Subscribers will report any and all failures to receive their paper regularly.

And now, where shall we have that handsome public building erected? Don't all speak at once.

Two hundred thousand dollars will erect a very handsome public building, here. Our Senators and Representatives deserve, and will receive, the warmest acknowledgments of our people for their exertions in our behalf.

Our neighbor of the Star stated this morning that "here are probably four real estate owners who are understood to favor a subscription to the Cape Fear & Yadkin Valley R. R. to one who opposes it." If the Star had reversed the proposition we think it would have been much nearer the mark. To test the matter we went out on the street this morning and questioned just eleven owners of real estate. We did not seek out any one in particular, taking places of business as they came and men as we found them on the streets, and absolutely without knowing beforehand what the reply to our interrogatory would be. As a result we found eight of the eleven opposed to the subscription, two in favor of it and one undecided. We are not quite rash enough, mind you, to claim this as actually indicative of the opinions of the property owners as a whole, for we are not of those who prefer theories to facts when the latter are easily ascertained, but we submit that the outlook is decidedly different to that indicated by the Star this morning.

In the House of Representatives at Raleigh, a few days ago, a resolution was offered requesting the members of Congress from North Carolina to support the Blair Bill. One hundred and four of those present voted aye, and five voted no. This is emphatic and significant of public sentiment in the State upon this bill. It only shows what has been all along claimed, that the people of all parties, conditions and colors are, in this entire State, almost unanimous for this great measure of relief and deliverance. This vote of the members of the House, directly from the people, whose views and wishes they dare not disregard, speaks in no uncertain sound upon another feature of this long deferred and much-discussed question. It shows the influence upon public sentiment in this State of those newspapers that have been for years prominently engaged in persistent efforts to array the people against this measure. Behold the result in the recent vote in the House of Representatives at Raleigh! Truly was a mountain in labor and a mouse came forth!

Brace Up. You are feeling depressed, your appetite is poor, you are bothered with headache, you are fidgety, nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very bad, cheap whiskey, and which stimulate you for an hour, then leave you in worse condition than before. What you want is an alternative to purify your blood, start healthy action of Liver and Kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters, and only 50 cents a bottle at W. H. Green & Co's.

A Captain's Fortunate Discovery. Capt. Coleman, schr. Weymouth, plying between Atlantic City and N. Y., had been troubled with a cough so that he was unable to sleep, and was induced to try Dr. King's New Discovery for Consumption. It not only gave him instant relief, but allayed the extreme soreness in his breast. His children were similarly affected and a single dose had the same happy effect. Dr. King's New Discovery is now the standard remedy in the Coleman household and on board the schooner. Free Trial Bottles of this Standard Remedy at W. H. Green & Co's.

Clearance Sale. Big reduction in clothing at SHRIER'S. All small lots where sizes are broken suits; overcoats for men, boys and children, reduced in price \$2, \$3, \$4 and \$5. The real cost or actual value of the goods have nothing to do with the low prices. SHRIER has reduced them to some extraordinary big value for very little money. Don't fail to see the SHRIER for bargains; first come first served. He has the best choice to select from at the very low prices. New styles and durable clothing can be had at I. SHRIER'S, the Old Reliable Clothier, 4 Market Street.

Pianos and organs can be bought cheaper at Heinsberger's than at any other house in the State.

The receipts of cotton at this port today foot up 476 bales.

The cheapest place to buy your school books and school stationery is at Heinsberger's.

This is good weather for the farmers, and truckers to prepare for the early planting.

Special inducements are offered to buyers of clothing till Feb. 1st, at MUXSON'S.

You will save money and get the best work by sending your clothes for repairs to John Dyer and Son.

There will undoubtedly be more cold days this Season, but we venture the prediction that the real backbone of Winter is broken.

A special meeting of Stonewall Lodge No. 1, will be held to-night at 8 o'clock, at which time the Grand Chancellor will make his official visit.

Ger. barque *Cardenas* dragged her anchors and went ashore at Deep Water Point at 5 o'clock yesterday afternoon. Tugs failed to pull her off this forenoon, but she will probably come off on the next tide.

A large assortment of ivory, celluloid and silver plated table and dessert knives. Just the article for a Christmas present. For low prices and good reliable goods, go to JACOB'S Hdw. Depot.

Indications. For North Carolina Northwest shifting to Southeast, winds, fair weather, slightly colder.

Personal. Mr. J. G. Craig, who was so seriously injured by a fall several weeks ago, has so far recovered as to be able to be out. We were glad to see him on our streets to-day, but regret that he is yet quite lame.

