

published every evening, Sundays excepted by JOSH T. JAMES, EDITOR AND PROPRIETOR.

THE DAILY REVIEW.

VOL. IX. WILMINGTON, N. C. WEDNESDAY, JUNE 3, 1885. NO. 128.

The Daily Review has the largest bona fide circulation of any newspaper published in the city of Wilmington.

The slave population of the empire of Brazil is estimated at 1,177,022, of whom 623,274 are males and 553,748 females.

A slaughter house and refrigerating establishment, costing over \$1,000,000, have been built at Medora, W. T., for supplying fresh meat to the East.

Prof. Huxley, burdened with years and worn with toil will presently abandon some of his most active employments in search of rest and recuperation.

A resident of Bergen county, N. J., is just recovering from what came near being a fatal attack of erysipelas, caused by wearing a pair of spectacles which hugged his nose so tightly as to bruise it.

Henry Russell, who came to this country forty years ago, and wrote the music to "Woodman, Spare That Tree," and "A Life on the Ocean Wave," is still living in England at a very advanced age.

The Wine Trade Review's correspondent at Rheims states that the number of bottles of champagne exported from April last year to April this year was 18,189,256 against 18,206,956 in the year before.

There is a bird roost at Lake Gentry, in Brevard county, Fla., covering a tract of eighty acres, in which, it is estimated, over 7,000,000 birds gather every season.

An Australian woodsman declares that a bruised raw onion applied at once to the wounds from venomous serpents will arrest the action of the poison. Country boys know that onion is a valuable remedy for bee stings, and it might be worth trying it upon more active animal poisons.

Elections are to be held this year in the States of Connecticut, Democratic; Iowa, Republican; Kentucky, Democratic; Massachusetts, Republican; Michigan, Republican; New Jersey, Democratic; New York, Democratic; Ohio, Republican; Pennsylvania, Republican; Rhode Island, Republican, and Virginia, Democratic.

Yale College is said to have a private detective who keeps an eye upon the conduct of students and sends weekly reports to the "guy" or, in other words, to their parents. He also furnishes the number of marks the pupil receives, his losses at cards, the names of the girls to whom he pays his attentions, where he spends his evenings and the like.

A great Paris drapery house is selling "bath bags," by the use of which "refined people" may obtain a sort of velvet, oatmeal soap complexion, and a moderate sum of eight cents. These queer articles consist of a bag containing half a pound of bran, some meal, and a little powdered soap.

The increase in value of property in the business section of Boston during the past fifty years is shown in the recent sale of the United States Court House at the corner of Tremont street and Temple place. The Masons purchased the land in 1830 for \$13,000, and in 1832 the Masonic Temple was completed, making a total cost of land and building of \$50,000. In 1858 the United States Government bought it for \$105,000, and in 1885 sold it for \$255,000.

Even Queen Victoria will have to read the Revised Version of the Old Testament, for a handsomely bound copy of the "Standard Edition" of the Revised Bible has been presented to her in five volumes. The volumes were enclosed in a morocco box, and bear the following inscription: "Presented to her most gracious Majesty the Queen by the Convocation of the Province of Canterbury, May 15, A. D. 1885."

A coroner's jury in San Francisco recently rendered no less than three verdicts in the case of a man who died from injuries received by being run over by a horse car. Four of the jury-men rendered a verdict of accident, four others were of exactly the opposite opinion, while the ninth went it alone and rendered the following verdict, signed only by himself: "I come to the conclusion not to say how the deceased came to lose his life, whether by accident or by being thrown from the car, as the testimony given has not proven which."

When Congressman Scott, of Erie, was told by Secretary of State Bayard to file the papers of one of his constituents who was an applicant for a consulship, he replied that he had filed a check for \$25,000 last Fall to help elect the Administration, and that was all the papers he intended to file.

Sea waves, according to observations of the United States Naval Hydrographic Officer, show a height of from 44 to 48 feet, but those of a height greater than 30 feet are not commonly encountered. The longest recorded wave measured a half mile from crest to crest, with a period of twenty-three seconds. Waves having a length of 500 or 600 feet, and periods of ten to eleven seconds, are the ordinary storm waves of the North Atlantic.

The following certificate was recently filed in Brown county, Dakota: "Be it known that A. H. H. and S. A. Z. were lawfully united in the holy bonds of matrimony in Town 124, north of Range 63 west, near the north west corner of said town, and on the south side of Elm Creek, it being bank full of water, Wednesday, A. D. April 27, 1881." This singular form was due to the fact that the Justice was on one side of the swolleg creek and the matrimonial candidates on the other, and no way to cross. It was necessary to scream out the questions and responses.

LOCAL NEWS.

INDEX TO NEW ADVERTISEMENTS. R. M. MCINTIRE—Jerseys, &c. German Family Excursion. F. C. MILLER—A Fresh Supply. MUNDY BROTHERS—Drugs, &c. Mrs. W. E. MAYO—Now Open. C. W. YATES—Paper, Bags, Twine. HEINSBERGER—Revised Version of the Holy Bible. H. G. LATIMER, Chm'n—Art Loan and Promenade Concert.

