

THE DAILY REVIEW.

VOL. XI WILMINGTON, N. C., THURSDAY, MARCH 10, 1887 NO. 59

THIS PAPER published every evening, Sundays excepted by JOSH T. JAMES, Editor and Proprietor. SUBSCRIPTIONS POSTAGE PAID. Yearly \$1.00, Six months, \$2.00, Three months, \$1.00; One month, 35 cents. The paper will be delivered by carriers free of charge, in any part of the city, at the above rates, or in advance per week. Advertising rates low and liberal. Correspondents will report any and all facts to receive their paper regularly.

LOOK OUT! Compare this with your purchase:

DR. J. C. ZIEGLER'S COMPOUND SYMPLECTICS
FOR DYSPEPSIA, BILIOUSNESS, COLIC, AND ALL AFFECTIONS OF THE LIVER AND BOWELS.
A STRICTLY VEGETABLE AND NON-TOXIC REMEDY.
Prepared by J. C. ZIEGLER & CO., PHILADELPHIA.
Price, ONE Dollar.

It is a well known fact, perhaps life, examine each bottle and see you get the genuine. See the seal and signature of J. C. Ziegler & Co. on the wrapper, and on the side of the bottle. Remember that another genuine Ziegler's Compound Symplics is sold in New York City.

The last distillery in Iowa is to be closed because of the Prohibition law.

Tennessee has chartered twelve new railroad companies in five weeks.

A Connecticut man is going to have his name removed from the tombstone of his deceased wife, from whom he was divorced years ago.

New Jersey reports a municipal debt of less than \$16,000,000, with city property and bonds enough to pay it, not to speak of nearly five and a half millions of unpaid taxes.

Senator "Jo" Brown, of Georgia, has sold his two blast furnaces, one at Chattanooga and the other at Rising Sun, to a party of Georgia capitalists for \$2,000,000.

Prof. Proctor, in his new book on "Chance and Luck," undertakes to tell the chances of getting heads or tails in tossing a penny. If you toss an hour, "heads" will not exceed "tails," or "tails" "heads," in a greater ratio than 21 to 20. If you toss for a day, the inequality will not be greater than 101 to 100.

The New York Journal of Commerce says a powerful combination is spreading through all the food trades in favor of more stringent efforts to prevent adulteration of food and to secure the enforcement of laws to that end. The consumers' unions and the American Society for the prevention of adulteration are stimulating this purpose.

Several Artesian wells have recently been sunk with remarkable success in various parts of Algeria of pure water, at a temperature of 25 C., forming a sea. Large areas of waste land have been reclaimed by means of the water thus provided, and similar results are being obtained in other regions which have hitherto quite unavailable for agricultural production.

Mrs. James Brown Potter signed a contract for an English and American tour. Her manager will be Mr. C. A. Pittzola, who managed Signor Salvini's tour in this country. Mrs. Potter will make her first professional appearance at the Gaiety Theatre, London, after a short season there will come to America to appear at the opening of the season of 1887-8.

The water-color society have closed their exhibition in the Academy of Design at New York, having sold 185 pictures for \$21,500; there were also 168 things sold for \$2,300. The sales of water-colors do not amount to nearly as much as last year, when they were \$30,000; there were several hundred water-color pictures exhibited, but the season was far better, and in an artistic point of view it has been one of the two best the society has held.

The Wonderful Healing Properties of Darby's Prophylactic Fluid.

Wherever a preventing, healing, and antiseptic and deodorizing injection or wash is required use Darby's Prophylactic Fluid. Any inflamed surface, external or internal, treated with the fluid will be quickly relieved. It has cured cases that had resisted the best medical cures.

The Rev. Dr. John Hall will start on a tour, the object of which is said to be to make friends with the Southern Presbyterians.

Most Excellent.

J. J. Atkins, Chief of Police, Knoxville, Tenn., writes: "My family and I are beneficiaries of your most excellent medicine, Dr. King's New Discovery for consumption; having found it to be all that you claim for it, desire to testify to its virtue. My friends to whom I have recommended it praise it at every opportunity."

