Now leave orders for suits to measure at MUNSON'S.
January, 1887, is gathered to its forefathers to-night.
Br. Steamship *E. Stow*, Robertson, hence, arrived at Liverpool Jan. 28th.
You will save money and get the best work by sending your clothes for repairs to John Dyer and Son.
Nor barque *Nordenskjold*, Abrahamson, hence, for Buenos Ayres, was spoken Dec. 29th, in lat 1 S., lon 31 W.
The 34th annual meeting of the Seaman's Friends Society will be held at the Home to-morrow afternoon at 4 o'clock.
This is the last day of January and the month has fully verified the axiom: "It came in like a lion, but goes out like a lamb."
Messrs Morris Bear & Bro. offer for rent the three story brick building on North Water street from which they are now removing.
More than 1,300 tickets were sold for the performance of "Leah, the Forsaken," on Friday night, and more than 1,300 tickets were sold for Saturday's matinee.
Messrs Behrends & Styron have opened a new shoe store at No. 22 South Front street with a handsome stock of goods. Mr. H. B. Perse will be found with this house.
The Salvation Army, or a portion of it, has arrived in the city, and has established its headquarters at McGinney's Hall. Adjutant Beull, and Capt. and Mrs. Colburn are all that have arrived thus far.
Messrs Morris Bear & Bro. are busy to-day in removing their large stock of goods to the handsome new store recently purchased by them at No. 112 North Front street. They have three stories and an immense amount of flooring, all of which will be utilized.
Oak Grove.
Capt. F. M. James reports that there were fourteen interments in Oak Grove Cemetery during the month of January, 1887. Of this number six were adults and eight were children. Of the adults three were white.

Matinees.
It has gotten to be quite well understood now that when there is a matinee at the Opera House there will be some sort of a storm for the people to encounter in going home. In nearly every instance within the last five or six years, when there has been a matinee there has also been a storm.
The Verdict Unanimous.
W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my 30 years' experience is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only half a dollar a bottle at W. H. Green & Co's.
Most Excellent.
J. J. Atkins, Chief of Police, Knoxville, Tenn., writes: "My family and I are beneficiaries of your most excellent medicine, Dr. King's New Discovery for consumption; having found it to be all that you claim for it, desire to testify to its virtue. My friends to whom I have recommended it praise it at every opportunity."
Dr. King's New Discovery for Consumption is guaranteed to cure Coughs, Colds, Bronchitis, Asthma, Croup and every affection of Throat, Chest and Lungs.
Trial Bottles Free at W. H. Green & Co's. Large Size \$1.00.

Messrs L. Simon & Co. advertise in this issue a lot of fine orange wine, something recommended by physicians in many disorders. It is absolutely free from alcohol.
Bishop Watson preached last night at St. Mark's Church and confirmed a class of sixteen, persons about equally divided between the sexes. The church was crowded and a number who had come there to attend the services were unable to find seats.
Indication.
For North Carolina, variable, followed by warmer, southeasterly winds and fair weather.
Fine Entertainments.
Master Ralph Bingham, of Richmond, Va., will give two entertainments, to-morrow and Wednesday nights, at Lather Memorial Building for the benefit of the Brooklyn M. E. Chapel. He is only 15 years of age but has already acquired a fine reputation as a "boy orator, humorist and violinist." His advertisement appears in this issue. The entertainments will be pleasing and attractive, and in behalf of the worthy cause for which they will given, we bespeak for him a liberal patronage.
Street Improvements.
Preparations are now in progress for the laying of Belgian blocks on Mulberry street, from the West side of North Water street to the East side of Nut street, thus connecting the fine pavement on the former street with the smooth planking of the latter. The real work will be commenced on Wednesday and pushed rapidly to completion, so as to cause as little delay as possible to the dispatch of business upon those much travelled thoroughfares.
The quantity of sensible overcoats is diminishing down pretty low at MUNSON'S. Prices tell.
City Court.
Alice Davis, colored, was charged with being drunk and down on Saturday night, and was brought before the Mayor this morning to answer to the charge. A fine of \$3 was imposed in her case.
John Fisher, a white sailor, charged with being drunk and disorderly. Judgment was suspended in his case on condition that he leave the city instant, which he promised to do.
J. H. Freeman, colored, was drunk and disorderly on Saturday afternoon, and was required, this morning, to pay a fine of \$5 for the offense.
Personal.
Hon. Walter Clark, of Raleigh, arrived in the city last night and registered at the Orton.
Our young friend, Mr. W. W. Harris, Jr., who for several months has been located at Monroe, has returned to the city, but will leave again to-night. He is in good health and although he has been pleasantly situated while in the country, he is glad to get back for a short time among his life long friends.
Mr. George Harris, Jr., and Mr. Edwin A. Northrop, of this city, have entered into co-partnership in the ship brokerage and commission business, which they will conduct in Philadelphia. For this purpose they have bought the trade and good will of Mr. C. P. Foster, No. 221 Dock street, in that city. Mr. Harris will leave for his new home on to-morrow night's train, and Mr. Northrop will leave on February 15th. They are clever young gentlemen, of good business ability, and we wish them an abundant success in their new enterprise.
Going to Leave Us.
Our friend, Capt. A. A. Moseley, of Scott's Hill, has made nearly all the necessary preparations, and will leave in a few days for Little River, S. C., where he has a large landed estate, and where he will reside during the coming crop season. In making this move, Capt. Moseley does not make a permanent change of residence. It will be temporary, but we regret that he should leave even for so long a time as he at present contemplates being absent. He is a genial, intelligent gentleman, a good citizen and a kind-hearted neighbor, who will be sure to make a host of friends in his new home and we fear that they may induce him to remain with them permanently. He has our best wishes for his health and prosperity while in South Carolina and a speedy and safe return to the "Old North State."

