Day's length just 11 hours.
Sunset to-morrow afternoon at 45 minutes past 5 o'clock.

Eggs are plentiful and are sold freely at 12 cents per dozen.
The receipts of cotton at this port today foot up 171 bales.
There was one interment in Oakdale Cemetery this week; an adult.
There was one interment—an adult—at Pine Forest Cemetery this week.
There was one interment—an adult—in Bellevue Cemetery this week.
Evening service in St. John's Church will begin at a quarter to 8 o'clock in future.
Some very fair beef cattle have been driven into this market within the last few days.
You will save money and get the best work by sending your clothes for repairs to John Dyer and Son.

The Register of Deeds issued four marriage licenses this week, two of which were for white, and two for colored couples.
Monday next, the 21st inst. is the first anniversary of the fire which destroyed nearly half a million dollars worth of property in this city.
The Produce Exchange will be closed for business on Tuesday, the 22nd inst., being the anniversary of Washington's birthday and a legal holiday.
In the garden of Mr. S. G. Hall, corner of Mulberry and McRae streets, there are early pea vines, that are nearly a foot high and are almost ready to bloom.

There is nothing booked for the Opera House for next week. The Star Opera Company were expected, but it appears that they have given us the go-by—at least for the present.
The steamer *Pussport*, which has been on the marine railway while undergoing some necessary repairs to her machinery, was towed up to the city today, and will at once resume her duties on the river.

Merchants Read This.
To those subject to the vexations of business life, dyspepsia and a feeling of debility, irritability and despondency, we say, take Simmons Liver Regulator. The Regulator is free from any injurious mineral substance; not disagreeable; can be taken at any time without interfering with business or pleasure. It is gentle, safe, and a good digester. It is unequalled in the cure of piles, constipation, bad breath, sick headache and bilious complaints.

The receipts of cotton are diminishing day by day, from which we infer that it has nearly all been forwarded.
Just received a new lot of rims, spokes and hubs. Those in need of above will find that they will save money by buying from JACOB'S Hdw. Depot.

Indication.
For North Carolina, fair weather, followed by local rains with temperature and winds generally Northerly.

Cotton Fire.
A dispatch received here to-day from New York says that a fire broke out in that city last night, by which 16,000 bales of cotton have been destroyed. The fire is still raging.

The Spaniards.
Capt. Andure and crew of the Spanish barque *Maria*, which they left while it was ashore on Frying Pan Shoals came up to the city on the steamer *Louise* this morning. There were thirteen of them, all told, and none of them could speak English.

Lenten Services.
The following is the order for Lenten services in St. John's Church: Sundays, as usual; Mondays, 7.30 a. m., 5 p. m.; Tuesdays, 7.30 a. m., 5 p. m.; Wednesdays, 7.30 and 11 a. m., 5 p. m.; Thursdays, 7.30 a. m., 5 p. m. and 7 p. m.; Fridays, 7.30 and 11 a. m., 5 p. m.; Saturdays, 7.30 a. m., 5 p. m.

Railroad Matters.
The Committee on the Railroad Commission bill will meet at Raleigh at 8 p. m. on Wednesday, the 23rd inst., when it is desirable that all interested—whether for or against the measure—will be present. It is probable that quite a large delegation from this city will be in attendance.

Cotton.
The receipts of cotton at this port for the week ended Feb. 19, 1887, foot up 857 bales, as against 1,328 bales for the corresponding week last year; a decrease of 471 bales. The receipts for the crop year to date foot up 128,959 bales, as against 90,068 bales for the corresponding period last year, an increase of 38,891 bales.

Be Watchful.
Scarlet fever and scarlatina are prevailing to a considerable extent throughout the city. The cases, so far as we have heard, have been of a mild type, which have yielded readily to treatment. Parents cannot be too guarded and watchful of their children while these diseases prevail, for it is not known when they may assume a virulent form, and baffle the skill of the physicians.

Quite Early.
Capt. E. W. Manning reports that he had asparagus of this year's growth yesterday for dinner at Piney Grove, and that he brought some to the city this morning for a sick friend. The plants are not forward enough to begin to cut for market, but they will be in a few days, if the weather should continue favorable.

Scarcity of Shad.
Messrs. W. E. Davis & Son inform us that owing to the high winds which have prevailed for the last few days the run of shad has been unusually small. Their catch has not been near large enough to supply the demand, and consequently the prices range rather high. These gentlemen are looking anxiously for more propitious weather, that they may be able to supply their customers without delay, and at lower prices.

Exports Foreign.
Brig *Water Witch*, Knobel, cleared today for Hermacon, P. R., with 130,000 feet of lumber, valued at \$1,773.70 shipped by Messrs. S. & W. H. Northrop, 100 barrels rosin, valued at \$88.20, shipped by Messrs. E. G. Barker & Co.; 10,000 feet lumber, 5,000 shingles, 100 barrels pork, 5 barrels beef, 5 barrels flour and 1 iron safe, valued at \$1,643.58, shipped by Capt. M. Knobel; making a total of exports foreign amounting to \$3,505.48.

