Old and mutilated bank notes, when returned to the United States Treasury are chopped up and made into a pulp which is moulded into various shapes and forms. The latest design is a miniature bust of Mrs. Cleveland, which has a ready sale. It takes \$10,000 worth of old bank notes to make one of these designs.

Rosa Bonheur, the most celebrated painter of animals that has ever lived, has long been anxious for a genuine wild horse. Such a horse, recently captured from a band running in our far West, has been shipped to her. It is as wild as wild can be; and it is to be seen whether even Miss Bonheur can transfer to canvas his blazing eyes and other peculiar features.

The famous trotter Harry Wilkes won \$17,845 during the season of 1886. It is the largest sum won by any trotting horse in recent years, and makes his total winnings in the three years he has been on the turf the snug sum of \$37,863. Oliver K was the horse whose winnings were next largest to those of the handsome bay gelding, but he is over \$7,000 behind Wilkes in the amount won during the year.

Among the begging letters recently received at the office of a benevolent society was one running thus: "This unfortunate young man is the only son of a widow who died childless, and his earnings maintain his aged father and infant brothers, whose sole support he is." The secretary of the bureau wrote on the margin of the epistle the following note: "The circumstances of this case are probably exaggerated."

We have very little fears of the result of the attempt to subvert the present system of county government in this State. The House is for it, of course, because there are enough renegades in that body for the Democratic party to give a majority to the Republicans, but we feel sure that the Senate will stand firm. It would be a suicidal policy for the Democrats of the West to force this thing on their brethren of the East. It would be cutting their own throats. The News and Observer puts the matter plainly when it says:

The county government matter has been made a special order in the House for Friday. There should be but one sentiment with regard to it among North Carolina Democrats. It is of importance to the whole State. It is of vital importance to the East—and the East has its due proportion of taxpayers. If the property-holding classes of the East are made to yield place in the management of their local affairs to those who will make ducks and drakes of their means, they will be deprived at the same time of the ability to pay taxes in any considerable measure. The whole State is therefore interested in the maintenance of the status quo. A part cannot be injured without the effects of the injury being felt by the whole, and a change at this time, it is admitted even by those who seek a repeal for certain counties, would be a serious blow to the people of the East. Let all who have the true interests of the State at heart stand with the Democratic party in opposition to any change in the self-preservative system which now obtains.

The Soiree.
The soiree given by Prof. Bellezza at Germania Hall on Tuesday night was attended by large number of ladies and gentlemen, many of whom were parents of the pupils who assembled to witness the progress made by the children. The occasion was an entire success and gave great delight to all present. The fancy dances, prominent among which was the never-to-be-discarded "Highland Fling," were finely and gracefully executed by some of the younger pupils.

In favor of extending aid by a city subscription: 229 names, paying taxes to the amount of \$20,652.39. Opposed: 21 names, paying taxes to the amount of \$2,529.86. Fifteen refused to express an opinion either way and these 15 pay taxes to the amount of \$1,546.35. Add the 15 last mentioned to the 24 who opposed and we have a total of 39 names, paying taxes to the amount of \$4,476.22, as against 229 paying taxes to the amount of \$20,652.39.

Canes, umbrellas, collars and cuffs in great variety at MUNS-N'S
Nor. barque Heinrich Bjorn, Myrstein, hence, arrived at London Jan. 5th.

You will save money and get the best work by sending your clothes for repairs to John Dyer and Son.

There was an abundance of frost this morning, but that and the dense fog were soon dispelled by the cheering rays of a warm sun.

There has been a good deal of railroad talk on the streets to-day, and all sorts of railroad projects have been mooted and discussed.

The examination of the mutinous sailors of the schooner Joseph Daymore, mentioned by us yesterday, is set for 10 o'clock to-morrow morning. It will probably be held at the City Court room.

Schr. Roger Moore, Gilkey, of this city, from Bonairé via Curacoa, for New York, put into Lewes, Del., leaking, and will be towed to her destination. She had her sails split on the passage.

If you want to commence a new set of blank books, such as ledgers, journals, day, cash books or records, go to Heinsberger's, where you can get suited both in quality and price.

A large assortment of ivory, celluloid and silver plated table and dessert knives. Just the article for a Christmas present. For low prices and good reliable goods, go to JACOB'S Hdw. Depot.

This was emphatically a foggy morning. We fail to remember a time when the fog was so dense as it was at about 8 o'clock this morning. There were times when it was impossible to discern houses on the opposite side of the street.

There was an alarm of fire at about 11 o'clock last night sent out from box 35, corner of Eighth and Market streets. The cause of the alarm was occasioned by fire being discovered in an out house on Market street, between Ninth and Tenth. The flames were speedily extinguished and the damage was nominal.

Ger. brig Mary Louisa, Weinke, which cleared from Demarara Dec. 21st, for this port, has been wrecked on the sea wall of the esplanade of that port. She went out of the harbor on the afternoon of the 23d, and not answering her helm, two anchors were let go, but they tripped, and on account of the heavy sea and high wind she drifted ashore as above stated. Crew saved.

Indications.
For North Carolina. Southeasterly winds, fair weather, followed by rain, becoming slightly colder.

Clearance Sale.
Big reduction in clothing at SHRIER'S. All small lots where sizes are broken in suits; overcoats for men, boys and children, reduced in price \$2, \$3, \$4 and \$5. The real cost or actual value of the goods have nothing to do with the low prices. SHRIER has reduced them to some extraordinary big value for very little money. Don't fail to see SHRIER for bargains; first come will have best choice to select from at the very low prices. New styles and reliable clothing can be had at I. SHRIER'S, the Old Reliable Clothier, 114 Market Street.

