The Daily Review has the largest  
circulation of any newspaper  
published in the city of Wilmington.

Richmond State: Mahone was de-  
feated in 1883. Mahone was defeated in  
1884. Mahone was defeated in 1885.

An agent of the Chicago Citizens'  
League, charged with repressing the  
irregular sale of liquor, has just been  
seized for a two hundred dollar bar bill.

Archdeacon Farrar drew the largest  
audience ever crowded into Trinity  
Church, Boston—considerably larger  
than his lecture audiences will be in the  
same city, as the preaching was free.

A confectioner in Indianapolis gives  
customers the privilege of eating all the  
candy they can get away with at one  
time in his store for 25 cents each, and  
declares that he makes money on nine  
out of ten.

St. Peter's Cathedral, just completed  
at Moscow, has five cupolas, and 900  
pounds of pure gold were used in over-  
laying them. The doors of the temple  
cost \$310,000 and the marble floors  
\$1,500,000.

An expert in fine foreign tobaccos  
says that "the American tobacco is  
strong, because only the male plant  
grows on this side of the Atlantic, while  
the female plant is the exclusive pro-  
duct of Turkey and the Orient."

It is said that Ira Davenport spent  
\$75,000 in his canvass for Governor of  
New York. Andrew J. White, of  
New York City, is said to have put  
\$40,000 in his fight for sheriff. John  
W. Jacobus also spent \$10,000 in his  
efforts to be elected sheriff.

Russia has decided to construct as  
speedily as possible four more steel  
cruisers for the Baltic and three ships  
for the Black Sea fleet. Work will be-  
gin as soon as three enormous iron-  
clads, each of 10,000 tons, are launch-  
ed from the dockyards of Sebastopol.

Lord Roseberry has been telling a  
pretty little story about his pretty little  
daughter. Her nurse had told her that  
she would think less in the day  
she would dream less at night. "But  
I can't help thinking!" answered my  
nurse; "for you know I can't make my  
mind sit down!"

The leading physicians of New York  
are most interested in Prof. Louis  
Pasteur's experiments in inoculating  
the human body to prevent hydropho-  
bia. Drs. Alexander B. Mott and  
John C. Peters have studied the sub-  
ject carefully and praise the new treat-  
ment.

New York World: The fact that  
Gov. Hill was the representative of real  
Democracy, and not of sham Mug-  
wump Democracy, secured his election  
by a majority probably fifteen or twen-  
ty times greater than the State gave  
Mr. Cleveland last year. This is the  
lesson of the election.

A young actor named Bishop belong-  
ed to a troupe that had to disband in  
Chicago recently on account of finan-  
cial reverses. He adopted a novel plan  
of returning to his home in Philadel-  
phia. As he had no money he could  
not buy a ticket, so he went to the po-  
lice station and surrendered himself as a  
forger, who was wanted in Philadel-  
phia.

Oscar Wilde is now engaged in work-  
ing up a reform in ladies' nightdresses.  
The noted apostle of aestheticism con-  
siders the present style of night ap-  
parel worn by ladies wholly unbecom-  
ing and advocates the use of soft silk in  
shades suitable to the complexion of  
the wearer. He advises also consider-  
able alteration in the cut and the modes  
of trimming now in vogue.

There was much discussion at the  
National Convention of the Woman's  
Christian Temperance Union in Phila-  
delphia as to the proper way of ad-  
dressing the presiding officer. Some  
insisted that she should be addressed as  
"Mrs. President," and some as "Ma-  
dame President," but Miss Francis  
Willard, the "President," decided that  
she should be addressed as "Miss Pres-  
ident."

Washington letter to Alexandria Ga-  
zette, 4th: Ex-Congressman Dezen-  
dorf, when asked to-day what he  
thought of the result in Virginia, said  
he was not at all surprised at it, in fact  
that it turned out just as he had said  
as soon as Mahone, in his platform, term-  
ed Virginians murderers and assassins,  
and when he ignored and contemned  
the original and real Republicans of  
the State.

# THE DAILY REVIEW.

VOL. IX. WILMINGTON, N. C. MONDAY, NOVEMBER 9, 1885. NO. 261

We clip the following from the  
Asheville Advance. There were two  
lines more but we did not care to pub-  
lish those:  
**LITTLE BOSS BILLY.**  
Here lies the body of Bill Mahone,  
Dead as a dog, dry as a bone.  
Little in soul, little in figure,  
Came to his death by swallowing a  
nigger.  
Here is the spot where the little boss  
lies,  
And everybody laughs and nobody  
cries.