Ger. barque Texas, Loof, from Hamburg for this port, passed Dungeness May 31st.

Judge Gudger took the occasion of the recess of Court for a trip to the Sound to-day.

Base Ball, and Summer underwear go together. Get the latter from Dyer, who has a fine line.

There was a large party went on the excursion of the Fifth Street M. E. Church, on the Passport.

There are but very few foreign vessels now on their way to this port. It is rather too early in the season for them.

The Louise is at the marine railway undergoing a few slight repairs. She will resume her regular trips in a day or two.

At a very small cost, you can get your old shirts repaired, and made as well as new again at the Wilmington Shirt Factory, No. 27 Market street, J. ELSEBACH, Prop.

Our German friends will give an excursion to Smithville on the Passport to-morrow, which will undoubtedly prove a pleasant occasion, as they know just how to make things enjoyable.

George Robinson, colored, from Fayetteville, was arrested in the Hollow at about 2 o'clock this morning for disorderly conduct and was fined by the Mayor \$5 for the offense.

The County Board of Education has organized with Mr. H. A. Baggs as Chairman and Mr. Walker Meares, County Superintendent of Public Instruction, will be Secretary, ex officio.

It is now decided positively that the excursion of St. John's Sunday School to Waccamaw Lake will not take place until Friday of next week, the 13th inst. This is because the special train cannot be procured on any earlier day on which it will be convenient to have it.

Indications. For the South Atlantic States, fair weather, variable winds and stationary temperature.

You Must Have Confidence. Clothing of all kinds is bought largely upon confidence, for few people know the value of merchandise. In buying clothes a man wants to know that he is getting a reliable article, and is naturally suspicious of untried dealers.

The plain, safe rule is to go where you know honest goods are sold upon exact statements of kind and quality, the unanimous verdict at Shrier's. This community knows that Shrier's prices are always the lowest, the best for the least money. Years of painstaking effort to build up a permanent clothing business is rewarded by an appreciative public. SHRIER, the Old Reliable Clothier, 14 Market street.

A Disappointed Office Seeker.

We hear of one gentleman of this city who was a seeker after an official position, but who has already been doomed to disappointment. He was not particular as to what office he should hold providing that no responsibility or care, should attach to the position. All he wanted was a nice fat salary and that to be paid promptly; only demanding that the money should be sent to his house to him. It was decided, however, that the line must be drawn somewhere and that if the applicant could not come to headquarters for his salary, he could not have the office, and this was the rock upon which the office seeker's aspirations were smashed into "smithereens."

Duplin Items.

A correspondent at Warsaw writes us that the Duplin County Commissioners and Magistrates met in joint session at Kenansville on Monday. In view of the fact that in the future the people of Duplin are to have three terms of Superior Court, they decided to abolish the Inferior Court. Resolutions were passed thanking Solicitor Allen for the able manner in which he has represented the State. The Board of Magistrates and Commissioners elected as a County Board of Education Messrs. D. S. Kennedy, S. M. Grady and C. S. Carr. After transacting other business of minor importance the meeting adjourned until the first Monday in September next.

The Messrs. Kennedy have bought at Warsaw the building known as the Stalling's property and will remodel and build to said property so that by the opening of the Fall session they will have room sufficient to accommodate all who may attend their school. The W. & W. R. R. Agent at Warsaw informed our correspondent that on Monday no less than 780 bushel boxes of beans were shipped to the Northern markets from that depot. How is that for one day? The luscious huckleberry is just making its appearance and the face of the average merchant is wreathed in smiles.

At the Seat of Customs.

A dispatch was received here yesterday afternoon from Washington, D. C., stating that Mr. Charles H. Robinson, of the firm of Robinson & King, had been appointed Collector of Customs for the port of Wilmington. The dispatch was sent by Lieut. Gov. Stedman, who is now at the Capitol, and was, of course, authentic.

This settles the question so far as the different aspirants for the position are concerned. All were worthy and well-qualified gentlemen of good business qualifications, undoubted integrity and thorough going Democrats, but only one of the number could be successful and that fortune has fallen upon Mr. Robinson.

Since the news of his appointment has been received, he has been called upon by a large number of our citizens who desired to offer their congratulations at his success. With many others we called upon him this morning at his office at the foot of Orange street, and to our inquiry as to when he would qualify and take charge of the Custom House, he replied that the time was uncertain, as it would probably take a number of days to get ready and he wished to give his predecessor ample time to prepare the affairs of the office for the transfer. It will probably be a couple of weeks, at the least, before the change will be made and the Wilmington Custom House, for the first time in 20 years, will be under Democratic management and control. Mr. Robinson is eminently well qualified for the position and will carry into the office an entirety of purpose, a zeal for the public welfare and a business knowledge which will make his appointment a credit to himself and to Wilmington.

Capt. E. J. Pennypacker, who will now retire from official life, has proved a faithful and efficient officer. Our relations with him have been pleasant and we have always found him kind, courteous and extremely accommodating. He is a Republican and a strong partisan, and as such he ought to go and let a Democrat, who is in entire sympathy with the administration, take his place; yet with all this we believe that he has been faithful to his trust and has conducted the affairs of the Custom House, since he has had them in charge, with the strictest integrity and fidelity, and upon sound business principles.

