The Daily Review has the largest news circulation of any newspaper published in the city of Wilmington. The New Haven News has yet to be a single independent who remains having voted for Cleveland. James M. Swank says that the market for the South more than offsets the failure of the Winter wheat in portions of the West.

Baltimore News: A Cincinnati girl named Dam married a man named Blitter. No doubt the wedding was a very delightful affair, but the newspaper made it appear Dam-Bitter. Congressman Randall is pictured as the fighting member of the next Congress by the Washington correspondent of the Cleveland Leader and as the Democratic candidate for the Presidency in 1888.

It is related of Prince Frederick Charles that on a visit to a fellow officer's ancestral seat, near Berlin, he discovered his own portrait above that of the Confederate Gen. Stuart and placed it below, with the remark that he considered Stuart the abler of the two cavalry generals.

The story that Secretary Manning regard "the Grand Army be damned," in regard to an appointment in the Albany postoffice, is denied by Postmaster O'Leary, who says that no such remark has been made by any one, and that everybody in Albany knows that Mr. Manning never swears.

The greatest marriage of the year in France is to take place at the Madeleine this month between Count Charles de la Rocheboucauld, the elder, son of the Duc de Biscaccia, and the Princess Charlotte de la Tremoille, daughter of the Duc de Tremoille, who is also Duc de Thomars, Prince de Tarenne and Prince de Talmont.

The depression of the coal trade in South Wales is so serious that over 40,000 men are affected by it. The national industries in England are at a low ebb, and the lessened output of coal, which arose through a depressed activity in manufacture, is taken as special evidence of an undesirable and very grave condition.

One of the English railway companies has supplied all its employees with red neck-cloths, the wearing of which is to be compulsory. The object of this regulation is to furnish porters, guards or switchmen with red flags that are always at hand and can be employed in the event of any sudden accident, or the derangement of the regular signals.

The Democratic State central committee of Ohio have written an urgent appeal to Gen. Rosecrans to take part in the Ohio campaign this fall. The committee stated that the contest will be very bitter, and on the result will depend the political future of the party in that State. The committee hold that if successful this fall, in the future the State will be reliably Democratic.

The bill of Undertaker Merritt, of New York, for attending the Grant funeral, just rendered, is much smaller in amount than was anticipated. The exact figures are \$14,169.75. This includes everything the undertaker did or furnished both in New York or Mount McGregor, including \$5,000 for five hundred charges. Mr. Merritt says he did not charge one cent more than he would have charged any one else.

There are 48,421 fourth-class postmasters, and 6,309 of these have been changed by the new Administration in six months, that is, one-eighth in six months, at which rate it will take four years to change them all. The President has also appointed 524 postmasters in a total of 2,332 of the Presidential class. The average of the last two years of Republican administration was about 12,000 appointments, Presidential and minor, mostly on account of resignation or expiration of commission, and the establishment of new offices. The number of removals and suspensions was 705 in 1882-3 and 513 in 1883-4.

The London correspondent of the New York Herald says: "The further fall of silver last week moves the writers of money articles to nervousness. It is the opinion of one of the best fiscal authorities on 'Change that I have met that the uncertainty surrounding the silver question in the United States is as much a cause of the heaviness of the silver market here as of the weakness of the Indian exchange, and

that no important change for the better can occur in the condition of the silver market here until something definite is settled at Washington. We noticed quite a fine display of dog collars at JACOB'S Hardware Depot.

The stalls subject to rental in the Fifth Street, Fourth Street and Front Street Markets will be offered for rent at public auction on Monday, the 21st inst. Those interested will notice the hours in the advertisement, to be found in another column.

In Distress.
Capt. B. L. Perry, of the Purcell House, received a dispatch from Morehead City this morning, stating that the schooner Nellie Floyd, of New York, from Charleston, S. C., with phosphate, for New York, had put into that harbor in distress, leaking at the rudder way.

Lawn Party.
The Cantwell Light Guards will give another of their delightful lawn parties at the City Hall Park next Thursday night. These parties have been gotten up entirely at the expense of the Cantwell Light Guards, and have been made delightfully pleasant solely through their exertions, and we trust that the next one will be well patroned in order that the company may be remunerated for their efforts.

Back Taxes.
The attention of the readers of the REVIEW is called to the advertisement of Mr. H. A. Bagg, Chairman of the Board of County Commissioners of New Hanover county, to be found in another column of this issue, relating to the list of deeds of property in the county sold to the State for taxes from 1870 to 1881. The deeds—and there are quite a large number of them—are now in the hands of the Commissioners and may be seen at their office. The time for redeeming this large amount of property will expire January 1st, 1886, and all parties interested will govern themselves accordingly.

