There was a match game of base ball played at Myrtle Grove Sound last Saturday afternoon between the Masonboro and Rolling Sea nines. The Rolling Sea could not swamp the Masonboro; the latter were the victors by a score of 17 to 12.

We are requested to state that the excursion of Howard Relief Steam Fire Engine Co., No. 1, which was to have been given on Wednesday, the 14th inst., has been postponed indefinitely on account of a death in the family of one of the members.

We are having a plenty of rain and it depends in pleasant showers, without being attended, as is frequently the case, with high and destructive winds. We are glad to learn, also, that the rain is now confined to this immediate locality, but extends into the country where it had begun to be badly needed.

Remember the moonlight excursion on the *Passport* next Thursday night. Moonlight and music, pigfish and sea-bathing, dancing and making love. Oh, what a nice time it will be. Capt. J. W. Hunter and Mr. George N. Harris will have charge of the party and they will spare no pains to cater to the enjoyment of the excursionists.

Indications.
For the South Atlantic States, local rains, Easterly winds and stationary temperature.

Knights of Honor.

You find her smiling night and day, Although at times she is not gay, Should you wonder why you meet This constant smile, regard her teeth, She only laughs those gems to show, 'Tis only SOZODONT makes white as snow.

Laughter Lends a Charm
To brighten when it discloses a pretty set of teeth. Whiteness, when nature supplies this element of loveliness, may be retained through life by using the fragrant SOZODONT.

THE DAILY REVIEW.

VOL. IX. WILMINGTON, N. C., MONDAY, AUGUST 17, 1885. NO. 191

City Court.

David Mallett, colored and an old offender, was very drunk yesterday afternoon and was conveyed to the guard house. This morning he stated that he had been at work on the Wilson "Cut Off," and wanted to go back there again, and upon his promise to do so at once the Mayor discharged him.

The Excursion.

The Cornet Concert Club will give a grand excursion to Smithville and the Forts to-morrow on the *Passport*. They will turn out in full numbers and in their new uniforms, and will play some of their best music for the entertainment of their guests. It will be gotten up with a view to a day of pleasant enjoyment and that it will be a success is a foregone conclusion.

Beneficiary.

The temperance organizations of the country, of which the Independent Order of Rechabites is one, have adopted a benefit of the members of their order by which they may be insured in sums ranging from \$500 to \$2,000. The organization is known as the "Total Abstinence Beneficiary Association," and any member of any temperance order can become entitled to the benefit of the Association by paying a small admission fee and a quarterly assessment of 25 cents for each \$500 insured. The person insured must remain true to his obligation and retain his membership in the order or he forfeits his insurance, and the assessments and fees are made small from the fact that temperance prolongs life. We hear that the benefits of this association may soon be obtained in this city.

Personal.

Mr. W. B. McKoy and his mother are on an extended trip North.

Mr. David S. Cowan, of Columbus county, has gone to Georgia on a business trip.

We are glad to state that Capt. Henry Savage is very much better than he was on Saturday last.

Capt. J. C. Borden and wife left for the mountains of Western North Carolina on this morning's train.

Mr. Sol Bear has returned to the city after an absence of a month or more passed mainly in the Northern markets.

Mr. R. H. Chabsten, who has been rusticated in Duplin county for the last month, returned to the city last Saturday night.

Rev. Dr. Carmichael conducted services at Shoe Heel yesterday and Rev. Mr. Lewis, Rector of St. James', preached at St. John's in the forenoon.

Rev. B. R. Hall preached yesterday forenoon at Fifth Street M. E. Church, and had a large congregation who were glad to meet their former friend and pastor.

Dr. S. C. Ellis left here last night for his old home in Nova Scotia. He will be absent about two weeks and when he returns he will not be alone. He left a bachelor and will return a benedict.

Prof. M. C. S. Noble has returned to the city after an absence of several weeks, during which time he has been engaged in his duties as teacher at the Normal School at Newton, N. C.

