The Daily Review has the largest
circulation of any newspaper
published in the city of Wilmington.

Edward Ward and his body guard
were in the Court of
Sessions on Thursday. He
was found guilty of a new indictment
of stealing from the Marine
Bank. He will be tried next
Tuesday on one of the indictments.

Reports from Paris that experi-
ments made in the hospitals show that
the carbolic acid is the best agent to
prevent the normal action of the bowels
in cases of cholera. It has restored to
consciousness in thirty seconds, hyster-
ical patients who previous to its ad-
ministration were insensible to even the
prick of needles.

The New York Herald says: "Ger-
many is determined to get possession
of Zanzibar. There is a pretty district
lying to the north of Sultan Sayyid's
realm over which Germany claims the
protectorate. But the proximity of Zani-
bar, we are naively told, 'endangers the
peace of Witu'—this is the name of the
protected district—and so the danger
must be removed. Sayyid, the lamb,
is evidently destined to be eaten up by
the Northern wolf. The wolf has al-
ready slain more African lambs than he
has been able to digest."

A statement prepared by Second As-
sistant Postmaster-General Knott
shows that reductions aggregating \$45,-
000 were made in the expenses of trans-
portation service during April and
May. During April the reduction for
Star Route Service was \$9,945, while
the increase for mail messenger service
was \$1,281. In May the expenditure
for Star Route Service was reduced \$6,-
911, for steamboat service \$31,847 and
for mail messenger service \$1,811.

The publishers of Miss Cleveland's
book, which will be before the public
in ten days, say: "The author certainly
has nothing to fear so far as the cir-
culation of the book is concerned. Not
only in this country but in England
there is a great demand. The London
Times has called for advance sheets,
and an agent of an English house has
asked for control of it in London. This
latter request has been refused because
the firm has a branch house there and
will issue it in Fleet street on the same
day it appears here."

The work of the Administration may
seem slow but it is surely sure. Some
evidence of this fact will be found in the
following Washington City special to
the New York Sun:

"Why, sir, the people of this country
don't imagine what an immense num-
ber of changes the Administration has
made since it came into power," said
Mr. Eugene Higgins, the appointment
clerk of the Treasury yesterday. "You
would not imagine, I suppose, that these
changes amounted to more than a few
hundred, looking merely on the face of
it. As a matter of fact, however, they
will amount to between 30,000 and 40,-
000."

"How do you get that large total?"
"Well, I will give you an instance.
There are about eighty-five Internal
Collectors, and fifty-two of them are
now Democrats. Each has under him
from fifty to one hundred employees,
and all these are being constantly
changed. So you will perceive that you
can soon count up to the thousands. It
is the same with the customs officers
and the postoffices."

A fourth class Postmaster was re-
cently appointed, but the selection did
not suit a United States Senator in
whose State the appointment was
made, and he wrote to Mr. Hay asking
if the "prerogatives" of Senators were
to be interfered with in this way. Mr.
Hay in reply said that he was unaware
of any "prerogative" of Senators which
the department was bound to respect.
Correct information was always sought,
and the wishes of a Senator or Repre-
sentative would of course receive
great weight; but he did not know that
they had any "prerogative" whatever
in the matter. Mr. Hay added:

"I am entirely ignorant of any law or
correct principle which directs that
this department must at all conform to
the dictates of a Senator, or any num-
ber of Senators, in its appointments to
offices. If the fact should come to my
knowledge that the majority of the
patrons of a Postoffice should unques-
tionably express their desire for the ap-
pointment of a Postmaster who was
not by political faith opposed to the
Administration, and was thoroughly
fitted for the place, I would appoint
him, notwithstanding the recommenda-
tions of the State Legislature or of any
possible number of Congressmen for
the choice of a man not thus locally ac-
ceptable and supported."

We noticed quite a fine display of
dog collars at Jacon's Hardware De-
pot.

THE DAILY REVIEW.

VOL. IX. WILMINGTON, N. C. SATURDAY, JUNE 13, 1885. NO. 137

In Judge Foraker the Ohio Repub-
licans have probably put forward their
strongest man. His full name is Joseph
Benson Foraker. Speaking of him the
New York Sun says:
He is a good stump speaker, and will
probably make a lively canvass, as he
did two years ago. There was a good
deal of opposition to him this year, and
it is possible that some compromise
candidate might have been stronger.
But the Ohio Republicans never fail to
make a vigorous fight, and Ohio, still
strongly Republican on national issues,
can be kept Democratic only, if at all,
by the most determined efforts. All
the Ohio Democrats have at times shown a
regrettable fondness for cutting one
another's throats, but we hope they will
try to dwell together in unity this year.
It cannot be said that the results of the
municipal elections a few weeks ago
were very encouraging to the Demo-
crats; but not much can be judged from
the result of municipal elections. The
decision in Ohio is in the hands of the
Prohibitionists, who have given the
Republicans hard trials already and
harder trials still may be in store.

