

THE DAILY REVIEW.

VOL. IX. WILMINGTON, N. C. FRIDAY, SEPTEMBER 11, 1885. NO. 212

THIS PAPER published every evening, Sundays excepted by JOSH T. JAMES, EDITOR AND PROPRIETOR. SUBSCRIPTIONS POSTAGE PAID. One year \$4.00. Six months, \$2.00. Three months, \$1.00; One month, 35 cents. The paper will be delivered by carriers free of charge, in any part of the city, at the above rates, or 10 cents per week. Advertising rates low and liberal. Correspondents will report any and all fallacies to receive their paper regularly.

For the opening season a dance-teacher has devised what he calls the dervish. It consists of a few slow, measured, stately revolutions in ordinary waltz time, followed by a dozen rapid waltz ones, done so suddenly that the couples look like wild dervishes of the desert, who ought to howl as well as whirl.

We noticed quite a fine display of dog collars at JACOB'S Hardware Depot.

How R you, Mr. Oyster?

Quslow Court convenes next Monday.

The receipts of cotton at this port today foot up 206 bales.

Make your selections for the winter. The styles shown by DYER are the finest ever brought to this city.

For the best unlaundried white shirt in the city, call at the Wilmington Shirt Factory; only 75c. J. ELSSAUGH, Prop., No. 27 Market st.

The highest point reached by the thermometer in this office during the Summer was 93 degrees, and we think that about expresses it.

Ricebirds are unusually abundant now, and they are sold at Smithville for 15 cents per dozen. The price asked in this city is 25 cents per dozen.

The display of apples, pears, grapes, figs and other kinds of fruit at some of the stores is truly tempting. We have never seen finer specimens in this or any other State.

We hear it stated that a colored man claims that he killed eight dozen of rice birds at one shot a few days ago, which is either a remarkable shot or a remarkable story.

Thanks to Messrs. G. S. Baker, J. A. Thomas, T. J. Harris and F. N. Egerton the committee, for an invitation to attend the celebration of the completion of the Louisburg R. R., to be held at Louisburg on Thursday, Oct. 1st.

A gentleman of this city, while in conversation to-day with a gentleman of Columbus county, had the hardihood to speak of Lake Waccamaw as a pond but fortunately corrected himself in season to prevent serious consequences.

There has been a struggle for a storm for the last two days, but thus far it has been ineffectual. There have been prognostications of a storm, followed by cooler weather, but they have all failed. However, the equinoctial may be expected in a few days, so that a storm cannot be far off.

The Othello, New Emerald, Zeb Vance and New Excelsior Penn., are the leading cook stoves, both in quality and price. They can be seen at JACOB'S Hdw. Depot.

Indications.
For the South Atlantic States generally fair weather, variable winds and mostly stationary temperature.

Change of Hour.
The hour of meeting of the Brooklyn Sunday School has been changed from half past 4 o'clock p. m. to half past 3 o'clock p. m., and the pupils and teachers will assemble at the latter hour on Sunday next.

City Court.
Two sailors, named respectively Charles Coomes and Alfred Wilson, belonging to the schr. *Albert H. White*, Capt. Macomber, got fighting drunk yesterday, and kicked up a row on board the vessel, for which they were arrested and looked up. They were brought before the Mayor this morning and, upon the evidence of the captain, were ordered to pay a fine of \$5 or go below for 10 days. They went below.

Deer Shooting.
A party of hunters a few days since went on a deer hunting expedition from the neighborhood of Lake Waccamaw, in Columbus county, and met with unusual good luck. They started at a little after noon and returned at about half past 7 o'clock and in this short time they had succeeded in killing nine splendid deer. It was impossible for them to bring home their game and they had to send two wagons for that purpose.

Tention!
The Cantwell Light Guards will meet to-night at the Armory of the Wilmington Light Infantry for drill and it is hoped that there may be a full attendance of the members of the corps. In fact it has been whispered by the breeze that gently blow that the drill Cantwell be efficient unless the members are nearly all present. If they see the pun I shed it is well; if not we trust they will be pun-ished for non-attendance.

