

The Daily Review has the largest bona fide circulation of any newspaper published in the city of Wilmington.

Miss Cleveland's book is to be translated into French, German and Italian.

The death rate of Washington city last month exceeded that of same period in 1884.

The Emperor of Japan will confer on ex-Minister Bingham the decoration of the order of the Rising Sun.

An eccentric but beautiful belle at White Sulphur Springs decks her pony with trappings from mane to tail.

It is estimated by a Washington correspondent that Miss Cleveland's book will net her from \$30,000 to \$50,000.

William F. Cody, "Buffalo Bill," is forty three years old, and has a fortune that will probably reach the \$500,000 standard.

The California Democrats are beginning to consider the propriety of re-nominating Governor Stoneman next year. If they do, they will elect him.

Leopold Morse is mentioned as the probable Democratic nominee for Governor of Massachusetts, although it is said that Charles P. Thompson can have the nomination if he wants it.

Congressman Hill, of Ohio, wants the Democracy of that State to come out strongly against both the Civil Service law and the Civil Service Commission. Ditto for Senator Blackburn, of Kentucky.

New steel mills continue to attract the attention and absorb the capital of investors. Under the processes of manufacture lately discovered, there is no doubt steel may be as cheaply produced in this country as in any other.

"I know it is hot as steel, and please don't mention it," is what is posted in a downtown saloon in Washington. Readers were perplexed, we suppose, to decide whether the reference was to the weather or the stimulants furnished.

Cremation in Paris will soon be available for the general public at the small cost of \$2.25 for each operation. An experimental furnace is being constructed at Pere-la-Chaise on the principle of the crematories at Come and Milan.

New York Tribune (disconsolately): "There are no signs of reform among the Prohibitionists of this State. Evidently they mean, or at least their leaders do, to go on with the bad work of putting the Democratic party in power."

Walter Malley, who was tried for the murder of Jennie Cramer, will soon marry, it is said, a beautiful young widow who is employed in the dry goods store in New Haven formerly owned by Walter's father. Walter is reported as behaving himself quite decently of late.

The Louisville (Ky.) Courier-Journal wants to know why the Republicans of Kentucky, in their address, congratulate themselves that less than one-third of their party are black. "Why," asks the C. J., "should the Republican Party in Kentucky be ashamed of its colored members?"

Richmond State: "Compare Danville to-day with Danville two years ago. It was a Mahone-ridden city and business was paralyzed. But the patriots triumphed in November, 1883, and Danville was like a new town. It now enjoys the highest prosperity, and will continue to thrive so long as the Mahone gang is kept down."

It sounds strange, but the whipping-post and cowhide begin to win popularity in the North. Warden Green, of the King's County Penitentiary, is in favor of plenty hard work for prisoners, and expressed in vigorous terms belief that the establishment of a whipping-post would be the most efficacious method of reducing the army of criminals.

The relations of Postmaster General Vilas with Gen. Grant were rather more intimate than is common between men representing different political parties. Gen. Vilas had served with Gen. Grant at Vicksburg; he made the speech of welcome when Gen. Grant reached Chicago on his return from his trip around the world, and in the Wisconsin Legislature last Winter Gen. Vilas made a speech in favor of resolutions of sympathy with the then dying man.

THE DAILY REVIEW.

VOL. IX.

WILMINGTON, N. C. TUESDAY, JULY 28, 1885.

NO. 174

An election for a champion liar is to be held at Giles, Arizona, and the successful candidate is to get a medal and a serenade.

From official statistics it would seem the Indian problem Gen. Sheridan has in hand ought to be of easy solution. They are by no means formidable. In 1874, when the last count was taken, the Cheyennes numbered 3,905, and the Arapahoes 2,366. They now number 3,169 and 1,300 respectively. If the count embraces in each case the same elements, and in each case was accurate, the figures show that these two tribes, at least, are rapidly fading away.

Said handsome Tom to smiling Nell, "Where did you find that mystic spell That hovers round your every smile, And would my throbbing heart beguile? O, no! laughing Nell, 'You silly boy, In ZZZ DON'T, - the cream of joy.'"

The Fair Daughters of Fashion Prefer SOZODONT to every other article for the teeth, because nothing renders those ornaments of the mouth so spotless, or imparts such an agreeable odor to the breath. Moreover, experience proves the article to be perfectly wholesome, which cannot be said of all dentrifices.

LOCAL NEWS.

INDEX TO NEW ADVERTISEMENTS.

W E KING - Tin Roofing
C W YATES - Bank Books
R M MCINTIRE - White Goods
F C MILLER - Tar Heel Lintment
HEINSBERGER - Mexican Grass Hammocks

There was no City Court this morning.