Day's length 14 hours and 34 minutes.

Only 3 bales of cotton received here
to-day.

Sunset to-morrow afternoon at 17
minutes past 7 o'clock.

New moon yesterday afternoon at 28
minutes past 5 o'clock.

There were no interments in Belle-
vue Cemetery this week.

There were three interments—all
children—in Oakdale Cemetery this
week.

Turner's almanac promised fair
weather for yesterday and it hit it ex-
actly.

Base Ball, and Summer underwear
go together. Get the latter from Dyer,
who has a fine line.

The Register of Deeds issued two
marriage licences this week, both of
which were for colored couples.

At 3 o'clock this afternoon the ther-
mometer in this office registered 83 de-
grees with the wind from the South-
east.

There were six interments in Pine
Forest Cemetery this week, two of
which were adults and four were child-
ren.

The time in which taxes may be listed
is drawing rapidly to a close and those
who have not attended to the matter
had better list their taxes at once, be-
fore it is too late.

Devilled crabs, chicken salad and hot
coffee will be served to night at the Art
Exhibition for those who may desire.
They will be fixed up in the best sort
of style and at reasonable prices.

At a very small cost, you can get
your old shirts repaired, and made as
well as new again at the Wilmington
Shirt Factory, No. 27 Market street, J.
ELSBACH, Prop.

Schr. Winner, Frye, cleared to-day
for St. George, Grenada, with 146,306
feet lumber, 60,000 shingles, 2 barrels
tar and 3 barrels pitch, valued at \$2,-
489.98, shipped by Messrs. E. Kidder &
Son.

Much complaint is made about the
large number of dogs and hogs which
are permitted to run in the streets. Not
one in five of the dogs in the city are
licensed, but they are here all the same,
and are an intolerable nuisance, which
ought to be abated.

Indications.
For the South Atlantic States, fair
weather, followed in Southern portion
by local rains, variable winds, generally
Easterly, shifting to Southwesterly,
with stationary temperature.

City Court.
There was one case of disorderly
conduct before the Mayor this morning
in which judgment was suspended.

Harry Gonerson, whose case was
continued from yesterday, was fined
\$1 for disorderly conduct.

Cotton.
The receipts of cotton at this port for
the week ending with to-day foot up
26 bales, as compared with 32 bales for
the corresponding period of last year.

The receipts of the crop year to date
foot up 93,851 bales, against 91,489
bales to same date last year, an increase
this year of 2,362 bales.

Birmingham.

From Mr. Geo. C. Kelley, of Bir-
mingham, Ala., we have received a
copy of a very handsome map of that
city. It gives a plain view of the entire
city and the principal buildings are
easily located. There are also a num-
ber of pictures of large business estab-
lishments on the margin of the map,
among them the beautiful new building
recently erected by Mr. Kelley.

Regular Service.

Regular services will be held at Fifth
Street M. E. Church at the usual hour
to-morrow. The pastor, Rev. D. H.
Tuttle, will officiate. At the prayer
meeting held during the week under the
auspices of this Church there have been
eight or ten conversions, which shows
that the revival spirit which burned so
brightly a short time since has not yet
been extinguished.

Personal.

Rev. Dr. Yates returned last night
from the commencement exercises at
Trinity College, evidently in good
health and spirits, and will occupy the
pulpit of Front Street M. E. Church at
the usual hours to-morrow.

Rev. Dr. Pritchard returned yester-
day morning from Wake Forest Com-
mencement. During his absence he
visited Raleigh, where he preached last
Sunday, and Oxford. He expects to
occupy his pulpit as usual to-morrow.

The Art Exhibition.

It is now decided to keep the Art
Exhibition, at Vollers' Hall, open, Sun-
day excepted, until Wednesday next, at
which time it will positively close.
We are glad to know that it is becom-
ing more thoroughly appreciated and
that the number of visitors is constan-
tly on the increase. Aside from the
many paintings, curios, and works
of art and vertu, the management have
fitted up an ice cream parlor where
those who desire may have a plate of
this luxury at the usual city prices.

Opera House.

The Standard Dramatic Company
were greeted by a large audience last
night and made a decided hit in the
presentation of Kathleen Mavourneen,
an Irish drama of considerable merit.
The parts were well taken, the actors
were well up in their lines and the play
went off glibly and without any hitch
in the stage business which is often so
annoying. They make their last ap-
pearance here to-night in "Black Di-
amonds," and we trust that they may
have another crowded house.

Pig Fish.

Pine Grove, at Wrightsville Sound,
so famous in past seasons for its pig
fish suppers, is again to the fore and
Capt. Manning is determined to main-
tain this year its high reputation. His
fishermen are out every day and the
catch is already very fair. Those who
have never ate the fish fresh from the
water hardly know what a pig fish
supper means and the best way to find
this out in all of its deliciousness is to
go down to Pine Grove and call for a
pig fish supper.

