In London a piece of land was re-
cently sold at the rate of \$10,000,000 per
acre.

James G. Blaine is again trying the
two horse-act in the political arena.
This time it is prohibition and anti-
prohibition.

Murat Halstead has come to Wash-
ington for the purpose of conferring
with Mr. Watterson on the best method
of defeating the President's renomina-
tion. Mr. Halstead's last candidate in
his own party is John Sherman, whom
he several times opposed.

Edmund Yates, in a special cable-
gram to the New York World, says:—
"Mr. Parnell is very ill indeed. His
altered appearance and evident weak-
ness cause the deepest anxiety to his
friends, and it is believed that he can
not hope much longer to lead the Home
Rulers at Westminster."

The Bishop of Exeter, when speaking
on behalf of the Church of England
Temperance Society a few days ago,
expressed the belief that wine was in-
tended for man, and remarked that if
he had to make his choice between a
world of total abstainers and a world
of moderate drinkers, he should prefer
the latter.

Governor Taylor, of Tennessee, in
his inaugural message, delivered on
Friday, approved the principle of the
Blair educational bill in the following
words: "My sense of duty to the chil-
dren of the State compels me to say if
there is a surplus of money in the na-
tional treasury not applicable to the
payment of the national debt, the ap-
propriation of the same for this pur-
pose, stripped of the condition of Fed-
eral supervision, would be an inestima-
ble blessing to them."

The New York Mail and Express
says:

President Corbin of the Reading, has
given another proof of his determina-
tion to bring the railroad down to its
legitimate business as a common car-
rier by disposing of the Reading Ex-
press Company upon terms which as-
sure the railroad company a much
larger revenue than it has ever been
able to net by undertaking the business
itself, and at the same time give the
public better facilities. The Baltimore
and Ohio and the United States were
competitors for the business, but the
offer of the Adams Express Company,
through President W. B. Dinsmore
and Vice President John Hoey, was
finally accepted, and they will take
possession on February 1, thus resum-
ing again the relations which Mr. Gor-
man ruthlessly sundered twelve years ago.
President Gowan was the first to
undertake to have the railroad do its
own express business, and in his annual
reports always maintained that the re-
sult was satisfactory. Nevertheless
the fact remains that the surplus he
showed was always nominal and the
war on rates, undertaken a few months
ago, made the company a source of
serious loss. As Mr. Hoey said, "to be
a good expressman one must be brought
up in the business." The Adams Ex-
press Company is to assume part of the
salaries of the agent and pay a per-
centage of the gross receipts. There are
about 1,200 miles of road and 250 offices
to be transferred. In some places the
Adams has already offices of its own,
and there the two offices will be con-
solidated. Rates are likely to be cheap-
er rather than higher, for all the ship-
pers by the Reading had to pay other
lines an arbitrary amount on account of their
refusal to pro-rate.

THE DAILY REVIEW.

VOL. XI. WILMINGTON, N. C., TUESDAY, FEBRUARY 15, 1887. NO. 39

The present Congress has only seven-
teen more days in which to complete
its vast amount of important labor
that is marked out. A good deal of
good work may be accomplished in
that time and unfortunately, a large
amount of mischief may be accomplish-
ed in the same time.

On February 1st, King William of
Holland will celebrate the seventieth
anniversary of his birth. In almost
every Netherlands village and town
there will be great festivities; in every
church a service will be held, and there
will be a general distribution of bounty
to the poor.

One of the most expensive works
architects have now in hand is the new
Congress Hall for Buenos Ayres. This
is to cost \$10,000,000, and to be built in
four years. It is to be in the Renais-
sance style, its dimensions being 1,200
feet by 900 feet. The site covers twenty
acres in the best part of the city.

Wonderful Cures.
W. D. Hoyt & Co., Wholesale and
Retail Druggists of Rome, Ga., say:
"We have been selling Dr. King's New
Discovery, Electric Bitters and Buck-
ley's Arnica Salve for two years. Have
never handled remedies that sell as
well or give such universal satisfac-
tion. There have been some wonder-
ful cures effected by these medicines in
this city. Several cases of pronounced
Consumption have been entirely cured
by the use of a few bottles of Dr. King's
New Discovery, taken in connection
with Electric Bitters. We guarantee
them always. Sold by W. H. Green & Co."

A Captain's Fortunate Discovery.

Capt. Coleman, schr. Weymouth
plying between Atlantic City and N. Y.,
had been troubled with a cough so
that he was unable to sleep, and was
induced to try Dr. King's New Discov-
ery for Consumption. It not only gave
him instant relief, but silaged the ex-
treme soreness in his breast. His chil-
dren were similarly affected and a sin-
gle dose had the same happy effect.
Dr. King's New Discovery is now the
standard remedy in the Coleman house
hold and on board the schooner.

The receipts of cotton at this port to-
day foot up 94 bales.

It has been a dull, disagreeable day,
and news has been scarce to obtain.

You will save money and get the best
work by sending your clothes for repairs
to John Dyer and Son.

Shad and other "fishes of the sea"
have been quite plentiful in our market
within the past few days.

The travel on the through Southern
lines of railroad is immense. All
through trains are crowded, and as yet
there seems to be no diminution in the
amount.

The cold weather of the last few days
has materially checked the growth of
vegetation, but it will start out again
as soon as the temperature rises and
the sun beams more brightly.

Texas ponies seem to be immensely
popular, especially with our young
people. Quite a number have been sold
in the city and we learn that more are
coming.

Indication.

For North Carolina, local rains,
variable winds and a slight fall in tem-
perature.