Mr. R. B. Jewett, formerly of this city, but now of Savannah, is here on a visit.

Call at JACOBI'S Hardware Depot and examine his fine assortment of fishing poles and lines.

Blue, white, grey, brown and olive flannel shirts, are sold by DYER. The visitors to the mountains will take notice.

Nearly every one we meet is scolding about the hot weather, but we fail to see the use in fretting about what we cannot possibly help.

We don't know how it is with other people, but this "nearly stationary temperature" business has become decidedly monotonous to us.

Now is the season for painting your houses. Go to JACOBI'S Hardware Depot and buy your paints, if you want to save money.

There is a good deal of complaint about the English sparrows, with which the city abounds. They are canning little creatures, but it is said that they make havoc in the gardens.

A small colored boy was arrested this morning at the Front street depot charged with stealing brass from the railroad yard. A hearing in his case will be had before the Mayor to-morrow morning.

Fair weather for the excursion to the Rocks on the Passport to-night and a good time guaranteed. It will be a delightful and health giving trip, the pleasures of which all who possibly can will avail themselves.

The Germania Concert Band will give an excursion down the river on the Passport on Wednesday, August 5th. The Band will furnish the music for the occasion, and will give their patrons a pleasant trip.

We are again under obligations to Mr. C. M. D. Humphrey, of the fruit store, near the New Market, for an assortment of delicious fruit consisting of cantelopes, apples, pears and the largest and finest peaches we have seen this season. May his shadow never grow less.

A "Centennial Temperance Conference" will be held at Philadelphia on the 23d and 24th of September next, at which representatives from every State and every important city in the country are expected to be present. One or more delegates will probably be sent by the temperance organizations in this city.

Indications.

For the South Atlantic States, local rains, winds generally Southwesterly, with stationary temperature.

Throwing Rocks.

Luke Suggs, a colored boy, threw a rock last night at another colored boy, and hit the latter on the ear, inflicting quite a severe wound. We could not learn the name of the boy who was injured, but Suggs was arrested and an examination of the case will be had by the Mayor to-morrow morning.

Progress.

A few months ago a few determined members of the Baptist Church at Point Caswell began the erection of a suitable and much needed house of worship at that place. It is now nearly completed, is a structure 50 feet long by 35 feet wide, and when finished will be a credit to those who have caused the work to be done. Rev. W. M. Kennedy is pastor of the church and he feels a commendable pride in the good work of his congregation.

Clinton & Point Caswell R. R.

A meeting of the Directors of the Wilmington, Clinton & Pt Caswell R. R. was held in this city this forenoon, in Mrs. Robt. Lee's parlors, on Market street. There was a full meeting of the Board, the following gentlemen having been present, viz. Messrs A. Adrian, H. A. Burr, Cicero Johnson, Cliff Ward, W. H. Moore, E. W. Kerr and Owen Fennell.

An entire reorganization was resolved upon and Mr. E. W. Kerr, of Clinton, was elected President, and Mr. A. Adrian, of this city, Vice President. Hon. A. A. McKay and Mr. T. M. Fennell, of Sampson county, were elected Directors, to fill vacancies existing on the Board.

It was ordered that all collectors for the company be notified to at once make full reports of the moneys collected by them.

The meeting then adjourned.

On to Clinton.

We are glad to note that there is a revival of interest in the completion of the Wilmington, Point Caswell & Clinton R. R. The Board of Directors met here this morning and after a very harmonious meeting reorganized by the election of Mr. Edwin W. Kerr, of Clinton, as President, and Mr. A. Adrian, of this city, as Vice President. This looks like business and it means business. Mr. Kerr is a very energetic man, of indomitable will and determination, and he is backed by a directory who will second him in all of his measures to push forward the road to completion. Mr. Adrian, the Vice President, whose character as a thorough-going and successful business man, is known of all, will watch carefully the interests of the stockholders at this end of the line.

President Kerr tells us that this road can, must and will be built and that it will be at once urged forward to completion. In all it is about 40 miles from Point Caswell to Clinton, through a country in which there are but few obstacles, and these very slight, to be met and overcome, and of the entire line but 13 miles remains ungraded. This can soon be completed and then the serious work of laying the cross-ties and the iron and equipping the road will be met and successfully overcome.

Raleigh Male Academy.

We notice that our good friend of Confed. days, Capt. C. B. Denson, a gentleman who has many warm friends and admirers in this city, has become associate principal, with Prof. Hugh Morson, of the Raleigh Male Academy. Capt. Denson has spent much of his life in teaching and has been uniformly successful. He commenced his career as an educator as assistant professor of the Virginia Collegiate Institute, of Portsmouth, Va., and was the first to establish a military school in this State (the Franklin Military Institute, of Duplin county, August, 1858,) before the days of Gen. Hill, at Charlotte, and Col. Tew, at Hillsboro. The Franklin Institute was a large and successful establishment, and was suspended by the cadets following their preceptor into the army at the commencement of the war between the States. Since the war Capt. Denson has conducted the Pittsboro Scientific Academy for twenty terms, covering a period of ten years, during which time he has prepared many boys for college and active business pursuits.

