

THE DAILY REVIEW.

VOL. IX. WILMINGTON, N. C. WEDNESDAY, JUNE 24, 1885. NO. 146.

Senator Edmunds' new house on Massachusetts avenue, Washington, is to be wholly above ground. The first story contains little except the stairway, hall, kitchen and household offices. The entrance from the street is through a low, round, central arch. There is a magnificent double bay window in the southwest corner, running up through two stories. The Senator paid \$3 a foot for the land, which he bought from Mr. Frelinghuysen, who had paid only \$1.50 for it a few weeks before.

In the United States some 150,000 miles of railroad track are now laid, and this rest on 3,600,000 ties, the product of 3,960,000 acres, an area larger than the States of Connecticut and Rhode Island. Thirty years are required to grow trees of suitable size, and the average life of a tie is seven years; therefore 16,971,420 acres of growing forest are needed to supply the annual demands of the roads that now exist. This forest area is larger than New Hampshire, Vermont and Massachusetts.

Did you ever see a toad catch a fly? There is nothing neater or more dexterous in the art of legerdemain. His toadship sits apparently asleep, but looking carefully from under his drawn down eyelids, until his prey alights within reaching distance. Then his red tongue is darted out like a flash and the fly is captured. The toad never misses his aim. He is an invaluable insect exterminator, the friend and helpmate of the gardener. It is now found that the toad is as useful in the kitchen as in the garden. He will exterminate roaches, and, if he is treated with a proper degree of consideration, makes no objection to living in the house.

Now is the season for painting your houses. Go to JACOBI'S Hardware Depot and buy your paints, if you want to save money.

Baron Reuter, whose stupidly slow agency for gathering foreign news is at last arousing the ire of the English papers, started on a small scale in Aix-la-Chapelle, in 1819. Not only has the agency yielded him millions, but his profits in speculation through his early knowledge of important events have been enormous.

Gen. Benjamin Butterworth, late pension commissioner and Republican member of the present Congress from the first Cincinnati district, said in an interview on Saturday afternoon: "There is no disputing the fact that Cleveland is making a very popular President with the great majority of the people of Ohio, both Democrats and Republicans."

The ten finest buildings in this country, according to the majority vote given in the Boston American Architect, are Trinity Church, Boston; the Capitol, at Washington; W. K. Vanderbilt's house, Trinity Church and the Jefferson Market Courthouse, New York; the City Hall, Hartford; City Hall and State Capitol, Albany; Sever Hall, Cambridge, Mass.; and Town Hall, North Easton, Mass.

A striking example of the growing liberality of men of high places was furnished the other day when the Marquis of Lorne presided at the opening of a Wesleyan bazaar at Brighton in aid of the building fund of Dorset-Gardens Chapel. The Marquis contrasted the proud position of the Wesleyans of today with what it was a century ago. Then it was difficult to save Wesley from the violence of the mob. Now a Wesleyan was Lord Mayor of London.

Coal is said to be an almost unknown luxury to the Chinese of San Francisco. Their mode of cooking is to have an empty oil can serve as a stove, upon which they place their tea kettles or a cooking pan. They start a fire with two or three small sticks of wood, which they add to as they burn, and in this way manage to establish a good degree of heat with but a small expenditure of fuel.

The area of the dominions of the Shah of Persia is 1,647,070 square kilometres, and the population is estimated at 7,450,000, contained in ninety-nine towns, with a total population of 1,963,800, while the villages and rural districts contain 3,780,000. The statistics of creeds are Sheehs, 6,860,600; Sunnis and other Mohammedan sects, 700,000; Parsees, 8,000; Jews, 19,000; Armenians, 43,000; Nestorians and Christians, 43,000.

The excursion party gotten up by the Hornet Fire Company, of Charlotte, will leave that city to-night and arrive here to-morrow morning, instead of this morning, as we were led to infer from a statement in the Charlotte Observer. There will be a large party, as we learn that a good many tickets have already been sold.

Indications
For the South Atlantic States, fair weather, winds generally Easterly with stationary temperature.

Postponed.
The moonlight excursion on the *Passport*, which was to have been made last night, has been postponed until next Tuesday, when it will certainly take place—if it don't rain.

Call at JACOBI'S Hardware Depot and examine his fine assortment of fishing poles and lines.

The Acme.
Mr. J. G. L. Geischen has had his store on the Northeast corner of Front and Dock streets, entirely remodelled, repainted and furnished so that it is now a first class saloon in every respect. It was opened to the public today for the first time, and a free lunch was served to all of those who called.

Fair Weather.
Notwithstanding the unfavorable appearance of the weather this morning, there was a large party went down the river with the German family excursion on the *Passport*. The day has proved pleasant with just enough of cloudiness to keep off the scorching rays of the sun, and we trust that the excursionists have had a good time.

To-morrow's Excursion.
This is the season of excursion parties and Hook & Ladder Co. No. 1, not to be behind their fellows, will make an excursion to Smithville and the Forts on the *Passport* to-morrow. They have made every arrangement for the comfort and pleasure of the excursionists and a first rate time may be expected. A good dinner and other refreshments, which will be under the supervision of a committee of ladies appointed for the purpose, will be served to all who may desire at reasonable prices. We bespeak for the management a large and select party.

