

THE DAILY REVIEW.

VOL. XI. WILMINGTON, N. C., THURSDAY, MARCH 31 1887. NO 77

THIS PAPER published every evening, Sundays excepted by JOSH T. JAMES, EDITOR AND PROPRIETOR. SUBSCRIPTIONS POSTAGE PAID: One year \$4.00. Six months, \$2.00. Three months, \$1.00; One month, 35 cents. The paper will be delivered by carriers free of charge, in any part of the city, at the above rates, or 10 cents per week. Advertising rates low and liberal. Subscribers will report any and all failures to receive their paper regularly.

LOOK OUT! compare this with your purchase:

As you value health, perhaps life, examine each package and be sure you get the Genuine. See the red Z Trade-Mark and the full title on front of wrapper, and on the side the seal and signature of J. H. Zellan & Co., as in the above fac-simile. Remember there is no other genuine Simmons' Liver Regulator.

The Rev. Dr. Curry, American minister to Spain, has become very popular in Madrid society.

There are now nearly one hundred monuments on the battlefield of Gettysburg, costing from \$300 to \$4,000 each.

C. H. J. Taylor, recently appointed minister to Liberia, has received his commission, filed his bond, and will sail for his post of duty early in April.

The New York Legislature has determined to put more money in the Erie Canal. Every dollar of the millions thus expended has been returned tenfold to the people of the Empire State. The commercial supremacy of New York city dates from the completion of that great waterway.

Some days ago the import duty on wheat brought into France was raised for the benefit of French wheat growers. As a result of this legislation the bakers have added two cents to the price of six pound loaves of bread. The wheat growers are served at the expense of the wheat eaters. Possibly the workmen of France will soon see that this is the inevitable effect of such protection and will have something to say about it.

Church's "Niagara," the most important picture in the first night's sale of the Stewart collection, was bought for \$7,050 by John S. Kennedy, who will place it in the National Museum at Edinburgh. Huntington's well known "Lady Washington's Reception," was sold for \$3,300 to the Hampton Club, of Brooklyn. A fine Tryon brought \$7,150, Gerome's "Chariot Race," \$7,100, and Meissonier's "Charity," \$10,500. Judge Hilton bought the two pictures last named.

Rev. Dr. Talmage says of life insurance: "Your minister may preach a splendid sermon over your remains, and the quartette sing like four angels in the organ loft, yet your death will be a swindle if you neglect to provide for your wife and children after you are dead. It is a mean thing for you to go up to Heaven, while your wife and little ones go into the poor house."

Excitement in Texas. Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; every body said he was dying of Consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of Pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds.

The Verdict Unanimous. W. D. Sult, Druggist, Bippas, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my 30 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only half a dollar a bottle at W. H. Green & Co's. Drug Store.

No City Court this morning.

Headquarters for base ball supplies is at Heinsberger's.

The storm signal floats to-day with the wind from the West.

The receipts of cotton at this port to-day foot up 39 bales.

March leaves us to-day and its departure is like unto that of the roaring lion.

The new moon enters on its second quarter at 37 minutes past 8 o'clock tomorrow morning.

You will save money and get the best work by sending your clothes for repairs to John Dyer and Son.

The Morgan case has occupied all of the attention of the Criminal Court to-day and was not concluded at our close.

The Democratic members of the Board of Aldermen met in caucus again to-day and it is said that this time they have agreed upon a candidate for Mayor and that Alderman Fowler is the man.

Brunswick Court will be in session next week and the steamer Louise will leave here every morning for Smithville, returning the same night, for the accommodation of those from the city who may have to attend.

Miss E. Karrer's grand opening of millinery and millinery goods took place to-day and will be continued also tomorrow. There were lots of ladies on hand to inspect the many new and pretty things.

Easter Cards. A large and beautiful line of Easter Cards, plain, fringed and very fine ones in boxes have just been received and opened for inspection at Heinsberger's.

Death of an Old Pilot. We regret to learn of the sudden death at Bald Head, on Tuesday night last, of Mr. Ephraim Gause, one of the oldest pilots on the Cape Fear coast. About 1 o'clock during the night he had a stroke of paralysis and died in less than an hour. Mr. Gause was for many years a pilot for the New York and Wilmington Steamship Company. He was buried this morning at Smithville. He leaves a widow and five children to mourn their loss.

Shrier's Spring Daises. We have gathered a bouquet of daisy suits for small boys and big boys, young and old, that will tickle the fancy of every mother and father in Wilmington. In Confirmation suits our assortment of diagonals, corkscrew and cassimere, in all qualities, made up reliable and first class in every respect, is worthy of inspection and are as low, frequently from \$1 to \$3 lower than the like can be purchased for elsewhere and we guarantee that each and every article sold by us shall be exactly as represented. I. SHRIER, the Old Reliable Clothier and Merchant Tailor, 114 Market Street.

The Angel of Death. We have been sorely afflicted of late. Death the Reaper has gathered some of our best citizens to his harvest, and the entire community has mourned sincerely the losses we have sustained. And again, to-day, has the bolt fallen and one of Wilmington's purest and noblest women has been the shining mark. That estimable lady, Mrs. Owen Fennell, died suddenly this morning, at the breakfast table, of heart disease. It was a terrible shock and the news of it has fallen like a pall of sorrow over the entire city. For some time past, we understand, Mrs. Fennell had developed symptoms of heart disease and the fear of that which has come to pass has ever since been present in the family circle. But the reality, when it came, came without warning and the affliction is indeed a terrible one.

Mrs. Fennell was the daughter of Mr. John R. Bowman of Sampson county. She was a lady of rare accomplishments, kind, gentle and charitable, and actuated, in every word and deed, by the principles of a pure, devoted and upright Christian life.

Our Financial Board.

We publish elsewhere a report of the reorganization of the Board of Audit and Finance, with Mr. R. J. Jones as Chairman, and Capt. Jno. Cowan as Secretary, Mr. Gore, the late Chairman, having declined a reelection.

We believe that the establishment of this new branch of the municipal government was a move in the right direction and one that has had much to do with bringing the credit of the city up to its present high condition. When this Board was first organized the city debt amounted to something over \$624,000, of which amount more than \$120,000 was past due—bonds, coupons and other obligations of the city, all of which were selling on the streets from 65 to 70 cents on the dollar, and although a law calling for a sinking fund and a sinking fund commissioner had been in force for over ten years, there was neither sinking fund or sinking fund commissioner in existence. Now, the city debt, including the purchase of the new markets, stands at \$569,700, with a sinking fund of \$74,000, which is yearly increasing, while all obligations of the city are met at maturity, and its bonds bring from 3 to 5 above par. We look upon this as a good showing and think that much of it is due to our Board of Audit and Finance, as also, indeed, to the Democratic Board of Aldermen, the two Boards having, as a rule, cooperated harmoniously.

The Board of Audit and Finance was first organized, under an act of the Legislature, in 1877 and has been composed, during the various terms, of the following gentlemen:

1877 to 1879.—Norwood Giles, Chairman; W. D. Mann, R. J. Jones, D. G. Worth and Thos. W. Payer. J. F. Gause, Clerk.

1879 to 1881.—Norwood Giles, Chairman; W. D. Mann, R. J. Jones, D. G. Worth and Thos. W. Payer. John Cowan, Clerk.

1881 to 1883.—Norwood Giles, Chairman; O. A. Wiggins, Wm. Calder, R. J. Jones and Jno. S. McEachern. John Cowan, Clerk.

1883 to 1885.—R. J. Jones, Chairman; O. A. Wiggins, Wm. Calder, W. R. Kenan and Jno. S. McEachern. Jno. Cowan, Clerk.

1885 to 1887.—W. I. Gore, Chairman; Jno. W. Gerdtz, Wm. Calder, R. J. Jones and C. F. VonKampen. Jno. Cowan, Clerk.

1887 to 1889.—R. J. Jones, Chairman; Wm. Calder, J. F. Maunder, W. I. Gore and J. W. Hewitt. Jno. Cowan, Clerk.

Audit and Finance. The newly appointed members of the Board of Audit and Finance—Messrs. W. I. Gore, R. J. Jones, Wm. Calder, J. W. Hewitt and J. F. Maunder—met at the City Hall yesterday afternoon for the purpose of organizing, and were sworn in by Col. J. D. Taylor, J. P.

On motion of Mr. Calder, Mr. Gore was called to the chair, when an election was ordered for permanent chairman.

Nominations were called for and Mr. Gore nominated Mr. Calder, Mr. Hewitt nominated Mr. Gore, and Mr. Maunder nominated Mr. Jones. Mr. Gore declined the nomination. In nominating Mr. Calder he spoke in complimentary terms of the latter. Mr. Calder had been a member of the Board of Audit and Finance for six years, and had been faithful and true in every respect to the best interests of the city; his selection for permanent chairman would give satisfaction to the board and the community.

No other nominations were made and on the twentieth ballot Mr. Jones was elected, having received three of the five votes cast.

The permanent chairman, after expressing his appreciation of the honor conferred upon him by his fellow members of the Board, announced that the next business was the election of a clerk. Mr. Gore nominated Capt. John Cowan for the position. Mr. Maunder seconded the nomination. There was no other nomination, but a ballot was taken, and Capt. Cowan received all of the five votes cast.

