In the first six months of the current Exchange ran up the following totals: bank stocks 9 898 shares. The sales of sales in the last half of 1885 exceeding hose of the first half of 1886 by 9 412, . shares in 48,386 869 were sold in the first quarter. The sales in the first halt of 1886 surpassed those of 1885. 1883, and 1879 the latter being about half the ordinary average, but were ex ceeded by the sales of 1884, 1882, 1881, and 1880. The sales of the first half of 1881 marked that for the banner year at least of commissions and brokerages, amounting to 65,171 885 shares In the entire list of the thirty active properties, only eleven are higher than at the beginning of the year, or as high, the gains in most being slight while nineteen are lower. A quite general hardening of domestic money markets and a widespread improvement in mercantile collections. To a certain extent this is true at New York At a few cities autumn buying has begun; notably Louisville. where takings are said to be large. This movement is not general as yet, and, owing to the confidence with which traders to k ahead to it, its coming is awaited with exceptional interest. The volumne of merchandise distributed has not varied materially from that of a week ago. The total of back clearings at twenty-rine cities for this week, specially wired to Brad trie's, is \$846,986,202 against \$835,772 000 last week (five days) and a compared with \$821,758 600 in the like week, 1885 .-The earnings of 33 railroads for the first week in July aggregate \$3 130,449, against \$2 806,164 in 1885 and \$2,354,-018 in 1884 The unfavorable wheat crop prospect seems to discourage spec ulation on the New York Stock Exchange, and the temporary stoppage of hostilities among the granger roads was not sufficient to put prices up,-Some activity and strength was developed in the trunk-line stocks on the improved earnings of Erie .--Transactions were 1,077,000 shares, against 1,247,000 shares last week. Money is in fair supply on call at from 2 to 3 per cent. Exchange is weak. Now that the domestic wool clip has been cleaned up interest centers on the degree of shortage as compared with last year. Conservative authorities place it ot 10 per cent., with the greater slare of the decrease in Tennessee, Kentucky Virginia, Pennsylvania. Ohio and Texas London wool prices are no higher. Domestic quotations are unchanged and holders very firm. Stocks of cotton goods at the east are small and some brands are higher, checking sales to jobbers. The next offering of cassimeres is expected to be at higher prices, when the demand for raw wool by makers will become active. Print cloths are firm and higher at 3 5 16c. The steel rail mills indicate their prosperity by increasing the total allo ment for the year to 1,400,000 tons, 1,100,000 tons having been already contracted for. The activity in Besse mer pig at \$19 per ton, its production
