

A clerk who ventured to Canada from Solalla, M., with his employer's funds has returned, and restored \$9,000, saying that he would sooner go to the penitentiary than live in the Dominion.

Three hundred and fifty-eight criminals, who have escaped from Georgia in the course of the last thirteen years, are "wanted" in that State. The rewards offered for them aggregate \$100,000.

The odd fancy of a Michigan man is to build his Summer residence in the shape of a huge lantern. The site is a bluff overlooking Lake Huron, and when at night the house is lighted up the effect is curious.

Sarah Bernhardt has entirely ceased adventures of any kind, writes Edward King, and is concentrating all her energies upon paying off her debts. This is a heroism beyond any she has portrayed upon the stage.

The department clerks in Washington are usually careful to get all the vacation allowable, but this year few have quitted their desks. They seem to fear that voluntary absence would be made disagreeably permanent.

This year's national French fete will be chiefly celebrated in the St. Antoine quarter of Paris, which was the stronghold of the Commune. The inhabitants include many working people of steady habits, but loading absinthe drinkers abound, too.

A Southern Senator, it is reported, will offer next Winter, in the Senate, a bill giving Mrs. Grant a pension of \$5,000 a year for life. This is the pension usually granted to the widows of Presidents, and the bill will unquestionably pass.

The first published report of any legislative debate made in America was that of Matthew Carey of the discussion in the Pennsylvania Legislature, at the beginning of the present century, over the bill to repeal the charter of the Bank of North America.

The African elephant will be extinct in another hundred years unless a stop is put to the indiscriminate massacre now going on. So says Josef Menges, the great importer of African wild beasts, and probably the most eminent authority on such subjects.

The descendants of the common brook trout sent to Tasmania have shown a remarkable tendency to vary in shape and markings. Furthermore, they are migrating to salt water, and thus become anadromous. The same is true of the New Zealand acclimatants.

There are no hod carriers in Germany. Bricks are passed by hand. The higher up the bricklayers are, the more men are required to toss the bricks. Two men to a story is about the average, with enough more to lead from the front of the building to the place where the bricks are needed.

It is said that W. G. Sears, a well-known engineer of Chattanooga, Tenn., has perfected a new cotton picker, which, it is expected, will revolutionize the methods now in vogue. The invention is expected to do the work of thirty-five pickers and will cost about \$500. Unlimited capital is said to be ready for the practical test of Mr. Sears' invention.

A girl writes to the Cincinnati Enquirer that she has invented and wishes to patent a combination bustle and chair. She explains that the bustle is constructed like the usual article, but that within it are adjusted the legs and seat of a chair, arranged so that when the wearer bends to sit down she will automatically drop into place to support her.

Said handsome Tom to smiling Nell, "Where art thou find that mystic spell that lingers round your every smile, and would my throbbing heart beguile?" "Nell," laughing Nell, "you silly boy, it is JOY, JOY, JOY, the cream of joy."

The Fair Daughters of Fashion prefer SOZODONT to every other article for the teeth, because nothing restores those ornaments of the mouth so speedily, or imparts such an agreeable flavor to the breath. Moreover, experience proves the article to be perfectly wholesome, which cannot be said of all artificialities.

Eggs were retailing at some of the stores to-day at 10 cents per dozen. Cheap enough!

Farmers can save time and money by getting barbed wire for their fences, at JACOB'S Hdw. Depot.

Blue, white, grey, brown and olive flannel shirts, are sold by DYER. The visitors to the mountains will take notice.

G. P. Rourke has been appointed by the clerk of the Superior Court a Justice of the Peace, to fill the vacancy caused by the resignation of Collector Robinson.

Messrs. P. L. Bridgers & Co. offer for sale through our columns to-day a new five-room dwelling and store, on the corner of Harnett and Seventh streets. It will be sold cheap, much lower than cost. Immediate possession will be given.

A note from Col. J. D. Sublett, formerly of the Hotel Brunswick, Smithville, but now proprietor of the Grand Capitol Hotel, at Baton Rouge, La., says that the crops over that entire country were never better. Cotton, corn and sugar cane are splendid and there will also be very large rice crops.

Base Ball.

A match game of base ball was played yesterday afternoon between the Comets and Rattlers, two juvenile clubs of this city, in which the former were declared the victors in a score of 22 to 7 for the latter.

Personal.

Dr. E. W. Ward, of Onslow county, was in the city to-day.

Capt. W. M. Parker left New York yesterday for New Haven, Conn., and we are glad to state that his health is reported as improving.

