The question has probably been asked thousands of times, "How can Brown's Iron Bitters cure everything?" Well, it doesn't. But it does cure any disease for which a reputable physician would prescribe IRON Physicians recognize Iron as the best rectorative agent known to the profession, and inquiry of any leading chemical firm will substantiate the assertion that there are more preparations of iron than of any other substance used in medicine. This shows conother substance used in medicine. This shows to clusively that iron is acknowledged to be the most important factor in successful medical practice. It is, however, a remarkable fact, that prior to the discovery of RROWN'S IRON BITTERS no perfectly satisfactory iron combination had ever been found. BROWN'S IRON BITTERS does not injure beadache, or produce constipation-all other iron medicines do. BROWN'S IRON BITTERS cares Indigestion, Biliousness, Weakness, Dyspepsia, Malaria, Chills and Fevers, Tired Feeling, General Debility, Pain in tae

Side, Back or Limbs, Hendache and Neuralgia-for all these ailments Iron is prescribed daily BROWN'S IRON BITTERS, however, down minute. Like all other thorough medicines, it acts slowly. When taken by men the first symptom of benefit is renewed energy. The muscles then become firmer, the digestion improves, the bowels are active. In some the effect is usually more rapid and marked. The eyes begin at once to brighten; the skin closer up; healthy color comes to the cheeks; nervousness disappears; functional derangements become regular, and if a nursing mother, abundant sustenance is supplied for the child. Remember Brown's Irus. Bitters is the ONLY iron randicine that is not injurious. Physicians and throughing recommend it. The Conuine has Trade Liark and crossed red line on wrapper. TAKE NO OTHER.

When the short and simple annals of the poor are written they can well include the closing of the life of an humble German in Chicago, named William Tieckleman, who has just been sent from the homes of his two daughters, and is now in the Cook County poorhouse. Tieckleman went to Chicago a dozen years ago with a wife and three daughters. The wife soon died, the eldest daughter married, and the rest of the family lived with them until she in turn died. Finally the other two daughters established homes of their own by marrying, and fieckle- ness to be so dull as it is at present.

He lived for a time with one daughter and then with the other, each unnaturally trying to escape her responsibilities. Finally, last week both daughters closed their doors against him, flung out his bedding upon the street, and the cripple, 63 years of age, was found in the streets crying like a child. He is now in the poorhouse and the daughters can save their pin-money for sweetmeats. It is a short story, and has been told before.

The tearful earnestness with which the Republican organs are demanding civil service reform now is a melancholy indication of how they must have suffered in other years. Bad men were given office for which they had no qualification, unless it was an aptitude for partisan rascality; the Hayes returning board introduced the glowing beauties of their reform proclivities into official station, and party managers levied their tax upon official sal-Both Japan and China are becoming aries, with which to carry Republican alarmed and are making active pre- elections. Among the numerous letters received by Dr. testifying to notable SALT RHEUM cures, the following will be found of interest to our readers, who may accept our assurance of its perfect suthenticity and truthfu'ness:
