**Indications.** For North Carolina, colder Northerly winds and fair weather.

**Election of Officers.** The following officers have been elected by the Germania Cornet Band, to serve for the ensuing year:  
President—M. Rathjen  
Vice President—E. Schulken, Jr.  
Secretary—J. G. L. Gieschen.  
Treasurer—C. F. Von Kampen.  
Leader—A. Werhahn.

**Clearance Sale.** Big reduction in clothing at SHRIER'S. All small lots where sizes are broken in suits; overcoats for men, boys and children, reduced in price \$2, \$3, \$4 and \$5. The real cost or actual value of the goods have nothing to do with the low prices. SHRIER has reduced them to some extraordinary big value for very little money. Don't fail to see SHRIER for bargains; first come will have best choice to select from at the very low prices. New styles and reliable clothing can be had at I. SPRIER'S, the Old Reliable Clothier, 114 Market Street.

**Cotton.** The receipts of cotton at this port for the week ended Jan. 8th, 1887, foot up 1,935 bales, as against 1,488 bales for the corresponding week last year; an increase of 447 bales. The receipts for the crop year to date foot up 116,732 bales, as against 89,441 bales for the corresponding period last year; an increase of bales 36,291.

**Fire on the River.** A flat upon which there were two bales of cotton, 49 casks spirits turpentine and 34 barrels resin, consigned to Mr. Owen Fennell, was burned yesterday with its entire cargo while coming down Black River. The flat belonged to Messrs. Herring & Peterson of Sampson county. We could gain no particulars of the cause of the fire. No insurance.

**Magistrate's Court.** David Aycock, one of the striking firemen of the Atlantic Coast Line, charged with attempted intimidation, whose preliminary examination had been twice continued, was brought before Justice E. D. Hall this morning, who after hearing the testimony required the defendant to give a bond to keep the peace in the sum of \$50.

**Change of Schedule.** Our readers will notice by reference to the time table of the Wilmington & Weldon Railroad, in another column, that on and after to-morrow there will be change of schedule on the Midland branch, between Goldsboro and Smithfield. By the new schedule trains will leave Goldsboro at 7 a. m., and arrive at Smithfield at 8:30 a. m. Returning, trains will leave Smithfield at 9 a. m., and arrive at Goldsboro at 10:30 a. m. All other trains will be run as heretofore.

**Personal.** Col. F. H. Cameron, of Raleigh, is in the city to-day.

Mr. E. Murrell, sheriff of Onslow county, is in the city to-day.

Mr. W. J. Meadows, formerly of this city but now of Oxford, N. C., arrived in the city last night and registered at the Parcell.

Mrs. Adelheid Bornemann of Lamsedt, Hanover, Germany, who has been in this city for some weeks past on a visit to her sons here, left this morning for New York on the steamship *Gulf Stream*, where she will remain for a few weeks with her children in that city, and will then sail for home to rejoin her aged husband and young daughter in Germany. Her children in this city parted with her with the greatest regret.

**The Weather.** Last night was one of most inclement and stormy of the season. The rainfall since yesterday morning, while amounting only to .58 of an inch, has been accompanied with such a low temperature that it has been as disagreeable as need be. The prevailing winds throughout the country this morning were East and Northeast, with a high barometer in the Northwest and a low barometer in the Southwest. The thermometer at the signal office here this morning indicated 31 degrees above zero, with a corresponding temperature in nearly every portion of the South. In the Northwest, however, there was a difference, the thermometer at Bismarck indicating 39 degrees below. It was 28 below at Yankton, 35 below at St. Paul, and 17 below at Omaha. At Charleston, S. C., it was 27 above with a light snow.

MUNSON is selling ready made clothing at a discount. Go and examine his stock.

**A Clear Complexion.** How can you expect a clear complexion when the blood is full of impurities and the stomach clogged? The blood becomes impure because the liver does not act properly and work off the poison from the system, and the certain results are blotches, pimples and eruptions. Purify the blood with Simmonds Liver Regulator, and regulate the liver, stomach and bowels, and then the skin will become clear.

**Virtue in Brandreth's Pills.** There is more virtue in one BRANDRETH'S PILL than in a bottle of the best Sarsaparilla. The solid extract of Sarsaparilla contained in BRANDRETH'S PILLS in combination with other Vegetable Extracts, makes them the strongest blood purifier known. One or two at night for a week will remove all pimples and eruptions of the skin, and make the complexion fair as an infant.

Do you need a good heating or cooking stove? Then go to JACOB'S. There you will find a large assortment to select from. His low prices will please you.