Dr. King's New Discovery for Consumption is guaranteed to cure Coughs, Colds, Bronchitis, Asthma, Croup and every affection of the Throat, Chest and Lungs. Trial Bottles free at W. H. Green & Co's. Large Size \$1.00.

Renews Her Youth.

Mrs. Phoebe Chesley, Peterson, Clay Co., Iowa, tells the following remarkable story, the truth of which is vouched for by the residents of the town: "I am 73 years old, have been troubled with kidney complaint and lameness for many years; could not dress myself without help. Now I am free from all pain and soreness, and am able to do all my own housework. I owe my thanks to Electric Bitters for having renewed my youth, and removed a completely all disease and pain." Try a bottle, only 50c. For sale by W. H. Green & Co.

Report of the Condition of the First National Bank of Wilmington, N. C.

Moulding. Best in city, at JACOB'S Hdw. Depot.

The receipts of cotton at this port today foot up 24 bales.

Registration is progressing very slowly; so say the registrars.

German barque *Agnes*, Schoepfer, hence, arrived at Liverpool March 8th.

You will save money and get the best work by sending your clothes for repairs to John Dyer and Son.

Take care of your eyes. An agency for the LeMare's celebrated Rock Crystal Spectacles and Eye Glasses is established in this place at Heinsberger's.

Mr. R. H. Pickett's well-known pointer dog Preston is lost, strayed, stolen or mislaid. A reward will be paid for his return. See ad.

The day of election is approaching and we hope that all Democratic voters will attend to the important and necessary matter of registration, so as to be able to vote.

After several days of storm and rain, the weather cleared off this morning and it became warm and pleasant, whereat the farmers and truck gardeners are glad.

The piles are being driven for the foundation for Champion Compress No 2, which is soon to be erected on Nutt street, just South of the present compress and warehouse.

The cheapest place to buy your school books and school stationery is at Heinsberger's.

Proposals are invited for supplying a building site for the new public building which is to be erected in this city. Full particulars as to these proposals will be found in our advertising columns.

Messrs. Morris Bear & Bros., the wholesale agents here, were having distributed today 5,000 spools of the celebrated Willimantic cotton. This thread has been placed on sale at the stores of Miss E. Karrer, Col. J. J. Hedrick and Mr. John Taylor.

Citizens residing in the vicinity of Mulberry and Seventh streets were treated to a very pleasant instrumental serenade last night. It was highly appreciated, as good music always is, by the music-loving people of that portion of the city.

Forepaugh & Samwell's cheap circus will open a week's engagement in this city on Monday next, in the vacant lot on Fifth street, between Chestnut and Mulberry. We have seen it and it is a good show, worth much more than the low price of admission charged.

For the best Cook Stoves and lowest prices go to JACOB'S Hdw. Depot.

Railroad Enterprise.

In speaking, a few days ago, of the new buildings which were being erected in different portions of the city, our remarks were confined to dwellings, and consequently we made no mention of the large guano warehouse recently erected by the Carolina Central Railroad Company at their warehouses in the Northern part of the city. Nor indeed, did we know at the time enough concerning the enterprise to give it the attention it deserved. In a brief visit which we made to the place this morning, we gathered the main features, which are as follows:

The Company have erected a warehouse for the storage of guano, salt and like commodities on the vacant lot between the two warehouses on the West side of Nutt street. The building is 220 feet long by 75 feet wide, and has a storage capacity of 6,000 tons of guano. An elevated double tramway, 20 feet from the ground, leads from the wharf through the entire length of the building. There are 12 large bins in the building, and these will be filled by means of self-dumping tramway cars, which have a capacity of one ton each. The entire length of the tramway, outside and inside the building, is 400 feet. The arrangements for handling the guano or salt are so complete that 150 tons may be discharged from the vessel and stored in the warehouse in ten hours. But this does not complete the arrangements. The tramway, in its course from the wharf to the warehouse, crosses two tracks of the railroad, it being at a sufficient elevation for that purpose, and a toboggan slide has been placed at one of these tracks, so that a cargo of coal may be dumped directly into the cars without any handling whatever after it is loaded into the dump-cars.