City Court. Acting Mayor Bear, who has returned from New York, had one case for consideration at the City Court this morning. It was a simple case of disorderly conduct, and being the first offense, the defendant was discharged. We suppress the name by request.

St. James' Church. The Rt. Rev. the Missionary Bishop of Shanghai, China, will address the congregation of St. James' Church, upon the progress and needs of his mission, at the morning service, Sunday, Jan 23rd. Service begins at 11 o'clock. All are cordially invited.

Exports Foreign. Ger. barque *Prinz Regent*, Herwig, cleared late last evening for Glasgow with 3,842 barrels rosin, valued at \$4,000, shipped by Messrs. Alex. Sprunt & Son. Br. Steamship *Beechville*, Egan, cleared to-day for Liverpool with 4,804 bales cotton, valued at \$216,180, shipped by Messrs. Williams & Marchison; making a total of exports foreign amounting to \$220,180.

"Unity of the Church." A few Sabbaths ago Rev. Dr. Yates, Pastor of the First Methodist Church of this city, delivered a sermon upon the "Unity of the Church," which gave such general satisfaction to his hearers that a number of them have made a written request for its repetition, and he has kindly consented to deliver it again on next Sunday morning the 23d inst, at the Temple of Israel.

Death of Mr. S. P. Hand. We regret to learn of the death of Mr. Samuel P Hand, one of the most prominent and useful citizens of Pender county. He died at his residence, near Burgaw, last Friday night, of consumption, and was buried on Sunday. The funeral sermon was preached by Rev. O. B. Black, and a very large concourse of relatives and friends was present on the sad occasion. He was a good man and his loss is deeply felt.

Do you need a good heating or cooking stove? Then go to JACOB'S. There you will find a large assortment to select from. His low prices will please you.

The REVIEW JOB OFFICE is the place to get good work at moderate prices.

On Gambitlog.

Several weeks ago Rev. Peyton H. Hoge preached a sermon on gambling, which was an excellent effort. Several of our business men have expressed a desire that it may be repeated, and in accordance with that wish Mr. Hoge will preach next Sunday night, at 7:30 o'clock, on the subject of gambling and especially in connection with and relation to business transactions. The public are cordially invited to be present.

MUNSON is closing out the balance stock of underwear and extra pants at greatly reduced prices. Children's clothing at a discount.

In a Muddle.

We understand that the Shrievally question in Pender county is in somewhat of a muddle now. Mr. E. M. Johnson, the newly elected Sheriff qualified last Saturday by taking the oath of office, claiming that his bond having been accepted he had a right to qualify. Sheriff Ward still holds on, however, as he was informed by the Board of Commissioners that he is still in office, and will be until the February meeting of the Board.

It will be remembered that Mr. Johnson furnished a bond that was not entirely satisfactory to the Board and that he promised to make it \$5,000 stronger at the meeting in February.

The Pilots.

There are two classes of pilots now on the Cape Fear, one of which consists of what is known as the bar pilots, and the other comprises the river pilots. The former of these are empowered to pilot vessels over the bar either in going to or coming from sea, while the latter are allowed to pilot vessels between Smithville and this port. The duties and powers of each class are separate and distinct, but a movement is now on foot among the pilots to have these duties and powers merged, so that the pilot who brings a vessel in from sea, over the bar, may remain in charge until she reaches this city, and the pilot who takes a vessel from here shall remain in charge until she is at sea.

This Morning's Fire.

At about 5 o'clock this morning fire was discovered in the one story frame building on the Southeast corner of McKee and Campbell streets, occupied by Mr. C. Schmidt as a grocery store and barroom. An alarm was sent out from box 43, corner of Sixth and Red Cross, and the firemen were soon in attendance and hard at work, but the flames had gotten under such headway that the building and contents were destroyed. The stock was insured to the amount of \$350 in the Hamburg-Bremen, represented in this city by Messrs. J. W. Gordon & Smith.

The building, which was the property of William Cotton, colored, was insured to the amount of \$400 in the Germania Insurance Company, of New York, represented here by Messrs. Northrop, Hodges & Taylor.

A handsome line of neck wear, pleated bosom shirts, dress bows and four in hand pique scarfs for full dress, can be found at MUNSON'S.

Louise Arnot.

