Europe is a check full of bayonets
that the white winged angel of peace is
unable to alight anywhere.

The Virginia Ketchikan of Pythias are
collecting a fund to erect a monument
to Stonewall Jackson upon the battle-
field of Chancellorsville, where he was
mortally wounded.

Mrs Cleveland's mourning costume,
worn in memory of her maternal
grandmother, includes a tall black hat
not unlike a gentleman's silk beaver
without ribbons or feathers of any
kind. Her gloves and dress are black.

Out of 15,000 earthquakes observed
on coast lines the German seismolo-
gist, Kluge, found that only 124 were
accompanied by sea waves, although a
very large proportion of the shocks had
probably originated under the sea.

Recorder Trotter, of Washington, is
said to be a lineal descendant of the
white John Trotter, who taught Wash-
ington how to dance the new and fash-
ionable figures at Newport over a hun-
dred years ago. He was never a slave,
nor have any of his ancestors been in
bondage since the days of John Han-
cock.

Two English butchers recently ar-
ranged for selling meat on the Sabbath
(under an Act of Charles II.) ingenu-
ously pleaded that inasmuch as in the
reign of George II. an Act was passed
taking eleven days from the calendar,
it was impossible now to say which
was the Lord's Day under the Act of
Parliament in question. But they were
fined.

William Smith, Governor of Virginia
more than forty years ago and again in
1861, is said to be dying. He is gen-
erally known as "Extra Billy Smith,"
a nickname obtained from a
demand he made on the Government
for extra compensation for carrying
mails from Washington to Millidge-
ville, Ga. He is now ninety years of
age and has passed a life of great politi-
cal activity. He was noted for his
bravery during the civil war.

Wretched Indeed
Are those whom a confirmed tendency to bil-
iousness, subject to the various and change-
ful symptoms indicative of liver complaint.
Nausea, sick headache, constipation, furred
tongue, an unpleasant breath, a dull or sharp
pain in the neighborhood of the affected or-
gan, impurity of the blood and loss of appe-
tite, signalize it as one of the most distressing
as it is one of the most common, of maladies.
There is, however, a benign specific for the
disease and all its unpleasant manifestations.
It is the concurrent testimony of the public
and the medical profession, that Hostetter's
Stomach Bitters is a medicine which achieves
results speedily felt, thorough and benign.
It cures the feeble, conquers kidney and bladder
complaints, and hastens the convalescence of
those recovering from debilitating diseases.
Moreover, it is the grand specific for fever and
ague.

The receipts of cotton at this port to-
day foot up 27 bales.

Ger. barque *Goleffroy*, Range, sailed
for Havre for this port March 11th.

You will save money and get the best
work by sending your clothes for repairs
to John Dyer and Son.

Thus far March has been a cold and
blustery month, which has greatly re-
tarded the growth of vegetation.

particulars as to construction, capacity
&c, see ad. in this issue.

A day or two since while workmen
were engaged in making excavations
necessary for the increased capacity of
the gas works, they came across
the skeleton of a human body. It was
buried about 12 feet below the surface
of the ground.

Lucky Numbers.

The following numbers drew the
principal prizes at the regular monthly
drawing of the Louisiana State Lottery
company, held at New Orleans yester-
day:

Ticket No. 66,551 drew the grand
prize of \$150,000; No. 68,344
drew \$50,000; No. 45,729 drew \$30,000;
Nos. 62,229, and 65,615 drew \$10,000
each; and Nos. 23,693, 77,732, 86,396
and 57,509 drew \$5,000 each.

THE DAILY REVIEW.

VOL. XI. WILMINGTON, N. C., WEDNESDAY, MARCH 16, 1887. NO. 64

Keep Cool.

Politics is raging to day, and upon
every street corner groups of men have
been gathered, whose chief topic of
conversation was politics. There are
several candidates for aldermanic
honors in the field in each ward, and
party spirit is running high. We advise
prudence in word and action, and hope
that the ticket will be amicably arrang-
ed at to night's primaries.

A Word of Caution.

Complaint is made and we think
with justice—of the manner in which
the Texas ponies are ridden through our
public streets. Many of the ponies are
not broken thoroughly, while some are
nearly as wild as when they first came
from the prairies of Texas, and they ar-
riven mountenly thoughtless boys, who
ride them through the streets at a
break-neck speed. We have heard of
several instances where children have
barely escaped being run over, by them.
It is a dangerous practice and should
be stopped.

The Public Building.

Mr. Irwin B. Linton, principal clerk
of the supervising architect's office of
the Treasury Department, Washing-
ton, D. C., arrived in this city last
night and registered at the Orion Hotel.
His business is to select a site for the
public building which is soon to be
built here, and to accomplish that
purpose he will meet the Chamber of
Commerce and others interested at the
rooms of the Produce Exchange at 12
o'clock to-morrow. The matter of
selecting the site will be deter-
mined by Mr. Linton's recommendation
to the Treasury Department.

The Free Ferry.

The act passed by the Legislature for
making a free ferry across the Cape
Fear and Brunswick rivers provides
that the question shall be submitted to
the people of the two counties respec-
tively at an election to be held on the
third Thursday in June. The call for
this election to be based upon petitions
signed by at least 500 qualified voters
in each county. If the election in both
counties is carried in favor of a free
ferry then the Commissioners of the
two counties are authorized to purchase
the property, paying not more than
\$18,500 for the same, to be provided
for by bonds bearing 6 per cent interest
and running not more than thirty years.
Each county is to pay one-half of the
purchase money but the cost of main-
taining the free ferry is to devolve upon
New Hanover alone.

This is the purpose of the act in a
few words, but it seems to us that there
is a weak point in the matter, and that
is the maintenance of an absolutely free
ferry.
It seems to us that it would be better
to exact a very small toll, say one cent
for individuals and three cents or five
cents for vehicles, for the double pur-
pose of defraying, or helping to defray,
the expense of maintaining the ferry
and for the exclusion of idlers and
vagrants who may be continuously pass-
ing and repassing, to the obstruction of
business.

Last Night's Fire.

At about 11 o'clock last night, a fire
broke out in the feed room of the stable
of Mr. John R. Melton, on Seventh
Street, between Harnett and Baden.
The alarm was at once turned in from
box 31, corner of Fourth and Brunswick
streets, and the firemen were promptly
on hand, but such was the rapidity
with which the fire did its work, that
the flames spread to the stables and
dwelling house of Mr. Melton and to
the dwelling house occupied by Mr. R.
C. Bowden, on an adjoining lot, all of
which were destroyed. Mr. Melton
lost all of his furniture and clothing,
besides two horses, a mule and a cow.
The family barely escaped with their
lives, and one of the children was saved
by a colored man at great personal risk
after the house was in flames. Mr. Mel-
ton saved a part of his furniture. Both
houses belonged to Mr. Melton, who
had insurance as follows: On dwelling
which he occupied, \$800; on dwelling
occupied by Mr. Bowden, \$300; on
furniture and apparel, \$200; on stable,
\$100; on kitchen, \$40; on fencing \$10;
making a total of \$1,450, all in the
Home Insurance Company of New
York, represented by Messrs Northrop,
Hodges & Taylor. Mr. Bowden had in-
surance on furniture to the amount of
\$500, in the Rochester-German of New
York, represented by Messrs. J.
W. Gordon & Smith.

Take care of your eyes. An agency
for the L. Mare's celebrated Rock Cris-
tal Spectacles and Eye Glasses is estab-
lished in this place at Heinberger's.

Fire at Laurinburg.

At about 4 o'clock this morning a fire
broke out in Leggett's Hotel at Laurin-
burg, which together with all its con-
tents was destroyed. The loss is esti-
mated at about \$10,000, on which there
is insurance for \$5,000. The Carolina
Central Railroad depot and large cotton
platform was but 100 feet distant, and
this property was for awhile in great
jeopardy, but by the determined exer-
tions of the citizens it was saved. We
could not learn the particulars as to the
cause of the fire. No other property
was destroyed.

Personal.

Bruce Williams, Esq., of Pender
county, is in the city to-day.
Capt. A. M. Noble, of Johnson county,
is in the city on a visit to his son,
Prof. M. C. S. Noble, and will remain
here several days.

We are pleased to note that Mr. T.
B. Henderson, who has been quite sick
for some days past, has recovered suf-
ficiently to appear on the street to-day.
Mr. C. F. King, of the Charlotte
Craftsmen, a paper devoted to the in-
terests of the laboring classes, is in the
city and gave us the pleasure of a visit
last night.

Death, the Reaper.

We regret very much to learn of the
sudden death of our old friend and
school-fellow, Dr. Columbus C. Cor-
bett. He died last evening at New
Hope, Kentucky, of apoplexy, and the
sad news was conveyed by his widow
in a telegram to his relatives in this
city.

