The receipts of cotton at this port today foot up 349 bales.  
There was a slight falling off in the price of cotton in New York today.  
MUNSON is closing out balance children's clothing at very small figures.  
Ger. barque *Ernst*, Lindenburg, hence, arrived at Liverpool Jan. 26th.

The Raleigh Visitor, on which we rely for our Legislative reports, did not arrive today.  
Eggs are still high but show an inclination to tumble. They will be lower in a few weeks, as soon as the hens get fairly at work.  
There were two trivial cases of disorderly conduct for the Mayor's consideration, in which the defendants were discharged.

Don't forget the "Pink and White Tea Party" this afternoon and evening at the residence of Mr. Chas. H. King, on South Third street, for the benefit of the choir of St. James' Church.  
Handy Jones, a well known crippled colored man, for years an employee at the engine house of W. S. F. E. Company, died on Wednesday last and was buried yesterday, the company whom he had so long served defraying the expenses of the funeral.

Our friends in the country are improving this pleasant weather in preparing for the hard work of making a crop. Fences are being put in order and tools and harness are being put in complete repairs, so that when the time comes for ploughing and planting there should be no cause for delay on those scores.

**Indications.**  
For North Carolina, warmer, Southern winds, fair weather, followed by rain.  
**At the Hotels.**  
SUTTON HOUSE—M McLamb, J F Daniel, E Rich, J D Kerr, Sampson; A J Jones, H Jones, J S Smith, W Alderman, Cumberland; F D Devane, A J Davis, H C Hales, F J Adams, C Robinson, Bladen; J McFayden, Brunswick.

**Personal.**  
Mr. H. E. Perse, who has been engaged in the shoe business at Fayetteville for the past year, returned to the city this morning and will make this his future home. He will engage in the shoe business here.  
Dr. E. Norton, publisher of the *Horry Herald*, of Conway, S. C., gave us the pleasure of a visit this forenoon.

**The Little Folks.**  
There will be a concert to-night at Luther Memorial building at which all the participants will be children connected with the Sunday school of St. Paul's Lutheran Church. These "little folks" gave an entertainment of a similar description a short time since which was much enjoyed, and it is proposed that the concert to-night shall be fully equal to its predecessor.

**An Important Matter.**  
In view of the fact that Congress has appropriated \$200,000 for the erection of a public building in this city, we would inquire if any steps are being taken to secure the necessary State legislation to enable the government to purchase a suitable site for its location. Legislation will be necessary in the matter, but we have heard of no steps having been taken in that important direction.

## Asheville and Wilmington.

Several who have spoke to us about our little article in Wednesday's issue, wherein we hoped that the C. C. R. R. would soon be completed to Asheville and stated how nice it would be to make the trip in 14 hours, have demurred as to the time. They say that the run can be made in 11 hours about as easy as in 14 and they may be right. They say they would have no objection to boarding the train at the C. C. depot here at 9 o'clock of a Summer's morning and turn out at Asheville at 8 the next morning. But all this is speculation. The connection has not yet been made, nor do we know that it will be.

**Superior Court.**

**"Fun on the Bristol."**  
"Fun on the Bristol" was transferred last night to the Opera House here, where for more than hours there was the most hilarious merriment. The house was crowded almost to its utmost capacity, and all were on the tip-toe of expectation for a plenty to laugh at; and they were not disappointed. From the rising of the curtain, in the opening scene of the first act, to its going down on the final tableau, the house resounded with almost continuous peals of uproarious laughter. The actors were admirably fitted for the characters they impersonated. Miss Arnot, as the rich, but ignorant, Irish widow, was superb in act and dialect, and the honors of the occasion were about evenly divided between her and Mr. R. F. Baker, whose negro impersonation was faultless. The other characters were well sustained, and the singing, especially the quartette, was good. The opening piece by the orchestra, from the "Poet and Peasant," although it lacked the finished effect of a full orchestral arrangement, was a much better quality of music than had been previously presented.

To-night "Leah, the Forsaken," will be the attraction, and Miss Arnot will assume the title role, in which she is said to excel. If this be so, then she must possess an almost unequalled versatility of talent, for there could hardly be two more strongly contrasted characters than the "Widow O'Brien," which she assumed last night, and "Leah, the Forsaken," which she will assume to-night. To-morrow afternoon the "Little Detective," in which the star will assume five distinct characters, will be given, and the engagement will close to-morrow night with "The Two Orphans."

People who desire stylish suits made to order, will find that desideratum at MUNSON'S.  
**Clearance Sale.**  
Big reduction in clothing at SHRIER'S. All small lots where sizes are broken in suits; overcoats for men, boys and children, reduced in price \$2, \$3, \$4 and \$5. The real cost or actual value of the goods have nothing to do with the low prices. SHRIER has reduced them to some extraordinary big value for very little money. Don't fail to see SHRIER for bargains; first come will have best choice to select from at the very low prices. New styles and reliable clothing can be had at I. SHRIER'S, the Old Reliable Clothier, 114 Market Street.

The cheapest place to buy your school books and school stationery is at Heinsberger's.

## Dangerous.

There is an open lot at Tenth and Market streets, known as the "Canada" lot, across which is a regular thoroughfare for pedestrians, that is used at all times of day or night by those whose business or pleasure calls them in that vicinity. Our attention has been called to the fact that there is an open well upon this lot which is nearly 20 feet deep, and which is neither covered up or enclosed, so as prevent a person from falling into it. It is quite near the route taken by pedestrians, and by a slight deviation, on a dark night, one would be liable to run into it. It is a matter that should be at once attended to, as one of our citizens came near falling into the well a few days since, and careless children, at play, are liable to fall there at a most any time.

The play's the thing. Wherein I'll reach the conscience of the king.  
And equally true is it that Dr. Pierce's "Pleasant Purgative Pellets" (the Original Little Liver Pills) are the most effectual means that can be used to reach the seat of disease, cleansing the bowels and system, and assisting nature in her recuperative work. By druggists.

**LAND PLASTER.**  
300 TONS NOVA SCOTIA LAND PLASTER, 91.25 per cent. of Sulphate of Lime.  
The want of Plaster has been one of the greatest drawbacks to successful farming in this State, and it is an important service to this great industry and to the State.  
It is quite indispensable in any judicious system of agriculture, and it serves several important ends, besides the direct one of furnishing lime and sulphur; it gathers nitrogen and prevents its dissipation and loss; it is a specific for clover and other leguminous plants and it induces the rotters of the soil available and so averts in the restoration of worn lands.  
We have sold Plaster to many during the last year, all from whom we have heard, express their satisfaction a its results.  
The application of Plaster to animal manure, will increase the value of that manure beyond calculation.  
Composting with plaster will improve the value of your compost 33 1/3 per cent.  
Sowing from 20 to 400 pounds of plaster to the acre, over your small grain after it is in the ground, will give you an increased crop of from 50 to 100 per cent.  
It is indispensable in early trucking for such as straw-berry beds, asparagus beds &c.
