

THIS PAPER published every evening, Sundays excepted by JOSH T. JAMES, EDITOR AND PROPRIETOR. SUBSCRIPTIONS POSTAGE PAID: One year \$1.00, Six months, \$2.00. Three months, \$1.00. One month, 35 cents. The paper will be delivered by carriers free of charge, in any part of the city, at the above rates, or by mail, at the above rates, plus postage. Advertising rates low and liberal. Subscribers will report any and all failures to receive their paper regularly.

THE DAILY REVIEW.

VOL. IX. WILMINGTON, N. C. THURSDAY, JUNE 18, 1885. NO. 141.

The Daily Review has the largest circulation of any newspaper published in the city of Wilmington.

Mr. C. J. after delivering two charity lectures in Salt Lake, has gone to the Pacific coast.

Comptroller Egan's answer to "The Broad-Winners" is almost ready for the press. Its publication is awaited with interest.

Edward S. Turner, of New York, a son of the late Joseph Seligman, has been elected to the chair of political economy at Columbia College for the term of 1885-86.

Secretary Manning has ordered the publication of the monthly statement of the imports and exports of the United States, and of the advance statements of exports of breadstuffs, provisions, petroleum, &c.

The Washington correspondent of the Louisville *Keating Times* says there are over 10,000 applications for office on file in the Treasury Department and something like 6,000 filed in the Interior Department.

The Palmetto Bass Ball Club, of Marion, S. C., arrived here this morning and registered at the Commercial Hotel. They will play a match game with the Sea-sides, at the grounds of the latter, this afternoon.

The original George Harris of Mrs. Stowe's "Uncle Tom's Cabin" is lecturing in Detroit. He was born in 1817 and credits himself with many of the incidents from which Mrs. Stowe has woven her story. His mother was a slave.

The ill-fated yacht *Mohawk*, formerly belonging to Commodore Garner, met recently with another accident, which, although slight, will not give her a better reputation for luck. She ran into the German barque *Magdalene* and carried away her jibboom.

The fact is admitted by an interviewed showman that the feats of beasts and children in the sawdust ring are, in the main, produced by torture. From the biggest elephant to the smallest girl on an equestrian's shoulders, compulsion under the fear of severe punishment is the incentive.

It is estimated that 4,000 Danes will come to this country this year, most of whom will settle in the Northwest. Most of the immigrants from Denmark are farmers in good circumstances. The majority own farms, and when they come to this country they bring considerable money with them.

Ex-Mayor Tompkins, of Sing Sing, N. Y., has been convicted of profanity on the public highway, but he resists payment of the fine imposed, and proposes to carry his case clear up to the highest court, if necessary, so that the legal status of the choleric swearer may be authoritatively defined.

Hot house flowers are rare in New Orleans, because the winters are so short it wouldn't pay to build and keep up expensive greenhouses. When the Northern visitor orders a hot-house bouquet he is astonished at the announcement that he must wait until it can be ordered from Louisville, Cincinnati or New York. In midwinter there are no flowers in the city.

The Mexican Government has set our own Government a good example in holding Citizen Jay Gould strictly to the terms of his contract. A concession of valuable railway privileges has been declared forfeited because Mr. Gould did not build the specified length of road per the agreement. The fury of railroad extensions into Mexico perceptibly weakened after Congress failed to ratify the reciprocity treaty.

Square Dealing

Is the foundation that we built our business on when first started, and it has at all times been our compass in the storms, squalls and business hurricanes as in the calms, in the past fifteen years, never fearing the result, and why shall we? Well knowing that by giving one hundred cents value in return for every dollar we receive, we shall retain our well-earned patronage. No houses will or can do more, as no house can exist without a profit, and one can do business on less profit than the *Old Reliable*. Believing this, our aim is to keep on the truth-telling and truth-selling basis, so that the name of SHRIER will be synonymous of square dealing. See us before buying. Return whatever is not satisfactory and the money will be refunded. SHRIER, the *Old Reliable Clothier*, 114 Market street.

Tax Notice
C W YATES—Stationery
MUNDS BROTHERS—Notice
F C MILLER—A Fresh Supply
E D HALL, Mayor—Dog Notice
HEINSBERGER—Latest Publication
OPERA HOUSE—The Standard Dramatic Co

The crop reports from all sections of the country are very flattering.

We noticed quite a fine display of dog collars at JACOB'S Hardware Depot.

"Changeable" is what Turner's Almanac promises of the weather to-morrow.

