ILLUSTRATED.

HARPER'S BAZAR is the only paper in the world that combines the choicest literature and the finest art illustrations with the latest fashions and methods of household adornment. Its weekly illustrations and descrip-tions of the newest Paris and New York styles, with its useful pattern-sheet supplements and cut patterns, by enabling ladies to be their own dressmakers, save many times the cost of subscription. Its papers on cooking, the management of servants, and housekeeping in its various details are eminently practical, Much attention is given to the interesting topic of social etiquette, and its illustrations of are needie work are acknowledged to be unequalled. Its literary merit is of the nighest excellence, and the unique character of its humorous pictures has won for it the name of the American Punch.

1885. Harper's Young People.

The serial and short stories in Harper's Young People have all the dramatic interest that juvenile fiction can possess, while they are wholly free from what is pernicious or vulgarly sensational. The humorous stories and pictures are full of innocent fun, and the papers on natural history and science, travel, and the facts of life, are by writers whose names give the best assurance of accuracy and value. Hustrated papers on athletic sports, games, and pastimes give full information on games, and pastimes give full information on these subjects. There is nothing cheap about it but its price.

This land adjoins the "Southern Pines", a recently established health resort (or sanitarium), and is specially adapted for Fruit Culture, as well as all the cereals. A number of New England people have bought lots in the town of "Southern Pines," and it is the desire of the owners of this land to induce small farmers, mechanics and others from the New England and Middle States, as well as elsewhere, to locate here. No State in the Union offers greater inducements to gettlers than North Carolina. Nowhere can a better farming country or as fine a climate be found. This is the opinion of Northern men who have settled in North Carolina. This is a bona fide offer, and is limited.
