There was no City Court this morning. Parties in want of them can now be supplied at JACOB'S Hdw. Depot. †

Those Blind Doors have arrived. Parties in want of them can now be supplied at JACOB'S Hdw. Depot. †

The next games of base ball in this city will be on Friday and Saturday, the 17th and 18th inst., when the Raighs will try the mettle of the Seaside for the last time this season.

We will sell all wool white flannel shirts FOR THIS WEEK ONLY at \$1.50 at the Wilmington Shirt Factory, No. 27 Market st., J. ELSBACH, Prop. †

Steamboatmen report that the recent rains have caused a rise of about three feet in the Cape Fear. This makes navigation much better than it has been recently, but a still further rise is highly desirable.

It was a remark of one of our city firemen this morning, as he was looking at the stalwart forms of several of his Newbern brethren, "Well, the Newbern folk must feed their firemen better than Wilmington does!"

We are indebted to Mr. C. M. D. Humphrey for the present to day of a luscious canteloupe and lot of tomatoes. They were very nice and were selected from his stock at his store on South Front street, near the market.

We have received some most excellent specimens of what are known as the "goose plums," which were raised by Capt. D. P. High, of Whiteville, Columbus county. They were very fair to look upon and delicious to the taste.

Don't forget the excursion to Smithville and the Forts to-morrow on the steamer *Passport*. It is gotten up by the ladies of the Fifth Street M. E. Church and they always succeed in having a pleasant party and an enjoyment.

The picnic to-morrow to Seaside Park under the auspices of St. Paul's Lutheran Sunday School, promises to be a really pleasant affair and will undoubtedly draw a large throng to that pleasant resort for a day of recreation and pleasure.

Call at JACOB'S Hardware Depot and examine his fine assortment of fishing poles and lines. †

Indications.
For the South Atlantic States, generally fair weather except on the Southern coast, where there will be occasional local rains, variable winds and nearly stationary temperature.

An Alligator.
On Monday evening, as Capt. E. W. Manning was on his way home and when within about two and a half miles of the Sound, he overtook an alligator who appeared to be bound for that very popular resort. The captain undertook the capture of his gatorship, but as the latter showed fight it became necessary to kill him. He was three feet and ten inches long.

Body Found.
In removing the last of the cargo of the steamer *Wave*, this morning, the body of a colored man was found and was the last thing to be removed. It is supposed that he was on deck at the time of the explosion and was drawn into the hold onto the guano by the suction when the boat sunk. The name of the drowned man is not definitely known, but is supposed to be one of the crew named Jessup.

Death of a Journalist.
Mr. Nixon P. Clingman, of the staff of the *Goldboro Messenger*, died at the residence of his brother-in-law, Col. L. W. Humphrey, in that town on Saturday morning last of paralysis of the heart. He was the editor of the "Splinters" column of the *Messenger*, to which he contributed many articles of genuine humor. He was a genial companion, a whole souled gentleman and a humorous writer of real ability. Peace to his ashes.

Now is the season for painting your houses. Go to JACOB'S Hardware Depot and buy your paints, if you want to save money. †

Must be Sold.
In order to gain sufficient room to place our mammoth stock of fashionable clothing now in course of manufacture, we have made another sweeping reduction on Spring and Summer weight clothing—a reduction from 25 to 50 percent, below their former price. Your chances have never been so great. SURELY, the Old Reliable Clothier, 114 Market street. Sign of the Golden Arm. †

The Firemen.
After the duties and pleasures of yesterday were concluded, so far as the firemen as a body were concerned, there was a general interchange of opinion and sentiment among the members. Many of our visiting guests met with old friends and acquaintances with whom they found pleasure in recalling the memories of by-gone days. Thus the time passed until all sought their needed rest, after a day of unusual fatigue in the extreme heat.

At half past 8 o'clock this morning the several companies formed at Little Giant Hall and marched in procession to the dock at the foot of Chestnut street, where a test of the different engines was to be made. The engines were soon on the ground and the sidewalk, leading from Water to Second street, on Chestnut, were thronged with ladies and gentlemen who came to witness the exciting contest. The prizes for which the contest was to be made were a handsome silver ice pitcher and silver drinking cup as the first prize and a fine brass mounted clock with a cathedral gong as the second prize, and were the same of which we made mention a few days since. These prizes were to be awarded by a committee selected for the purpose, consisting of Capt. C. D. Myers, Chief of the Wilmington Fire Department; Capt. Wm. Ellis, Chief of the Newbern Fire Department, and Capt. J. B. Magill, Chief of the Charlotte Fire Department. There were to be two tests; the first to throw water through 50 feet of hose, and the second, through 200 feet.

