F. C. MILLER—A Fresh Supply
MUNDS BROTHERS—Full Blast
DR. KENNEDY'S FAVORITE REMEDY
FESTIVAL—Wilmington Light Infantry

The receipts of cotton at this port to-day foot up 10 bales.

Ger. barque *Texas*, Loef, sailed from Hamburg May 19th for this port.

Ger. brig *Der Pommer*, Bohn, hence, arrived at Walgast, Ger., May 19th.

We have heard it frequently remarked to-day that the weather was hot!

The *Monarch* Shirt is undoubtedly the best, and is sold only by Dyer at \$1.

We noticed quite a fine display of dog collars at JACOB'S Hardware Depot.

Mr. W. W. Larkins of Long Creek, was in the city to-day and fully recovered, we are pleased to note, from his recent severe injuries.

We learn that our young musical friend, Mr. I. Greenwald, has recently composed a waltz and arranged the same for the piano. The score is now in the hands of the printer and will be ready for the public in a few days.

William Garrison, colored, who was arrested at the Carolina Central Railroad yesterday morning for disorderly conduct, was brought before the Mayor this morning for a hearing in the case. The defendant was adjudged guilty and was sent below for 5 days.

As an evidence of the fact of what he can do in the way of supplying vegetables and fruits, Mr. C. M. D. Humphrey, of the new market, has laid before us a variety of good things such as squashes, tomatoes, new Irish potatoes, and strawberries, for which asparagus we thank him.

Indications

For the South Atlantic States local rains and partly cloudy weather. Southerly winds and stationary temperature

Criminal Court.

The following have been the proceedings before this tribunal to-day, up to the hour of closing our report:

State vs. John Carver, murder. Plea, not guilty. The jury returned the following verdict:

The jury find the defendant, John Carver, not guilty of murder, but guilty of manslaughter. Sentence not yet pronounced.

State vs. Louisa Grotgen, larceny. Guilty and sentenced to pay a fine of \$1 and costs.

State vs. Julia Ford and Laura Taylor, affray. Ontrial.

Honest Admiration

Is the tribute always paid SHRIER. We endeavor to give the public better value for less money than any concern in this city. Our prices will convince you of the fact. Take a look around the different stores, get well posted, and then examine our great bargains. *The Old Reliable* spares no pains to suit you, and patrons appreciate square and honest dealing all the year round. You can save from \$3 to \$5 in ten minutes' time by visiting SHRIER and selecting suits for yourself or boys. SHRIER, the Old Reliable Clothier, 114 Market street. †

Personal

Mr. Harry Bacon, who has been absent at school during the Winter, has returned to the city to pass the vacation.

Messrs. Jno. D. Shaw, of Richmond county; T. J. Armstrong, of Pender, and R. E. Lloyd, of Bladen, are in the city to-day.

Mr. A. J. McIntire, of Pender county gave us the pleasure of a call yesterday afternoon. He has been engaged during the Winter in teaching, but now returns to his farm, where during the Summer he will be attending his crops.

Juvenile Games

The young base ball players were out in force yesterday as the following will show:

The Casesos and Nocabouts played a match game which resulted in a victory for the former by a score of 20 to 13. Wm. Oldham was Captain of the first named nine and Edward Craft was Captain of the latter.

The Wide Awakes, Capt. W. R. Kennan, Jr., and Southern Stars, Capt. T. C. Craft, Jr., played a match game which resulted in a victory for the latter by a score of 9 to 5 for the former.

The Starlights, Capt. Taylor, and Hard to Beats, Capt. Kahweiler, also played a match game, the result being

Yesterday.

As stated by us in our last issue the Wilmington Light Infantry crossed the river at 4 o'clock yesterday afternoon to engage in target practice. Among those who accompanied them were Col. W. L. DeRosset, and Messrs. W. H. Shaw, J. R. Latta and R. M. Houston of the Veteran Corps. The prize to be awarded to the best marksman was a gold medal which was won by Sergeant W. N. Harriss. Col. W. L. DeRosset, Capt. N. F. Parker and J. R. Latta were selected as judges and W. A. Willson for scorer.

At the conclusion of the target practice the company reformed and returned to the city, marching up Market street to Third and thence to their armory at the City Hall, where they were dismissed. The soldiery bearing and precision of their movements elicited the deservedly laudatory comment of all who saw them.

LAST NIGHT.

