The sentences imposed upon Sergeant Crowley, the rayisher; Quinn, the murderer; Buddensiek, the builder of man traps; Fish, the bank wrecker. and Boyd, the swindling glass- importer-all with a month-indicate that the administration of juscice in New York has been infused with new yigor.

Ex-Gov. Noyes, of Ohio, has declined the position of Government Director now that he was recommended by Gov. Hoadly, as a Republican, as it is customary to have both parties represented in the directory. In nominating him President Cleveland seems to have overlooked his dirty record in Florida.

The Princess Beatrice's trousseau is to contain a wilderness of boots and shoes. There are seaside or yachting shoes, made of Russian leather; light shoes, embroidered in gold with the rose, shamrock and thistle; mountaineering boots, studded with nails; riding boots, lined with white Astrakan, and travelling boots, lined with sealskin.

The Memphis people are complain ing of what they call a "belt of smell" around their city. The health officers don't know how to tackle it, but a breezy scientist suggests that the best thing to be done would be to boil the air. He argues that if boiling purifies water, it is possible to purify air in the same way. The suggestion of the breezy scientist has been received with general disapproval, and the 'belt of smell" continues to hold its own.

A Puzzle.

We have been asked the following conundrum: "Which is the greatest annoyance to pedestrians on the sidewalk, a bicycle, two nurses with a baby carriage each going abreast or two washerwomen with a big basket of clothes between them?" Col. H. C. Jones, of Charlotte, Mr M. Q. Waddell, of Johnston county, and Gen. Robert Ransom are in the city to-day.

Col. Jno. D. Taylor, we are sorry to learn, is quite sick. He has an attack of sciatica.

Mr. F. A. Lord, of this city, has gone to Fayetteville to reside, he having accepted a position as bookkeeper at Tokay Vineyard, tendered him by Hon. Wharton J. Green.

Mr. C. W. Yates, who has been on a brief visit to his family at Lake Waccamaw, returned to the city this morning. During his absence he had two day's sport fishing in the Lake, and he got gloriously sunburned in the time.

Mr. Gerald McCarthy, a student of the National Deaf Mute College, Washington, D. C., is in the city, and will make his headquarters in Wilmington for the Summer for the purpose of collecting plants for his own and the herbaria of Cambridge, England, the Smithsonian Institute, at Washington, D. C., and for the State Agricultural Department. He has very kindly offered to assist the Curtis Botanical Club of this city, and has been in the field with them already. He will also give his personal instruction at the weekly meetings of the club.

A Brilliant Star

At this season the brilliant star Vega, in the constellation of the Lyre, is almost in the zenith at midnight. It may be recognized by means of two faint stars close by it, which makes a Mr. Stephen G. Worth, late Fish little equilateral triangle with Vega. This is a good starting point for a telwith the naked eye will be likely to has once recognized its exceeding beauty and brightness, and will be astonished to find that all the stars do not look alike, as he has supposed. It requires but a minute's inspection to perceive that Vega is much whiter than most stars. In the telescope its light has a brilliant blue tint that invariably calls forth exclamations of admiration from those who see it for the first time. A good glass shows that the background of the heavens all around Vega is strewn with minute stars, many of which can only be seen by glimpses at intervals through the blinding light that surrounds the great star, particularly when the atmosphere is unsteady. Then they come out for a moment with piercing distinctness no bigger than needle points, but possessing the concentrated brilliancy of so many living diamonds. The ceaseless flashing and scintillating of Vega, filling the whole field of the telescope with the radiance, make a peculiarly lively and fascinating spectacle.

In Accordance

with our usual custom at this season of the year, we close out our entire stock of Spring and Summer Clothing, regardless of cost, with a view to make room for one of the largest purchases of Fall and Winter Clothing ever brought to Wilmington. We have every reason to believe that the new prices which go into effect to-morrow morning and to continue until September 1st, will prove to be the lowest eyer placed upon perfect first class goods.

the Nationals, of Goldsboro, and the Seasides, of this city, resulted in a victory for the latter by a score of three to one. Both nines played remarkably well, but the chances were all in fayor of the home team, as we consider that there are very few clubs whose professionals can compare with Kurtz, Koockogey and Monroe.

Just before the commencement of the game a serious accident occurred, which marred to some extent the pleasures of inst. the victory. It happened, as near as we can learn, in this wise: Mr. Waddell had knocked a ball into the air and, dropping his bat, ran to catch it as it descended. Mr. Carmichael also ran for the same purpose and the two came into coilision with such force as to knock them both down. Mr. Carmichael suffered the lesser injury and was soon upon his feet again and subsequently took part in the game. Mr. Waddell, however, was unconscious for some time and his injuries were such as not only to prevent his playing, but to compel him to retire from the field. We are glad to learn that, although suffering considerably, he is somewhat better to-day. Mr. Boatwright took Mr. Waddell's place with the Seasides.

The Firemen.

The Newbern firemen will arrive in Tuesday forenoon, the 14th inst., and will be met at the Front street depot upon their arrival by Wilmington Steam Fire Engine Co. No. 1, Howard Relief Fire Engine Co. No. 1, and Hook & Ladder Co. No. 1, who will escort their visiting brethren to the hall of the first named company, where the Newbernians will make their headquarters during their stay in the city. In the afternoon all the companies will parade and be reviewed by the Mayor and chief of the Fire Department, after which there will be a trial of the dif ferent engines at some place in the city the Capital Stock of the Company will to be hereafter named.

On Wednesday morning the visiting firemen will be given an excursion on the Passport to Smithville, the Forts and out to sea. On Wednesday night they will be given a grand supper at the City Hall, and on Thursday morning they will leave for home.

While in Newbern last year our firemen were treated with the grandest and most cordial hospitality, in which the citizens vied with the fire department in their efforts to show kindly feelings and appreciation of the Wilplay of light, and the rapid appearance mington firemen. We hope that such and disappearance of these starry bub. open handed and open hearted courtesy bles, which seem to be constantly danc- will be appreciated and reciprocated by ing and breaking upon the flood of our own citizens in a most cordial greeting and large hearted hospitality towards the Newbern firemen.