**Fire in Sampson.** The dwelling, kitchen and smoke house of Mr. W. K. Pigford, about four miles from Clinton, were totally destroyed by fire early yesterday-morning. Mr. Pigford succeeded in saving most of his meat and a portion of his furniture. There was no insurance upon any of the property. Loss not yet ascertained.

**The Inside Track.** Notwithstanding the inclement weather there was a good attendance at the Opera House last night to witness the performance of the above named play by the Oliver Byron Company. Mr. Byron assumed the principal role and was ably assisted by Kate Byron and an unusually strong support. The play is interesting in plot, bright in dialogue and striking in many of its situations. Mr. Byron is well known to Wilmington theatre goers, having appeared here two years ago in the play of "Across the Continent," at which time he made himself popular by conscientious acting. The performance last night was all that could be desired and the audience were delighted, as was manifest by the many hearty bursts of applause that were given the actors and actresses.

**Joint Meeting.** There was a joint meeting of the Board of Aldermen and the Board of Audit and Finance held in the Mayor's office last night for the consideration of the report of the commission appointed by the former to treat with the Cape Fear & Yadkin Valley Railroad Company with reference to a subscription by the city by which the extension of that road to Wilmington should be accomplished. Mayor Hall presided and the members of both Boards were present, with the exception of Aldermen Bear and Rourke.

The point of order was raised by Mr. R. J. Jones, of the Board of Audit and Finance, that the commission had not been regularly appointed, and Alderman Giles called for the reading of the resolution under which the commission was created.

Mr. DuBrutz Cutlar, attorney for the city, gave it as his opinion that the commission was properly appointed.

Mr. Calder was opposed to the question of subscription being submitted to the people, but if it could be left to the vote of the real estate owners, he would be willing that the election should be held at once.

Alderman Worth and Mr. Gore, of the Board of Audit and Finance, thought that four-fifths of the real estate owners were in favor of the subscription.

Alderman Giles thought the holders of city bonds should have consideration in the matter.

After much discussion, the Chair ruled that the point of order raised by Mr. Jones was not well taken. Mr. Jones appealed from the decision of the Chair, when the latter was sustained.

Mr. Jones then made a motion, which was seconded by Alderman Giles, that the report of the commission be rejected, during the discussion of which a motion was made to adjourn which was carried.

After the adjournment of the joint meeting the Board of Aldermen voted to meet in special session on Wednesday next, at 8 p. m.

A bill has been introduced in the Pennsylvania Legislature requiring all persons who employ females to provide them with chairs and allow them to be seated when not actively engaged.

Archibald Forbes, the English war correspondent, will return from Europe this month and pass the remainder of the season in Washington with his American wife, who was a Miss Meigs, of that city.

A recent Parliamentary return indicates that during the past thirty years there has been a continuous decrease of pauperism in England and Wales, the number of paupers being now 25 to the thousand, against 43 to the thousand in 1857.

There is said to be a great migration of the colored people from the cotton regions of Mississippi to the Yazoo valley, which is now thrown open to business by Western capitalists. The planters say that they cannot pay the wages that the lumber men pay, and that if the lumber business continues they will be ruined.

A significant indication of the increase of population in New York is the excess of deaths over births. This reads like a paradox, says the *World*, but the fact is that an excess of births over deaths is an indication that population is not recruited by immigration. There are more deaths than births in New York, because there are more people who choose New York as the place of their death than there are who have chosen New York as the place of their birth.

Rumors are current at the Vatican, according to Paris journals, that the Pope has addressed a letter to the Emperor of Austria, calling His Majesty's attention to the position of the Holy See in Italy, and to the persecutions to which it is exposed from the Italian Government. The Roman Fanfulla says that in this letter the Pope asks the Emperor's intervention, saying that he will be compelled to leave Rome should the present state of things continue.

**Most Excellent.** J. J. Atkins, Chief of Police, Knoxville, Tenn., writes: "My family and I are beneficiaries of your most excellent medicine, Dr. King's New Discovery for consumption; having found it to be all that you claim for it, desire to testify to its virtue. My friends to whom I have recommended it praise it at every opportunity."

Dr. King's New Discovery for Consumption is guaranteed to cure Coughs, Colds, Bronchitis, Asthma, Croup and every affection of Throat, Chest and Lungs.

Trial Bottles free at W. H. Green & Co's. Large Size \$1.00.

**Wonderful Cures.** W. D. Hoyt & Co. Wholesale and Retail Druggists of Rome, Ga., say: "We have been selling Dr. King's New Discovery, Electric Bitters and Bucklen's Arnica Salve for two years. Have never handled remedies that sell as well, or give such universal satisfaction. There have been some wonderful cures effected by these medicines in this city. Several cases of pronounced Consumption have been entirely cured by the use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Bitters. We guarantee them always. Sold by W. H. Green & Co."