The festival at the City Hall last night has seldom been equaled and never eclipsed by any previous entertainment of its kind in this city. The ladies had worked assiduously and faithfully in preparing for the occasion and had been eminently successful. The decorations were beautiful, chaste and unique. The display of flags and bunting was arranged so as to give a fine effect. This part of the decorations was principally the work of Capt. W. H. Bixby, who deserves much praise for the fine taste and judgment displayed.

Entering the Hall by the South door a scene of almost ravishing beauty was presented to the eye. Stands upon which were displayed the most tempting viands and festooned with flags and fragrant with the delicious odor of countless blossoms, were ranged the entire length of the Hall. The first place on the South side of the Hall was the "Lovers' Retreat," and next to this was "Headquarters," presided over by Mrs. Dr. Anderson, Mrs. T. H. McCoy and Miss Mary Hardin. "Headquarters" was certainly an attractive place and received deserved attention from all who were present. The next was the "White House," presided over by Mrs. Albert Gore, Mrs. C. E. Borden and Miss Maggie Meares. A fine picture of President Cleveland adorned this stand and the decorations were all of white. The next was the "Japanese Pavilion," presided over by Mrs. G. G. Thomas, Miss McRae and Miss Thomas. This stand, as its name would indicate, was adorned with Japanese work and presented a very unique and pretty appearance. But like an old soldier we must hasten on to the "Sutler's Tent," which stood in the Southeastern corner of the Hall and was presided over by Mrs. Thomas Morrison and Mrs. Greenbaum. We have seen a good many Sutler's tents, but never one that was so attractive and inviting as this. The stage at the Eastern end of the Hall was adorned in such a manner as to represent an animated flower garden, in the persons of Miss Vic Gore, as a pink rose; Miss Josie Myers, a red rose, and as assistants, Miss Hannah Bolles, daisy; Miss Georgie Gore, pansy; Miss Annie Meares, violet; Miss Carrie Myers, blue bell, and Miss Katie Walker, Miss Kate Stedman and the Misses Clark, as flower girls. The dresses worn by the young ladies were entirely appropriate to the characters assumed, and the stage appeared as a forest of flowers. The decorations here were beautiful beyond description and were looked upon with admiration by all present. The "Bower" in the centre of the Hall was presided over by Mrs. James Sprunt, Miss Jennie Murchison, Miss Kate Reston and Miss Murchison. This was very attractive in appearance, and to add to its attractiveness there was an elegant sofa pillow, painted by Mrs. Sprunt, which will be raffled to-night. At the Western end of the Hall, between the two doors, was the "Ice Grotto," presided over by Mrs. J. D. Munds and Mrs. W. E. Stora. This was an artistic representation of Winter with its snow covered trees and shrubs, and ice clad rocks. Huge blocks of ice were here which were of Wilmington manufacture, having been gotten up at the ice establishment of Messrs W. E. Worth & Co.

On the Northern side of the Hall was the "Ice Cream Department," presided over by Mrs. H. M. Bowden and Mrs. H. R. Ferrin, but they soon found their occupation gone for at an early hour, such had been the demand, all of their stock in trade had been disposed of. They will, however, have an abundance on hand for to-night's de-

N. C. Medical Society.

The State Medical Convention met at Durham on Tuesday at 12 o'clock, and was called to order by Dr. A. G. Carr, chairman of the Committee of Arrangements.

The President, Dr. W. C. McDuffie, presided.

Prayer was offered by Rev. W. S. Davis, pastor of Trinity Methodist church.

The address of welcome was delivered by Mr. Jas. S. Manning in a most happy and appropriate style, offering on behalf of the city its hospitality, which was responded to by Dr. McDuffie, the President.

The president announced the following committees:

On Credentials—Drs. Carr, Cobb and Weaver.

On Finance—Drs. Wood, Hill and Ellis.

Dr. T. F. Wood introduced the following resolution, which was unanimously adopted:

WHEREAS, it is desirable to make the requirements of membership in the Medical Society of North Carolina accord with the law enacted by the General Assembly of 1885, be it

Resolved, That the following persons are eligible to membership in the Medical Society of North Carolina:

1st. All physicians who are graduates of regular medical colleges prior to January 1st, 1880.

2d. All physicians who began the practice of medicine prior to April 6th, 1859, and who can produce testimonials of good standing and skill sufficient to satisfy the committee on credentials of this society.

Letters were read from Drs. W. O. McDowell and Geo. S. Lloyd regretting their inability to attend the Convention on account of sickness.

