The Daily Review has the largest bona fide circulation of any newspaper published in the city of Wilmington.

It is said that Mr. Wm. H. English wishes to be a Democratic Senator from Indiana. We object.

Nine members of Grant will be elected in this country unless some of the present projects fail.

Postmaster General Vilas is quite unwell in Madison, Wis. He is suffering with a nervous affection, brought on by overwork.

The New York aldermen on Monday fixed the tax rate at \$2.40 per \$1,000 as against \$2.25 last year, the total assessments being \$1,371,117,003.

Montreal, Canada, is suffering from a severe epidemic of smallpox. The number of cases at present is estimated at 1,000 and the disease is spreading rapidly. The number of deaths recorded is 120.

Mr. Goodstone's voice, an instrument of wonderful flexibility and power that has often stood him in good stead when his cause and argument were bad, is said to be rapidly failing him. When deputations call upon him he has to get his wife or son to answer for him. In the autumn Midlothian campaign the Conservatives will not, therefore, have so much to fear from the speeches of the grand old man as in 1850.

The Attorney-General of Great Britain has decided in a case informally submitted to him that a barrister who receives a retaining fee to try an action and fails to attend the trial, ought to return so much of the fee as exceeds the amount which would have been proper for merely giving an opinion. Heretofore barristers have pocketed their retainers and kept them whether they rendered any services or not.

Iowa druggists make monthly reports of liquor sales. Great numbers of invalids who doctor themselves seem to be under daily alcoholic treatment. For instance, a retail dealer in Muscatine, where all the sanitary conditions are favorable, finds that it takes 51 feet of paper to enumerate his sales for a month. He sold as medicine 152 barrels of beer, 89 gallons of whiskey, 19 of gin, 7 of alcohol and 3 of brandy.

Dr. E. A. Meredith calls attention to the fact that "the common jails of this continent are to-day little in advance of the jails of fifty years ago." He insists that the purpose is the repression of crime, and his point is that for the youth who are under criminal sentences the common jail is a school in which education in crime becomes compulsory. Indiscriminate intercourse he deems the great evil of our present jail system, and quotes numerous authorities to show that it is condemned everywhere by public opinion.

The Massachusetts Sunday law is a very old one, prohibiting all work or travel, except for charity, mercy, necessity or worship. It also applies to Saturday evening. In letter and spirit, it observed to-day, it would stop the running of horse cars, Sunday papers, most of the work of drug stores on Sunday, the riding, driving, and walking that are general, all the work done Saturday evenings of a secular sort, and a hundred and one things that churches and clergymen indulge in. Still, an attempt is being made by the Mayor of Waltham to enforce it.

John McCullough in the Bloomingdale, N. Y., Asylum is gradually losing all remembrance of his old days on the stage. He has come to think that he owns Bloomingdale as a gift from friends interested in seeing him happy in his old age. He no longer alludes in any way to the stage, or, as he used to do, to engagements which he must start away to fill. Occasionally he wants all his baggage packed up to go to Chicago or Cleveland, but shortly forgets all about it, and is not surprised or angered if he finds his orders have not been executed.

The supposed husband of the mysteriously murdered woman of Boston has been arrested. His name is Peter Mitchell and his wife has not been seen for some time. She was a drinking woman and was constantly quarrelling with her husband. There was a tooth missing in the murdered woman's mouth, and a dentist swears that he extracted the same tooth from the mouth of Mrs. Mitchell one year ago. There are several other little things that go to make up a strong chain of circumstantial evidence that will make a mighty interesting and probably famous case when Mitchell is put on trial for the murder of his wife.

The ladies of the Fifth Street M. E. Church will give their third excursion of the season to Smithville and the Forts on Tuesday, the 25th inst. These excursions are very popular and are always patronized, and that of next Tuesday will be undoubtedly equal to any of its predecessors.

Marine News.

German barque *Idelio*, Weyer, from Rio Janeiro, and German brig *Albert* arrived in at quarantine yesterday afternoon after our report made up.

Base Ball.

The crowd out to see the game yesterday between the Seaside and Eurekas was quite large. Kurtz (the "Old Reliable") twirled the ball beautifully. Everett played first base well, and Hendrick kept down the second bag. Harris guarded the third bag all O. K. The Eurekas played well throughout and won the game by a score of 5 to 3. There was good batting done on both sides.

Farmers can save time and money by getting barbed wire for their fences, at JACOBI'S Hdw. Depot.

The pulpits of both of the Methodist Churches in this city will be filled at the usual hours for morning and evening services to-morrow, that of the Front Street Church by Rev. D. H. Tuttle, and that of the Fifth Street Church by Rev. B. R. Hall.

