THE DAILY REVIEW.

VOL. IX. WILMINGTON, N. C. SATURDAY, AUGUST 8, 1885. NO. 184

The Daily Review has the largest circulation of any newspaper published in the city of Wilmington. The United States Department of Agriculture is to open a bureau of bee information. Worth, the iron-smaker, of Paris, has been made a baron, which will be his official title while continuing to rule as a king in the iron-making world. The New York Clearing-House committee is receiving letters from all over the country, offering to take fractional silver coin and put it into circulation. The Jewish congregations of New York have inaugurated a plan for the erection of a monument to the late Sir Moses Montefiore. At the first meeting \$10,000 were secured. There again appears to be a lively revival of the slugging business. Sluggers Sullivan, of Boston, and Sluggers McCaffrey, of Pittsburgh and Philadelphia, have arranged to meet at the end of this month in Cincinnati, where it is presumed that not only the Mayor, but public sentiment, will look indulgently on the brutal encounter.

Edison, the designer of the monitor, the inventor of the electric engine and many more things, passed his 83d birthday on Friday last. He does his day's work, mentally and bodily, just as he did in his prime. He is one of those who think that "hard work never killed any one, but that worry and excesses are what make men grow old."

Some of the lightning calculators, in the true commercial spirit, are at work already estimating the "total cost" of the pageant to-day in New York city. They think it will not be far from a million of dollars, on the following basis: Expenses of regular troops, \$3,000; expenses of national guard, \$30,000; expenses of the city, \$29,000; expenses of civic organizations, \$250,000; expenses of drapery, \$500,000, 000 Total, \$872,000.

The North German Gazette, referring to the advice of the Paris Temps that the French cavalry on the frontier be reinforced, calls it a "characteristic agitation." The Gazette fears that France is only awaiting a favorable chance to attack Germany, either single-handed or with allies. Every one abroad, it says, is aware that Germany has no intention of attacking her neighbor. The desire of Frenchmen for revenge offers every politician in France a means of swaying his countrymen. France, the Gazette says, no more values the friendship of Germany to-day than she has valued it for the past two hundred years.

The announcement that the cholera has broken out at Marseilles is giving some concern to the quarantine authorities in New York city, and the first result will probably be the suspension of direct commercial communication with that port. At the health department, however, Dr. Janes says that while it brings the disease a little nearer New York, he could see no cause for immediate alarm. When the last epidemic attacked New York the first case appeared in May. The time in which the pestilence can get a foothold, therefore, is so short that an outbreak is not apprehended. "As for the sanitary condition of the city," he adds, "it was never in better condition than at this moment, and, notwithstanding the prolonged and severe heat, the death rate for the year promises to be unusually moderate."

The citizens of Raleigh are moving promptly and nobly to secure a fund for the erection of a monument to the memory of the late Capt. Randolph A. Shotwell. The following from yesterday's News and Observer will tell what has been done already:

At an adjourned meeting of the committee appointed to report a plan of organization for securing a monument to mark the resting place of Captain Randolph A. Shotwell, Dr. Everett, chairman, called the meeting to order. Mr. Latta, chairman of the committee, submitted the following report: Whereas, in the dispensations of an all-wise Providence, Randolph A. Shotwell has been removed by sudden death from this to a higher state of existence, in the prime of life and in the midst of his usefulness; and whereas, this departed patriot and soldier, by his constant devotion to duty; by his honesty, integrity and fidelity to principle; by his unselfish support of the interests of the people; by his love of virtue, honor and truthfulness; and especially by his signal services as a soldier in the Confederate army—characterized by discipline, courage and bravery—has entitled his name and reputation to the gratitude of his fellow-soldiers and the people

of the State, and to their remembrance and commemoration; therefore, it is 1. Resolved, That this meeting organize a "Shotwell Memorial Association" for the purpose of raising funds to erect a monument to his memory. 2. Resolved, That an executive committee of eight be appointed, whose duty it shall be to execute the said object of the association, under such rules and regulations, and in such manner as they may determine. 3. Resolved, That for this purpose it shall be their privilege to appoint committees to solicit and receive funds in different localities of the State, and to erect the monument when the means shall be obtained. Hon. D. G. Fowle moved that the report be adopted. The motion was unanimously adopted. Mr. Latta presented the names of the following gentlemen to constitute the committee contemplated by the second resolution: Capt. Oct. Coke, D. G. Fowle, Walter Clark, S. C. White, D. E. Everitt, J. S. Carr, Col. W. H. S. Burgwyn, Dr. E. Grissom. On motion, the committee was so constituted.