Next to a clear conscience, to sleep cool and comfortable, comes a night shirt. You can get one at the small cost of 85 cents at the Wilmington Shirt Factory, No. 27 Market street, J. ELSBACH, Prop.

A Little Advice.

This is the season when our citizens should be watchful and see that the sanitary condition of their premises is as near perfect as possible. Do not leave the matter entirely to the health officers, but attend to it yourself. Heat, moisture and vegetable decomposition are what produce malaria, to obviate which all vegetable matter should be buried before decay begins.

Base Ball.

A game of base ball was played yesterday afternoon at the Seaside grounds between the Excelsiors and the Seaside nine, which resulted in a victory for the latter in a score of 29 to 7. It will be borne in mind as an explanation of the foregoing that the Seaside have 18 members, one half of whom are absent on a tour, and the game yesterday was played by the remaining 9.

Journalistic.

We are in receipt of No. 1, Vol. 1, of *The Bugler*, "Docendo Discimus," we guess he is the editor, dated at Wilmington, N. C., May 20th, 1885. It is the official organ of the Second Regiment, N. C. S. G., and is published by Messrs DeRosset & Meares. In the salutatory (we don't salute a Tory) of the number before us, editors are warned not to make adverse criticisms as they will be met, by "blood." Such advice is needless as DeRosset whose kindly feelings we would be proud to cultivate. It is a spicy sheet.

Competitive Drill.

The closing exercises of the Wilmington Light Infantry last night consisted of a competitive drill between the "Pony Four," composed of Sergeant Harris and Privates Gerken, Willson and Hedrick, and Corporal "Honey's Four," composed of Corporal Haney and Privates Beery, Hooper and Cronenberg. The judges were Col. J. L. Cantwell, Col. W. C. Jones and Lieut. F. A. Lord, who decided the struggle, which was hotly and ably contested, in favor of the "Pony Four." The prize was a ribbon badge which was worn by each four and as soon as the decision was made the victors rushed up and plucked the badges from the breasts of their competitors and placed them beside their own amid the cheers of the throng.

It is rumored that four composed of veterans and reserves contemplate challenging any four in the company to a like contest at an early date, but the matter is not yet decided.

In Richmond.

Their many friends in this city will be glad to learn that Messrs. Brunhill & Bro. have opened their business campaign in Richmond very successfully. We were eye-witnesses to this fact during a recent visit to that city. They are comfortably located in a store on Main street in the handsome new building which was erected on the site of the old Spottwood Hotel. Mr. H. Brunhill is in charge of the business, assisted by Mr. Lee Eichelstein, a gentleman also well-known here. In company with Mr. Brunhill, we paid a visit to the large tobacco factory of Hicks & Brunhill Bros., on Franklin and Twenty fourth streets. Unfortunately, it was Saturday afternoon and after the hands had knocked off work for the week, and therefore we did not see the process of manufacture. It is a large four-story building with warehouses attached and all of the space is utilized. The firm employ about 300 hands and manufacture none but fine grades of chewing tobacco. Their leading brand, "Plank Road," is becoming very popular, in evidence of which fact they sold to one

Chicago factories are said to employ 8,000 children under 15 years of age, 2,000 of whom are girls. All are compelled to work from ten to fourteen hours per day.

Cassius M. Clay, of Kentucky, now nearly one hundred and ten years old, is still able to attend personally to the business of his large estate, and takes a keen interest in current affairs, including politics.

Boston uses 12,809 street lamps, of which 401 are electric and 2,591 oil. The cost of lighting the city last year was \$31,815, of which \$90,785 was paid for electric light, \$5,565 for oil and the balance for gas.

The Russian Empire covers one-seventh of the whole land surface of the earth. With much less than a war with England would cost Russia can spread out all over Central Asia and build railroads and telegraph lines to every portion.

During the past twenty-six years more residents of Massachusetts committed suicide than fell in battle during the entire war. The official figures are: Massachusetts soldiers killed in the war, 1,246; committed suicide between 1857 and 1884, 3,024.

A lady visiting Kansas writes of the grasshoppers in a different strain from the usual unappreciative manner: "If you are quite sure that they are not intending to 'light,' a flight of grasshoppers is a beautiful thing to see. All day they floated over us; millions upon millions of airy little creatures with their white ganzy wings spread to the light, mounting steadily toward the sun, as it seemed. It was like a snow storm in sunshine, if you can picture such a thing, with the flakes rising instead of falling."