Now is the season for painting your houses. Go to JACOB'S Hardware Depot and buy your paints, if you want to save money.

Fatal Accident.

George W. Freeman, a colored employee at the ice factory of Messrs W. E. Worth & Co., on Second street, started at about a quarter to 6 o'clock last night to go toward Front street bridge to a spring on the side of the railroad. The next that was seen of him his mangled body was discovered on the railroad track, some distance above the ice factory, he having been run over by yard engine No. 58, of the W. C. & A. R. R., which, with two freight cars, had come along. In some manner his mangled body had been caught and carried some distance before the accident was discovered. He was badly cut about the face and right hip and his right leg was broken, besides having fearful bruises upon other portions of the body. A surgeon was sent for at once, but when he arrived the sufferer was dead, having lived only about 20 minutes after the accident occurred. The bucket was found broken near the spring and it was there that he must have been struck as blood stained the track from that point to the place where he was found. The deceased was about 29 years of age and leaves a wife and two children. He resided on Tenth street, between Chestnut and Mulberry, and was employed at the ice house to roll wood to the engine. No blame can be attached to the engineer as the train was backing at the time and the unfortunate man could not be seen.

Terrible Accident.

It seems that the chapter of accidents, already far too long and appalling, is not to be concluded. We hear of them continually and the record of tragic deaths of those in our city and vicinity is truly startling. Yesterday Mr. J. J. Rowland, one of our subscribers, and station agent of the W. C. & A. R. R. at Lynchburg, S. C., met with a horrible death by a railroad accident, the particulars of which were about as follows: Some time ago Mr. Rowland and his brother, under the firm name of J. J. Rowland & Brother, bought out the lumber and sawmill business of Messrs London & Campbell at Lynchburg, S. C., and have been running it since the purchase. From the mill there is a railroad track extending some distance into the forest, upon which there is an engine and a number of flat cars which are used in hauling timber to the mill. Yesterday the deceased had occasion to go out on the road and took his seat in front of the engine. After proceeding some distance the engine ran off the track and throwing Mr. Rowland from the cowcatcher fell upon him and crushed him to death. The deceased was in this city on Monday last. He was a brother-in-law of Col. T. F. Toon, of Fair Bluff, Columbus county, the two gentlemen having married sisters. Mr. Rowland was about 40 years of age.

School Committee Meeting.

The joint meeting of the School Committees for Wilmington township has just been held. The following teachers were elected for the next school year, which begins Monday, October 5th, 1885:

- M. C. S. Noble, Superintendent. District No. 1, White—Miss M. O. Wallace, Principal; Mrs. M. L. McLeod, Miss Alice Yarborough, Miss Josie W. Myers, Assistants. District No. 1, Colored—James B. Dudley, Principal; L. M. Smith, A. H. Mallette, Ida Evans, M. J. Mallette, Assistants. District No. 2, White—Miss Nellie Cook, Principal; Miss Adelaide Meares, Miss Maggie Jones, Assistants. Williston Graded School—M. W. Howe, Principal; L. G. Nixon, W. H. Norwood, A. L. Davis, M. L. Whitman, E. F. Hooper, Assistants.

The past term has been a most successful one. Teachers, pupils and parents have taken greater interest than ever before and the number of visitors has been such as to inspire all to greater efforts to make our schools grow daily in popular favor.

The School Committee require that the teachers shall attend the meetings which are held twice a month for each race, and to this fact much of the success of our educational system is due. It is with pride we learn that several of our Wilmington teachers are engaged to teach in the State Normal during the present Summer. This show that Wilmington is standing well educationally in North Carolina.

Call at JACOB'S Hardware Depot and examine his fine assortment of fishing poles and lines.

NEW ADVERTISEMENTS.

June 3 R. M. MCINTIRE.

All Recovered.

The body of Munson Winn, the last of the victims of the appalling accident at Zeke's Island, was recovered yesterday and brought up to the city in the same sharpie that brought up the others. His remains were interred this morning by the side of the others at Oakdale.

More Stealing.

Last night some thief, who was not at all particular as to what sort of plunder he secured, visited the premises of Mr. W. J. Penny, on Dock street, between Seventh and Eighth, and stole a wash bowl, pitcher, cake of toilet soap, wash rag and two articles of underwear. He then went to the premises of Mr. D. Pratt, on Eighth street, between Market and Dock, and stole a coat and a bunch of beads. Thence he visited the premises of Mrs. Pugh, adjoining Mr. Pratt's, where he found a lot of clothing belonging to Mrs. Pugh's servant, in a tub of water, and these he wrung out and carried off. In a spirit of remarkable kindness he left the tub.

NEW ADVERTISEMENTS.

ART LOAN AND PROMENADE CONCERT!

ALL PERSONS INTENDING TO LOAN articles, &c., will please send a list to the undersigned, by Saturday next. A competent person will call for the articles. H. G. LATIMER, Chm'n Art Committee. June 3 2t