The Board then adjourned.

Constipation Has Many Victims. and the endeavor to find relief with the cathartic, the injection, the aperient and laxative are distressing. These are resorted to time and again, until the sufferer is almost in despair, as he gains only a brief respite.

By taking Simmons' Liver Regulator, the bowels will be gently moved as naturally as if no medicine had been taken. Regularity in taking the medicine will soon effect a permanent relief.

The REVIEW JOB OFFICE is the place to get good work at moderate prices.

Personal.

Mr. Behrends of the firm of Behrends & Moore, returned last night from an extensive trip to the Northern and Western markets, where he has been to purchase goods.

Crockery and Glassware. Mr. L. C. Lineberry, a gentleman well and favorably known to many of our citizens both in the old days previous to the war as well as in those latter times, has purchased the stock of china, glassware, crockery, &c., in the store No. 117 South Front street. The stock will be thoroughly replenished by new purchases in a few days and the public are invited to call and examine it.

The Flowering Moss. We publish on the third page of this issue a communication from a gentleman in this city, a distinguished botanist, relative to the beautiful flowering moss so abundant in this section in the early Spring. It is stated that the moss grows all of the way along the coast from New Jersey to Florida. So it does, but it is not by any means the same moss as hereabouts. It is not the same species. We gathered some recently in Florida but both the plant and the bloom were unlike ours. The latter was perfectly white, it grew on sandy soil and had scarcely any roots what ever and the whole thing withered and drooped and was worthless fifteen minutes after it was plucked. Ours, on the contrary, will live for days and the flowers keep their beautiful appearance to the last. Placed in water it will keep for a week or more.

The New Oil Company. A prominent Charleston merchant, who has made inquiries upon the subject, furnishes the following information to the News and Courier concerning the "Southern Cotton Oil Company," to which reference has frequently been made of late:

The company was incorporated under the laws of New Jersey on March 5, 1887, under the Act of April 7, 1885. The incorporators and stockholders are:

Henry C. Butcher, Philadelphia, shares.....10,000
Wm. S. Harvey, Philadelphia.....5,000
Fred. Oliver, Charlotte, N. C.....6,000
Dana Tompkins.....8,000
John Oliver, Columbia, S. C.....10,000
Alvin C. Newland, Camden, N. J. 1,000

Total.....40,000
The authorized capital is five million dollars, divided into fifty thousand shares of one hundred dollars par value. Business was commenced with four million dollars on March 5, 1887, and is to terminate March 5, 1937, (fifty years).

The places of business where mills are to be erected are: Jersey City, Hoboken, Hudson County, N. J., Camden, N. J., Philadelphia, Pa. (headquarters) Chicago, Ill.; Kansas City, Mo., Norfolk, Va., Wilmington, N. C., Charleston, S. C., Savannah and Atlanta, Ga., Montgomery and Mobile, Ala., New Orleans, La., Memphis, Tenn., Little Rock, Ark., Dallas and Houston, Texas, Meridian, Miss., and such other places as the company shall determine upon.

The character of the business is the manufacture of cotton seed oil and all the products of cotton seed. They have power to issue bonds and mortgage their properties for the purpose of raising money. An interested party and one near the president stated that the paid in capital is to be four million dollars.

The intention of withholding the one million dollars reserve stock is to distribute it in the South in most influential quarters. Men of good standing are said to be entering it and the purpose is to do a large and legitimate business. Their contracts for mills are being made and they claim to own the most improved machinery and patents, which will enable them to outstrip their competitors.

A Letter from a Conductor. OWEGO, IOWA Co., N. Y., Dec. 16 '85. In 1879 I was taken very suddenly with lambo, while running my train through to Buffalo. I was completely floored, and utterly incapacitated from attending to my duties as conductor. Shortly after I was taken, every passenger knew of it, and one gentleman, I can't remember his name now, came up with a box of ALLCOCK'S POROUS PLASTERS and told me he would put two of them on. They had hardly been put on before I was relieved somewhat, and in fifteen or twenty minutes at most I was able to sit up straight, and in an hour I was enough better to attend to my official work, and I just kept on gaining and feeling better until I was entirely well. From that time to the present I have time and again used these Plasters, and have yet to find them fail in relieving cough, or pain, or ache. My wife says she has not known what it is to have a back-ache for more than a few hours since ALLCOCK'S POROUS PLASTERS were kept in the house.

M. MURIENE, Conductor Erie Railroad.

NEW ADVERTISEMENTS.

Stmr Louise. WILL LEAVE WILMINGTON every morning at 8 o'clock, returning same day, for Court at Smithville, commencing Monday, April 4th, 1887. W. A. SNELL, Master. mch 31 Star copy