Mr. Andrew J. Morrison, of Buffalo,  
N. Y., has invented a system for rapid  
transit in the air. It consists of a con-  
tinuous series of balloons, anchored to  
the ground, adjustable as to height,  
with a wire cable stretched from one to  
the other. Along this cable cars are  
made to travel by the always reliable  
motor—gravitation. The courageous  
passenger enters the car from a conve-  
nient house-top or elevated station, after  
which the anchor rope is paid out, and  
the balloon allowed to rise high enough  
to make the cable between it and the  
next balloon an inclined plane, down  
which the car coasts at great speed.—  
At the next station the operation is re-  
peated, so that the line becomes a suc-  
cession of inclined planes.

The receipts of cotton at this port to-

Schr. L. S. Levering, Corson, hence,  
arrived at New York Nov. 7th.

The matrimonial fever is rather  
stronger than it has been for the past  
three or four months.

Miss E. Karrer has a new and at-  
tractive ad. in this issue, to which the  
attention of the ladies is invited.

Just received a lot of burglar proof  
blind fasts. Call and see them at JA-  
COBI'S Hdq. Depot, and you will buy.

The New Hanover Criminal Court,  
Judge Meares presiding, will convene  
at the Court House in this city on Mon-  
day next.

It is considerably cooler to-day than  
it has been for the past few days and  
the atmosphere is invigorating and  
healthy.

We ask farmers and those in need  
of a corn sheller to examine our stock  
and bear our low prices before buying  
JACOBI'S Hdq. Depot.

In consequence of the inclemency of  
the weather the congregations at the  
different churches in the city yesterday  
morning were rather small.

A great lot of Gent's heavy Canton  
Flannel Drawers, from 40c and up-  
wards, at the Wilmington Shirt Facto-  
ry, 27 Market st. J. ELISBACH, Prop.

There was one white tramp accom-  
modated with lodgings at the guard  
house last night. He was a very intelli-  
gent Irishman and was bound to  
Savannah, Ga.

The ladies are interested in knowing  
that next Friday and Saturday have  
been set apart by Mrs. Lumsden as  
opening days, on which occasion she  
will display the beautiful things pur-  
chased by her recently in New York.

## Our November Trade

Opened with wholesome promise of a  
lively business and finds us thoroughly  
prepared: Our stock, notwithstanding  
the great rush we had, has been renew-  
ed, increased and strengthened when  
necessary and is now in splendid con-  
dition. Our enormous purchases from  
the largest clothing houses in the coun-  
try this Fall enables us to give bargains  
in all grades of clothing that others in  
the trade have found it impossible to ap-  
proach. Hence it is that our trade has  
exceeded all former years. Should it  
become necessary, we can do still bet-  
ter, for we are determined to deserve  
and hold the patronage we have won  
and to increase it by all honorable  
and legitimate means. We have never  
published an untruth. We stand ready  
and prepared to discount in value qual-  
ities and inducements any house may  
offer in the State. SHIRTER, the Old Re-  
liable Clothier, 114 Market street. †

## More Light.

There is a movement on foot among  
some of the progressive men of the city  
looking to the organization of an elec-  
tric light company. It is proposed to  
have electric lights here and those in-  
terested in the matter will make an  
effort to secure the privilege of using  
them for lighting the streets of the city  
as well as for stores, hotels, offices and  
dwellings. It is claimed that electric  
lights can be furnished as cheaply as any  
other illuminating power, and of better  
quality. The idea as yet is only mooted,  
but those who have taken an inter-  
est in the matter are men who will be  
apt to push the work to completion.

## Highway Robbery.

Gregg, colored, who keeps an  
eating saloon in the Hollow, while on  
his way home at about half past 1  
o'clock on Sunday morning, and when at  
the corner of Sixth and Bladen streets,  
was assaulted by some unknown  
colored man and, besides being badly  
cut, was robbed of all the money which  
he had about his person, amounting to  
three dollars and a half. The robber  
also stole Gregg's knife. The cutting  
is serious and in a dangerous locali-  
ties, one gash being across the right  
side of his neck and the other across the  
left breast. Gregg came here from  
South Carolina. No arrests have as  
yet been made.