Do you need a good heating or cooking stove? Then go to JACOB'S. There you will find a large assortment to select from. His low prices will please you.

Wide Awake for 1887.
Half a dozen years ago it seemed impossible for *Wide Awake* to be more beautiful or more attractive, yet year after year it has gone on, adding new features and developing old ones, until it seems at last excellence can no further go. Its wealth of stories, sketches, poetry and illustrations furnish an inexhaustible reservoir of entertainment and instruction for the members of the family circle, old as well as young, and its monthly visit is like a ray of golden sunshine in the household. *Wide Awake* fills every demand for a first-class magazine for children in the way of amusement, solid valuable reading, stimulating thoughts and suggestions, and artistic illustrations. The Christmas (Dec.) issue is particularly fine. It contains about a hundred pages crammed with reading matter and pictures. Price 20 cents. The yearly subscription price has been reduced to \$2.40 a year (from \$3.00), while the magazine will be made more attractive than ever. D. Lothrop & Co., Publishers, Boston.
But few children's suits at MUNSON'S. Low prices are fast closing them out.

Our Public Building.
We copy herewith from the *Chatham* an article relative to the new public building which is to be erected here, and its location. It is from the pen of one who has the best interest of our city very near his heart:
It is with pleasure that we note that Congress has made an appropriation for a public building in Wilmington. We say we note this with pleasure. Well we do; not only because it is an appropriation for the State of North Carolina, (of course we are glad of it on this account,) but because it is a step towards the upbuilding of "our city by the Sea," the metropolis of the State, and because it should be and we hope will be the great entrapment of trade for the Piedmont and the whole mountain region of Western North Carolina and Eastern Tennessee, and also because it is the marketing town of our immediate country. Whatever builds Wilmington up helps the surrounding country. Therefore we note this appropriation with real pleasure. The people of Wilmington and those interested in her should feel grateful to North Carolina's greatest living statesman and one who has few equals in the great law making body of this the greatest government in the universe, General M. W. Ransom. It goes as a fact beyond dispute that there is no man in Congress from the old North State who can do as much for N. C. as can M. W. Ransom, and especially has the great influence with the Cleveland administration. We are honestly of the opinion that the greatest blessing which can come to North Carolina for many years, so far as her representation in the National Government is concerned, is that that Ransom should live at least ten years longer and all these years spent in the Senate of the United States. North Carolina can do no more foolish thing than to allow another than General Ransom to succeed himself.
The appropriation has been made and the next important step is to decide upon a location which will be convenient and above all that will be so located as to be seen and admired by strangers and visitors. The city has a very fine City Hall, one that is a credit to Wilmington, but on account of its location the city receives none of those outward benefits which have a tendency to bring a city into note and impress strangers with its enterprise which has a great influence on the outside world. If the City Hall of Wilmington was on Front street somewhere, it would be worth 25 per cent more to Wilmington towards attracting strangers and men of enterprise than it is now.