The people of Atlanta, Ga., are much pleased by the visit of Gen. Hancock to their city for the purpose of purchasing land for the United States barracks there. Congress appropriated \$15,000 for the purchase of a tract of land and \$100,000 for buildings and improvements. It is said that a tract of sixty to one hundred acres, well watered and well wooded and conveniently located, ought to be obtained for the money, while the balance of the appropriation would provide fine buildings and improvements. It is understood that a regiment of soldiers will be stationed there.

The artichoke is becoming a favorite crop with pork raisers in Arizona. It is said to be hardy and very productive, requires no cultivation after planting, and possesses remarkable fattening qualities. One variety, the large white sweet, will produce 15,000 pounds to the acre, which will furnish feed for from twenty-five to fifty head of hogs for three months. Hogs may root the ground over where they are planted time and time again, with the only effect that ploughing would have—pulverizing the earth. After one year's growth the seed cannot be eradicated from the soil, for wherever so much as a diminutive eyelet left the plant will spring up.

One of the boldest of the French charlatans—the Widow Noel—has lately been fined and imprisoned for trickery. Not content with prescribing nostrums, she used to insist upon residing with her patients, whom she thus robbed at her leisure. Her last victim was a man with heart disease. She remained with him for sixty days and received her board and \$350. Her chief medicament was an "ointment" made by boiling bull pups for nine days in a mixture of red earth, and for this foul stuff she charged \$4 per pot. Strange to say, seven witnesses of good character testified to the efficacy of the woman's remedies.

Messrs. Ellis, Lever & Co., of Manchester, present a remarkable contrast to the ordinary English trader. The firm has a marked dislike toward Russia, being from an English point of view preeminently patriotic. They received an order for 25,000 tons of steam coal to be delivered in Russian ports. They declined to supply the coal, Mr. Lever answering, "I decline to sell a ton of coal to Russia at any price." This would look very self-sacrificing, but it may be safely predicted that with the aid of the huge advertisement which the refusal has given

TO CONTRACTORS BRIDGE MASONRY.

PROPOSALS ARE INVITED FOR THE Masonry of the Bridge at Cape Fear River near Fayetteville, and at Souss River near Smithfield, on the line of the Rail Road from Wilson to Fayetteville.

The Masonry at Cape Fear will be of the character known as the *Ranged Rubble Work*, to be built of well quarried dimension stone, laid in even courses, diminishing in depth from bottom to top. Amount of Masonry 160 cubic yards.

The proposals for this may be to build entirely of Stone or of Stone and Brick.

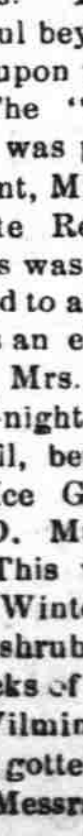

The Souss River Bridge will be of the character known as *Random Rubble Work*, from stone found near the site.

Cement will be furnished by the Company, and delivered at the nearest Rail Road Depot. The foundations also will be prepared at the expense of the Company.

Bids received till 10th day of June, 1885.

Address, F. GARDNER, Engineer, Care of W. & W. R. H. Co., Wilmington, may 15 3w

OFFICE OF WILMINGTON & WELDON R. R. CO.

Notice to Contractors.

PROPOSALS ARE INVITED FOR CROSS Ties for the Wilson and Fayetteville Rail Road, of the following description:

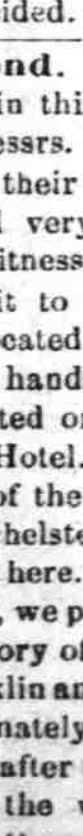

Ties to be (8½) eight and a half feet long, (9) nine inches wide, (7) seven inches thick; to show at least (7) seven inches heart upon each face; to be evenly and smoothly hewed and squared, butted at each end.

Said Ties to be of BLACK CYPRESS, WHITE OAK, POST OAK OR PINE. If of Pine to be hewed upon all four sides, the others to have the bark taken off on two sides. Ties to be delivered on said line of road at such points as may be agreed upon, and cross piled on piles of 30 ties each, at intervals of 100 feet, or otherwise as may be agreed upon.

Ties, except Black Cypress, not to be cut before the 1st of July, 1885. Bids will be received until the 25th of May 1885.

Address, F. GARDNER, Engineer, Care of W. & W. R. H. Co., Wilmington, N. C. may 15 2SM
