Day's length 9 hours and 43 minutes.

There were no interments in Bellevue Cemetery this week.

There were no interments in Oakdale Cemetery this week.

The receipts of cotton at this port today foot up 463 bales.

Sunset to-morrow afternoon at 50 minutes past 4 o'clock.

This weather is more suitable for May than for December.

Full moon on Monday afternoon at 44 minutes past 3 o'clock.

The Register of Deeds issued no marriage licenses this week.

You may look out for a cold wave from the Northwest in a day or two.

There were four interments in Pice Forest Cemetery this week, all adults.

The market is well supplied with poultry, and it is offered at quite a reasonable price.

We have had remarkably fine, soft weather to-day, but it will hardly continue many days.

A large king snake, nearly four feet long, was killed in Custom House Alley this morning.

The "Death on Dirt" show at the corner of Front and Market streets continues to attract large crowds nightly.

Let everybody go to church to-morrow and pray to be kept from evil and from temptation during the Xmas holidays.

A great lot of Gent's heavy Canton Flannel Drawers, from 40c and upwards, at the Wilmington Shirt Factory, 27 Market St., J. ELSAUGH, Prop.

There will be an excursion from Wadesboro to this city on Tuesday. The party will come down on Monday night's train and return on Wednesday night.

A gentleman wants to borrow \$2,000 for two years and he advertises in this issue for it. He offers the best class of security, mortgage on real estate or bank stock collateral.

Robbing hen roosts has gotten to be so common as to be monotonous. There is hardly a night but some one is despoiled of his poultry, and it is not uncommon to hear of two or three who have suffered the same loss.

Dr. John H. Freeman has about completed a large and substantial frame building, consisting of a store house below and a dwelling house above, on his property corner of Campbell and Fourth streets, on the site of the building destroyed by fire last Winter.

George Nash, a colored boy, was brought before the Mayor this morning charged with the larceny of some wood from one of the wharves last night. The charge was sustained and Nash was bound over to the next term of the Criminal Court in the sum of \$50.

Another Boat.

The steamer Delta, owned by Mr. John D. Kerr, and commanded by Capt. A. L. Hubbard, put in an appearance here to-day. She is designed to run as a freight and passenger boat between Wilmington and Newkirk's Bridge, on Black River, in Sampson county, and has a capacity of about 300 barrels of rosin.

A Retic.

We saw to-day a doll's cradle which has been in the same family through succeeding generations for more than 80 years. It is of poplar, is a decidedly old-fashioned affair and shows but little of the effects of time or hard usage, and looks as if it might do equally good service for 60 years to come.

Cotton.

The receipts of cotton at this port for the week ended December 19th, 1885, foot up 4,630 bales, as against 3,593 bales for the corresponding week last year, an increase of 1,037 bales. The receipts for the crop year to date foot up 74,372 bales against 79,110 bales for the corresponding period last year, a decrease this year of 4,738 bales.

Clinton & Warsaw R. R.

Our neighbors in Clinton (who, by the way, are as clever a set of people as the sun ever shone on) are at last to have railway connection with the outside world. The grading of the road between Clinton and Warsaw has been begun and there are now nearly a hundred convicts at work, with the promise of more very soon. There is very little grading, in fact, to be done, and it will not be long before the road will be ready for the iron. We hope to ride to Clinton by rail next Summer.

A Predicament.

It appears that there is now no U. S. Marshal or Deputy Marshal to serve papers for the U. S. Commissioners, should such service be required. Mr. J. B. Hill, the former U. S. Marshal, has been suspended and Capt. V. V. Richardson, the recently appointed Marshal, has not yet assumed the duties of his office nor appointed a deputy, in consequence of which the Commissioner's Court is without the necessary officials with which to conduct its official business. It is stated that Capt. Richardson will not assume the duties of the office until January 1st, 1886, and in the interim the Court is powerless.

He Feels Better Now.

The following stanzas were found on the back of a letter which was opened by mistake by a young lawyer in this city. The letter was for another party with precisely the same name and when our young friend found out his error he relieved his burdened soul with the following effusion and returned the letter for delivery to the other party:

To the Postmaster:
Oh, search for the man with the big red beard
This letter belongs to him
And not to the man whose locks are sheared
And has no hair on his chin.
'Tis not for the man who wags his tongue
And exhausts the jury clan
But for him who rises with the sun
And goes for the rural man,
And shouts with a voice that sounds like a drum
"Oh, I am the fruit tree man."

Masonic Elections.

The different Masonic lodges in the city have held their regular annual elections of officers to serve for the ensuing year and they will be duly installed on the evening of the 28th inst. St. John's Day, Dec. 27th, is the time usually appointed for such ceremonies, but as that day will be on Sunday, the next day will be substituted. The following is the list of officers elected in each lodge:

Keep sweet your breath—if maid or wife,
Or old or young, or large or small,
If you have any hope in life,
If you have any friends at all,
Keep sweet your breath—and heed the warning.
Use SOZODONT each night and morning!