The premiums aggregate \$5,000, and those for trials of speed aggregate \$1,200.

Cotton.

The receipts of cotton at this port for the week ending with to-day foot up but 11 bales, as against 48 bales for the corresponding week of last year, a decrease of 37 bales. The receipts of the crop year to date foot up 93,938 bales, against 91,666 bales to same date last year, an increase this year of 2,272 bales.

Personal.

Mayor Hall is enjoying the pleasures of the ocean breezes at the Sound to-day.

Col. Fleming Gardner, Superintendent of Construction of the Fayetteville & Wilson R. R., was in the city yesterday.

Mr. Jno. D. Bellamy, Jr. and family are now in New York. They have been traveling in that State and in the East.

Col. H. B. Short, of Waccamaw, and Mr. Geo. M. Rose, of Fayetteville, were registered at the Parcell House yesterday.

Messrs. John J. Fowler, G. H. Green and Louis J. Poisson left the city this afternoon on the steamship *Gulf Stream* for New York.

A letter was received in this city to-day stating that Capt. W. M. Parker was at New Haven, Conn., and was not so well as he had been.

Capt. J. C. Borden, we are pained to say, was stricken again last night with paralysis at Goldsboro, and at last accounts was in a very critical condition.

Mr. Harry Kurtz, the professional base ball pitcher of the Seaside, having concluded his engagement here, left for his home in Baltimore on last night's Northern bound train.

Mr. S. H. Fishballe, the clothier, will leave for a trip to the North on Monday next. During his absence he will visit Saratoga and other Northern pleasure resorts. He will be gone about two weeks.

We are glad to learn that Mr. J. M. Cronly, who was appointed deputy collector by Mr. C. H. Robinson, but did not assume the duties on account of the position being abolished, has been reinstated and the office renewed by order of the Secretary of the Treasury.

Rev. Dr. Carmichael did not preach last Sunday in Shoe Heel, as stated by him in Fayetteville. The *Observer*, of that town, states that he was expected to preach there again to-morrow, but he could not leave the city and will preach, as usual, in his own church.

We were pleased to receive a call this forenoon from Mr. W. J. Edwards, a North Carolinian resident at Canoe Station, Ala., who is here on a short visit to friends and relatives in his native county. Robeson. Mr. Edwards is engaged in distilling turpentine in Alabama, and he gives us some points of interest. He is located about 40 miles from Mobile and probably about the same distance from Birmingham. He, like all other distillers in that section, works under contract with the Chess Carley Co., who take all of the spirits they can manufacture, the year round, at 21 cents per gallon. As it is not delivered in casks, but in tanks belonging to the Chess Carley Co. the saving of the casks will raise the price to 28 or 30 cents per gallon. They get, also, from \$3 to \$4.50 per barrel for fine rosin, and they make no common grades as they do not work the turpentine trees more than two years. The Chess Carley Co. receive the spirits in tanks and rosin in barrels on board the cars and ship it in this way direct to Europe, through the port of Mobile.

Her form was sylph-like, and her face was just a miracle of grace. That's why I thought it very strange. Folks talked with her at such long range. Ah! her teeth! Her breath was tainted! With SOZODONT she wasn't acquainted!

The Only Remedy.

Those who suffer from foul breath are open to the charge of carelessness. It is an offence that can be speedily abated, as a single bottle of the fragrant SOZODONT will unmistakably accomplish the work. No toilet table should be without it. It will preserve and keep the teeth white, and the breath pure and sweet.

Music on the Waters.

The Cornet Concert Club will give another of their delightful excursions on the steamer *Passport* on Wednesday next, and we hope that our citizens will turn out and give them a rousing party. They furnish as good music as can be produced in the State, and they ought to be encouraged by those who take delight in listening to the sweet strains they produce. Give them a party just as large as the boat can accommodate.

Grand Excursion.

Howard Relief Steam Fire Engine Co., No. 1, accompanied by the Germania Cornet Band, will give an excursion on the *Passport* to Smithville and the Forts on Thursday, the 27th inst. The management are making every exertion to give their guests a day of unalloyed pleasure and as our German friends have always been successful heretofore, there is no doubt that the coming excursion will be delightful.

The Othello, New Emerald, Zeb Vance and New Excelsior Penn., are the leading cook stoves, both in quality and price. They can be seen at JACOBI'S Hdw. Depot.

The First Bale.

The first bale of cotton of this year's growth received in this market this season was brought here to-day. It was produced by Mr. J. W. McLaurin, of Laurinburg, and was consigned to Messrs. Hall & Pearsall. It was graded strict low middling and was sold at auction at the Produce Exchange this noon, Messrs. Alex Sprunt & Son being the purchasers at 11 1/2 cents per pound. The bale weighed 567 pounds and will be shipped to New York, the Clyde line steamers being the forwarders, free of charge. The first bale last year was received August 25th, or three days later than that received to-day.

