LOCAL NEWS.

INDEX TO NEW ADVERTISEMENTS. C W YATES—Stationery F C MILLER—A Fresh Supply

The cool wave reached here last night and it was right welcome.

We noticed quite a fine display of dog collars at JACOB'S Hardware Depot.

Now give us a slight rest please, on base ball, and let's talk about the Fofe of July.

Base Ball, and Summer underwear go together. Get the latter from Dyer who has a fine line.

At 3 o'clock this afternoon the thermometer in this office registered 84 degrees, with a cool breeze from the Northwest.

Remember the excursion on the Passport to night. The boat will leave her wharf at the foot of Market street promptly at 8 o'clock.

We don't understand it. Either the criticisms on Kurtz's playing yesterday are very unjust or else the record as published is incorrect. Which is it?

We will sell all wool white flannel shirts FOR THIS WEEK ONLY at \$1.50 at the Wilmington Shirt Factory, No. 27 Market st., J. ELSEBACH, Prop. of

What is the difference between the dog ordinance and the dog owner? Give it up? Well, one badges the cusses and the other cusses the badges. There, now!

There were two cases of failure to pay license tax before the Mayor this morning, in which judgment was suspended upon payment of the required amount.

The ladies of the Second Advent church, formerly the Second Baptist church, will give an excursion to Smithville, the Forts and the sea on Wednesday, July 8th.

The next base ball event of the season in this city will take place on the 3d and 4th of July, at which time the Mechanics, of Columbia, S. C., will play match games with the Seaside upon the grounds of the latter.

Rev. J. W. Primrose, Pastor of the Second Presbyterian church, in this city, will assist Rev. L. C. Vass, the Pastor, in a series of meetings to be held in the Presbyterian church in Newbern this week. Mr. Primrose is a native of Newbern.

There was an alarm of fire at half past 6 o'clock yesterday afternoon and the Fire Department turned out promptly and were on their way to the C. C. R. R. where the fire was said to be, when they were sent back with the information that it was all out. Damage trifling.

The Oxford will leave to-night for their homes, after having been in the city since last Thursday night. They seem to have enjoyed themselves while here and speak in praise of the kindness with which they have been treated. We are glad of this for they are excellent young gentlemen to whom it is a pleasure to bestow courtesy.

Indications. For the South Atlantic States, fair weather, Northerly winds and stationary temperature.

The Concert. The open air concert given by the Cornet Concert Club at the City Hall Park last night in honor of the Oxford Base Ball Club was not largely attended, although the company assembled was select and refined.

Pender Peaches. Some of the prettiest peaches we have seen this season, were laid on our table to-day by our good friend, Mr. J. T. Collins, of Burgaw.

Call at JACOB'S Hardware Depot and examine his fine assortment of fishing poles and lines.

Sunday School at French's.

The Baptist Sunday School at French's Creek, in Bladen county, will have a Festival at the Academy in that place on Saturday next, the Fourth, for the benefit of the School.

This Sunday School, we learn, is now in a very flourishing condition and its influence for good is known and acknowledged by the entire community.

Savage Dogs.

At about half past 11 o'clock last night as J. W. Lewis, colored, was passing along Princess street, and when opposite the house of Mr. George F. Tilley, on Princess, between Seventh and Eighth streets, he was attacked by a large and ferocious bull dog belonging to the latter and a desperate struggle ensued.

Base Ball. The Oxford's and Seaside's played an exhibition game on the grounds of the latter yesterday afternoon for the benefit of the Cornet Concert Club.

A Costly Experiment.

It is a well known fact that the ends of steel rails on our railroads, through the constant passage of trains over them at a rapid rate of speed, become highly magnetized and nearly every school boy knows that by holding the blade of his pocket knife in the joints between the ends of two of these rails it will be drawn to the end to which it happens to be nearest.

Notice.

AT A MEETING OF THE BOARD OF UNDERWRITERS, held May 12th, 1885, it was resolved that on and after the 1st of July next a slip shall be attached to all policies, written or renewed, containing the following, viz: "This policy cannot be delivered and is not binding upon the Company unless the premium has been actually paid."

Schedule B Tax.

MERCHANTS, TRADERS, BROKERS, Keepers of Hotels, Restaurants, Boarding Houses, and all others subject to said tax, are hereby notified that this tax falls due on the 1st day of July, 1885, and that the law requires that the same be paid during the first ten days of the month—paying the tax at the time of the issuance of the license, otherwise the penalty stands against you.

Commencement Exercises.

The closing exercises of the Misses Burr & James' school was held at the school room in rear of St. James' Church last night. The room was densely thronged and the heat was intense, but the exercises, as announced in the published programme, were all carried out, much to the credit of the pupils.

Now is the season for painting your houses. Go to JACOB'S Hardware Depot and buy your paints, if you want to save money.

Personal.

Maj. C. W. McClumby and Mr. Jno. R. Padden, both of Pender county, were in the city to-day.

Mr. C. G. Southerland has returned from a trip to Saratoga, but we fail to see that he has gained any flesh from his visit to those wonderful springs.

Miss Sarah Randlett, sister of Mrs. J. C. Bailey, left the city yesterday to pass the hot months with relatives and former associates in her native State of Maine.

Mr. D. C. Davis, who for the past year or two has held a position in the Custom House, with two of his children will leave the city on Saturday next on the steamer Benefactor for New York. Thence he will go to his former home at Mystic, Conn., to make a brief visit to his relatives in that town, a place he has not visited in 15 years.

Mr. R. M. Wescott, of Bladen county, was in the city to day and called to see us. We are glad to learn from him that the crop prospects in his section have improved very much and continue to improve. They have had plentiful rains but none to hurt. The outlook at the present time is for better crops than they have had for the past five years.

Base Ball.

The Oxford's and Seaside's played an exhibition game on the grounds of the latter yesterday afternoon for the benefit of the Cornet Concert Club. There was a large throng in attendance, but it was not quite as large as the crowd of Saturday last, which was the largest that has ever assembled during the season to witness the exciting game.
