to receive their paper regularly, ALDERMAN FISHBLATE AND THE REVIEW.

Dear Sir: - You have seen fit to criti ise some of the Democratic members enerse advergated by vourselt in your baper of March 2; b, 1887. The course the gentlemen refer ed to by you had but one purpose and one the election of Democrats to office is not a hereditary right in this somery and about nine-tenths of the vere singularly silent as to the slaugh er of the 1) an eratic county ticket fast November by a notorious deal made by D. L. Russell of the Republican party, Mr. Rusen and his alnes in our party or singularly unfortunate in their I fight my battles in daylight under the Democratic banner and ne cause I will not now to the orders of a very lew people in this community, I am assaulted for a cause advocated by Democratic organ, the DAILY REVIEW. I have yet to learn that it is a crime to advocate the election of a man like William A. Wilson, whose integrity and morality are tuly equal to those of Cal Taylor and wh see business attainments are recognized by comment to make upon your course and simply request that you publish your article of March 26 h side by side with that of yesterday.

(Review of March 26th, 1887.) THE MUNICIPAL MUDDLE!

There seems to be a piett, big dis gust on hand in this town among all the Democratic Aidermen to agree upon a candidate for Mayor It the dead lock can't be broken in caucus let the matter be said before the whole board There will be sure to be an election then and it is equally sure that a Demograt will get it. It is the sentiment of lots of the best people in this town. As it is now here are grave doubts as let he legality of the acts of a Mayor pro tem. The law painly requires the Board to elect one of their number at the first they have failed to do The law has not been complied with, neither in let ter nor in spirit Nor has any attempt charter of this city."

> (REVIEW of April 14th, 1887.) THE CITY SQUABBLE.

The action of the Board of Alderman last night was a surprise, and a disagreeable surprise at that, to a great many of our people. They had hoped that a solution of the difficulties in the Democratic party would be settled where alone a settlement should have been made, in caucus, but in this they regret that they have seen the caucus entirely ignored and the matter carried into the open Board where two of the Democratic aldermen allied them selves with the Republicans to override the wishes of the others. This is revo lutionary and cannot and will not be condoned by the people of this city .-As a Democratic newspaper the DAILY matter and to say plainly to the revolutionary aldermen that they have violated not only the traditions of their party but They could not have been elected had it from the torch of Glenbeigh." been known beforehand that they would resort to such reprenensible methods.

Democratic ascendancy in city affairs hangs, at the best, upon a very slender thread, and if this thing is to be allow ed to pass without rebuke that ascendancy here is seriously imperiled. What Democratic control means can be readily understood by simply compar ing the condition and conduct of affairs during the past decade, under Democratic administration, with that of the previous ten years under Republican mal administration.

In conclusion I desire to say that any man who states that I made any deal or arrangement by which a Republican was to gain an office or Democrat lose one is guilty of a deliberate falsehood. My conduct was governed by the des sire to see justice and fair play to all Democrats. Very respectfully S. H. FISHBLATE.

CONMENTS. It Mr Fishblate can find any comfort or consolation in the article be has quoted from the REVIEW of the 26th uit., he is entitled to it. We publish his communication very cheerfully, in asmuch as it affords us an opportunity, lurnished by him, for repeating what we said yesterday. The reader vast deal of difference between the advice given by us to the Democratic were aware of the fact that the caucus ingly agreeable." was an organized body and that no action of any kind could be taken unless by a vote of the majority of that body.