Like the Perfume Wafted
from beds of flowers is the breath that has been rendered agreeably odorous with SOZODONT, which communicates to the teeth a marble whiteness, and to the gums a roseate tint. Use it, and beautify your mouth.

"SPALDING'S GLUE," useful in every house.

Going to Florida.

We regret very much to learn that our good friend, Capt. R. P. Paddison, has definitely decided to remove to Florida. He is a live, energetic man and the people of Pender county, and of the Point Caswell section in particular, will miss him sorely.

As preliminary to the move Capt. Paddison will dispose of all his property here and this is advertised in this issue. It is very valuable and offers an excellent opportunity to those who may have the means and desire to purchase.

Personal.

Mr. John D. Kerr, of Sampson county, was in the city to-day.

Dr. W. G. Curtis, of Smithville, was in the city to-day and favored us with a visit.

We regret to learn that there is no improvement as yet in Mr. John E. Lippitt's condition.

Rev. D. H. Tuttle arrived home last night and will occupy the pulpit of Fifth Street M. E. Church at the usual hours to-morrow.

We are sorry to learn that Mr. John F. Garrell has been quite sick and confined to the house for some days past. He was reported as better this morning and hopes to be out on Monday.

Cards are out for the marriage, in St. Mark's Church, Brunswick, Ga., on the 24th inst., of Miss Florence, daughter of Mr. R. B. Wood, Jr., and Mr. Jesse P. Shelley, both formerly of this city.

Col. J. T. Anthony, of the firm of Anthony & Bryce, returned to the city last night from Washington, D. C., where he has been in the interest of the military of the State. He met there delegations of military men from the several States, whose object was to obtain from the general government substantial recognition through an appropriation for the several State organizations with the idea of making the different State Guards a National Guard. Col. Anthony reports that the prospects are quite favorable. Senator Logan, who is Chairman of the Senate Military Committee, is favorable to the scheme and will give the matter his hearty support. Gen. Sheridan also looks upon the matter with favor as do also several others of the prominent officials of the government.

Exports Foreign.

Nor, barque *Mida*, Frost, cleared to-day for Granton, Scotland, with 3,941 barrels rosin, valued at \$4,158.52, shipped by Messrs. Robinson & King.

Schr. *Anna Bell*, Macomber, cleared for Port-au-Prince, Hayti, with 186,945 feet lumber and 21,750 shingles, valued at \$3,762.53, shipped by Messrs. E. Kidder & Son; making a total of exports foreign amounting to \$7,861.05.

There were two white tramps and one colored tramp accommodated with lodgings at the guard house last night.

The REVIEW JOB OFFICE is the place to get good work at moderate prices.

NEW ADVERTISEMENTS.

A Fine Opening for a Good Investment.

HAVING DECIDED TO REMOVE TO the State of Florida, I will offer for the next 30 days the property described below for sale, or lease for a term of years, situated at Point Caswell, Pender county, the terminus of the C. P. & W. R. R., at the head of navigation on Black River.

10 Houses, as follows:
One two-story dwelling with 8 large rooms, passage above and below, double piazza, large dining room and kitchen attached; good water in yard. One dwelling, cottage style, 3 rooms, full piazza, good water in yard. One dwelling with 4 rooms and passage, good dining room and kitchen, good water in yard. Two dwellings with 2 rooms each. Two houses with 1 room each. One store 20x20. One store 15x20, one-story with all modern improvements. Also, my dwelling, containing 12 rooms, with all necessary out buildings, washhouse, wood-house, dairy, buggy houses, large stables, and well and pump of good water, large vegetable garden, fine flower garden, and orchard of Peas, Plums and 1000 Looney Pear trees. This is one of the most comfortable, convenient and pleasant homes in the country; there are also 12 acres of fine land in a high state of cultivation, attached. Also, the celebrated *Malibey's Point Fruit Farm*, containing 3,000 trees of various kinds. This is by far the best location for raising early fruit in the Eastern part of the State, being only 23 miles from Wilmington and directly on the Black River, where there is a daily transportation. One thing which adds so largely to the value of this place for an orchard is that the early bloom is not injured by late frosts, and will sell the elegant screw steamer *Susie* and steam yacht *D. J. Black*, with all my wharf and freight sheds, also my good will and interest. This route I have been running for the last 15 years and have established a good and permanent trade; these boats have been recently thoroughly overhauled and refitted in every particular, and to any one wishing to engage in this business, this is an extraordinary offer. I will also sell a good Turpentine Still, 16 barrel capacity, in good order, fitted up complete, with steam pump and good supply of cool water, located on my wharf with plenty of wharf room. Also, a fine stock of goods, such as is usually kept in a first class country store. (See dead stock.)

Point Caswell is a healthy town, with fine society, two Churches and a flourishing Academy. For further particulars apply to J. R. PADDISON, Point Caswell, N. C., or to me at Jacksonville, Florida.
