

# THE DAILY REVIEW.

VOL. IX. WILMINGTON, N. C. THURSDAY, AUGUST 6, 1885. NO. 182

THIS PAPER published every evening, Sundays excepted by JOSH T. JAMES, EDITOR AND PROPRIETOR. SUBSCRIPTIONS POSTAGE PAID: One year \$4.00, Six months \$2.00, Three months \$1.00; One month, 35 cents. The paper will be delivered by carriers free of charge, in any part of the city, at the above rates, or 10 cents per week. Advertising rates low and liberal. Subscribers will report any and all failures to receive their paper regularly.

The Daily Review has the largest circulation of any newspaper published in the city of Wilmington.

The Executive Committee of the Democratic party of Virginia meet in Staunton this week to make preliminary arrangements for the coming campaign.

Satisfactory information that immigration and reproduction have added to the population of the United States, within the last six years, ten and a half millions of people.

At Winchester, Mass., Saturday, the jury in the case of Rice, the leader of the rebellion in the Northwest Territory, brought in a verdict of guilty, with a recommendation to mercy. Rice was sentenced to be hanged at Virginia on the 15th of September.

The killing of trout by the use of dynamite cartridges in the streams of Northwestern Pennsylvania has grown to such a magnitude that meetings have been called in several places to organize vigilance committees, to bring the disposers of the streams to justice.

At the laying of the corner stone of the convent of the sisters of mercy at Bordentown, N. J., Sunday afternoon, four thousand persons were present. A long platform put up for the occasion broke under the weight of the people, and about fifty men, women and children fell a distance of fifteen feet. Several persons were injured, but none seriously.

The total yield of Georgia gold mines is now about \$35,000 a month, or \$400,000 a year. It is told in what is called Georgia amalgam. It is sent to the mints and paid for in government checks. Mining officials say that Georgia can yield \$1,000,000 worth of bullion every year forever.

The total subscriptions to the Egyptian loan amounted to \$1,000,000,000. The amount of the loan was but \$45,000,000. In Paris the subscriptions reached \$25,000,000, and in Berlin they amounted to \$25,000,000. The London subscriptions figured up \$525,000,000. The scrip of this loan is now quoted at 34 per cent premium.

The New York Herald regards it as noteworthy that Gen. Joe Johnston, who was in Portland, Oregon, when he received the news that he was invited to become a pall-bearer at Grant's funeral, started for New York immediately. This is the latest proof, it says, that there is no North and no South, and no East or West that cannot be bridged by good feeling.

Reports from the west are to the effect that the winter wheat crop has all been harvested and the grain has been secured in excellent order. The receipts thus far have been small, but it is expected that they will shortly increase. No serious damage has been sustained by spring wheat, and harvesting has already commenced in some sections. The crop is doing well, and there is no area in the whole belt which can be said to be suffering from extremes of either wet or dry weather.

Norfolk Virginia: It is not a matter for wonder that the recent Democratic State Convention, having given the enemy Fitz, should put on Ayres and arrange for the final Massey-cre of the whole Malone family. The truth is, the chief reliance of the new fledged Republicans in the race is a Wood-en horse, whose speed will almost surely disappoint them, however wisely the Southwestern nag may be managed.

A meeting of citizens, at which Governor Pattison presided, was held in Philadelphia Saturday to consider the raising of funds for building a chapel for the University of Virginia. Mr. George May Powell addressed the meeting, and said that of the \$17,000 required for the chapel \$10,000 had been raised in the south, and it was thought desirable to obtain the \$7,000 additional in the north, as an exhibition of fraternal feeling. A committee was appointed to take the matter in charge.

Nevermore  
Can the coarse gritty tooth powders and tooth-destroying chemical fluids find a place on the toilets of sensible people. The fragrant and preservative SOZODONT has superseded them all.  
"SPALDING'S GLUE" mends Headless Dolls and Broken Cradles.

Gen. Fitzhugh Lee, the Democratic candidate for Governor of Virginia, in an interview with a reporter on the Baltimore Sun, expressed himself as confident of election, and said "I am as good as elected by my nomination."

Gen. Grant's remains arrived in New York yesterday afternoon. They will lie in state to-day and to-morrow and on Saturday will be interred at Riverside Park. The funeral pageantry will be the most imposing ever known in this country.

The Zulficar Pass is now in dispute, and this may precipitate the long-pending war between England and Russia. Lord Salisbury has stated in the House of Lords that it has been promised to the Amcer, and the Amcer shall have it. The Herald has this from the Afghan frontier:

The Russians are planning a new town at Merv, including a citadel, barracks, gardens and bazaars. Owing to rumors that the Afghans are massing near Penjeh, strong Russian reinforcements have been despatched to that place. A letter from Sarakh says that the Afghan garrison at Zulficar has been reinforced.