This distinguished actress, with a carefully selected company, will appear at the Opera House in this city next Monday night. In speaking of her remarkable versatility as an actress, a competent critic gives utterance to the following:

Miss Arnot's career on the American stage has been a succession of artistic and popular triumphs, and the extraordinary range and variety of character which she has shown herself capable of portraying is a constant surprise to all who have watched the development of her genius. "From gay to grave" she can pass with easy step, and she is equally at home in tragedy and comedy. One night we are melted to tears by the thrilling and tender pathos of *Leah, the Forsaken*, and the next we are convulsed with mirth at the racy humor which permeates every action, look and tone of the widow of the late Dennis O'Brien. Between these two interpretations there is ample scope for the exercise of a dramatic faculty which is versatile to a degree not attained by any other actress on the American stage to-day. Miss Arnot possesses the rare gift of the genuine artist of completely losing her individuality and identifying herself with the character she is delineating. A notable instance of this may be seen in the swift transitions required in "The Little Detective," where she assumes five distinctly different types of character in one play. She makes each one of the characters a distinct creation for the moment.

The Public Building.

The efforts which have been made to secure a suitable public building for this city seem now to be in a fair way of resulting successfully. The Senate Committee were in favor of an appropriation \$200,000, for that purpose, while the House Committee were willing to appropriate \$150,000 only. A conference committee of both branches of Congress met yesterday and decided to recommend an appropriation of \$200,000 for a public building in this city, and there is a probability that the matter will be acted upon at once.

Since the above was written we have received the following dispatches from friends in Washington City:

No. 1—House has agreed to Senate amendment, fixing appropriation for public building at \$200,000. W. P. C.

No. 2—Conference report, giving Wilmington \$200,000 for public building, has been adopted by both houses. Good! R. H. C.

No. 3—Senator Ransom, by his personal efforts, has passed the \$200,000 appropriation for a public building at Wilmington. It now goes to the President. W. P. CANADAY.

Trinity College.

EDITOR REVIEW.—A meeting of the Board of Trustees of this Institution was held in Raleigh on Tuesday and Wednesday, Jan. 18th and 19th inst. The extraordinary interest manifested by the Board was disclosed by the presence of a pretty large number of members and letters from many who were unable to attend, besides letters from friends and statements of action of official boards. All of which was encouraging. The desire in the public mind for the election of a President met a hearty response from the Board of Trustees, knowing as we did that such desire could be no more earnest and intense than that felt by the Board. The purpose and intention of the Board is to put a man in the position of President who shall, by his qualifications for the place, meet the expectation and approval of the Church and the public.

But lacking much necessary information and, at present, ways and means for securing such a desirable result, a committee was appointed of some of the best business men in the State to take the matter into immediate consideration and report at the meeting of the Board in June, or earlier if possible.

The committee, consisting of Col. J. W. Alspaugh, Dr. L. S. Burkhead, Rev. J. E. Mann, J. S. Carr and Jas. A. Gray, Esqrs., was also instructed to prepare a Plan for Endowment and proceed to operate the same as speedily as possible.

In the meantime the College is successfully at work, with a faculty every way competent; and the Board takes pleasure in being able to say that Methodist parents need have no hesitation in sending their sons to Trinity College, receiving as they will, if they desire to receive it, both intellectual and moral culture.

E. A. YATES, Sec'y of Board.

Delicate persons, and all whose systems have become debilitated, should bear in mind that Simmons Liver Regulator is not a drastic, purging medicine, does not weaken or deplete the system as other purgatives do, but acts gently. It will invigorate like a glass of wine, but is no intoxicating beverage to lead to intemperance; will promote digestion, dissipate headache, and generally tone up the system.

Hon. Alex. H. Stephens, of Ga., says: "Simmons Liver Regulator is mild and suits me better than more active remedies."

LAND PLASTER.

300 TONS NOVA SCOTIA LAND PLASTER, 94 1/2 per cent. of Sulphate of Lime. The want of Plaster has been one of the greatest drawbacks to successful farming in this State, and it is an important service to this great industry and to the State. It is quite indispensable in any judicious system of agriculture, and it serves several important ends, besides the direct one of furnishing lime and sulphur; it gathers nitrogen and prevents its dissipation and loss; it is a specific for clover and other leguminous plants, and it indirectly renders the potash of the soil available and so aids in the restoration of worn lands.

We have sold Plaster to many during the last year, all from whom we have heard, express their satisfaction a its results. The application of Plaster to animal manure, will increase the value of that manure beyond calculation. Composting with plaster will improve the value of your compost 25 per cent. Sowing from 20 to 40 pounds of plaster to the acre, over your small grain after it is in the ground, will give you an increased crop of from 50 to 100 per cent. It is indispensable in early trucking for such as strawberry beds, asparagus beds &c. For sale in lots to suit by THOS. F. BAGLEY, Wilmington, N. C. Jan 15 1m nac