Now, as another building of great magnificence and grandeur is to be built, it seems to us, as one who desires to see Wilmington occupy her proper place among the cities of the South, that every citizen in the city should do away with prejudices, and even though it should require the removal of private residences, stores, or anything that may be necessary to give a proper location, and unite in an effort to locate the new building to Wilmington's best interest. A location on Front street, somewhere in the neighborhood of the Orton or Parcell, or at least between the Orton and Mulberry street, would, we think, be cheaper for Wilmington—even though it cost the value of the property it might be necessary to purchase, than a location back in the vicinity of the City Hall grounds. There is no doubt about the fact that fine public buildings, properly located, add very much to a city and have a tendency to attract strangers and men of capital. Therefore it is a matter of the greatest importance not only to the people of our "City by the Sea," but to all its neighboring towns and villages, and we hope to see erected on Front street a beautiful and magnificent building in the near future.
Ger. barque *Soli Deo Gloria*, Meyer, cleared for Dunkirk, France, late last Saturday evening, with 1,650 bales cotton, valued at \$71,500, shipped by Messrs. Alex. Sprunt & Son.
A large assortment of ivory, celluloid and silver plated table and dessert knives. Just the article for a Christmas present. For low prices and good reliable goods, go to JACOB'S Hdq. Depot.

Clearance Sale.
Big reduction in clothing at SHIRER'S. All small lots where sizes are broken in suits; overcoats for men, boys and children, reduced in price \$2, \$3, \$4 and \$5. The real cost or actual value of the goods have nothing to do with the low prices. SHIRER has reduced them to some extraordinary low values for very little money. Don't fail to see SHIRER for bargains; first come will have best choice to select from at the very low prices. New styles and reliable clothing can be had at I. Spritzer's, The Old Reliable Clothier, 114 Market Street.
If you want to commence a new set of blank books, such as ledgers, journals, day, cash books or records, go to Heinberger's, where you can get suited both in quality and price.

LAND PLASTER.
300 TONS NOVA SCOTIA LAND PLASTER, 91.36 per cent. of Sulphate of Lime. The want of Plaster has been one of the greatest drawbacks to successful farming in this State, and it is an important service to this great industry and to the State. It is quite indispensable in any judicious system of agriculture, and it serves several important ends, besides the direct one of furnishing lime and sulphur; it gathers nitrogen and prevents its dissipation and loss; it is a specific for clover and other leguminous plants, and it indirectly renders the potash of the soil available and so aids in the restoration of worn lands. We have sold Plaster to many during the last year, all from whom we have heard, express their satisfaction at its results. The application of Plaster to animal manure, will increase the value of that manure beyond calculation. Composting with plaster will improve the value of your compost 25 per cent. Sowing from 20 to 40 pounds of plaster to the acre, over your small grain after it is in the ground, will give you an increased crop of from 50 to 100 per cent. LAND PLASTER.
300 TONS NOVA SCOTIA LAND PLASTER, 91.36 per cent. of Sulphate of Lime. The want of Plaster has been one of the greatest drawbacks to successful farming in this State, and it is an important service to this great industry and to the State. It is quite indispensable in any judicious system of agriculture, and it serves several important ends, besides the direct one of furnishing lime and sulphur; it gathers nitrogen and prevents its dissipation and loss; it is a specific for clover and other leguminous plants, and it indirectly renders the potash of the soil available and so aids in the restoration of worn lands. We have sold Plaster to many during the last year, all from whom we have heard, express their satisfaction at its results. The application of Plaster to animal manure, will increase the value of that manure beyond calculation. Composting with plaster will improve the value of your compost 25 per cent. Sowing from 20 to 40 pounds of plaster to the acre, over your small grain after it is in the ground, will give you an increased crop of from 50 to 100 per cent. It is in responsible in early trucking for such as strawberries, hops, asparagus, &c. For sale in lots to suit by THOS. F. BAGLEY, Wilmington, N. C. Jan 15 1m 2ac