The moon completes its first quarter to-morrow morning at 34 minutes past 8 o'clock.

Base Ball, and Summer underwear go together. Get the latter from Dyer who has a fine line.

The number of dogs slaughtered thus far by the police, up to and including to-day, amounts to 37.

There are only six square rigged vessels in port at this time. Of this number five are barques and one is a brig.

There were an unusual number of flat loads of wood in the docks to-day and it sold slowly at very reasonable prices.

The girls in their white dresses and the trees in their green leaves make up a very pleasant summer to look at hereabouts.

The city cart was out this morning gathering up stray hogs that have been permitted to roam the streets, and quite a number were captured.

This cooler condition of the atmosphere should have its effect in making up a good audience at the Opera House to-night. A good play will be presented.

Those two excellent Raleigh papers, the *Furmer and Mechanic* and the *State Chronicle*, have been consolidated and will appear in the new form at an early day.

At 3 o'clock this afternoon the thermometer in this office registered 81 degrees, five degrees above summer heat and seven degrees lower than at the same hour yesterday.

The rains which fell yesterday and last night seem to have been pretty general in this section. The Signal Office in this city reports 1 1/2 inches of rainfall between 5:55 o'clock yesterday afternoon and 2 o'clock this afternoon.

At a very small cost, you can get your old shirts repaired, and made as well as new again at the Wilmington Shirt Factory, No. 27 Market street, J. ELSBACH, Prop.

In consequence of the storm there was no performance at the Opera House last night. The company will play to-night, however, when the drama of "The Two Orphans," which was announced for last night, will be presented.

The attention of owners of dogs is called to the notice of Mayor Hall in this issue of the consequences to be expected from a failure to secure the necessary badges for the same. It is the determinative of the government to make the ordinance regarding dogs as effectual as possible.

There were heavy showers of rain last night, accompanied by frequent peals of thunder and flashes of lightning, but we have not heard of any damage being done. It rained nearly all night and the weather was agreeably cooler after the intense heat of yesterday.

The Young Catholics, Society made an excursion down the river on the *Passport* this morning. They had quite a large party and have had the most pleasant day for an excursion there has been this week thus far. A nice day, a nice party and without doubt a nice time has made the excursion all that could be desired.

Indications.

For the South Atlantic States, local rains, followed by fair weather, winds generally shifting to Easterly with slight changes in temperature.

The Boy Clipper Plow has earned a reputation of being the best ever used and are pronounced perfect by the best farmers. Sold wholesale and retail at the factory agency, JACOB'S Hardware Depot.

Surely we must not forget our "American Blotter Tablet." We could hardly do without it, as we will write often during our travels. je 1 d&w lm

The Crops.

The reports from all the sections of the country round about Wilmington are that the crops are growing finely. In some localities there has been so much rain as to retard working the crops and the grass in consequence has almost gained the mastery, but the farmers are working like beavers and hope to have their crops cleared out in a short time.

Peaches.

Peaches are being brought in quite freely within the last few days, but there has yet been no perceptible diminution in the prices asked. It will probably be but a few days longer that the present prices can be maintained as the fruit will soon come in abundantly. There is a large crop in the country this year and prices must be reasonable as soon as the marketing season sets fairly in.

To-Morrow.

All those who are anxious for a day's pleasure will bear in mind that the excursion on the *Passport* gotten up by the ladies of Front Street M. E. Church will take place to-morrow. Their excursions are always pleasant occasions, as hundreds who have attended them can cheerfully testify. If the weather should prove favorable—and we hope that it will—there will undoubtedly be a large party, and we predict for them a day of genuine enjoyment.

Yesterday's Game.

The match game of base ball yesterday afternoon between the "Sea Gull" and the "Benevolent" nine, was cut short at the expiration of the fourth inning in consequence of the rain, the score then standing at 16 for the former to 11 for the latter. The game was gotten up for the benefit of the Ladies' Benevolent Society, and there was a very good attendance, although it was not so large as could be wished. It is probable that the game will be completed at some future time.

Musical.

The concert of vocal and instrumental music to be given under the direction of Prof. E. Van Lear, which has been heretofore spoken of in these columns, will come off sometime during next week. The entertainment will be for the benefit of the Cornet Concert Club, and the best amateur talent of the city has been engaged for the occasion. Prof. G. M. Hobbs, of Clinton, whose arrival is announced in our personal column, will remain here and take a part in the concert. It is intended that this shall be the musical event of the season and no pains will be spared to make it a success.

