THE DAILY REVIEW.

VOL. XI. WILMINGTON, N. C., MONDAY, MARCH 28 1887. NO 74

There are 10,000 women in Cincinnati who earn their own living.

There are 400,000 unmarried men in Paris against 380,000 married men.

In India there are four female missionaries to every million of women.

Baseball pitchers are practicing with iron balls in order to obtain a higher rate of speed, and umpires are opening bids for armor plate clothing.

While New York is boasting of an "Old London Street," London is pointing with pride to "the young and fresh American debatable who try to play with the game of the Pyrenees."

One of the curiosities of Cayuga county, New York, is a hotel built directly upon the dividing line between two townships. It has been the custom for many years for the manager to shift his barroom from one end of the house to the other, just according to the way the town went on the excise question, and in that way he has managed to obtain a license, either in one town or the other, most of the time.

The postoffice in India is regarded as so miraculous an agency by the more ignorant natives that in some out-of-the-way places the very letter boxes are worshipped. In one case a man posted his letter in the box and shouted out its destination to inform the presiding spirit whom he supposed to be inside. Another native humbly took off his shoes as he approached the box, went through various devotions before and after posting his letter, and finally put some coppers before the box as a propitiatory offering, retiring in the same attitude of humility.

The Biddle House, the largest hotel in Detroit, covers an acre of ground, has six acres of floor, and is worth \$500,000. Luther Beecher, who owns it, has had trouble for twenty years in renting the property and now proposes to give it to the public. If he can sell it he will give \$500,000 to a fund for a charitable institution in the city. It has been rent at \$50,000 a year he will apply the rental to the same purpose. If he can neither sell nor rent he will cut up the big building and devote it to charitable purposes.

Prof. McGee has just enunciated a soul-disturbing theory. He personally visited Charleston and investigated the earthquake and its causes and his conclusions are summed up in a lecture delivered in Washington City on last Wednesday night. He says that the area of the earthquake extended from Cuba to Canada, and from the Mississippi to the Bermudas, or, even if the most moderate estimate be made for its extent under the ocean, over nearly a million and a quarter of square miles. "Few of the reliable recorded earthquakes of other countries," he said, "have affected so great areas as those of Lisbon was, perhaps, felt over a much greater area, but the data are uncertain." He added the prediction that "if, as seems evident, displacement and earthquakes go together, then the eastern United States are in danger, for displacement is now in progress at a rate so astonishingly rapid as to occasion surprise that earthquakes are not more frequent, and in curious and unaccountable defiance of the inevitable cities of Pittsburgh, Richmond, Fredericksburg, Washington, Baltimore, Port Deposit, Wilmington, Philadelphia, Trenton and New York have been located on the very line of displacement."

Election of Officers.

At a meeting of the Board of Directors of the First National Bank, held this forenoon, Mr. D. G. Worth was elected a Director to fill the vacancy occasioned by the death of Mr. E. F. Burruss. The Board then proceeded to the election of a President to fill the vacancy and Mrs. George Chabouru was unanimously elected to that position.

Interesting Exercises.

The exercises at Brooklyn Baptist Sunday School yesterday afternoon were made of unusual interest by the formal presentation to the church and school of the new organ recently purchased for them. The exercises were opened by an organ voluntary, from Battman, by Mrs. H. H. Foster, after which there was singing by the school, followed by a sweet song, of which the Lord's Prayer, chanted, was the conclusion. This was sung by little Mary, daughter of Mr. S. G. Hall, and Norma, daughter of Maj. H. H. Foster, aged respectively eight and six years, and was given in pure, clear, and musical tones, with perfect precision and in exact time and tune. Rev. Dr. Pritchard, who was present, then made an interesting and instructive address, taking as his subject the acts of Esau and Jacob. Maj. Foster then asked the church and school, through the pastor, Rev. G. M. Tolson, to accept of the organ. The latter, in a graceful and grateful speech, accepted the instrument, and the school then, upon motion of the Superintendent, Mr. J. W. Taylor, thanked Maj. Foster for his efforts in their behalf by a unanimous rising vote.

The report of the Secretary and Treasurer, Mr. N. Jenkins, showed that the school is in a prosperous condition, both as to attendance and finances.

Dust to Dust.

The obsequies of the late Mr. E. E. Burruss were held at the First Presbyterian Church, of which the deceased was a member, at half past 3 o'clock yesterday afternoon, the remains having been conveyed from his late residence for that purpose. Such was the prominence of Mr. Burruss in the business world and such was the profound respect in which he was held by the entire community that the gathering was one of the largest ever assembled in this city upon such a sad occasion. It was a tribute of the great esteem in which the deceased was held, which must have afforded some consolation to his relatives and most intimate friends. The services were conducted by Rev. Peyton H. Hoge and were deeply solemn and impressive. At the conclusion of the services, the remains were conveyed to Oakdale Cemetery for interment, followed by a long procession of relatives and friends, and the Chamber of Commerce, of which he was a member, and by the members of the Produce Exchange. Hon. George Davis, Ex-Judge D. L. Russell, Col. John D. Taylor and F. W. Kerchner, Capt. E. J. Pennypacker, and Messrs. D. G. Worth, George Chabouru and Alfred Martin were the pall-bearers.

Excitement in Texas.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; every body said he was dying of Consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of Pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds.

The Verdict Unanimous.

W. D. Salt, Druggist, Bippus, Ind., writes: "I can recommend Electric Bitters as the very best remedy. Every bottle has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters. Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only half a dollar a bottle at W. H. IN MEMORIAM.

At a meeting of the Directors of the First National Bank, held this forenoon at their Banking Rooms, the following Preamble and Resolutions were unanimously adopted: WHEREAS, Almighty God, the Creator and Ruler over all—the wisdom of whose acts none may question, and to whose decrees all must submit, however painful, has brought a great affliction upon me, an affliction fraught with more deep and absorbing interest than any event that we have ever been called upon to consider. By this dispensation, our President has been suddenly stricken down—his dear life empty, no more to be filled by him, who has so long and so ably occupied it. We shall miss no more that kind and cordial greeting, that warm, friendly and sincere clasp of the hand, the sure token of a kind and true heart. We shall utterly fail, should we attempt at this time, to estimate, or determine the extent of the loss that we have sustained in the sudden and unexpected death of our friend and co-President of this Institution. We shall doubtless realize something of this loss, daily, through the remembrance of our sojourn here, both in our social and business relations. Be it therefore Resolved, That in the death of EDWIN E. BURRUSS, the founder, and for more than twenty years the President of this Bank this Board, and we believe the entire community, have sustained an irreparable loss. He was ever cordial and sincere, a kind and faithful friend, ever ready to aid the distressed—to contribute liberally of his means when the calls of charity were presented, a true friend and discreet counselor of the young and enterprising business men. He was among the foremost in every enterprise designed to improve the interests and general prosperity of this city. In fact, we feel that we are totally incapable of expressing or estimating the worth of such a man to any community, or the extent and magnitude of the loss that we have sustained, and we regard his death as a public calamity. He was a pure man, a true man and a man of uncommon ability. Resolved, That, in token of our respect for his memory, the Banking House be draped with the insignia of mourning, and that a memorial page in our Records be duly dedicated to his memory. Resolved, That to his bereaved family we desire to tender the assurance of our sincere sympathy in their great affliction, and that they be presented with a copy of these proceedings. star copy.