At the time appointed for the trial to commence the signal was given, and in an incredibly short space of time three powerful streams, forced through the hose by the different engines, were flooding Chestnut street. After a trial through 50 feet of hose, the 200 feet test was made and all the engines showed remarkable powers. The first prize was fairly won by the Newbern engine, there being no question among the committee as to the fact that she was fairly and justly entitled to the same. There was a difference of opinion, however, as to whether the *A. Adrian* or the *Little Giant* was entitled to the second prize. The test was so nearly equal that it was only by the nicest discrimination and judgment that a fair decision could be reached, and the committee, after canvassing the matter for a considerable time, had not arrived at a conclusion when they were obliged to leave on the *Passport* for the excursion down the river.

The trial was long and hotly contested by each engine. The place selected was not well adapted for such a trial on account of the trees which overhung the streets. These not only very much interfered with the streams which were thrown, but were also a great hindrance to the committee in making up a just verdict.

At about half past 12 o'clock this afternoon the firemen embarked on board the *Passport*, which had been waiting for them, and went down the river on an excursion to Smithville and the Forts. Upon their return they will adjourn to meet again at the City Hall at 9 o'clock to-night, when the prizes will be awarded to the successful engines after which a supper, provided for the occasion, will be served. The Newbern Company will leave for home to-morrow morning.

Base Ball.
The match game of base ball between the Hendersons and the Seaside nines, which came off at the grounds of the latter yesterday afternoon, drew a large throng of visitors to witness the exciting sport. The Hendersons came here with an excellent reputation for scientific playing and much interest was felt in the contest in consequence of the record they had made in previous games. Additional interest was given to the game of yesterday from the fact that it had been announced that our white firemen with their guests from Newbern would be present to witness the trial.

The game was called promptly at the time specified, with Mr. H. Emerson as the Umpire. The playing was excellent on both sides and the game was hotly contested from the beginning to the end. Both nines played remarkably well, but the Henderson nine were accorded the victory in a score of 2 to 0. They play a game this afternoon, when the Seaside will make a desperate effort to divide the honors of the two days by winning the game. The reputation won by the Hendersons in previous games was fully maintained by their playing yesterday and it may be truly said that they are "hard to beat."

Parade and Drill.
The Wilmington Light Infantry will have a dress parade and drill in front of the City Hall at half past 6 o'clock next Monday evening and will be inspected by Col. W. C. Jones, 2nd Reg. N. C. S. G. The Cornet Concert Club will also parade and furnish music for the occasion, which will be an inducement to the public, who are cordially invited to be present.

District Conference.
The Wilmington District Conference of the M. E. Church South will meet at Smithville to-morrow. The following are the delegates from the churches in this city:
Front Street—W. M. Parker, C. L. Grafflin, W. W. Hodges, J. W. King.
Alternates—Geo. H. Kelley, W. W. Shaw.
Fifth Street—J. C. Davis, W. M. Hays, B. A. McClammy, B. Frank King.
Alternates—Samuel Penny, J. Willie Fleet.

Personal.
We regret to learn that Capt. J. C. Borden still continues very sick.
Mr. W. E. Springer and wife left this morning for Connecticut, expecting to be absent about three months.
Capt. W. M. Parker and wife left this morning for his old home in Connecticut. They expect to be absent about two months.
Capt. Wm. Ellis, Chief of the Newbern Fire Department, was in the city yesterday and took part in the festivities of the day. The fact was not reported to us and consequently we failed to mention him in our report of the proceedings.

The many friends of Mr. John Grant, who was so seriously injured yesterday, will be glad to know that he is as comfortable to-day as could reasonably be expected. As a matter of course, he is in considerable pain, but otherwise he is doing very well.

A Sad and Sudden Death.
The many friends of Mr. David H. Walsh will sympathize with him in his bereavement and sorrow, caused by the sudden and unexpected death of his son, Mr. Frank C. Walsh, which occurred at 8 o'clock this morning at Florence, S. C. The deceased was just 26 years of age and was a young man of much promise. He was taken sick Sunday night and this morning laid a corpse. The disease which caused his untimely end was pronounced congestion of the liver. Mr. Walsh moved from this city about a year ago, but at the time of his death, was employed as a salesman in the dry goods house of Mr. D. Sternberger at Florence. Less than a month ago he married a lady of Williston, S. C., and his new estate in life opened before him a beautiful vista of happy days, but the dread messenger, Death, threw his pall over the path of the newly wedded couple and claimed one of them as his own. To the afflicted wife and sorrowing father and family we tender our most sincere sympathy. The family will leave to-night for Florence, where the interment will take place.

NEW ADVERTISEMENTS
Killed for 25 Cents.