Merited Praise.

We gladly copy from the *Goldsboro Argus* the following words of praise for our young townsman, Prof. E. A. Alderman:
On all sides we hear nothing but expressions of pleasure and satisfaction over the action of our excellent board of Graded School directors in electing Prof. Edwin A. Alderman, late 1st assistant, to the position of principal of our Graded School, recently made vacant by the resignation of Professor E. P. Moses. Mr. Alderman has for three years filled the position of 1st assistant in our school with much credit to himself and to the entire satisfaction of the board of directors and the patrons of the school. With our knowledge of his ability, and supported as he is by such a capable corps of teachers, we feel satisfied that the school will hold its own and progress.

City Court.

There was only one case for the Mayor's consideration this morning, but it was one of much importance.

Rev. Edward Merrick, colored, who is not a D. D., but claims to be an M. D., was arrested yesterday for being drunk and disorderly, and the evidence was so strong that he was sent below for 30 days. Merrick claims to be a preacher and has two churches in Bladen county and one in the neighborhood of Rocky Point. When in the city he invariably makes his home in the Hollow and keeps drunk nearly all the time he remains here. He has been arrested many times for his offenses, and has become quite an eyesore to the police. He was arrested upon a similar charge a few weeks ago, and was deeply solicitous for fear that his imprisonment would prevent him from keeping his appointments to preach. He generally carries a lot of bottles of compounds, which he calls medicines, and prescribes for the physical ailments of his race as well as ministers to their spiritual needs. Merrick is a decidedly bad egg.

Call at JACOB'S Hardware Depot and examine his fine assortment of fishing poles and lines. †

Base Ball.

New nines are springing up daily in the city, the last of which we have heard being the "Insurance Club" and the "Printer's Club." The latter, we learn, propose to challenge the former for a match game to be played within a short time.

A Horned Frog.

Mr. Willie Terry, son of Policeman S. H. Terry, brought into our office this morning a horned frog, which was sent to him from Texas by his uncle, who resides there. It has two sets of horns, and is the color of one of our ordinary toads, but somewhat larger. Aside from his horns his body is supplied with a large number of short but sharp pointed prongs. He has a tail about two inches in length and is altogether an ugly looking customer.

Consul Hale.

Mr. E. J. Hale, recently appointed Consul to Manchester, Eng., together with his family, arrived in the city yesterday. During the day Consul Hale visited the Produce Exchange where he met and conversed with many of his friends and acquaintances in this city. He will leave New York for his new field of labor on Thursday, the 25th inst.

Personal.

Williams T. Bannerman, Esq., Clerk of Pender county Superior court was in the city yesterday.

Mr. Gaston M. Hobbs, of Clinton, Sampson county, who will be remembered by many of our citizens as a fine violinist, arrived in the city last night and registered at the Purcell House.

We had the pleasure to-day of meeting with our friend, Dr. E. A. Gasque, of Marion, S. C., who is in the city with the Palmetto Base Ball Club, of which he is a member. Dr. Gasque was formerly connected with the *Marion Index*, of which his brother is the editor and proprietor, but he has forsaken journalism and established himself in dentistry at Marion, having recently graduated at the dental department of the University of Pennsylvania.

Pt. Caswell High School.

A friend, who was present on the occasion, writes us that the closing exercises of the Point Caswell High School took place on last Friday evening, June 12th, and it was a very creditable affair to both teacher and scholars. The examinations were highly satisfactory in every particular. The exercises consisted of speeches, dialogues and essays; the rendition of which proved both progress and training. The representation of "Faith, Hope and Charity" was unexceptionably good. The "Curfew," by Miss Katie Paddison, and the dialogue, "Masterpiece," by Miss Minnie Newbury Miss Howard Paddison and Master Willie Vollers, were received with repeated applause and showed plainly the appreciation of the audience, who feel indebted to the principal, Miss Wren, for the great proficiency shown by her pupils.

After the exercises closed there was a dance given in honor of Misses. Katie Vollers and Lillie Rulf, of Wilmington. The committee, Messrs. W. E. Black, R. J. Jeffords, J. H. Vollers and Jas. Hollingsworth, did all in their power to make the affair pleasant to all and it suffices to say that their efforts were crowned with an absolute success.

Now is the season for painting your houses. Go to JACOB'S Hardware Depot and buy your paints, if you want to save money. †