Mr. Simon Sanders, of the Cornet Concert Club, has returned to the city. He reports that the soldiers are kept under thorough discipline and almost constant drill.

It is Mr. T. M. Ferrell, of Clinton, and not T. M. Fennell, who was elected yesterday a director in the Wilmington, Clinton & Pt Caswell R. R. It was a topographical error.

Capt. J. M. Robinson, President, and Maj. J. C. Winder, General Manager, of the Seaboard System of Railroads, are in the city to-day, on a tour of inspection. They will leave to-night. Mr. D. C. Davis, who left the city about the 1st inst., on the steamer Regulator, for a visit to his old home at Mystic, Conn., arrived here this morning on the steamer Benefactor. He is in good health, and expresses himself as having had a most delightful trip.

Prof. W. B. Phillips has taken passage for Europe in the North German Lloyd steamship Rhine, and will sail from New York August 13th. Mr. A. D. Wessel is the agent of the line in this city, and he informs us that orders for tickets have been extremely low this season.

The Lexington (Va) Gazette, in speaking of the Sunday School of the Baptist Church in that town presided over by Rev. J. B. Taylor, D. D., formerly Pastor of the First Baptist Church in this city, says of that gentleman: "There is no pastor in Lexington more beloved by his congregation and more respected by this community than Dr. Taylor."

Our Boys Successful.

A special received here this afternoon conveys the gratifying intelligence that the Second Regiment won the flag at the competitive drill in camp near Asheville. This is the flag which was offered by the ladies to the best drilled regiment on the ground.

It was published in the papers of this city on Monday and Tuesday that this flag had been awarded to the Second Regiment at a drill held on Saturday last. This information was derived from a letter received here on Monday from Asheville and it was erroneous, as the trial did not take place until yesterday. It is asserted here to-day, also, that the Cornet Concert Club were also awarded a prize for the best music, although the special received makes no mention of the fact nor does our letter from camp published elsewhere in this issue.

WAR NEWS.

The Recent Accident to the Troop Train—Justice to the Engineer—Sunday Services in Camp—Other Items of Interest.

NEAR ASHEVILLE, N. C., July 27, '85

DEAR REVIEW:—Since my last letter there have been new developments relative to the accident to the Goldsboro company. It appears now that an officer of the First Regiment who was in the car just preceding that which the Goldsboro company occupied pulled the "safety cord," putting the air breaks on. This, on account of rounding a curve just at the time, caused the car to be thrown from the track. It did not leave the crossings, but the car following, in which were the Goldsboro Rifles, was thrown down a slight embankment. There is no question now but that the appliance of the air break as above mentioned was the direct cause of the accident. It also appears that the engineer had not, as stated by an Asheville paper, been discharged some time previously for reckless running, but had been reinstated for this special occasion, is also an error. On the contrary, it is said he has been in the service of the railroad company for some time, and is regarded as a "good runner" and a temperance man. It is reported that the railroad authorities have offered to re-uniform and equip the Goldsboro company, but it is thought they will decline and enter suit either as individuals or as a company. The wounded are all doing well and will all recover.

We had very interesting services in camp yesterday, conducted by the Chaplain of our regiment, Rev. Capt. J. Carmichael, D. D., Rt. Rev. T. B. Lyman, D. D., Bishop of the Diocese of North Carolina, preaching the sermon. The Bishop gave us a very nice sermon indeed, and he had the earnest attention of all of his hearers from the commencement to the close of his discourse. We also had an excellent impromptu choir, conducted principally by members of the Cornet Concert Club and of the Wilmington Light Infantry.

It is not definitely known yet when we will break camp; it may possibly be Thursday and not later than Friday. To-morrow all the four regiments will enter a competitive drill for a flag, offered by the citizens of Asheville to the best drilled regiment. Our regiment (the 2nd) are counting heavily upon it. In fact, some of the other regiments have already conceded it to us.

The Wilmington Light Infantry is the largest company of any in the four regiments. Our company, as well as regiment, is continually receiving compliments from both citizens and soldiers. Our regiment is the only one on the grounds that is uniformed alike, which fact alone gives us decidedly the best appearance of any. The Cornet Concert Club, (now our regimental band) is complimented on all sides, and very justly so, too, as they make delightful music and a fine appearance in their handsome new uniforms.

Col. Black, of the U. S. Army, is here and has been out to our dress parades on several occasions. He will probably be the judge, or one of the judges, in the competitive drill. If our Wilmington citizens could see how our boys maneuver over the parade ground and with what accuracy orders and commands are executed, they certainly would feel proud of the old W. L. I. and do all they could to assist in perpetrating the grand old organization. Wilmington certainly has every thing to feel proud of in the company. Let the interest still continue and we will have one of the finest, if not the finest company in the country. Will advise you promptly as to result of the competitive drill to-morrow.