There will be good music for dancing and refreshments will be served at city prices. The management are making every exertion for a pleasant party and we doubt not that they will be entirely successful.

Storm at Laurinburg.

There was a very heavy storm of thunder, lightning and rain at Laurinburg last night, although we have heard of no serious accident or damage as yet. A passenger in the sleeper of the Carolina Central train was severely shocked by the lightning and a brakeman who had his hand on the brake of one of the cars was rendered helpless for awhile by the same electric discharge.

Wires Down.

The storm of yesterday afternoon appears to have been much more severe in the surrounding country than it was in the city. The wires and posts of the signal service in the vicinity of Scott's Hill were blown down, so that no communication from that direction can be received at the office here. Men were sent out this morning to repair the injury, which, we believe, is not very extensive.

The New Postal Card.

The new postal cards will before long be issued to the postoffice, probably by the first of September. Instead of the ugly design now in use there will be a head of Jefferson in an oval, with a symbolical wreath partly surrounding it, tied with a band, upon which appear the words, "One cent." The printing is to be done with brown ink. The design may provoke some criticism as being a trifle heavy, but it is said to be an improvement on the old one.

A. C. Conference.

The Piedmont A. C. Conference of North Carolina will convene with the Second Baptist Church of this city, on Thursday next, August 13th, at 12 o'clock, and continue over until the Sunday following. This conference is composed mainly of members and churches from the Missionary Baptist who were excluded from their several churches and associations for entertaining the advent view of life only in Christ. They are strict immersionists.

Watch Them.

The door bell of one of the citizens was rung this morning, when one of his young daughters went to see what was wanted. She found a little barefooted, ragged colored boy, who asked for something to eat. The little girl left the boy standing at the door and went and told her mother what was wanted. She returned to the door in a moment and found the boy tip toeing his way towards the mantel piece in the parlor, but when discovered immediately ran out of the house and made tracks for some other locality. Nothing was missed, but the little scamp was undoubtedly working for some of the mantel piece ornaments when he was interrupted by the return of the little girl.

Sunday School Picnic.

The Middle Sound Union Sunday School had a picnic at Waters' Landing on Thursday last, which was a most enjoyable affair. Rev. J. W. Gurganus delivered an eloquent address upon the importance and benefit of Sunday Schools, and there was some fine singing by the pupils and teachers. There was an abundance of good things to eat and plenty of good refreshing lemonade to drink, and after the hunger and thirst of all had been satisfied there was enough left to send a large basket full to a sick lady and to feed the colored people who were present. The pleasures of the day consisted in bathing, rowing, sailing and singing pleasant and appropriate Sunday school hymns. The occasion was one of real enjoyment and delight and will be long pleasantly remembered by those who were present.

In Memoriam.

At the meeting of the Board of Aldermen held last Monday night, Messrs. John L. Dudley and Clayton Giles were appointed a committee to prepare suitable resolutions in regard to the death of ex-President U. S. Grant. The following are the resolutions:

1st. The Mayor and Board of Aldermen of the city of Wilmington have heard with profound regret of the death of General U. S. Grant after his protracted and patient sufferings.

2nd. Without referring particularly to the endowments which justly made him famous throughout the world, and to his many excellent personal qualities, we desire to put on record our lasting recollection of the magnanimity and forbearance which characterized his treatment of the South at the close of the late war, and to commend especially his noble utterances in the closing moments of his life, towards healing the wounds of that unhappy event, and reuniting the people of the whole country in the bonds of fraternal love.

3rd. It is with great pleasure that we find our feelings prompted us so spontaneously to extend to his bereaved family and to our brethren at the North a sincere sympathy at their and the country's loss.

4th. That a copy of these resolutions be sent his family and be spread upon the minutes of this Board.