The Concert Club Excursion.

The excursion on the *Passport*, next
Tuesday, of the Cornet Concert Club
will certainly be a *recherche* affair. The
programme is being made up with
great care and will consist of cornet
solos, cornet duets, cornet quartets,
selections for full band, and vocal
duets and quartettes. The manage-
ment will spare no pains to make the
excursion the best of the season. The
music will be of a very high order and
so varied as to make it delightful. We
bespeak for the club a large party and
for those who attend one of the very
best of times.

Square Dealing.

Is the foundation that we built our bu-
siness on when first started, and it has
at all times been our compass in the
storms, squalls and business hurri-
cane as in the calm, in the past fif-
teen years, never fearing the result, and
why shall we? Well knowing that by
giving one hundred cents value in re-
turn for every dollar we receive, we
shall retain our well-earned patronage.
No houses will or can do more, as no
house can exist without a profit, and
none can do business on less profit than
the *Old Reliable*. Believing this, our
aim is to keep on the truth-telling and
truth-selling basis, so that the name of
SHRIER will be synonymous of square
dealing. See us before buying. Re-
turn whatever is not satisfactory and
the money will be refunded. *SHRIER*,
the *Old Reliable* Clothier, 114 Market
street.

Fine Wheat.

Mr. M. C. Bowden left in our office
to-day several stalks of what is known
as McGehee's White Winter Wheat,
which was raised by Mr. R. L. Bor-
deaux, of Pender county. It is of a
very fine quality with very full and
solid grains and it is said that this kind
of wheat is the best and most prolific
any grown in North Carolina.

Death of Mrs. Weill.

We regret to learn of the death of that
excellent lady, Mrs. Barbara Weill,
wife of Mr. A. Weill, of this city. She
had been sick for a long time, with a
painful illness, and to her death may
be a happy release, although she leaves
a sadly-stricken family to mourn their
irreparable loss, and to them we extend
our heartfelt sympathy. The funeral
services will take place on Monday, at
10 o'clock, from the residence on South
Front street, near Orange.

The Excursion Yesterday.

The excursion yesterday of the
Sunday School of St. John's
Church to Lake Waccamaw was in
every way a delightful, pleasant
and successful affair. The train
was made up of three coaches
and a baggage car, and the coaches
were all well filled, so much so that
the crowd overran them, and some
were forced to seek accommodations in
the baggage car. The train left here at
9:30 and the party were all safely be-
stowed at the Lake by 11 o'clock. At
that point the day was passed in fea-
sting, dancing and merry-making
generally, and at 5 o'clock the
train started on the return trip,
arriving here about 6:30. It was
a pleasant, sunny day, the arrange-
ments were all perfect and there was
not the slightest accident or untoward
incident to in any way detract from the
pleasures of the day.

Base Ball.

At the match game of base ball yester-
day at Goldsboro, between the
Nationals of that city, and the Dur-
hams, the latter were the winners in a
score of 6 to 4 for the former.

At the match game at Raleigh yester-
day, between the Raleighs and Hender-
sons, the former were the winners in a
score of 1 to 0. A close game.

The Sea Gull Base Ball Nine, com-
posed of men engaged in the fertilizer
trade in this city, contemplate challeng-
ing any other trade's nine for a match
game. In response to this the Dry
Goods Nine, composed of men in that
trade, are ready to try skill with the
Sea Gulls. The Insurance Nine, com-
posed of men in the insurance business,
we learn, are also willing to accept the
challenge of the Sea Gulls.

Base Ball Rules.

At the recent meeting at Raleigh
of the North Carolina Baseball Associa-
tion, several quite important rules were
adopted. Among these it was decided
to allow a pitcher to deliver balls in
any way, provided he keeps in his box.
A rule requiring foul balls to be caught
on the fly, and not on the bound, was
also adopted. Matters in dispute re-
garding some of the games played were
left to an arbitration committee, which
consists of a member from each club.
It was also decided that when rain
prevents innings of a game being
played, the visiting club shall be paid
one-half the gate receipts, unless that
dividing exceeds \$35, or that checks are
given spectators, good for another
game, or money refunded. Each club
is to register the names of not more
than fifty home players and from these
select its members outside of its battery.

The Boy Clipper Plow has earned a
reputation of being the best ever used
and are pronounced perfect by the best
farmers. Sold wholesale and retail at
the factory agency, JACOB'S Hardware
Depot.

Caution to Consumers!

TO BE SURE OF GETTING THE GENU-
INE SHELL ROAD Tobacco, chewers
should be careful to notice that the oblong
blue paper tag in the centre of each plug
bears the Trade Mark of the buggy and horses
the words SHELL ROAD, and the name
of the manufacturers, Messrs. R. A. PAT-
TERSON & CO. Beware of the many worth-
less imitations that are being sold to the
public as the genuine SHELL ROAD, and do not
be deceived.