Yours,
W. L. I.

The Excursion Last Night.

The moonlight excursion on the Passport last night to the Rocks and return was an enjoyable affair. The threatening aspect of the weather at the hour of departure no doubt deterred many from participating, but nevertheless, there was a goodly number on board and all seemed happy. The fish supper at Mrs. Mayo's was the feature of the occasion. The music was good, the air bracing and dancing was indulged in going and returning by those so inclined.

It will be to your interest to call and see our goods and prices before you spend a dollar. Never before could you make a dollar go as far in clothing as at the present time. We have yet a large stock of Summer Clothing, which must go. We do not intend carrying over one dollar's worth this Fall, so have put prices where we know they cannot help but go. You know our reputation; when we say goods are cheap you know they are. SHIRTS, the Old Reliable Clothier, 114 Market st. Sign of the Golden Arm.

Seventy-five cents only for the best white unlaundried shirt in the city, at the Wilmington Shirt Factory, No. 27 Market st., J. EISENACH, Prop. If

We noticed quite a fine display of dog collars at JACOB'S Hardware Depot.

INDICATIONS.

For the South Atlantic States, occasional local rains, winds generally Westerly and stationary temperature.

Pedestrianism
We hear of one of our city editors who took a walk to the Sound this morning. He was met at the 6th mile-post by a gentleman who let the city at about 6 o'clock, and he (the editor) was making excellent time, and had succeeded in getting up quite a respectable perspiration. It was a hot morning and our editorial friend was having the benefit of it.

Magistrate's Court.
Luke Suggs, a young colored boy, was brought before Justice E. D. Hall this morning, charged with throwing a rock at another colored boy by which the latter was hit on his ear. The testimony was convincing, although Luke tried to conduct his own defence with considerable skill and a good deal of cunning. He was found guilty and the judgment of the court was that the defendant pay a fine of \$5 or be imprisoned 30 days.

Amusements.
As we announced a few days since, the first entertainment at the Opera House this season will be given by McIntire & Keith's Minstrels on the 27th of August next. The company numbers 40 persons and have a full brass band and orchestra besides having some of the leading artists in the minstrel profession. They will give an excellent entertainment, and will undoubtedly have a full house to greet them.

A Dastardly Outrage.
A colored girl, about 13 years of age, who is studying for admission to the State penitentiary with a reasonable prospect of success, threw a rock into a car as the train on the Carolina Central Railroad was passing Ingram's station, near Lilesville, this morning. Fortunately no one was hurt, but that makes no difference so far as the motive of the outrage is concerned. It was an attempt to do injury to innocent people and we hope that the law will take charge of the matter and mete such justice as the gravity of the offense demands.

City Court.
Joseph R. Howard, a colored lad about a dozen years of age, was arrested yesterday and locked up in the guard house on the charge of stealing brass from the railroad company at their yard. He was arraigned before the Mayor this morning, where it was proven not only by witnesses, but by his own confession that he took the property, and it was further proven that, when detected, the little thief dropped the bag in which the brass was stowed and ran, and that when he was captured he tried to bite the colored man who caught him and then drew a knife and tried to cut his captor. The judgment of the Court was that he be bound in the sum of \$100 for his appearance at the next term of the Criminal Court.

One case of failure to pay a license tax was settled by payment of the same.

The Othello, New Emerald, Zeb Vance and New Excelsior Penn., are the leading cook stoves, both in quality and price. They can be seen at JACOB'S Hdw. Depot.

Election of Officers.
At a regular meeting of Unity Tent No. 60, Independent Order of Rechabites, held at Temperance Hall last night, the following officers were elected to serve for the ensuing term:
C. R.—J. F. Stanland.
D. R.—J. N. Spooner.
P. C. R.—H. M. Bishop.
Shep.—R. B. Register.
R. S.—F. T. Skipper.
F. S.—W. L. Jacobs.
Treas.—Ira Skipper.
Levite—R. A. Biddle.
I. G.—F. H. Wood.
O. G.—C. T. Craig.
Chaplain.—D. H. Tuttle.
R. S. to C. R.—G. Register.
I. S. to C. R.—G. S. Willis.
R. S. to D. R.—J. H. Burriss.
I. S. to D. R.—G. P. Lamp.

We are able to state that the order in this city is in a flourishing condition, and that an increased interest in the cause of Temperance is being manifested by the members of both Unity and Harmony Tents.
