The New Orleans Picayune views Senator Easton's prediction of a "party" in Louisiana as the possible loss of a splinter, but thinks it will not be a split.

Philadelphia Press: In the natural course of their frenzied career it is almost time for the Blaine organs to accuse the President of buying all the fish he captures.

Nashville Union: In the fullness of time it will dawn upon the benighted visions of the managers of the bloody shirt factory that they are turning out Democratic votes.

Indianapolis News: The walking match which is to attract the greatest attention is that of the cattle men out of Indian Territory. However, it will not be a 20-as-you please affair.

The Kentucky Democrats, as far as known, have elected fifty-six members of the Legislature, whilst the Republicans have elected thirteen. The State has gone as usual by a reduced majority.

An object of much interest to those attending the first annual meeting of the Society of American Florists, now in session at Cincinnati, is a Francis Bennett rose in full bloom. An admirable work has just been completed by Pope Leo XIII. at a cost of \$300,000, subscribed by Roman Catholics in all parts of the world. The Alexandria, Va., Gazette spoils the beautiful little story that has been going the rounds about Mrs. Wise congratulating Mrs. Lee on the nomination of Gen. Fitzhugh Lee for Governor of Virginia by saying that Mrs. Lee has not been to Old Point this season, nor away from her home, Evergreen, near Alexandria, during the summer.

Miss Rose Cleveland's book has reached its twelfth edition and already over 50,000 copies have been sold. Miss Cleveland has received an autograph letter from the Empress of Russia requesting that the book be translated into the Russian language. The writer says she admires the work and makes the request on behalf of her countrywomen. This work is now being done. It is also in process of translation into German, French and Italian. These translations are all made because of earnest requests, so general as to become demands. From Italy there were letters written by the legation asking for it.

At the German watering place Schwalbach, Madame Christine Nilsson is the chief attraction. A few days ago a concert was given by some wandering Tyrolean minstrels in a little alfresco restaurant in the woods there. Nilsson was present and listened for a time with exemplary patience to the usual execrable noises. But suddenly she disappeared, and presently, from the heart of the greenery, arose to the amazement of the Tyrolese and the delight of the Schwalbachians, that voice that has given so much pleasure to thousands, even when they have had to pay a big sum for the privilege of hearing it.

the Scientific American, which sets forth that the use of beer is found to produce a species of degeneration of all the organs; profound and deceptive fatty deposits, diminished circulation, conditions of congestion and perversion of functional activities, local inflammations of both the liver and kidneys, are constantly present. A slight injury, a severe cold, or a shock to the body or mind, will commonly provoke acute disease ending fatally in a beer drinker.

Messrs. Harper and Harris are in luck so far as weather is concerned. They could not have a prettier night than this promises to be for their moonlight excursion to the Rocks.

There will be a match game of base ball to-morrow afternoon between the Seaside and the Eureka at the grounds of the former. It will be for the benefit of Mr. Kartz, the pitcher of the Seaside. He with Mr. Monroe will compose the battery of the Eureka for the occasion.

And again we ask: What about the proposed Oslow R. R.? Six months ago a meeting of the incorporators was held and a committee appointed to set the ball in motion and as yet nothing, so far as we can ascertain, has been done in the premises. In the thing to stop just where it is and to die in its very inception?

A private despatch received in this city to-day says that the yachts Puritan and Priscilla, who were to have raced to-day to determine who will defend the America's cup in the International Regatta, were becalmed off the Highlands about noon in very hazy weather, and it was doubtful then if the race could take place, as the wind was too light.

Indications. For the South Atlantic States, fair weather, stationary temperature and variable winds.

School at Burgaw.

That well known teacher, Mr. A. R. Black, will open a school at Burgaw on the 31st of this month. The institution will be thorough in all of the branches taught, and the terms will be very reasonable. Burgaw, it seems to us, is an excellent place for a school, and Mr. Black will probably have a large number of students on the opening day.

The Minstrels.

McIntyre & Heath's Minstrels, who are to open the amusement season in this city at the Opera House on the night of the 27th inst., are meeting with pronounced success wherever they appear. They play at Richmond to-night. Mr. George H. Lennox, their agent, is in the city to-day and the bill boards are being covered with pictures of the show to catch the eye.

Lippincott's Magazine.

Lippincott's for September is light and amusing, as a number issued in the dog days should be. "On this Side" is brought to a conclusion, which is satisfactory in all respects, except that of leaving no more to come. "The Truth about Dogs" is a good humored protest against the exaggerated fondness for "pets." "The story of an Italian Workwoman's life professes to be a true narrative in all its details. "A Chapter of Mystery" deals in a similar manner with spiritualism. "Roses of Yesterday and To-Day" is a paper of pleasant reminiscences. "Muster Day in New England" is an amusing picture. "The Story of a Story" is an ingenious bit of work; "A Hoosier Idyl" is a realistic study of Western life; and "Rena's Warning" completes a series in which the writer has given faithful and charming pictures of characters and manners in some of the rural parts of Pennsylvania. The "Gossip," among other good things, contains extracts from Tourgenoff's correspondence.