When you think that you need a new  
hat, you will be reminded that the  
"Melville" is the best, and it is sold by  
DYER.

## We Visited

Mr. FISHLATE's great Clothing Em-  
porium on Saturday, and we must say  
that he has the largest stock of clothing  
and gent's furnishings that we have  
ever seen South of Philadelphia. His  
store was full of customers and he was  
doing an immense business. He states  
that there is no dull times in his store,  
that his business has grown to such an  
extent that he had to employ addition-  
al salesmen. His country order de-  
partment is a business in itself. We  
are glad to note these facts for his es-  
tablishment is a credit to any city and  
it is just such houses that go a great  
way in improving and help to a great  
extent to build up a city. We congrat-  
ulate him upon his success.

## City Court.

A white man, whose name we sup-  
press by request, was brought before  
the Mayor this morning, charged with  
disorderly conduct. He was fined \$50  
for the offense, in default of which he  
will be required to work at hard labor  
on the public streets under the direction  
of the Chief of Police until the fine and  
costs are paid.

Fannie Gore, for a like offense, was  
fined \$25, or to work upon the streets  
until fine and costs are paid.

In passing these sentences the Mayor  
stated that he was determined to try  
and break up the frequent recurrence  
of the violations of the law by chronic  
offenders, and should hereafter impose  
and enforce the extreme penalty.

## A Curiosity.

Mr. C. J. Gause, of Shallotte town-  
ship, Brunswick county, has on exhibi-  
tion at No. 11, South Front street, a  
mammoth saw fish. It was thirteen  
feet long when first caught and weighed  
about 600 pounds. The saw is three  
feet and a half long and is a fearful  
looking weapon. Such fish are seldom  
seen in these waters, and we had much  
rather see them dead than when alive.  
The fish in question was caught at  
Bland's fishery, on Gause's Beach,  
Brunswick county, and has been studied  
and preserved for exhibition. The price  
of admission to see this wonder of the  
deep has been fixed at ten cents, which  
is cheap enough. It will remain in the  
city several days, and is well worthy  
the attention of the people and espe-  
cially of those who have a fondness for  
natural history.

## The Festival.

The ladies connected with St. Thom-  
as' Catholic Church were busy to-day  
at the City Hall in arranging arti-  
cles and decorating the room for the  
festival which will be given to-night.  
There were quite a number of them  
thus engaged and with nimble fingers  
and womanly taste they made the hall  
a picture of animate and inanimate  
loveliness. Appearances now indicate  
that there will be pleasant weather for  
the festival and we hope that there  
will be a full attendance every night  
as a recompense to the ladies who have  
worked so faithfully to entertain the  
public. Mayor Hall will deliver the  
opening address and Prof. Deuck, who  
is a host in himself, will preside at  
the piano.

## Personal.

Mr. Wm. A. French has returned to  
the city from a two weeks' visit to  
Northern cities.

Mr. W. J. Sutton, Representative in  
the Legislature from Bladen county,  
was in the city to-day.

Mr. G. Priggs, Jr., has recently re-  
turned to the city from Jacksonville,  
where he has been for the purpose of  
putting up electric bells in two of the  
hotels in that city.

Mr. James A. Taylor, of the firm of  
Parker & Taylor, is one of the dele-  
gates to the Baptist State Convention,  
which will convene at Reidsville to-  
morrow, and expects to leave for there  
to-night.

Mr. Eugene McKenzie, formerly of  
this city, but now living in Savan-  
nah, Ga., arrived here on Sunday morn-  
ing's train. He will return to Savannah  
on Wednesday night, taking with him  
as a bride one of Wilmington's fair  
daughters.

Mr. Frank V. Hawley, business  
manager of the Myra Goodwin "Sis"  
Combination, a musical comedy, which  
will be presented at the Opera House  
on the nights of the 18th and 19th inst.,  
is in the city to-day making the neces-  
sary arrangements therefor.

Mr. J. H. Guasman, business agent  
for the Madison Square Theatre Co.,  
is in the city to-day making the neces-  
sary arrangements for the presentation  
of the drama of "Young Mrs. Win-  
throp," which will be presented at the  
Opera House on the night of the 14th  
inst.