It will be to your interest to call and see our goods and prices before you spend a dollar. Never before could you make a dollar go as far in clothing as at the present time. We have yet a large stock of Summer Clothing, which must go. We do not intend carrying over one dollar's worth this Fall, so have put prices where we know they cannot help but go. You know our reputation; when we say goods are cheap you know they are. SHRIER, the Old Reliable Clothier, 114 Market st. Sign of the Golden Arm.

Se-ven-ty-five cents only for the best white unlaundried shirt in the city, at the Wilmington Shirt Factory, No. 37 Market st., J. ELSEBACH, Prop. †

At 3 o'clock this afternoon the thermometer in this office registered 93 degrees.

Don't forget the moonlight excursion on the Passport to-night. A full moon will help to the enjoyment of all who go.

Steamboatmen report that there has been a recent rise in the Cape Fear of about nine feet. This makes navigation easy and the boats are run through on schedule time.

The Nor. brig Emma and the American Schooner Hattie Turner arrived in at quarantine to-day. We failed to learn where the brig was from, but the schooner was from Hayti.

Capt. R. M. McIntire is in need of one or two good salesmen and a sprightly boy, at his dry goods house, on North Front street. Those in want of situations, who are competent, should apply at once.

War News.

The following is an extract from a private letter received here this morning from the encampment at Asheville, and will be of interest to many of our readers:

"You would be surprised to see how nice and comfortable we are, and how well everything is being conducted. The Wilmington Light Infantry is the largest company here, and the Second Regiment the favorites, and the band the best by great odds. Our boys are just going to dinner and it is gratifying to see how well our mess is conducted and how well they are pleased.

The four wounded men of the Goldsboro company are now out of danger, and, outside of this, we have not had a single thing to mar our pleasure. All are well and the boys are drilling splendidly."

The Light Infantry is expected to return on Saturday next.

Personal.

Mayor Hall and family have gone to the Sound to-day.

Mr. E. Murrill, Sheriff of Onslow county, was in the city to-day.

Mr. Hugh A. Murrill, of Hickory, N. C. was registered at the Purcell House to-day.

Ex-Mayor James Wilson, who has been in New York for a year past, has returned to the city.

Mr. John D. Woody, with his wife and three children, is rusticating in the mountains of Western North Carolina.

Mr. W. J. Parker, a prominent citizen of Bladen county, was in the city to-day, and left for home this afternoon on the steamer Harb.

Capt. A. B. Potter, who left here a few months ago on the steamer Harold, for Jacksonville, Fla., returned to his home at Smithville on Saturday last.

Hon. Daniel L. Russell and Mrs. Russell have gone to the Pacific slope, their immediate destination being Arizona. They will be absent about five weeks.

Rev. W. M. Kennedy gave us the pleasure of a call yesterday afternoon. He was en route from Point Caswell, where he preached yesterday, to his home at Warsaw, Duplin county. We were pained to learn from him that his daughter, Miss Minnie Kennedy, is quite sick.

Our valued friend and subscriber, Mr. W. H. Moore, of Clinton, Sampson county, is in the city to-day and gave us the pleasure of a call. He is here in attendance upon the Directors' meeting of the Clinton & Point Caswell Railroad. He reports that the appearance of the crops in his section was never better than at present.

Mr. E. W. Kerr, of Clinton, Sampson county, is in the city to-day in attendance upon the meeting of the Directors of the Clinton & Point Caswell Railroad, and gave us the pleasure of a call. We also acknowledge the pleasure of calls from Messrs Cicero Johnson and Clifton Ward, of Sampson county, who are also Directors of this road.

Educational.

The State Superintendent of Public Instruction has given the following rulings:

1st. The Board of Education can not return an unused balance to the general fund for redistribution, but the different school committees can.

2nd. The law does not allow a salary to a County Superintendent for services as Secretary. His compensation is by the day for all services and no allowance can be made for horse hire.

3rd. The Board of Education can resolve townships into school districts, provided schools are maintained conveniently located in the different neighborhoods.

Those Blind Doors have arrived. Parties in want of them can now be supplied at JACOBI'S Hdw. Depot. †

NEW ADVERTISEMENTS

WHITE GOODS!

WHO HAS EVER OFFERED THESE GOODS AS CHEAP AS WE ARE TO-DAY?