Personal
Col. L. A. Powell, of Sampson county, is in the city to-day.
Dr. B. F. Arrington, of Goldsboro, arrived in the city last night and registered at the Purcell House.
The wife and family of Mr. C. W. Yates are rusticated at Lake Waccamaw, and he is now a bachelor "all forlorn."

Too Late.
The labors of taking the tax lists closed at 6 o'clock last night, and those who are now delinquents, of whom there are about 300, will have to pay a double tax for their neglect. For this extra expense the delinquents can justly blame none but themselves, as ample information has been given of the matter, both through official advertisements and by the local columns of the press.

City Court.
Rena Pearsall, colored, was brought before the Mayor this morning charged with disorderly conduct last night on Front street a short distance South of the Market. It seems that she and the girl known as "Long Nine," had a dispute and Rena began to shout murder when officer Latham arrested her and locked her up. She was required to pay a fine of \$20 or go below for 30 days. She went below.

Literary.
The *Art Amateur* for July contains designs for two panels (bird, fruit and flowers), a dessert plate (roses) and a plaque (geraniums), besides several for embroidery and repousse work. There is an interesting notice of the Paris Salon with illustrations, and a timely article on De Neuville, a French military painter, who recently died. Other articles of interest are those on "Mont St. Michel," "Art Life in Rome," "The Hotel Drouot," "Japanese Swords" and "Oriental Musical Instruments." Wall and ceiling decoration, amateur photography, scene painting and frame embroidery are topics receiving attention. Price 35 cents. Montague Marks, Publisher, 23 Union Square, New York.

Base Ball.
The "Eureka" Base Ball Club is the name of the last nine of which we have heard. This club is now ready to play any club in the State as it is fully organized, as follows:

The Boy Clipper Plow has earned a reputation of being the best ever used and are pronounced perfect by the best farmers. Sold wholesale and retail at the factory agency, JACOBI'S Hardware Depot.

Lightning's Freaks.
During the shower yesterday afternoon the lightning descended the chimney of a house on Front street, between Queen and Wooster, occupied by a colored woman named Patience Merrick, and smashed her stove to pieces tore up the zinc on the floor under the stove and killed a dog which was lying under the house. Fortunately no injury was sustained by any of the occupants of the house.

Sudden Death.
Fannie Williams, the cook at the High School of Messrs. W. M. & D. S. Kennedy, at Warsaw, Duplin county, dropped dead in the cook room at about 10 o'clock yesterday morning. She was a faithful servant and was much loved by the young ladies of the school for her motherly conduct towards them. Dr. Kennedy was present and did all in his power to revive her, but she only breathed twice after she fell. She died of apoplexy. She was a true Christian and has doubtless gone to rest.

Runaway Accident.
At about 1 o'clock this afternoon as the grocery wagon of Mr. J. C. Stevenson, driven by Frank Perry, colored, was proceeding up North Water street between Market and Princess, and when nearly opposite the store of Messrs. B. F. Mitchell & Son, it came in contact with a dray which was being driven in an opposite direction. In trying to get clear the horse driven by Perry became frightened and ran away smashing the wagon badly, besides bruising severely both the horse and the driver.

Last Night's Concert.
On account of the storm yesterday afternoon and the threatening aspect of the weather last night there was not so large an attendance at the Soiree Concert given under the direction of Prof. E. Van Laer, at the Opera House as could have been desired, but those who did attend were well paid for their trouble and the small outlay of money required. The following programme was rendered:
PART I.—"Pirates of Penzance," instrumental, Sullivan—Messrs Herndon, Hobbs, Alderman and Greenwald, Piano solo, "Village Bells," Miss F. Bowden. Piano duet, with organ, "May Queen," Misses K. and A. Stalter, and M. Wallace. Piano, organ and violin, "March aux Flambeaux," Miss L. Peschau and Mr. Hobbs. Piano Solo, "Heavenly Voices," Miss K. Stalter. Orchestral "Flower Song," Miss L. No Battles to Win.
It makes no difference what inducements other houses may offer in the way of prices we can save you money. Good goods, low prices and square dealing has won for us the reputation of being the leading clothing house in Wilmington. Doing business on the principle of \$1 worth for \$1 every time. Selling goods for what they are—wool for wool, and cotton for cotton—not recommending anything too highly and guaranteeing whatever we say. Do not purchase before seeing what your money can buy at our establishment. Money refunded on goods not proving satisfactory after close inspection at your homes. SHILER, the Old Reliable Clothier, 114 Market street. Sign of the Golden Arm.

Closing Exercises.
The closing exercises of Rocky Point High School will take place on Friday next, at which time there will be a public examination of the pupils and an address by J. T. Bland, Esq., of Burgaw, in the forenoon. An address will be delivered in the afternoon by Mr. J. C. Davis, of this city, and at night there will be reading of compositions by the young lady pupils and a lecture by Rev. Dr. Yates, of this city upon the subject of "Disasters of False Theories."

A Fortune for J. W. Chapin of Maynard, Mass.
Mr. J. W. Chapin, a dealer in tea, etc., in Maynard, Mass., came into the city to collect \$1,300, providentially his property. Some weeks ago he purchased from M. A. Dauphin, New Orleans, La., a one-fifth of ticket No. 18,807, in the drawing for May 12th, in the Louisiana State Lottery. He received from Adams Express Co. \$1,300.—*Boston (Mass.) Star*, June 3.

Surely we must not forget our "American Blotter Tablet," we could hardly do without it, as we will write often during our travels. je 1 d&w Im