Dr. Corbett was a native of this city
and would have been 49 years of age
had he lived a few weeks longer. He
graduated at the New York Medical
College when scarcely of age and re-
moved soon after with his father and
family to near Florence, Ga., where he
embarked in the practice of his profes-
sion. He had been engaged thus but a
short time when the typhoid fever
sounded and he was among the first to
volunteer his services. He entered a
Florida regiment but was afterwards a
captain in Morgan's command and was
captured at the same time and confined
with the great guerrilla chieftain. He
remained in prison until the close of the
war when he was released and went to
Kentucky where he married and has
since resided. He leaves a widow and
five children to mourn their loss, as
also two brothers and two sisters in
this city—Messrs S. W. and J. A. Cog-
bett, Mrs. George Alderman and Mrs.
W. M. Hankins.

The Onslow Railroad.

We publish herewith an act supple-
mental to the act amending the charter
of the Wilmington, Onslow & East Car-
olina R. R., which was published by us
nearly a month ago. The supple-
mental act is as follows:

Section 1.—That sections 11, 12 and 16
of chapter 233, laws of 1885, be and the
same are hereby reenacted; provided,
however, that convicts shall not be
worked on said railroad in the counties
of New Hanover or Pender.

Sec. 2. That if the company shall
fail to begin the construction of the
road within twelve months from the
ratification of this act, all county or
other municipal subscriptions shall be
void.

Sec. 3. That at the meeting of stock-
holders provided for in section 3 of the
act to which this is a supplement, it
shall be the duty of the President and
Directors of the present organization,
the Wilmington, Onslow & East Car-
olina Railroad Company, to announce
whether said company has accepted or
rejected the amendments to its charter
contained in this act, and the act to
which it is a supplement, which ac-
ceptance or rejection may be decided
upon by a majority of the private
stockholders of the present corporation
before the holding of said meeting; and
if the existing organization of the com-
pany shall reject the aforesaid amend-
ments to the charter then all exist-
ing stock subscriptions shall be
relieved and discharged, and all assets
divided among the private stockholders
according to their respective interests,
subject to the debts or other lawful
liabilities of the corporation; and there-
upon the existing organization shall
cease and determine, but the rights,
privileges and franchises of the corpora-
tion shall continue, and the county of
New Hanover, as a stockholder of said
corporation shall succeed to such rights,
privileges and franchises and may re-
organize the company by electing a
Board of Directors and otherwise per-
fecting the organization and may pro-
ceed to obtain municipal or private
subscriptions, and to do and perform
all other acts and functions authorized
by its charter and amendments thereto.

gave us the pleasure of a visit this
morning. He has written many pleas-
ant articles for the Northern press con-
cerning North Carolina, and of Wil-
mington in particular.

of these particulars.

Good Results in Every Case.
D. A. Brandford, wholesale paper
dealer of Chattanooga, Tenn., writes
that he was seriously afflicted with a
severe cold that settled on his lungs;
had tried many remedies without bene-
fit. Being induced to try Dr. King's
New Discovery for Consumption, did so
and was entirely cured by use of a
few bottles. Since which time he has
used it in his family for all Coughs and
Colds with best results. This is the
experience of thousands whose lives
have been saved by this Wonderful Dis-
covery.

Trial bottles free. For sale by W.
H. Green & Co.

Saved His Life.

Mr. D. I. Wilcoxson, of Horse Cave,
Ky., says he was, for many years, bad-
ly afflicted with Phthisis, also Diabetes;
the pains were almost unendurable and
would sometimes almost throw him in-
to convulsions. He tried Electric Bit-
ters and got relief from first bottle and
after taking six bottles, was entirely
cured and had gained in flesh eighteen
pounds. Says he positively believes he
would have died, had it not been for
the relief afforded by Electric Bitters.
Sold at fifty cents a bottle by W. H.
Green & Co.

LAND PLASTER.

300 TONS NOVA SCOTIA LAND PLAS-
TER, 94.36 per cent. of Sulphate of Lime.

The want of Plaster has been one of the
greatest drawbacks to successful farming in
this State, and it is an important service to
this great industry and to the State.
It is quite indispensable in any judicious
system of agriculture, and it serves several
important ends, besides the direct one of fur-
nishing lime and sulphur; it gathers nitrogen
and prevents its dissipation and loss; it is a
specific for clover and other leguminous
plants, and it indirectly renders the potash of
the soil available and so aids in the restora-
tion of worn lands.

We have sold Plaster to many during the
last year, all from whom we have heard, ex-
press their satisfaction and its results.
The application of Plaster to animal man-
ure, will increase the value of that manure
beyond calculation.

Composting with plaster will improve the
value of your compost 33 1/3 per cent.
Sowing from 20 to 40 pounds of plaster to
the acre, over your small grain after it is in
the ground will give you an increased crop
from 10 to 100 per cent.

It is indispensable in early planting to
such as asparagus, beets, sprouts, &c. &c.