A Good Investment.
Get from 25 to 33 per cent. interest on your money by purchasing now suits or overcoats at I. SHERR'S. It will pay you to buy them for next winter at the low prices, besides having the good of them for the balance of the cold season.
Do you need a good heating or cooking stove? Then go to JACOB'S. There you will find a large assortment to select from. His low prices will please you.

Caught and Confessed.

We are more than glad to learn that the scamps who threw rocks at a train on the Carolina Central Railroad, near Mulcahy, a few nights since, have been caught. We know that the railroad officials were on the track of them some days ago, and that there was a fair prospect of their being arrested. The parties to whom suspicion strongly pointed were colored men, and when it was thought sufficient evidence had been obtained to convict them they were arrested. Since their arrest they have confessed the crime, and have thrown themselves upon the tender mercies of the railroad authorities and of the courts. The scamps are eminently deserving of all the tender mercy that an outraged law can inflict, and we hope they may get a surfeit of compassion by a term of years in the penitentiary.

Gus Williams.
This eminent character cometh with his company did not arrive in the city until near 8 o'clock last night, having come from Charlotte on the day train, and consequently the curtain did not rise at the Opera House upon the first act until about 9 o'clock. There was a full house to greet them, who, knowing the circumstances which caused the delay, maintained their good nature during the wait. They were expecting fun and were willing to wait, and they were well rewarded for their patience. Mr. Williams, as *Major Hermann rolleyseier*, a corpulent ex-armory officer with a Dutch dialect, was irresistibly funny and his support was good throughout, and their united efforts kept the audience convulsed with laughter.

More Train Rocking.
Last night, as the fast mail and passenger train was passing a point only a few miles this side of Florence, a rock, thrown by some one on the side of the road, broke through a window in the first class coach. The window was badly shattered but, strange to say, the rock could not be found. The coach was pretty well filled with passengers at the time and if the rock had entered it would have struck a gentleman who was seated opposite. The seat at the shattered window had been occupied by Mr. Nathan Mayer, of this city, ever since the coach left Savannah, but fortunately he was in the smoker at the time the window was struck. Otherwise he would have been severely injured by the flying particles of glass.—There is, of course, no clue to the perpetrators of this outrage. The scoundrels, if they can ever be taken at all, should be summarily dealt with.

The Maria.
The Spanish barque *Maria*, from Havana for New York, which was towed into Smithville on Thursday afternoon, is now at quarantine, and it is probable that there will be a big fight for her possession in the courts. The captain claims, we understand, that the vessel was safe and at anchor when he left her and that he went ashore with his crew for the purpose of telegraphing Mr. F. J. Lord, Spanish Vice Consul at this port, for assistance. Mr. Lord telegraphed in reply that the tugs were all at Smithville and that he must get one and go out to her. This, it is said, he was unable to do.
It is also alleged that the Captain was afterwards refused permission to board his own vessel. The *Maria* is now at the State Quarantine station and the U. S. Government refuses to interfere on the ground that the vessel is not in port. The Collector's decision being to this effect. Mr. Lord has telegraphed to the owner, who is in New York, and he is expected here on Monday. When he arrives some new developments may be made.

Where Their Merit Lies.
When anything stands a test of fifty years among a discriminating people like the Americans it is pretty good evidence that there is merit somewhere. Such a test BRANDRETH'S PILLS have stood and thousands of unsolicited testimonials every year prove their merit. The Pills are purely vegetable and are the result of the highest medical and chemical skill. They have never been known to fail in their work; they have never caused any one the slightest inconvenience, no matter when taken, and there is little doubt that they have really saved thousands of lives. The best evidence of their value lies in their increasing sale. BRANDRETH'S PILLS have truly become a household necessity.

The REVIEW JOB OFFICE is the place to get good work at moderate prices.

Personal

Col. W. P. Canaday, Sergeant-at-Arms of the United States Senate, arrived in the city on a flying visit this morning.
Capt. V. V. Richardson, U. S. Marshal, Eastern District of North Carolina, is in the city to-day.
Mr. W. H. Gibson, Special Agent for the National Life & Maturity Association of Washington City, who has been in the city for the past three weeks, will leave here on Monday for work at other points. He has appointed Mr. A. A. Brown Agent here for the Association and Drs. W. H. J. Bellamy and T. S. Borbank as Medical Examiners.

Death of Mr. W. N. Bowden.
We regret to announce that, after a protracted and severe sickness, Mr. W. N. Bowden died at about half past 1 o'clock this morning, aged 52 years. His death had been expected for several days, as his condition for some time past had given but feeble hopes of his recovery. At the time of his death he held the position of pay master of the Carolina Central Railroad Company and was also Auditor of passenger receipts of the Raleigh & Augusta, Raleigh & Gaston and Carolina Central Railroads. His wife died about six years ago, but he left five surviving children— one daughter and four sons. He was a member of St. John's Lodge No. 1, F. & A. M., and was at one time the Secretary of the Lodge. The deceased was a native of this city, and had always resided here. He was a man of quiet, unobtrusive character, but without taciturnity, being affable and courteous to all with whom he had business to transact. In his official duties he was methodical, correct and of the strictest integrity, and had the entire confidence of all with whom he was officially connected.
