

THE DAILY REVIEW.

VOL. XI.

WILMINGTON, N. C., MONDAY, MARCH 7, 1887.

NO. 56

Published every evening, Sundays excepted by
JOSH T. JAMES,
EDITOR AND PROPRIETOR.
SUBSCRIPTIONS POSTAGE PAID:
Year \$4.00, Six months \$2.00, Three months \$1.00; One month, 35 cents.
The paper will be delivered by carriers free of charge, in any part of the city, at the above rates, or 10 cents per week.
Advertising rates low and liberal.
Subscribers will report any and all failures to receive their paper regularly.

Rev. Henry Ward Beecher is dying. He was struck with paralysis on Friday morning and the physicians say there is no hope of his recovery.

Saturday last was a great day for Virginia, and ought to have been celebrated with the firing of cannon and the torchlight procession. Why? Simply because Mr. William Mahone's term of U. S. Senator expired on that day.

The New York Herald has interviewed a large number of leading dry goods men and finds the outlook splendid for a good business this year. It thinks that every department of trade will feel the revivifying influence of the big boom that has set in New York.

Joseph O'Brien, of Cleveland, says that he once examined a swallow's nest, in which were two young birds. Around the leg of one of them horse-hair had been closely wound. Mr. O'Brien removed the hair and found that the leg had been broken. He thinks that this was a genuine case of bird surgery.

There seems to be no reason to doubt that Senator Sherman is an active candidate for President and that he is planning to capture the vote of the Solid South in order to secure the nomination. His proposed Southern tour and his speech to be delivered at Nashville are but the beginning of an aggressive campaign.

The fog which hangs over London is estimated to contain about fifty tons of solid carbon and two hundred and fifty tons of carbon in the form of hydrocarbon and carbonic oxide gases. Calculated upon the cost of the coal which is wasted, the fog costs London nearly four and a half millions sterling per annum.

Some people are very liberal with other people's money. The Legislature on Saturday passed resolutions to pay the clerks of both houses extra compensation. This is a good thing for the clerks but bad for the Legislature. Had the members of the two houses clipped in and paid this increase of pay out of their own pockets we would not have had a word to say but when they vote away the tax-payers' money they it is time for the people to rise up and protest.

Cardinal Gibbons' report on the Knights of Labor has caused much satisfaction to the leaders of that Order throughout the United States. It seems to be the general opinion that the Order will be much strengthened by the stand that Cardinal Gibbons has taken, and that thousands of Catholics will now join the Knights, who have hitherto been somewhat apprehensive that if they became members they would bring themselves under the ban of the Church against secret societies.

The decision of the Gulf, Western Texas and Pacific Railway to remove its terminus from Indianola, Texas, to Port Lavaca, which is situated upon higher ground, is the death-blow to a long suffering city. Indianola used to have an annual trade of \$10,000,000. Its first affliction was the cyclone of 1875, when 300 lives were lost and thousands of dollars' worth of property destroyed. Many business men deserted the place, but after a struggle it regained its position. But the high tide and flood of last August swept away 50 people, and before the waters had subsided a fire feasted upon what dry buildings there were left. The railroad now abandons the city, and the court-house and business blocks are being torn down and removed to Lavaca.

The bill for the relief of Confederate soldiers and their wives, which has passed both houses of the Alabama Legislature, contains the following provision: 1. Appropriates \$30,000, 2. Includes all disabled soldiers now citizens of Alabama; also widows of soldiers who died during the war or within twelve months after the close of the war, and who have never married. 3. Does not apply to soldiers and widows who possess more than \$1,000. 4. Fifteen hundred dollars to be paid blind soldiers who lost their sight during the war. 6. Applications must be made to Judge of Probate. The Judge of Probate is to forward certificates to State Auditor. The Auditor is to issue warrants seven months after passage of the Act.

You will save money and get the best work by sending your clothes for repairs to John Dyer and Son.

Most Excellent.
J. J. Atkins, Chief of Police, Knoxville, Tenn., writes: "My family and I are beneficiaries of your most excellent medicine, Dr. King's New Discovery for Consumption; having found it to be all that you claim for it, desire to testify to its virtue. My friends to whom I have recommended it praise it at every opportunity."
Dr. King's New Discovery for Consumption is guaranteed to cure Coughs, Colds, Bronchitis, Asthma, Croup and very affection of Throat, Chest and Lungs.
Trial Bottles free at W. H. Green & Co's. Large Size \$1.00.

