HENNBERGER—School Books
F C MILLER—Tar Heel Liniment
C P LOCKEY—Attorney at Law
R E LLOYD—Cold Weather is Here
Report of the Condition of the First National Bank of Wilmington, N C

Cole's circus showed in Goldsboro to-day.
The receipts of cotton at this port to-day foot up 1,048 bales.

Notice to the Boys—These Bracket Saws are here. JACOB'S HDW. DEPOT.

The finest dinner to be had in the city is at Corbin's Dining Parlors, from 1 to 3 p. m.

"You should see the elegant Thibet wool undershirt for only one dollar at DYER'S. They are selling fast."

A railroad from Goldsboro to a point on New River in Onslow, via Seven Springs and Richlands, is being talked up.

Mr. I. G. Cherry, on South Front street, near the New Market, will deal largely in oysters this season. See adv. in this issue.

There were a good many strangers in the city to-day, many of whom will undoubtedly remain here until to-morrow in order to see the circus.

You will find a full assortment of paint, horse and scrub Brushes, made by the best factories, at JACOB'S HDW. DEPOT. His low prices please all.

Ger. barque *Fidelio*, Meyer, cleared to-day for Wolgast, Germany, with 231,636 feet lumber, valued at \$4,033, shipped by Messrs. W. Walter & Finke.

Mr. C. P. Locky, who was on Wednesday granted license to practice law by the Supreme Court, has opened an office at 114 Princess street, between Front and Second.

The steam tug *Blanche* returned to Smithville last night from St. Helena, S. C., to which place she had towed the dredging boat which has been working in the Cape Fear.

Fishermen complain that there is a scarcity of fish in the market, and that the catch is very light, owing, probably, to the Easterly winds which have prevailed recently.

A white man was brought before the Mayor charged with being drunk and disorderly on Fourth street, near Nixon, last night. As he was a stranger here and was penitent for the offense judgment was suspended and he departed a happier if not a wiser man.

There will be a plenty of entertainments during the next two weeks. Two circus performances to-morrow; *Zo Zo* next Monday, Tuesday and Wednesday nights; the Banker's Daughter next Friday and Saturday nights and the Bijou Opera Troupe in Mikado on the Monday and Tuesday nights following.

Oysters for Ladies and Gentlemen on half shell, stewed or fried at Corbin's Dining Parlors.

For the South Atlantic States, fair weather, winds generally Northeasterly with slight change in temperature.

The "Vim."
The pleasure yacht *Vim*, belonging to Messrs Kure Bros., has been hauled into the dock at the Crossote Works of Messrs Hansen & Smith, where she may be seen by all who would like to look at a fleet and model craft. We learn that she will be disposed of by raffle at an early day.

Death of Mr. Lumsden.
Mr. James C. Lumsden, a highly esteemed resident of this city, died suddenly last night at 10:45 o'clock, at his residence on North Front street. Mr. Lumsden had been ill for some days past but was somewhat better yesterday and was at his desk in the Custom House during a part of the day. His death was caused by rheumatism of the heart. Mr. Lumsden was a veteran of the Mexican war and his death is deeply regretted by a large circle of friends and acquaintances.

Ladies
who use SOZODONT have only to open their lips to prove its excellence. Their white, gleaming, spotless teeth, and fragrant breath will tell the story. There is more demand for this wholesome and unexceptionable preparation than for any other dentifrice in the market. One day its use will be universal.

The Serkus.

Cole's big show will be here to-morrow. It is generally spoken of in favorable terms by our brethren of the press in this State, although some of them complain that the specially advertised features of Arabs and lady equestriennes are all on paper and not in the show at all. The circus was in Weldon last Tuesday and the *News* says of it:

There was a very good crowd in town Tuesday, drawn here by the announcement that Cole's circus would show here. A good percentage, however, did not go under the canvass, owing to the scarcity of money. The parade was much better than usual and the general opinion was that the show was better than any that had been here for years. The riding and trapeze performance were excellent. The skating and the bicycle riding was loudly applauded and the human fly attracted great attention. The menagerie was good and Sampson, the big elephant, was a very mountain of flesh. The circus was on the whole first rate.

Personal
Mr. F. D. Koonce, of Onslow county, is in the city to-day.

Mr. J. H. Currie, of Clarkton, Bladen county, arrived in the city this morning.

We are sorry to learn that Mr. E. A. Nisbet is quite sick and confined to the house.

Col. H. B. Short, of Lake Waccamaw, Columbus county, was in the city to-day.