The company have a spacious yard room, between Nutt street and the river, the most of which is on made land. The process of filling in the waste and watery places has been pushed as fast as the continually increasing traffic of the road has demanded. There is yet much space to be filled before all is utilized, and it will be completed when the necessities, which the constantly increasing traffic of the road, as it pushes its iron arms out to embrace the vast resources of the Western portion of the State, shall require it. As it is now, the utmost expedition in handling the freights named, with the minimum amount of expense, has been obtained. The railroad company have made arrangements with the leading fertilizer manufacturers for the receipt of guanos, and these they are prepared to forward to consumers without delay and at the least possible expense.

It is but one of the many evidences of the prosperity which obtains in our city and State, and it is one of the most substantial that can be imagined. Railroad companies have been called "soulless corporations," but in this instance, as well as in many others in this State, they have created a demand by opening up new territory and have made arrangements to supply that demand by the most direct, expeditious and economical means.

Tour of Inspection.

Gen. J. C. Duane, Chief Engineer U. S. Army, and Col. W. P. Craigbill, U. S. Engineers in company with Capt. W. H. Bixby, U. S. Engineers, went down the river on a tour of inspection yesterday on the steamer *Woodbury*, Capt. Woodside. The party visited both of the dredging boats, Fort Caswell, the bar, thence to the new dam which is being completed, and the old dam at Federal Point. Returning, they reached the city at about 7 o'clock and took last night's train for Washington, D. C.

Living on the Reputation of Others.

"Take everything that I have but my good name: leave me that and I am content." So said the philosopher. So say all manufacturers of genuine articles to that horde of imitators which thrives upon the reputation of others. The good name of ALCOCK'S POROUS PLASTER has induced many adventurers to put in the market imitations that are not only lacking in the best elements of the genuine article, but are often harmful in their effects. This is not only theft, but might well be called malpractice. Such a thing ought not to be. The public should be warned against these frauds, and when an external remedy is needed, be sure to insist upon having ALCOCK'S POROUS PLASTERS.

Stepladders of all lengths can be found at JACOB'S Hdw. Depot.

Feast of Purim.

A Purim entertainment for Jewish children was held at Concordia Hall this afternoon, which was attended by nearly all of the Hebrew faith in this city, adults as well as children. A Purim ball for the older people of that faith will be given at the same place to-night.

Committee Meeting.

The City Democratic Executive Committee met at the City Court room this afternoon, all the wards, save the Fifth being represented. It was decided to hold the primary meetings for the nomination of candidates for Aldermen in the several wards at 8:30 p. m. on Thursday, the 17th inst. The places at which these meetings will be held will be announced to-morrow.

Anniversary Address.

Mr. Eugene S. Martin has kindly consented to deliver the address before Wilmington Steam Fire Engine Company No. 1, on the occasion of its 18th anniversary, which will occur on the 25th inst. Mr. Martin is a graceful speaker and his subject will be one of such deep interest to our people, that undoubtedly there will be large gathering to listen to his address.

At the Hotels.

SUTTON HOUSE—Warren Carver, C. P. Driver, Fayetteville; M. L. Nunnlee, C. L. Nunnlee, J. J. Barden, Sampson; C. T. Lamb, Samuel Clark, Vermont; John Carroll, Magnolia; H. A. Pickett, J. W. Meares, Bladen; A. Hocut, C. D. Comarrie, A. A. Crowartie, Mrs. J. J. Gay, J. C. Grimes, Brunswick; Jas. A. McFaylen, Miss M. C. J. Howard, Robinson; H. W. Reaves, Columbus; F. P. White and son, Shallotte; R. C. Morten, G. M. Simpson, Onslow; C. Newton, W. T. Pinner, Smithville; Sheriff E. M. Johnston, J. B. Lee, Pender; W. A. Taylor, H. F. Canady, New Hanover.

A large line of new Spring samples for men's wear received from Browning, King & Co., the largest merchant tailoring establishment in the country. Call early and leave your measure at I. SIMPSON'S and save from fifteen to twenty dollars on a suit. Our binding obligation is:

- 1st. The quality shall be as represented.
2. The garment shall be made to fit.
3. The prices shall be lower than the same goods can be had elsewhere.
4. Money refunded if we fail in any of these particulars.