From Ex-Senator Al. Daggett.
The Hon. Albert Daggett, writing
from the Senate Chamber, Albany,
New York, says:

I have used Alcock's Porous Plaster
past 10 years with marked results.
I have found them especially effective
when depleted and worn out from
weeks of incessant labors in political
campaigns; the application of them to
my chest and spine gave relief when
my voice had become hoarse and worn
down from speaking in open air. They
seemed to act as a tonic to the whole
system, curing the soreness consequent
from over exertion and restoring the
tone of the system more readily than
any remedy I have ever found. I have
also used them for rheumatism with
very beneficial results.

Death of Bishop Green.

Episcopal diocese of Mississippi, died

of the late Superintendent Savage. An

twenty first ballot, resulted in favor of
S. H. Terry, he having received three
of the five votes cast, and he was de-
clared duly elected.

City Court.

David Brown, colored, who was ar-
rested last Friday night at the corner
of Seventh and Mulberry streets on
suspicion that he was a would-be chick-
en thief, was brought before the Mayor
this morning for examination. The
testimony showed that on the night of
the arrest, at about 10:30 o'clock, one
of the residents at the "Old Ladies'
Home," on Seventh street, heard an
unusual noise in the chicken coop,
when she threw open the blinds of her
room and saw the bent figure of a man
run across the lot and jump over into
the yard of the house next South of the
Home, which is occupied by a colored
family. She shouted "chicken thief,"
and this aroused the colored man in the
latter house, when he ran out just in
season to see a man jump the fence, and
run away. The policemen on duty on
that beat happened to be near by and
heard the shout, and they ran towards
the scene to have the fugitive rush al-
most into their arms. The testimony
was entirely circumstantial, but the
chain of evidence was so well connected
that the defendant was required to give
a bond in the sum of \$75 for his ap-
pearance at the next term of the Crimi-
nal Court.

Do you need a good heating or cook-
ing stove? Then go to JACOB'S.
There you will find a large assortment
to select from. His low prices will
please you.

Disagreeable.

The Valentine fiends were out in
force last night and made themselves
ridiculous as well as amenable to the
law by their foolishness. It was a neg-
lected piazza that did not have at least
a half dozen rocks upon it this morning.
We believe that no serious damage was
done, but the annoyance was consid-
erable.

Don't Shoot.

We learn that some of the young
people who were engaged last night in
the customary St. Valentine's sport, were
saluted by a charge of bird shot while
in the vicinity of Walnut and Second
streets. Happily no blood was drawn,
but some of their clothing was tattered
in such a manner as to require the ser-
vices of a tailor.

Temperance Work.

We learn that a Ladies' Temperance
Society is to be organized to-morrow
night, quite a number of the ladies of
the city having signified their desire to
become in such manner identified with
the temperance movement now in pro-
gress. It will be a branch of the I. O.
of R. E. M. and will be governed by
the rules and regulations which are in
force in that Order.

Election of Officers.

At the annual meeting of S. J. George
and St. Andrew's Society, held last
night, the following gentlemen were
elected officers to serve for the ensuing
year:

President—James Sprunt.
Vice President—H. G. Smallbones.
Secretary—R. N. Sweet.
Treasurer—A. D. Brown.
Chaplain—Rev. Dr. Carmichael.
Physician—Dr. Thos. F. Wood.

The Comet.

A comet is expected to make its ap-
pearance within a few days. It may be
looked for low down in the Southwest
directly after twilight. It will be a
comet of the first magnitude, and at the
last of the present month it will not set
until about 10:30 at night. It is said
that comets are the precursors of
wars, in consequence of which we re-
spectfully refer the matter to the Con-
gressional Committee on Naval Affairs
and the Committee on Harbor and
Coast Defences for their profound joint
consideration.

Change of Officers.

Capt. J. W. Woodside, who has
been so well and favorably known as
the master of the steam yacht *Louise*,
having been appointed to the command
of the U. S. Steamer *Woodbury*, took
charge of the latter vessel to-day. Capt.
W. A. Saell has been appointed to the
command of the *Louise*, and also took
charge of her to-day. They are both
clever gentlemen who have worked
their way up the ladder of promotion
by the personal exertions and real
merit, and they both have our congratu-
lations on their well deserved success.

At Rest.

Mr. Thomas H. Smith, for several
years a merchant on South Front street
died last Sunday morning in the 54th
year of his age. His disease was con-
sumption, with which he had been
afflicted many months. The deceased
was a native of England, but had re-
sided many years in this city. For
several years he was the engineer of
Howard Relief Fire Engine Company
No. 1, a position which he was com-
pelled to resign on account of his sick-
ness. His obsequies were held at St.
Paul's Lutheran Church yesterday
afternoon. Rev. F. W. E. Peschla, the
pastor, officiating. His remains, es-
corted by Howard Relief Fire Engine
Company No. 1, and Cape Fear Lodge
No. 2, I. O. of O. F., of which he was
a member, were conveyed to Bellevue
Cemetery of which he was one of the
original stockholders, for interment.

Personal.

Mr. Edwin A. Northrop will leave
to-morrow night's train for Phila-
delphia, where he will engage in the
ship brokerage business with Mr.
George Harris, Jr., who is already in
that city. Mr. George L. Morton has
been appointed to succeed Mr. Northrop
in the management of Blodgett, Moore
& Co's Oil Works, in this city, and
will take charge of the business to-
morrow. We wish both of these young
gentlemen an abundant success in their
new undertakings.

The Chadbourne (Columbus) Times
says of Dr. N. M. Culbreth, who re-
cently removed from that county to
Wilmington: "Dr. Culbreth was one
of our most intelligent and progressive
citizens, and it was with sorrow that
we heard of his departure. Himself
and family will be sadly missed in

Whiteville. Wilmington should con-
gratulate itself on the accession of such
citizens. We extend to him our best
wishes, and hope he may succeed in
his new field even beyond his utmost
expectation."