Mahone's man Friday, John S. Wise, opened the campaign at Newbern, Va., last Saturday and a special to the Petersburg Index-Appeal says:

Hon. John S. Wise opened the gubernatorial canvass here to-day. He had been well advertised and an unusually large crowd was in attendance, mostly Democrats actuated by curiosity. Mr. Wise spoke out of doors and labored under the disadvantage of an utterly unsympathetic audience. He created no enthusiasm whatever, and the general feeling among all classes in regard to the speech was one of disappointment. He spoke in the highest terms of his Democratic opponent and essayed a dignified, deliberate role, in which he was out of place and out of character. If Mr. Wise's canvass through the Southwest is as barren in effect as it was here to-day, the Democrats ought to sweep this district by an old time majority. The speech contained two new points, but was a rehearsal of the same party clap trap with which our people are thoroughly familiar.

Farmers can save time and money by getting barbed wire for their fences, at JACOBI'S Hdw. Depot.

## LOCAL NEWS.

INDEX TO NEW ADVERTISEMENTS.  
C W YATES—Blank Books  
J R MARSHALL—More Room  
F C MILLER—Tar Heel Liniment  
HEINSEBERGER—Quizzism and its Key  
W E WORTH & CO.—Food Watermelons  
MONS BROTHERS—Buffalo Lithia Water

There was no City Court and dullness pervaded the atmosphere of the City Hall this morning.

Blue, white, grey, brown and olive flannel shirts, are sold by DYER. The visitors to the mountains will take notice.

Ger. barque Orion, Claussen, cleared to-day for Hull, Eng., with 2,870 barrels rosin, valued at \$2,750, shipped by Messrs Alex Sprunt & Son.

Seventy-five cents only for the best white unlaundried shirt in the city, at the Wilmington Shirt Factory, No. 27 Market st., J. ELSBACH, Prop.

Messrs. W. E. Worth & Co. will have on hand to-morrow 500 fine Cuba watermelons, ice cold, to be delivered to consumers as per order. See adv.

We are under obligations to a kind friend for sending us a full and complete report of yesterday's regatta, which we should have gladly utilized but for the fact that our own report was already written and in type.

The Germania Cornet Band had one of the largest excursion parties yesterday that ever went down the river on the Rappahannock, and we are glad to know that the affair passed off pleasantly and to the satisfaction of all. We are also glad to know that it was peculiarly a success for the band.

There is no doubt of the fact that the cholera has appeared in Paris, as well as in Marseilles. In the latter city a panic is imminent. In Paris there has been no public or official recognition of the fact, but it is said that there are actually a number of cases in the hospitals, as well as others under private treatment.

## For Larceny.

Mr. R. I. Armstrong, deputy sheriff of Pender county, brought three prisoners, all colored, from Rocky Point to-day for safe keeping in the jail here to await their trial at the next term of the Superior Court of Pender county. They were convicted of stealing a lot of water melons from Mr. I. T. Shepherd and were tried before justice T. J. Armstrong, of Rocky Point.

## Capsized.

About half past 3 o'clock this afternoon a horse and buggy belonging to Mr J. T. Foy, of Scott's Hill, Pender county, which was being driven by a colored boy, came in collision with the carriage of Mr. J. R. Turrentine on Market street and was capsized. Fortunately no damage was done further than the breaking of a spoke in one of the wheels.

## Wilmington Peaches

As handsome peaches as we have seen anywhere this season are grown by Mr. B. Goodman, in his garden, on Second street, between Mulberry and Walnut. They are of the Chinese Cling variety, and are large and luscious. The trees are young and were set out only a few years ago. Large and fine as they are, Mr. Goodman says that they were still larger and finer last year, although there are many more on the trees this season. We thank Mr. Goodman for some handsome specimens of this crop.

## Sudden Death.

A middle-aged colored woman named Mary Galloway was at church at Greenville Sound yesterday, and when returning home with other colored people was taken suddenly sick and commenced vomiting. She fell by the wayside and one of her companions ran to the church, which was only a short distance away, in order to obtain assistance to convey her back to the church where she could have proper attention. He was gone only a few moments, but when he returned with help for the sick woman, she was dead. We have not been informed as to the nature of her disease further than when first taken sick she said it was an attack of phthisis, a disease to which she was subject.