Renews Her Youth
Mrs. Phoebe Chesley, Peterson, Clay Co., Iowa, tells the following remarkable story, the truth of which is vouched for by the residents of the town: "I am 73 years old, have been troubled with kidney complaint and lameness for many years; could not dress myself without help. Now I am free from all pain and soreness, and am able to do all my own housework. I owe my thanks to Electric Bitters for having renewed my youth, and removed completely all disease and pain." Try a bottle, only 50c. For sale by W. H. Green & Co.

Moulding. Best in city, at JACOBI'S Hdw. Depot.
The receipts of cotton at this port today foot up 61 bales.
Pianos and organs can be bought cheaper at Heinsberger's than at any other house in the State.
Nor. barque *Vandis*, Thommessen, hence, for Buenos Ayres, was spoken Jan. 22nd. on the Equator, in long. 26. All well.
We hope that our citizens will register promptly and not delay this important matter until the last moment. Remember, if you fail to register, you cannot vote!
The River and Harbor bill failed to become a law in the recent session of Congress. The effect will be, we presume, an entire suspension of work on the Cape Fear.
There are a good many cases of scarlet fever and scarlatina in the city, although the disease has not yet assumed the magnitude of an epidemic, and thus far there have been but few cases of a pronounced malignant type.
Railroad men report that the travel on through Southern lines continues unabated. Every through train is crowded, and while a large proportion of the travel is yet Southward, there is a considerable amount of Northern bound travel.
The following are the newly appointed directors for the Eastern North Carolina Insane Asylum for a term of six years: J. A. Bonitz, of Wayne; W. F. Rountree, of Craven; M. M. Katz, of New Hanover; and to fill the unexpired term of Mat Moore, resigned, Dr. S. S. Satchwell, of Pender.
The Charlotte Building and Loan Association has just wound up, preparatory to taking up a fresh start. The stock is now worth \$100 per share. This result has been attained in 5 years and 11 months without the loss of a dollar to the Association. Its yield to the Stockholders is 10 per cent per annum.
Wretched Indeed
Are those whom a confirmed tendency to biliousness, subject to the various and changeable symptoms indicative of liver complaint, Nausea, sick headache, constipation, turgent tongue, an unpleasant breath, a dull or sharp pain in the neighborhood of the affected organ, impurity of the blood and loss of appetite, signify it as one of the most distressing, as it is one of the most common, of maladies. There is, however, a benign specific for the disease and all its unpleasant manifestations. It is the concurrent testimony of the public and the medical profession, that Hostetter's Stomach Bitters is a medicine which achieves results speedily felt, thorough and lasting. Besides rectifying liver disorder, it invigorates the feeble, cures kidney and bladder complaints, and hastens the convalescence of those recovering from enfeebling diseases. Moreover, it is the grand specific for fever and ague.

City Court.
Jacob Green and Warrick Perrin, both colored, were brought before the Mayor this morning charged with disorderly conduct, but on account of a previous good record judgment was suspended in both cases.
Read Carefully.
The books of registration for the approaching city election were opened for the several wards this morning. There is to be an entirely new registration, and no one who fails to register can vote. This is in accordance with the law, which requires an entirely new registration previous to the city election. The different places of registration are designated in our advertising columns.

For the State Guard.
A bill has for some time been before the State Legislature asking an appropriation to the State guard. The bill has become a law. The original bill asked for an appropriation for an annual encampment, but the encampment business was stricken out and an appropriation of \$300 allowed each company in the State. There are some 25 companies at present, so the amount will reach something like \$7,000. The appropriation is to run for two years.

Religious Meetings.
The series of meetings at Brooklyn Hall, which have been in progress during the past week, will be continued this week and possibly longer. The pastor, Rev. G. M. Tolson, will be assisted in his labors by Rev. Dr. Pritchard. The meetings thus far have been successful, and a deep and earnest interest has been awakened, which resulted last night in an enthusiastic outpouring of religious fervor. The meetings have been well attended, and it is hoped and expected that the interest manifested will be continued through the present week.