A Risky Leap.
Mr. H. McL. Green's setter dog "Black" jumped from one of the windows of the office of Drs. Freeman & Baldwin to the pavement below, at about 5 o'clock last evening, and strange to say, was not materially injured. He howled some upon first alighting, but was soon on his feet again and as nimble as ever. It was a big jump, and it is a great wonder that the dog was not killed, or at least so badly maimed as to make the killing of him an act of real mercy.

"Tally Ho!"
This is the name of the play which is to be presented at the Opera House next Tuesday night. It was written for Mr. Robert L. Downing by Joaquin Miller, and is founded upon incidents in the life of Hank Monk, the stage driver of the Sierras, who became famous to the world by driving the coach which conveyed Horace Greeley across those mountains. Mr. Downing appears as Hank Monk, and it is his acting which gives character and thrilling interest to the performance. In speaking of the play and the acting the Washington, D. C., *National Republican*, says:

Bob Downing received a royal welcome at Ford's Opera House. Long before the hour of opening every available seat was occupied. "Tally-Ho," the play, is a story of frontier life when that country was in its infancy. The interest centres around Hank Monk, the stage driver. It is full of pathos and sentiment, and yet the humorous element is sufficiently prominent to relieve it of undue sombreness. Mr. Downing made a capital Hank Monk. His magnificent stage presence, fine voice and excellent method fit him for the part, and in it he made a decided hit. The company was all that could be desired. The star and play scored a decided success.

Golden Wedding.
Yesterday was the fiftieth anniversary of the marriage of Mr. and Mrs. S. D. Wallace, and the event was made the occasion for the gathering together last night at their residence, on the corner of Red Cross and Fourth streets, of their children, grandchildren and great-grandchildren in a happy family reunion. The dwelling was brightly illuminated for the occasion and the hearts of the venerable couple were made lighter and brighter as they received the earnest, loving congratulations of their kindred. Each of the guests came with some fitting golden present for the occasion, and the aged couple were gladdened by the reflection that the love which had joined them together in their youthful prime had descended to their children and their children's children to be made manifest in tokens of tender and affectionate remembrance.

Fifty years of wedded life! What a rare event! What a sacred history those many years could unfold! How much of joy and grief, happiness and sorrow, hope and care and anxiety and confiding trust are written indelibly upon the minds of that aged couple! What tender reminiscences must have crowded upon their memories as they looked last night upon their happy and affectionate kindred, who had come with reverent love in their hearts to give them joy on that memorable occasion, and to hope for them many more years of life and happiness in this world.

Trade at the Old Reliable
where you always find just what you want and everything of the best make, and always for less money than you are asked for the same quality of goods elsewhere. You can depend on honest goods and square dealing at SHRIER'S all the year round. Before you purchase, visit SHRIER'S and convince yourself of the most astonishing value in Boy's and Children's Suits ever offered in this city. Pay no attention to prices advertised but compare goods, that being the only true way to find out the house which gives the most and best value for the least money, and you will be fully convinced and to your entire satisfaction that it pays to trade with SHRIER, the Old Reliable Clothier, 114 Market st., sign of the Golden Arm.

Farmers can save time and money by getting barbed wire for their fences, at JACOB'S Hdw. Depot.

Too Bad.
It is rumored that when a party of gentlemen from this city go to Lake Waccamaw on a hunting and fishing expedition, a kind-hearted citizen of that locality manages to coax a lot of squirrels up into one tree and hires a boy to watch them until the hunters arrive, so that they may be sure of finding something to shoot and not be compelled to return with empty game pouches.

Painful Accident.
Joe, a colored man employed on Hon. D. L. Russell's plantation, in Brunswick county, got his arm caught and frightfully lacerated in a cotton gin this afternoon. It seems that he was leaning against the gin while it was in motion and incautiously allowed his arm to slip and it was caught near the elbow and badly mangled before it could be liberated. The wounded man was brought to the city and conveyed to the hospital for surgical attention.