Since the above was type we have learned that another bale was received here to-day by Messrs. Geo. W. Williams & Co. from Mr. B. W. Thompson, of Red Banks.

Beautiful Plates.

Mr. F. H. Mitchell received to-day from the author, Mr. C. E. H. Bonwill, of New York, a proof copy of a number of handsome engravings of points of interest in North Carolina which were drawn and engraved by Mr. Bonwill for some magazine. The views are taken from Raleigh, Asheville, Mt. Mitchell, Wilmington and other places, and that of our city is the handsomest where all are handsome. It is a view of the water front taken from a point on Eagle Island opposite the lower mills and it shows an active, bustling and beautiful scene. It is from a photograph which Mr. Mitchell caused to be taken expressly for the artist.

Flag Drill.

A meeting was held yesterday afternoon at the Armory of the Wilmington Light Infantry for the purpose of perfecting arrangements for the flag drill exhibition which is to be given by some of the young ladies of the city at an early date. The following officers were elected: President—W. C. Jones; Secretary—R. D. Jewett; Treasurer—Miss Lottie Myers.

A committee on uniforms was appointed which meet at 6 p. m. on Monday next. There are 19 young ladies now enrolled in the company, and others who would like to join can do so upon application at the meeting on Monday night at which time there will be a practice drill. The name adopted by the company is the 'Cantwell Light Guards.'

Now is the season for painting your houses. Go to JACOBI'S Hardware Depot and buy your paints, if you want to save money.

Slash the Prices.

From now until Fall SHIRER don't expect to make any money. We guarantee to give our patrons, at all times, more and better goods for their money than can be had elsewhere. The values we are offering in suits for men, boys and children are fully from 15 to 25 per cent. cheaper than their equal can be had for elsewhere. Your opportunity is now to get more and better value for less money than at any time yet. All our Spring and Summer goods must be sold before receiving our new Fall stock. Come and see the prices this week. SHIRER, the Old Reliable Clothier, 114 Market st. Sign of the Golden Arm.

We noticed quite a fine display of dog collars at JACOBI'S Hardware Depot.

Anniversary.

On Monday next, the 24th inst., the Fayetteville Independent Light Infantry will celebrate the 92nd anniversary of its organization, it having been formed on the 24th of August, 1793. The anniversary occasion will be celebrated in an appropriate manner, and much interest will be added to the festivities from the fact Mr. R. E. Heide, of this city, who has been for many years a member of the company, has sent as a token of his kindly remembrance a beautiful tilting pitcher and goblet to be given to the best marksman of the Veteran Corps on its anniversary day. The pitcher bears the following inscription:

"1793. F. I. L. I., 1885. Presented by R. E. Heide. Best shot in Veteran Corps, August 24th."

Mr. Heide has always taken a deep interest in the company, in which he did duty as a soldier for a number of years, and this graceful and hearty testimonial of his regard for his old comrades in arms is a fitting tribute from a worthy gentleman to a splendid command.

Entering a Pew.

The following, which is going the rounds of the papers, contains good advice for many a church-goer:

Having entered a pew, move along. Do not block up the end of the pew as if you did not intend to have any one else enter it, or as if you were holding it for special friends. Do not rise to let others in, but move along and leave the pew invitingly open, so that they will know that they are welcome. If a pew holding six has five already in it, do not file out in formal procession to let one poor scared woman go to the farthest end, but move along, and let her sit down at the end next to the aisle. It is not necessary now for a man to sit at the end ready to rush out and kill Indians as possibly it was once.

The Art Amateur.

For September contains some charming figure designs, suitable for sketching on linen, outline embroidery or sash decoration; a page of monograms in G, another of designs for metal work, and three pages of designs for altar-cloth borders, wall pockets and a photograph frame, besides china painting designs for a dessert plate (primrose), and a cup and saucer (azaleas). The frontispiece is an attractive pen sketch by James Symington. "The Duet," and there are other interesting examples of pen work by Boughton, Bridgman, Moran and Knight. The valuable series of articles on "Amateur Photography" concludes with some excellent directions for portrait groups, and the practical topics of scene painting and embroidery stitches receive continued attention. The number is especially rich in needlework, both in text and illustrations, and the three admirable altar cloth borders are the first of a series of ecclesiastical designs to be continued steadily during the next eighteen months. Other articles of special interest are those on the Greater sisters, and the Villard Mansion. The dramatic feuilleton is revived, and "My Note Book" is as spicy as ever. Price 35 cents. Montague Marks, publisher, 23 Union Square, New York.