Col. W. P. Canaday, Sergeant at Arms of the United States Senate returned to the city on Saturday night, from New York, where he had been in attendance on Gen. Grant's obsequies.

The N. C. Pharmaceutical Association, recently in session at Greensboro, rejected nine out of twelve applicants. Mr. Robert R. Bellamy, of this city, we are glad to know, was one of the successful applicants.

It is Impossible

For any concern that pays for their goods to undersell SHRIER, for the two following reasons:

1st. SHRIER pays spot cash for every dollar's worth of goods purchased.

2d. Our light expenses and economical arrangements enable us to sell goods at the very smallest profit possible, and our percentage of profit is frequently much less than it costs other clothiers to pay for their enormous daily expenses. In other words SHRIER'S expenses average about one-third or less. This being the case, our doing a big business lowers the percentage. We will cheerfully refund your money if goods are not found satisfactory and will gladly send goods to your homes for comparison with goods from other stores. It pays to trade at the Old Reliable's all the year round. Convince yourself of the fact. SHRIER, the Old Reliable Clothier, 114 Market st. Sign of the Golden Arm.

We noticed quite a fine display of dog collars at JACOBI'S Hardware Depot.

The Directory.

We have received from the publishers, Messrs DeRosset & Meares, the "Directory of Wilmington for 1885," the publication of which was necessarily delayed in consequence of the fire in their establishment several months ago. The book contains 158 pages, is well gotten up, and from a cursory examination we should think that it is in the main correct. There are a few errors, where were almost unavoidable, but these are less than we have ever seen before in a directory of this city. In fact some of the so-called directories might much more appropriately be styled "indirectories." The press work and binding of the present number are good and the entire work was performed in the establishment of the publishers.

Graceful Warriors

The young ladies of this city are organizing for the purpose of giving an exhibition drill with flags, and will meet at the armory of the Light Infantry at 8 o'clock to-morrow night to perfect the organization. The drill will be something like that given by the young ladies of Asheville during the encampment of the State Guard in that city, and we have not a doubt that it will be an elegant affair, which will reflect credit upon our brave feminine soldiers and also upon the city. We believe that, with a very little practice, they will acquire a proficiency and precision of movement which our soldier laddies might well envy, and all being arrayed in becoming and uniform attire they will present a graceful appearance which will leave their masculine compatriots entirely in the shade.

Valuable Lands.

We have heretofore alluded to the fact that Capt. B. L. Perry, of this city, has entered into a contract with the State to drain 80,000 acres of public swamp lands in Carteret county. These lands are very rich but it has heretofore been considered that it would not pay to drain them. Capt. Perry thinks otherwise and we have reason to believe that he will succeed and will make a good thing out of it. The following, from the Beaufort *Telephone*, shows just what these lands are and what they are capable of producing:

Mr. Delamar Wells, who resides near the "open grounds" at the head of North river, has corn which is fourteen feet high from the ground to the top of the tassel and it is nine and a half from the ground to the ear, and this by actual measurement. We give this as a moral for those to chew who think those lands will not pay for the drainage. It will live to see these lands improved and cultivated, we shall see Carteret one of the wealthiest counties in the State.

MERCHANTS, BANKERS AND MANUFACTURERS SHOULD READ

BRADSTREET'S

A WEEKLY JOURNAL OF TRADE, FINANCE AND PUBLIC ECONOMY. Sixteen Pages every Saturday. Oftentimes Twenty Pages. Sometimes Twenty-five Pages. FIVE DOLLARS A YEAR.

The foremost purpose of BRADSTREET'S is to be of practical service to business men. Its special trade and industrial reports; its weekly epitome of bankruptcies throughout the United States and Canada, and the summaries of assets and liabilities, are alone worth the subscription price; its synopses of recent legal decisions are exceedingly valuable. As commercial transactions, in the wider sense, are coming to be more and more conducted on a statistical basis, the information contained in BRADSTREET'S is of the first importance both to producers and middlemen.

The Trade and Agricultural Situation throughout the United States and Canada is reported by Telegraph to BRADSTREET'S up to the hour of publication.