Marine News.
We clip the following from the Newbern Journal of the 11th inst.:

By telegram to Mr. E. K. Bryan from Beaufort, we learn that the schooner Melvin, bound from Wilmington, N. C., to Philadelphia with lumber, sprung a leak at sea during heavy weather and put into that port, entered protest and called a survey. Damages, which are slight, will be repaired and the vessel will proceed to her destination.

The schooner Melvin, Capt. Hill, cleared from this port for Philadelphia on the 2d inst., with a cargo consisting of 100,000 feet of lumber and 16,600 shingles. She was 111 tons register and the vessel and cargo were cleared by Messrs. George Harris & Co.

"Tally Ho!"
Judging from the tone of the press where the above-named play has been presented, it is one far above ordinary merit, and the Robert L. Downing Company, which will present it at the Opera House in this city next Tuesday night, is a strong one. The play was written expressly for Mr. Downing, who appears in the leading character and the other members of the company have been selected with care. The Washington, D. C., Post, of August 21st, says:

A press rehearsal of Juvaquin Miller's realistic drama, "Tally-Ho," was given at Ford's last night by the Robert L. Downing Company. Since its first production last year "Tally-Ho" has been greatly improved. It has been sharply pruned, and the scenes condensed and adapted to the requirements of the stage and the whole play brightened. It was a diamond before it ever saw the boards of a theatre, but it needed cutting. The work has been well done. The play is a worthy successor to "49" and "The Danites." Mr. Downing's impersonation of Hank Monk is an original creation and displays more dramatic force and depth of feeling than Frank Mayo's Davy Crockett.

Trade at the Old Reliable
where you always find just what you want and everything of the best make, and always for less money than you are asked for the same quality of goods elsewhere. You can depend on honest goods and square dealing at SHRIER'S all the year round. Before you purchase, visit SHRIER'S and convince yourself of the most astonishing value in Foy's and Children's Suits ever offered in this city. Pay no attention to prices advertised but compare goods, that being the only true way to find out the house which gives the most and best value for the least money, and you will be fully convinced and to your entire satisfaction that it pays to trade with SHRIER, the Old Reliable Clothier, 114 Market st., sign of the Golden Arm.

No Race!
The international race between the Boston sloop Puritan and the British sloop Genesta, which was not sailed to a finish yesterday, was attempted again to-day, but at half-past 2 o'clock this afternoon a dispatch was received here that the race was declared off for the day.

Anniversary Celebration.
Mt. Airy Lodge, I. O. of G. S. & D. of S., will celebrate their twelfth anniversary in this city on Monday next with a procession through the principal streets of the city and an address at St. Stephen's church. The other lodges of the order in the city, seventeen in number, have been invited to participate and the festivities of the day will close with a grand march at the City Hall at night.

Personal.
Mr. James Lesesne, of Abbotsburg, is in the city to-day. We regret to learn that Mr. J. W. King, Treasurer of this county, is quite sick and confined to his room.

Mr. W. C. Boyd, advance agent of Cole's Circus, arrived in the city last night and registered at the Purcell House. We were pleased to receive a call yesterday afternoon from Mr. A. M. McNair, of Clyde, S. C., who has been in the city on a short visit.

Rev. D. W. Herring, of Pender, who is soon to leave this country for a life of missionary labor in China, will preach at the First Baptist church to-morrow.

Mr. G. Z. French, of Rocky Point, who has been on a visit to his native State of Maine for the last six weeks, has returned and was in the city to-day. He had an enjoyable trip and is in excellent health.

Sheriff S. H. Manning returned from his extended Summer trip last Thursday night. During his absence he has visited the "Far West" and travelled about 8,000 miles. He has seen nearly all of the large Western cities, has made a pilgrimage to the famous Yellowstone Park, and has seen much to entertain, instruct and amuse him. He returns looking in excellent health and as if the fatigues incident to so long a journey had been beneficial. His wife accompanied him, but has not yet returned to Wilmington as she is visiting relatives in Maine.

Mr. A. D. Brown has recently returned to the city from an official tour of inspection, in behalf of the State, of the convicts; employed on various public works, in the Middle and Western portions of the State. He visited, among other places, Mt. Airy and thinks it one of the most promising towns in the State. The C. F. & Y. V. R. R. is stretching out slowly, but surely, in that direction, and must reach there in the near future. There is a splendid prospect in that direction for the people of Wilmington if we can only get the C. F. & Y. V. extended to this city.

A maiden dimpled, dainty, fair, with hazel eyes and crumpled hair, was asked what was the height of bliss. She promptly answered, "Tis a kiss, 'Tis a kiss, 'Tis a kiss, 'Tis a kiss, Neglect teeth cleansing SOZODONT."

Most Remarkable
In its effects, and most useful in its application the fragrant SOZODONT has become the most popular Dentrifrice in existence. 'Tis used and praised by everybody.

Accidents will occur even in the best regulated families, and SPALDING'S GLUE should be kept handy.
