The Firemen.

The several white fire companies of the city assembled at their respective engine houses at 11 o'clock this morning and marched to the front of the City Hall. Thence, escorted by a platoon of 12 policemen, under the command of Sergeant Green and preceded by the Cornet Concert Club with 12 pieces, the line of march was taken down Chestnut street to Front and up Front to the depot. Chief of the Fire Department, Capt. C. D. Myers, with his assistants, marched at the head of the column of Firemen and were followed by Hook & Ladder Co. No. 1, Capt. J. H. Daniel, with 24 men; Howard Relief Fire Engine Co No 1, Capt. A. Adrian, with 30 men, and Wilmington Steam Fire Engine Co. No. 1. Capt. E. Parmelee, with 34 men, in the order in which they are named. The music was good and the column presented an attractive and imposing appearance. The uniforms of the different organizations were appropriate and neat and displayed the generally fine physique of the men to advantage.

At about noon the train bearing the Newbern Steam Fire Engine Co. No. 1. Capt, E. M. Pavie, with 27 men and their engine and hose reel, arrived and after the line was formed the column moved down Front street to Market, up Market to Third and up Third to the front of the City Hall, where Capt. satisfactorily filled.
