as soft crabs, deviled crabs and rice birds to garnish the whole.

We have a piece of white granite which came from Mt. Holly, in Gaston county, that contains traces of gold. The rock is as white as the whitest marble and in the seams may be seen infinitesimal particles of the precious metal, but not in quantities sufficient to make it of any appreciable value.

Real Estate.

Mr. A. David has bought the property on the Northwest corner of Market and Seventh streets, recently owned by the late Judge R. S. French. He has also become owner of the adjacent lot, recently occupied by Mr. W. L. Meadows, and we learn that he contemplates having the buildings on both lots removed in order to make room for the erection of a residence for his own use.

Collegiate.

The commencement exercises of the University of North Carolina will be held at Chapel Hill on the 3rd and 4th days of June next. The address before the literary societies will be delivered by Hon. J. W. Reid, of N. C., and the baccalaureate sermon will be preached by Bishop A. W. Wilson, D. D., of Baltimore, Md. Our thanks are due the marshals for an invitation to be present on the occasion.

Death of an Old Colored Man.

Harry Hall, a well known old colored man, died last night. We do not know his age, but he was one of the oldest colored men in the city. He was for many years in the employ of the city government, but for quite a number of years, owing to his great age and the many infirmities incident thereto, has been unable to do any manual labor. For the last 4 or 5 years his afflictions have been such that he has been compelled to use two canes to assist him in walking.

Personal.

Hon. Wharton J. Green left here this morning on the steamer *John Dawson* for Black River. He will return to the city in a few days.

Mr. James McClammy, who has been so very sick for a month past has we are pleased to notice, so far recovered as to be at his post again.

We are glad to learn that there has been a decided improvement in the condition of Capt. Wm. M. Parker, and that he is now in a fair way of a complete recovery from the sickness with which he has for so many weeks been afflicted.

Mr. Charles Pridgen, who has been suffering from paralysis for several months, is, we regret to learn, very low indeed, and there are but small hopes of his ever being any better.—Yesterday it was thought that he was dying, but he recovered somewhat and is more comfortable to-day. His relatives in Pender county have been notified of his critical condition.

Mt. Holly.

From a friend and subscriber at the new town of Mt. Holly, in Gaston county, we are glad to learn of its rapid growth and continued prosperity. The crops in that locality seem not to have been affected much by the late cold weather, but are looking finely. The farmers are busy in chopping out their cotton, which looks well, and have nearly finished weeding their corn. There is no talk there of hard times as the residents make their own corn, peas, potatoes, wheat and even their own corn whiskey. A sail boat has been put upon the Catawba river, which forms one of the boundaries of Mt. Holly, for the convenience of the public and a steamboat will soon be added to convey freight and passengers to the Mountain Plaid Mill and to the Tucka segee Mills, a distance of about 8 miles. There are gold mines within 3 miles of Mt. Holly which are now being worked and are reported as being very rich in the precious metal. Among the buildings recently erected is one by Mr. J. H. Sharp, of this city, and another by Dr. W. J. Gilbert, of Fremont, N. C. Both of these are of 30x50 feet in dimensions and are intended for mercantile purposes.

NEW ADVERTISEMENTS.

WHITE GOODS!

The Largest, Handsomest and Cheapest Stock of White Goods in the City Opened on Saturday last, and 100 Dresses Already Sold!