## Yesterday's Regatta.

The regular August Regatta of the Carolina Yacht Club was sailed over the Wrightsville course yesterday afternoon in pursuance of previous announcement. There were nine yachts started, but one of them, the Restless, abandoned the race before the finish, so that there were in reality only eight boats that contended for the champion flag. This was awarded to the Idler, who in this instance proved herself no idler, but from the start showed the rest of the fleet a clean pair of heels and at once became manifest that she would be the victor. Capt. Pembroke Jones, her commander, handled her with much skill and judgment and managed to eat to windward in a way which left the rest of the fleet to leeward. The distance sailed was eight miles and was made by the Idler in 1 hour, 35 minutes and 6 seconds, or just 5 minutes quicker than the Rosa, which was the next boat to make the trip.

At the close of the trial the champion flag was awarded to Capt. Pembroke Jones, of the Idler, by Mr. Norwood Giles, in a felicitous speech, which was responded to by Rev. W. H. Lewis in behalf of Capt. Jones.

There were no accidents to mar the pleasures of the occasion and it was a day of delight to the yachtsmen as well as to the large number of spectators.

## Base Ball.

The Seaside played with the Oxfords yesterday and the latter were declared the victors in a score of 8 to 7. It should be borne in mind, however, that our boys played under many disadvantages and were in fact in no proper condition to engage in the game. They were compelled to ride all Tuesday night, during which they changed cars twice, arriving at Henderson about 11 o'clock yesterday forenoon. Thence they rode by coach to Oxford, a distance of about 14 miles, arriving at the latter place at about 2 o'clock p. m. This gave them no adequate opportunity for rest or refreshment, and it is a wonder that they succeeded in making so good a score as they did. They play there again this afternoon, when it is confidently expected that their skill in the game will retrieve the misfortune of yesterday.

## It Beats All.

How trade does keep at Shrier's is the remark often made by visitors and frequently overheard. It is indeed a matter of great surprise while nearly every (we may say every) clothing house is complaining of dull business. This encourages us to do still better. Depend upon us always. Depend upon us always or the best of everything at the lowest price. Remember, it will pay you to trade with the Old Reliable, SHRIER, the Old Reliable Clothier, 114 Market st. Sign of the Golden Arm.

We noticed quite a fine display of dog collars at JACOBI'S Hardware Depot.

## Sanitary Matters.

It is worthy of note that the streets, yards and lots of the city were never in a better and cleaner condition than now. The authorities have certainly been watchful and faithful in the discharge of their duties so far as looking out for the general health of the city is concerned, and every street, alley, yard and lot have received careful attention. This condition relates not only to the more thickly settled portions of the city, but it extends to the suburbs as well. A force of hands is kept constantly at work in removing every vestige of matter which from decay would jeopardize health, and such is the condition that there is but little fear of any contagious diseases gaining a foothold within the city limits; and it is gratifying to know that this strict system of sanitary inspection will be kept up.

## Personal

Col. L. A. Powell, of Sampson county, was in the city to-day.

Dr. W. T. Ennett, of Burgaw, Pender county, was in the city this morning.

Mr. J. T. Bland, Representative to the General Assembly from Pender county, was in the city yesterday.

Messrs C. Patrick and J. R. Beam, two of the most prominent citizens of Clinton, Sampson county, were in the city to-day.

Mr. J. Allen Taylor left this morning for the Western portion of the State and expects to be absent about two weeks. He will go first to Warm Spring, where his father, Col. John D. Taylor, is stopping, and thence to Blowing Rock and other places of interest among the mountains of that section of the State.

## Mortuary Report.

The number of deaths in this city for the month ended July 31st, 1885, as reported by Dr. F. W. Potter, City Physician, aggregates 48 persons, distributed as follows:

Of whites there were 5 deaths of males and 3 of females, making a total of 8. Of this number, 3 were adults and 5 were children.

Of colored there were 15 deaths of males and 25 of females, making a total of 40; Of this number 15 were adults and 25 were children.

This would make a grand total of 48 persons, but from the foregoing number should be deducted 2 who were brought here from abroad for interment, 1 who was drowned and 8 still born, 11 in all; making the number who actually died from disease only 37.

This report is remarkable for two things. First, because it develops a wonderful degree of health among the whites and an astonishing comparative fatality among the colored people. By the foregoing statement it will be seen that the mortality among the colored people was just five times as great as it was among the whites, while in proportion to numbers of population it should be only about one third larger. The probable explanation of the cause of the great difference in the mortality of the two races lies in the fact that the white race, as a rule, pay close regard to the laws of health while the colored people have little idea of such important matters.

## Quarterly Meetings.

The following are the Presiding Elder's appointments for the Wilmington District of the M. E. Church, South THIRD ROUND:

Oaslow Circuit, at Mount Lebanon, August 6-7.  
Duplin Circuit, at Richlands, August 8-9.