Personal.

Mr. W. W. Larkins, of Long Creek, was in the city to-day.

Mrs. H. Rehder will sail to-morrow on the steamship Gulf Stream for New York.

Mr. W. W. McDiarmid, of the Robesonian, was in the city to-day and favored us with a visit. We were pleased to receive a visit to-day from Mr. S. W. Henley, editor of the Wadesboro Intelligencer. Capt. R. M. McIntire left on this morning's train for New York and other Northern markets for the purchase of his fall and winter goods.

Mr. W. B. Heut, of Rocky Point, Pender county, was in the city to-day.

Mr. James T. Murphy, of Clinton, Sampson county, has been appointed to a \$1,200 clerkship in the Bureau of Statistics at Washington, D. C.

Rev. S. Mendelsohn, of Temple of Israel, who has been absent several weeks, returned to the city last night. His wife, who accompanied him on his trip, did not return with him. She is expected here about the 6th of September.

Miss Kate Robinson, niece of Capt. E. D. Browning, died at Halifax yesterday morning. The sad news was received here during the afternoon and it was a great shock to many. Deceased was a charming young lady, well known to many in this city, where she was recently on a visit, and had many warm and sincere friends here who will regret this untimely close to a lovely and promising life.

Sudden Death.

Mr. Robert C. Player, son of Mr. W. H. Player, of Holly Shelter township, Pender county, died very suddenly a few days since in Georgia. The father received a letter from the son less than a week ago at which time the latter was well and the next news was that his remains were on their way to Pender county for interment. There were no particulars as to the cause of death. The deceased was about 24 years of age, was unmarried, and at the time of his death was in the employ of Mr. J. Wilder, of Brunswick, Ga.

Farmers can save time and money by getting barbed wire for their fences, at JACOB'S Hdw. Depot.

The Yacht Race.

The third regatta of the season of the Carolina Yacht Club was sailed over the Wrightsville Course yesterday afternoon. The weather was all that could be desired, with a moderate breeze from the Southwest and there was a large concourse of spectators who had assembled to witness the interesting and exciting sport. We have heard many of those who were present speak of the occasion and their opinion is unanimous that it was one of the best races ever sailed at Wrightsville, and one which was highly enjoyed both by the participants and the large throng of spectators. The race was started at about 2 o'clock p. m., and was won by the Idler, Capt. Pembroke Jones, in 1 hour 34 minutes and 43 seconds. The Ripple, Capt. Norwood Giles, came in second and the Rosa, Capt. W. L. Smith, Jr., came in third.

The following is the time for all the yachts, with the exception of the Bonnie Lassie, Capt. Pries, and the Retta, Capt. Boney, which were not in the race.

Following is the start of the yachts: Restless started at 2 o'clock; Loulie at 2:00.5; Frolic at 2:00.12; Lillian Florence at 2:00.52; Rosa at 2:01.37; Mist at 2:01.55; Ripple at 2:03.67; Vixen at 2:04.05; Idler at 2:04.32.

The yachts came in as follows: Idler at 3:39.15; Ripple at 3:41.40; Rosa at 3:42.35; Vixen at 3:43.

The time of the other boats was not taken by the judges, as it should have been. We would suggest that the time of each boat going through the race should be taken, as it is a matter of interest to owners to know the speed of their boats. Interest often centers between two slower boats as well as between the very fast ones and it is no inducement for a boat to go through the race if it is seen that it is not coming out among the first. Several inquiries have been made by the scorers of the boats whose time was not taken but we have not been able to give them any information. As far as we can learn everything passed off pleasantly, there was a good crowd present after the race had started and no accident happened to any boat. The race was started promptly at the time appointed, which not being expected, caused a number of spectators to be late.

Sixteen Pages every Saturday. Oftentimes Twenty Pages. Sometimes Twenty-four Pages. FIVE DOLLARS A YEAR.

The foremost purpose of BRADSTREET is to be of practical service to business men. Its special trade and industrial reports; its weekly epitome of bankruptcies throughout the United States and Canada, and the summaries of assets and liabilities, are alone worth the subscription price; its synopses of recent legal decisions are exceedingly valuable. As commercial transactions, in the wider sense, are coming to be more and more conducted on a statistical basis, the information contained in BRADSTREET is of the first importance both to producers and middlemen.

The Trade and Agricultural Situation throughout the United States and Canada is reported by Telegraph to BRADSTREET'S up to the hour of publication.