Mr. R. O. Gilroy, agent for the Bijou Opera Troupe, arrived in the city last night.

Dr. W. W. Harriss, who has been absent from the city several weeks, returned last night.

Messrs. C. Stevens and Frank D. Koonce, of Richlands, Onslow county, were in the city to-day.

Sheriff Taylor, of Brunswick county, was in the city to-day, but he had not a bit of news to give us.

Maj. P. F. Duffy, formerly on the staff of the *Charlotte Observer*, was in the city to-day and gave us the pleasure of a call.

Mr. Clement Manly, a prominent lawyer of Newbern, and a son of the late Judge M. E. Manly, arrived in the city last night on professional business.

Mr. B. F. Mitchell, who has been absent from the city for the last five weeks, on a trip to Chicago, Ill., combining business and pleasure, returned home last night, looking well and hearty.

Mr. R. R. Bellamy has returned from the Northern markets where he purchased a handsome line of drugs and fancy goods which he will open in a few days in the store Northwest corner of Market and Front streets.

Mr. Wm. F. Burch, a young printer of this city, has secured a situation in Washington, D. C., and will leave for his new field of labor on to-night's train. We wish him success and hope that the "sit," will prove a "fat take" for him.

The Perihelion of Saturn.

October's starlit sky presents one prominent subject for observation and study. It is the perihelion of Saturn. This long-expected epoch takes place on the 21st, at 7 o'clock in the morning. It is twenty-nine and one-half years since the occurrence of a similar event, and during that time Saturn has traveled more than 5,000,000,000 miles, and now looks the sun in the face from a standpoint 100,000,000 miles nearer to the central orb than when, fifteen years ago, he passed aphelion, or his most distant point from the sun. Fortunately, at the same time, the earth approaches a point where her small orb is almost between the sun and Saturn, and profits largely by the proximity. The increased size and clearer radiance bear testimony to the nearer neighborhood of the ringed planet. But it is almost absurd to speak of the nearness of an object whose mean distance from the sun is 811,000,000 miles. We are at sea without a pilot in seeking to comprehend dimensions where a million miles is the measuring unit. We can, however, see results in the beauty and brightness of a planet that, fifteen years hence, will shine with a dull, murky light, in striking contrast with his present serene aspect. Astronomers who make Satoroian investigation a specialty will gladly improve the favorable conditions. It will not be unexpected if they find out whether the dark spaces between the ridges are merely shadings in or between the myriad satellites that make them up, or even if a ninth moon should be found faintly gleaming among its brethren. Nearly a generation of those who now tread the earth will sleep peacefully in its bosom while this wonder of the skies traverses the vast path that forms his circuit round the sun. A generation of men lives and dies in one Saturnian year.

Heard From.

In a letter which was received by Messrs. George Harris & Co., to-day, from Philadelphia, from the consignees of cargo of *Schr. Melvin*, which has been reported lost, it is stated that that vessel arrived at her wharf in that city on the forenoon of the 7th inst., safe and sound, after a very rough passage.

Zo Zo, the Magic Queen.

Zo Zo, the magic Queen, will be the attraction at the Opera House for the first three nights and matinee on Wednesday of next week. It has proven unusually popular wherever it has been produced, and is free from any vestige of coarseness. Aside from Mr. George H. Adams, who is the comedian of the company is made stranger by the names of Miss Adelaide Cherie and Messrs Redfield, Brown and W. H. Reeves. The Baltimore *Star*, in speaking of the play says:

"*Zo Zo*" is a spectacular drama, quite different from the old style, inasmuch as there is no ballet and no variety specialties. It is singularly clean, highly amusing, exceptionally beautiful and quite interesting, while the scenery and paraphernalia excel any similar entertainment in Baltimore. The company is large and efficient. George H. Adams, the comedian and pantomimist, repeatedly convulsing the house with laughter. 'Tis a happy blending of the beautiful with the amusing, feeding both the eye and the ear in a pleasing combination.

DIED.

LUMSDEN—At his residence on North Front st., at 10:45 o'clock, on the night of the 8th inst., Mr. JAMES C. LUMSDEN.

The remains will be conveyed from his house at 9 o'clock, to-morrow (Saturday) morning, to St. John's Church, where the obsequies will be held at 8:30 o'clock. Thence the remains will be taken to Oakdale Cemetery for interment.

Found at Last!

MONEY FOR LIVING!
\$1,000 CASH IN FIVE YEARS TO every investor. It pays better than a Savings Bank; it pays better than Government Bonds; it pays better than Building Associations. But remember this amount can only be realized by securing a certificate in The National Life and Maturity Association, of Washington, D. C. Plan practicable, feasible and controlled by reliable and responsible men of the capital city. Endorsed by our Senator Z. B. Vance and Representatives Wm. R. Cox and Wharton J. Green. It is purely a business investment, therefore should receive the attention and consideration of the business men of Wilmington. This plan is popular throughout the South, because it pays its members while living! For full explanation of plan call at the Parcell House, this city.

Very respectfully,
WM. H. GIBSON,
WM. A. KASTLEIDAY,
Special Traveling Agents,
National Life and Maturity Association,
Washington, D. C.

We are able to add the following testimonials from this city:
W. H. GIBSON, Special Agent—Being acquainted with the majority of the officers and directors of the National Life and Maturity Association, I can truly say that no man stands higher in business or financial circles than they do. Their connection with the Company would make it good if there was nothing else to recommend it.
T. H. WALLACE,
Wilmington, N. C., Oct. 6, 1885.
oct 6 5t

Canon Farrar

in his lecture on Dante, declares the "Divine Comedy" superior to all the epics of Virgil or Milton, not excepting "Paradise Lost."

The New York Times in discussing the war between Mahone and Cameron assumes that Cameron represents "the better element of the Republican party."

The Astor estate has sued the city of New York for \$70,000 damages, caused by the widening of West street and the "permanent improvement of the west side water front."

"Hwntw" is the name applied to the inhabitants of the south of Wales by the men of the north. The northmen have a strong dislike for a "hwntw," and can hardly understand his dialect.

The Paris Vaudeville Theatre has just adopted a very clever invention, by means of which each seat can be at once folded up into the thickness of three inches, rest for the arms and all; likewise a hat stand and a cane stand.

A niece of Congressman Boutelle, of Maine, has become a chorus girl in the Corinne Merrie Makers' Company, at a salary of fourteen dollars a week. She is heiress to \$100,000 and ran away from her home in Bangor, Me., to get on the stage.

The legacy of \$10,000 which Hector Hugo left in one of his wills to the poor of Paris has the curious informality of lacking his signature, although the clause is written entirely with his own hand. The executors and heirs will of course treat it as a legalized bequest.

The Empress Eugenie intends to remove the remains of the late Emperor Napoleon and of the young Prince Imperial from Chiselhurst to Aldershot. Arrangements will be made for carrying out this project as soon as the Empress returns from the Continent.

The property of France, stored in the Garde-Meuble in Paris, is said to have a round value of 30,000,000 francs. It consists chiefly of furniture, glass, and china, and contains among other pieces of historical interest the bed and writing desk of Louis XVI.

Some time ago a compassionate German nobleman bought the favorite old horse of the Emperor William, Sadowa, and kept it in comfort till its death, a short time ago. Now the skin has been well tanned and dressed, and is preserved as an ornament and a relic in the nobleman's country seat.

In 1863 the Rev. Newton Chance, of Texas, killed an editor in Sherman, and moved to Mississippi. At that time he was a lawyer, but, becoming converted, he entered the ministry. Recently he returned to Texas, and while on a visit to Sherman was arrested for the murder committed twenty-two years ago.

Petersburg Index-Appel: General Mahone is bending all his energies to the securing of the next Legislature, for its possession means not only his return to the Senate, but the actual and active control of the State government.

To gain the legislative substance, he is willing to allow the Democrats the executive shadow.

Philadelphia Press, Rep: There is one thing that will do more than anything else to convince the country that President Cleveland desires to recognize the Civil Service Commission in the interest of reform—and that is the prompt dismissal of Commissioner Thomas, the hypocritical and irresponsible member from Ohio.

Chronic Sciatica Cured.

ASHLAND, MASS., January 23, 1885.

For the last two years I have hobbled around on crutches. During that time I was afflicted with sciatic rheumatism. I not only suffered terrible pain night and day, but was utterly helpless. After using every possible effort to get well, and exhausting the best medical advice, I was induced to try four Allcock's Porous Plaster. These I wore on my side; hip-bone and thigh. In one week I was almost entirely free from pain, and strength returned to my palsied limb. I continued using these Plasters with the most surprising results for three months, when I became perfectly cured, and abandoned the use of crutches. Persons desiring further information can address me.

Post Office Box 184, J. F. GATES.