Election of Officers.
The 21st annual meeting of the First National Bank of this city, was held at their banking house on the 11th inst. Hon. George Davis was called to the Chair and Mr. William Larkins was Secretary. After the reading of the President's report an election was held for a Board of Directors for the ensuing year, which resulted in the re-election of the entire old Board, as follows: Messrs. Alfred Martin, George Chadbourn, James Sprunt, G. H. Smith and E. E. Burrusa.

White pique four in hand scarfs at MUNSON'S
We notice in the Charleston News and Courier, of the 11th inst., that Mr. Lee Johnson, of New York, was at the Charleston Hotel, awaiting the arrival of his yacht Dream, which had not been heard from Dec. 31st, at which date she left Beaufort, N. C. Mr. Johnson was anxious concerning her fate and had written and telegraphed to all points along the coast, but could learn nothing from her. The Dream is the yacht which put into Smithville on Monday last, and probably by this time she has reached her destination and relieved the mind of her owner of his anxiety.

The Dream.

City Court.
In the absence of Mayor Hall, who has gone North, Mayor pro tem Clayton Giles presided at the City Court this morning, and he had quite a large docket to dispose of. The case of J. Sandrue, which has been continued from day to day since Monday, together with that of Lewis Jackson and Henry Staether, both colored, who are implicated with Sandrue, was again continued on account of the absence of an important witness.
Pater Davis, a sailor, was found drunk and down by the police and locked up. He was discharged.
E. Erickson and Gustave Clossen, two sailors, for fighting, were fined \$2 each for the offense.

MUNSON shows some fine Irish linen handkerchiefs, beautifully bordered.
The Inter-State Bill.
The following is from the Raleigh News and Observer. No action has been taken here yet similar to that spoken of by our contemporary:
At a recent meeting of the Cotton and Grocers' Exchange of this city some earnest resolutions were passed, urging the North Carolina Senators and Representatives in Congress to use their influence and efforts, if necessary, to delay any action looking towards the passage of the Inter-State commerce bill until after the meeting of the National Board of Trade, which convenes in Washington City the 17th of this month. The members of the Cotton Exchange here believe the passage of the Reagan bill will be detrimental to the interests of our entire people, and think the action of the National Board of Trade will tend to influence Congressional legislation so as to greatly relieve our people of what now appears to be oppression. It is said on good authority that Charlotte and Wilmington are taking action similar to that taken by the Raleigh Cotton Exchange.

Cure of Spinal Weakness.
YATES, ORLEANS CO., N. Y., March 28, 1886.
My wife, five years ago, was confined to her bed with inflammatory rheumatism of the muscles of the back. The doctors thought her case hopeless and doomed her to be a bedridden invalid. The violent pain kept her awake almost every night. She lost over thirty pounds in weight. To ease the pain I thought I would put on ALL-COCK'S POROUS PLASTERS. I covered her back with them. To my great delight she began to sleep well. The pain very much abated in one week. I then took the plasters off, washed her back, and put on fresh ones. At the end of the second week, she insisted on getting up, and by the third week was entirely well and able to attend to her household duties. E. F. WOOLSTON.

Our New Dress Shirt.
18 inch square bosom with narrow plaits, reinforced; a very handsome and elegant shirt. Manufactured and sold only at one dollar, at the Wilmington Shirt Factory, 27 Market street. J. ELSBACH, Proprietor.

Personal.
We regret to state that Mr. J. H. Mallard is very low and that his condition is considered very critical.

Bear it in Mind.
Capt. C D Myers, Chief of the Fire Department, has issued a notice to the several fire companies in the city, that at noon on Monday, the 17th inst., and at the same hour on every subsequent Monday, until further notice, a general alarm will be sent out from box 11 corner of Third and Princess streets. The object of sending out these alarms will be to see if the fire alarm system is in good working order. Persons hearing the alarm at that hour on those days need give themselves no uneasiness, if they will remember for what reason they are sounded.

Caught in the Act.
Last night Henry Lewis, colored, was discovered by a policeman trying to break into a store on Fourth street, between Hanover and Brunswick. He had succeeded, by the use of a crow bar, in getting open the shutters and was in the act of prying up the sash when he was discovered. He happened to see the officer approaching when he ran, but after a short and sharp race he was captured and locked up in the guard house. Suspicion pointed to him as the party who had recently committed several other robberies, and especially as the man who broke into B. Scott's store on the night of Monday, Jan. 3d. The latter was notified of the arrest and this morning he fully identified the coat which Lewis had on as his own property. Several rings, earrings and other jewelry have also been found which had been stolen and which Lewis had given to colored female acquaintances.

The Railroad Question.
EDITOR REVIEW:—As a decision has been arrived at by the Board of Aldermen of our city, it may now be no opportune to say that if the gain to Wilmington would have warranted the gift—for it meant nothing less—of \$150,000, and proportionately increased taxes, there is little doubt that the Board, composed of thorough business men, would have advocated the donation. They saw that the wisdom of the outlay was more than questionable to spend such a large sum to extend the Cape Fear & Yadkin Valley line of rail to Wilmington, when in fact we leave already a close connection with it by the Carolina Central R. R., via Shoe Heel or Maxton. The connection exists, trains connect daily—and we ought already to see a few grains of the food of wealth the C. F. & Y. V. R. R. is to pour into Wilmington if it existed at all, for it is an everyday event for railroad corporations—like individuals—to join hands if their mutual interests are served. The continuation of the C. F. & Y. V. R. R. to a good deep water outlet, such as Wilmington affords, will without doubt greatly increase its value to the stock owners if they should ever want to sell, especially if a large share of the cost is paid out of our tax-payers' pockets. As a railroad connection it is nearly as useful to Wilmington now as it ever can be, but not to its owners until they finish it to this city.