Hot Baths.
In sultry and oppressive weather the hot bath is of all others the most cooling. No matter how heated the system, water as hot as it can possibly be endured is the safest and most efficient relief. One should remain in it long enough to give every part of the body a thorough scrubbing with soap and a mohair wash-cloth, which cleanses the skin more thoroughly than a brush. The hot water dissolves every particle of refuse that clogs the pores, the rough cloth and soap remove it searchingly and the towel is hardly laid aside before a delicious coolness and freshness comes upon one like that of a dewy summer morning.

Cholera Infantum.
Cholera infantum is quite as much a filth disease as Asiatic cholera; unwholesome or improper diet being the immediate cause and foul air and generally unsanitary surroundings the predisposing and aggravating condition. A good deal of real missionary work might be done among the poor in showing mothers how to save the lives of their infant children. Experienced physicians will tell them that care of the diet is everything, but nine mothers in ten need more explicit directions. Overfeeding, the almost universal mistake of American mothers, is one prime cause of digestive troubles, and doubtless many a fated baby might be saved by simply giving its over-taxed stomach long intervals of rest.

Rather Mullah.
There was considerable of an excitement for awhile this morning at the corner of Princess and Third streets, occasioned by an attempt to drive a couple of obstinate cows into the cattle pen near the jail. They were determined not to go and for awhile it appeared as if they would be bosses of the situation, but after a good deal of shouting, racing and hard struggling on the part of the drivers, and after one of the latter had been most unceremoniously thrown on the sidewalk, they were captured and gotten into the pen. One of the cows, a stub tailed, lank, scrawny specimen, gave the drivers several hard chases and she was the last one captured. It was poor fun for the drivers, but there was plenty of sport for the bystanders.

Not a House.
There was bright light visible from the city last night in the direction of the Sound, and a report was rife that it was caused by the burning of the "Monk" house. There was no alarm given, however, as the fire was outside the city limits. This morning the report was current that the house of Mr. Monk was totally destroyed. We made inquiries regarding the matter, but could gain no definite information further than that there was a fire and the "Monk" house was in ruins, until we had the good fortune to meet Mr. Monk and he told us that his house was not burned, and the light was caused by the burning of a lot of brush on the premises of Mr. J. B. Barnes, who lives nearby. The brush was purposely set on fire to get rid of it.

There were no quotations for September wheat nor pork to-day.

"I want some SOZODONT," said he. "Just out," the cunning druggist said. "But here's some powder known to be 'As good'." The patron turned and fled. "A-king, 'Do you suppose I don't know nothing equals SOZODONT?'"

Plain Talk.
There is a preservative principle in SOZODONT that effectually preserves the teeth from decay. Chemists pronounce it wholesome. Rich and poor endorse it. No lady ever tried it without approving its cleansing and purifying properties. It outsets all other dentifrices. Ask for SOZODONT, and take no substitute.

The Race.
The great international contest between the British sloop yacht *Genesta* and the Boston sloop yacht *Puritan* is being sailed to-day. At 2 p. m. the latter passed to windward of the former and thus secured a decided advantage. At 3 p. m. the *Genesta* was reported as running ahead, but with the *Puritan* well to windward. At that time about 15 miles of the outward course had been covered. This was our latest report, and it leaves the advantage decidedly in favor of the *Puritan*, she being well to windward.

Personal.
Col. H. B. Short, of Lake Waccamaw, is in the city to-day. Mr. J. T. Bland, of Burgaw, Pender county, was in the city on professional business to-day.

Now is the time of year for the unwary pedestrian to slip up on the treacherous grape hull and utter maledictions upon the thoughtless or careless one who threw it upon the sidewalk instead of into the gutter.

At 3 o'clock this afternoon the thermometer in this office registered 84 degrees, with the wind from the East.

NEW ADVERTISEMENTS:
