THIS PAPER may be found on file at Geo. F. Rowell & Co., Newspaper Advertising Bureau (10 Spruce St.), where advertising contracts may be made for it in NEW YORK.

Dr. Fothergill, a greatly respected English authority on dyspepsia, speaks strongly in favor of milk puddings and stewed fruits for the dyspeptic, the bilious and the gouty. He says: "Sugar is undoubtedly objectionable to many, but it is by no means necessary to add sugar to stewed fruit. If the acidity be neutralized by a little bicarbonate of soda, the neutral sweetness of the fruit will be brought out and the dish made more agreeable than though artificially made sugar were added."

For twenty years the women of America have been talking about equal rights, but the time has now come when they ought to talk about equal distribution. There is a woman famine in Dakota. One confident matrimonial agent of that Territory advertises that he will accommodate 10,000 girls with husbands on ninety days' notice, and he has furnished a solitary statistic which ought to send a thrill through every New England spinster's heart, and it is to the effect that in Dakota there are only four unmarried girls in a population of 12,000.

The starry heavens present a rare attraction this month. The splendid Saturn, with its vast rings spread open to their widest extent, will be in perihelion next week, and, as the earth is nearly between it and the sun, the opportunity thus afforded for studying the ringed world is such as occurs only once in about thirty years. It is a sight calculated to open one's eyes to the possibilities of creation to see this huge globe of Saturn hung in space, surrounded by a series of gigantic rings, one inside the other, and all as solid in appearance as the great planet itself.

From all accounts the recent failures in Wall street are simply incidents in the gigantic gambling carried on there in the name of legitimate business. The parties involved have often been in difficulty before, in the ups and downs of the market, and now fail because they were unable to manipulate stocks to suit their purposes. Such failures as these have little effect outside the immediate circle of speculators who live by feeding on one another. The unlucky firms simply bet on the wrong stock, as they might on the wrong horse or card, and so lost their money.

About twice as many people as there are in the whole United States travelled up and down on the elevated railways in New York during the year which ended on Wednesday last. The official report of the Manhattan Consolidated Elevated Railroad Company for the year ending September 30 shows that the cars of the company transported 103,342,242 persons. The gross receipts from fares were \$7,004,461. There was an increase in the number of passengers over last year of 6,639,622. The increase of gross receipts over last year was \$278,101 and the decrease of operating expenses \$130,000.

Concerning the marriage of Sir Charles Dilke to Mrs. Pattison, the London correspondent of the New York Herald says: It seems that the couple were engaged years ago when each was single. The engagement was broken off by a foolish lovers' quarrel. Her late husband, being aware of it, desired that after his death his widow should marry Sir Charles, the Rev. Mark Pattison enjoining his brother to see the lady through her widowhood and into her second wedlock. Mrs. Pattison was left a fortune of £40,000. Mr. Frank Pattison was present as a final discharge of the trust confided to him by his brother, and he provided the feast, where he proposed the health of the bride. It is believed that not much more will be heard now of the Crawford case.

Secretary of the Navy Whitney was in New York the other day. In speaking to a reporter about the Democratic nominations in New York he said: "So far as I know, I don't think President Cleveland had anything to say one way or the other about the Democratic nominations at Saratoga. It's getting to be a settled thing now that the least the President interferes in the politics of the State the better the people like it. I don't know that Mr. Cleveland manifested a preference for one candidate above another before the nominations were made. The other day the Washington papers printed as coming from the White House a statement that President Cleveland was for Governor Hill for Governor. I think he is for Hill. I am for Hill myself. It looks as if he is to be the next Governor of the State."

Examples of Venturesome Ones Commended.

It is often well to emulate the bright examples of those who tempt fortune, and by braving a little win much. Here is an instance shown in the result of the 18th Grand Monthly Drawing of The Louisiana State Lottery, at New Orleans, on Tuesday, Sept. 8th. It is cheerful reading to those fortunate winners who held tickets—No. 50,434, drawing the First Capital Prize of \$75,000, sold at \$1 each in fifties, one to O. Smock, Leavenworth, Kansas; another to John Wiss of Wamego, Kansas; the remainder elsewhere. No. 26,820 also sold in fifties at \$1 each—one to J. A. Clercy, 1098 Washington Ave., New York City; one to Geo. Jackson, Newton, Kansas, collected through Harvey Co. Bank of Newton, Kansas; one to J. G. Sandsberry of Paris, Texas, collected through Paris Exchange Bank; one to Mrs. S. J. Barnhart, Walls, Wa. la, Wash. Ter., etc. No. 80,239 won the Third Prize of \$10,000, also sold in fifties—one held in San Francisco, Cal., collected through Wells, Fargo & Co.'s Bank of San Francisco; another to a party in New Orleans, La., the remainder elsewhere. Nos 64,059 and 64,711 each drew one of the two Fourth Prizes of \$6,000, also sold in fifties at \$1 each—to J. E. Bernstrom, Greenport, N. Y., col. thro' Chatham Nat'l Bank of New York City; another to First Nat'l Bank of Los Angeles, Cal.; another to A. T. Kinsey, collected through First Nat'l Bank of Red Clouds, Neb.; another to Peter Berry, G. ob Vi lage st., South Bride, Mass; another collected by Anglo California Bank (Limited), San Francisco, Cal.; another to a party in Guatemala, C. A., and so on all over the habitable world, the flow of wealth scattered joy and happiness, and a similar occurrence will take place on Tuesday, Nov. 10, of which all information can be had on application to M. A. Dauphin, New Orleans, La. Now—remember these facts and seek to emulate the example of these fortunate ones.

"But John P. Robinson, he sez, they didn't know everythin' down in Judae." They certainly knew little, if they did not know that the safest, quickest, and most pleasant cure for croup, bronchitis, cough, cold in the chest, etc., is Dr. Bull's Cough Syrup.

In the gardens of a certain nobleman's country house there happened to be fixed up at different sports painted boards with this request: "Please do not pick the flowers without leave." Some wag got a paint-brush and added an "s" to the last word.

Why Shake? "Simply because I have chills and fever," says the shaker. But why have chills and fever? "Because malaria got ahead of me." Now, neighbors, remember that Brown's Iron Bitters sets ahead of malaria and malarial fevers. The Rev. Mr. Reilly, of Fayetteville, Ark., says: "I used Brown's Iron Bitters for indigestion and chills, with entire satisfaction." It is the best tonic and enricher of the blood known.

"I declare, Mr. Blank," said a guest to the landlord of a Bar Harbor hotel, "your table is even worse than it was last year." And the indignant Boniface answered with reflection: "That is impossible, sir."

Saving the Lawyers. "The first thing we do, let's kill the lawyers." This is rather a blood-thirsty proposition, which we modify by offering to cure this worthy class of people. Most of them suffer (in common with nearly all others of sedentary habits), from the injurious effects of dyspepsia, indigestion, piles, loss of appetite, and other ailments caused by a constipated habit of the body. Dr. Pierce's "Pleasant Purgative Pellets" eradicate all these disorders in promptly removing the cause thereof, and induce a rare degree of comfort and health.

During such weather as this a man is almost persuaded to become an office-seeker, just for the purpose of being left out in the cold.

Remarkable Escape. John Kuhn, of Lafayette, Ind., had a very narrow escape from death. This is his own story. "One year ago I was in the last stages of Consumption. Our best physicians gave my case up. I finally got so low that our doctor said I could not live twenty-four hours. My friends then purchased a bottle of Dr. Wm. Hall's Balsam for the Lungs, which benefited me. I continued until I took nine bottles. I am now in perfect health having used no other medicine."

Wm. McKnew, 124 Fayette St., Baltimore, Md., says: "I believe 'Favorite Remedy' is a good medicine. It is doing me more good than anything I ever tried, and I have tried most everything, for I am a sufferer from dyspepsia." While "Favorite Remedy" is a specific in Stomach and Bladder disease, it is equally valuable in cases of Bilious disorders, Constipation of the Bowels, and all the class of ills apparently inseparable from the constitutions of women.

Questions Answered III

Ask the most eminent physician (1) any school, what is the best thing in the world for allaying all irritation of the nerves, and curing all forms of nervous complaints, giving natural, childlike refreshing sleep always? And they will tell you unhesitatingly "Some form of Hops!" CHAPTER I. Ask any or all of the most eminent physicians: "What is the only remedy that can be relied on to cure all diseases of the kidneys and urinary organs; Bright's disease, diabetes, retention or inability to retain urine, and all the diseases and ailments peculiar to Women?" "And they will tell you explicitly and emphatically "Buchu!" Ask the same physicians "What is the most reliable and surest cure for all liver diseases or dyspepsia, constipation, indigestion, biliousness, malaria, fever, ague, &c.," and they will tell you "Mandrake! or Dandelion!" Hence, when these remedies are combined with others equally valuable. And compounded into Hop Bitters, such a wonderful and mysterious curative power is developed, which is so varied in its operations that no disease or ill health can possibly exist or resist its power, and yet it is Harmless for the most frail woman, weakest invalid or smallest child to use.

"Almost dead or nearly dyne." For years, and given up by the physicians, of Brights and other kidney diseases, liver complaints, severe coughs, called consumption, have been cured. Women gone nearly crazy!!! From agony of neuralgia, nervousness, wakefulness, and various diseases peculiar to women. People drawn out of shape from excruciating pangs of rheumatism, inflammatory and chronic, or suffering from scrofula. "Rheumatism, blood poisoning, dyspepsia, indigestion, and, in fact, almost all diseases frail." Nature is cured by Hop Bitters, proof of which can be found in every neighborhood in the known world.

None genuine without a bunch of green Hops on the white label. Shun all the vile, poisonous stuff with "Hop" or "Hops" in their name. sept 17 1m d&w nrmtc