Death of Mr. Wm. T. Eilers.
Mr. Wm. Theodore Eilers, the only surviving son of the late Mr. H. B. Eilers, died at the family residence, corner Fifth and Orange streets, on the evening of the 5th inst. The deceased had not been in robust health for several weeks, but his death was unexpected and caused a profound shock to the many friends who knew and loved him for the sterling qualities of his heart. He was singularly quiet and unobtrusive in his manners, but in his dealings with his fellow men he was the soul of honor and with an integrity unquestioned.

Base Ball.
A project is on foot to organize an inter-State base ball league of amateurs for this State and South Carolina, to accomplish which, so far as this city is concerned, it is proposed to create a stock company consisting of 100 shares at \$5 per share, as a means of ensuring success to the enterprise. The matter is in the hands of energetic young men who are pushing things vigorously, with every prospect of success. It is intended that there shall be two professionals—and no more—in each nine, all the rest being amateurs.

Personal.
U. S. Senator Warner Miller, of New York, is in the city and registered at the Orton House.
Ex-U. S. Senator William Mahone, of Virginia, is registered at the Orton House.
Mr. M. M. Katz has gone North for the purchase of a Spring and Summer stock. He will be absent about ten days.
Mr. Harrie R. Pierce, business agent of the Monte Cristo Dramatic Company, was in the city on Saturday last and registered at the Purcell House. The Company will appear at the Opera House here on the night of the 14th inst.

Our Public Building
The failure of the General Deficiency Appropriation bill to pass the Senate on Friday has its effect on us here. Nothing will be done towards the erection of the public building in this city until after the next session of Congress, as the money for its erection was in the bill which failed to pass by just 17 minutes. It had been in conference between the two houses and had passed the lower House in the last hours of the session. It had then gone back to the Senate where it would have passed had there been 17 minutes left in which to read it—which there was not—and the bill failed in that body.
Our building is all right, though, for the next year. The bill has been signed by the President and is a law and there is no power now which can rescind or revoke that law.

Has Prolonged His Stay
Dr. Freeman has on account of the large number of cases needing his professional skill, determined to prolong his stay at the Orton House.
He stands at the head of his profession in the treatment of paralysis in all its forms, club-foot, spinal curvature, hip and knee diseases.
Also, the eye, ear, throat, calarrh and consumption, if not of too long standing.
Orton House.
Hours 10 to 4 and 7 to 8 p. m.
At the Hotels.
SUTTON HOUSE—T. H. Harris, J. C. Wright, Sampson, H. L. Leonard, A. L. Jones, H. T. Tatum, Dr. M. McI. Tatum, J. W. McDuffie, Chaatane Martin, Ashford Ray, J. A. Danham, Bladen; J. H. Holmes, H. F. Cannaley, N. C.; E. S. Applewhite, Freeman's.

DIED.
EILERS—In this city, on the evening of the 5th inst., at the residence of his mother, Wm. Theodore EILERS, aged 42 years, 8 months and 20 days.
Notice of funeral hereafter.
SMITH—In this city, this morning, March 7, 1887, at 4:30 o'clock, GEORGE E. SMITH, son of John and Maggie D. Smith, aged 2 years, 2 months and 4 days.
Interment near Harrell's St. re, Sampson e. u. y.

A. A. BROWN, Agent, 209 1/2 Market Street mch 5

LAND PLASTER.
300 TONS NOVA SCOTIA LAND PLASTER, 94.36 per cent. of Sulphate of Lime. The want of Plaster has been one of the greatest drawbacks to successful farming in this State, and it is an important service to this great industry and to the State. It is quite indispensable in any judicious system of agriculture, and it serves several important ends, besides the direct one of furnishing lime and sulphur; it gathers nitrogen and prevents its dissipation and loss; it is a specific for clover and other leguminous plants, and it indirectly renders the potash of the soil available and so aids in the restoration of worn lands.
We have sold Plaster to many during the last year, all from whom we have heard, express their satisfaction as its results. The application of Plaster to animal manure, will increase the value of that manure beyond calculation. Composting with plaster will improve the value of your compost 25 per cent. Sowing from 10 to 40 pounds of plaster to the acre, over four small grains after it is the ground, will give you an increased crop of from 50 to 100 per cent.
It is indispensable in early trucking for such as strawberry beds, asparagus beds, &c. For sale in lots to suit by
THOS. F. BAGLEY, 111 Market Street, Wilmington, N. C. Feb 27 1887