The Municipal Election.

MR. EDITOR:—It seems to me that if ever there was a time when thinking business men should look after the interests of our city, it is now. It is but a few days now until we elect a Board of Aldermen. We need thinking men—men that are capable of managing the financial interests of our city. The probability is that there will be new enterprises started in the near future. Railroad interests are assuming larger proportions, and now, if ever, we need the most intelligent and the most business-like men to fill the office of alderman. Let us elect such and not put any man in office just because he fancies he wants to be an Alderman. You capable men, if the people want you to fill this responsible position, shrink not from a duty you owe your city. Don't stand idle, fellow citizens, and allow men to be elected who cannot compute compound interest on one hundred and thirty-three dollars for six and a half years. Now is the time to talk. Don't wait 'till after election when our city may be in incompetent hands. W. WARNER.

Has Prolonged His Stay.

Dr. Freeman has on, account of the large number of cases needing his professional skill, determined to prolong his stay at the Orton House.

He stands at the head of his profession in the treatment of paralysis in all its forms, club-foot, spinal curvature, hip and knee diseases. Also, the eye, ear, throat, catarrh and consumption, if not of too long standing. ORTON HOUSE. Hours 10 to 4 and 7 to 8 p. m.

Wretched Indeed.

Are those who a confirmed tendency to biliousness, subject to the various and changeable symptoms indicative of liver complaint. Nausea, sick headache, constipation, furred tongue, an unpleasant breath, a dull or sharp pain in the neighborhood of the affected organ, impurity of the blood and loss of appetite, signalize it as one of the most distressing as it is one of the most common, of maladies. There is, however, a benign specific for the disease and all its unpleasant manifestations. It is the concurrent testimony of the public and the medical profession, that Hostetter's Stomach Bitters is a medicine which achieves results speedily felt, thorough and benign. Besides rectifying liver disorder, it invigorates the feeble, cures kidney and bladder complaints, and hastens the convalescence of those recovering from debilitating diseases. Moreover, it is the grand specific for fever and ague.

JACOB'S is headquarters for low prices on Sash, Doors, Paints and Balder's Hardware.

NEW ADVERTISEMENTS.

OFFICE DEPUTY COLLECTOR INT. REVENUE, WILMINGTON, N. C., March 7th, 1887.

SEALED PROPOSALS WILL BE RECEIVED at this office until 12 o'clock, noon, on the 14th day of March, 1887, for the sale of property suitable as a site for a public building, with street to be erected in this city. The dimensions of the lot should approximate, if a corner lot, not less than one hundred and sixty (160) by one hundred and five (105) feet; if not a corner lot, the dimensions should be not less than two hundred (200) by one hundred and five feet (105); the two hundred feet to be street frontage. If any bids are on file at 12 o'clock, the width of such alleys can be deducted from the above dimensions. Buildings on property selected to be retained and removed by the owner. The Department reserves the right to reject all proposals. Proposals should be marked "Proposals for sale of property for a site for a public building to be erected at Wilmington, North Carolina," and addressed to CHAS. D. MYERS, Deputy Collector.

LAND PLASTER.

300 TONS NOVA SCOTIA LAND PLASTER, 94.25 per cent. of Sulphate of Lime.

The want of Plaster has been one of the greatest drawbacks to successful farming in this State, and it is an important service to this great industry and to the State.

It is quite indispensable in any judicious system of agriculture, and it serves several important ends, besides the direct one of furnishing lime and sulphur; it gathers nitrogen and prevents its dissipation and loss; it is a specific for clover and other leguminous plants and it indirectly renders the potash of the soil available and so aids in the restoration of worn lands.

We have sold Plaster to many during the last year, all from whom we have heard, express their satisfaction a its results.

The application of Plaster to animal manure, will increase the value of that manure beyond calculation.

Composting with plaster will improve the value of your compost 25 per cent.

Sowing from 20 to 400 pounds of plaster to the acre, over your small grain after it is in the ground, will give you an increased crop of from 50 to 100 per cent.

It is indispensable in early trucking, for such as strawberry beds, asparagus beds, &c.

For sale in lots to suit by

F. EAGLEY,
THOS.
