Simmons' Liver Regulator.

Infant's Specific for Liver Disease.

SYMPTOMS: Bitter or bad taste in
mouth; tongue coated
white or covered with a brown fur; pain in
the back, sides, or joints—often mistaken
for rheumatism; sour stomach; loss of
appetite; indigestion; flatulence and acid
eructations; bowels alternately consti-
pated and lax; headache; loss of memory, with
fading of vision; or of having failed to do
anything which ought to have been done;
a thick, yellow ap-
pearance of the skin and eyes; a dry
cough; restlessness; the urine is
cloudy and high colored, and, if allowed to
stand, deposits a liver deposit.

SIMMONS' LIVER REGULATOR

(PURELY VEGETABLE)

It is generally used in the South to arouse
the liver to a healthy action.

It acts with extraordinary efficacy on the

LIVER, KIDNEYS,

AND BOWELS.

Dyspepsia, Sick Headache,
Constipation, Biliousness,

J. H. Zeilin & Co., Philadelphia, Pa.,

Price, \$1.00.

For the first time since 1789 Easter

Monday was observed as a holiday in

Paris.

A mitrailleuse is being tried in the

Austrian army which will fire 1,000

bullets in ninety seconds.

It is asserted by some that Gov. Fitz

Lee will be chosen Commandant of the

military encampment at Washington

City, by virtue of his seniority.

There was one little inaccuracy in

yesterday's issue which we wish to cor-
rect. Alderman Fishback did not intro-
duce into the Democratic caucus the
resolutions we published, as stated by
us. They were presented by Mayor
Fowler, a member of the caucus, and
were unanimously adopted.

It is now understood at New York

that still another yacht is being built

there to compete with the Mayflower

for the honor of defending the America's

cup this year. The Priscilla and

Atlantic both proved unequal to the

task of beating the Boston models, but

still the spirit of the metropolis is un-
subdued. Edward Burgess, who de-
signed the Mayflower, says that the
Thistle, which the Scotchmen are
building for the America's cup race,
promises to be the fastest cutter in
British waters.

The Court and Society Review re-
marks that Mrs. Jerome, Lady Ran-
dolph Churchill's mother, ought to be
a firm believer in the proverb that it's
an ill wind that blows nobody good—
"After suffering from paralysis for
some years and being quite bed-ridden,
the poor old lady was so terrified by the
first shock of the earthquake at Cannes
that she sprang out of bed, fled down-
stairs, and instead of delivering up the
ghost then and there, as her amazed
and terrified friends and attendants
fully expected, she has been able to
walk ever since!"

The newly devised apparatus for

working the ramie plant has thus far

proved so successful as to create great

confidence in its utility, as compared

with other contrivances brought for-
ward for this purpose. The green stems
are introduced between rollers at one
end of the machine, and after passing
between various others, which break,
stretch, scrape, and beat them—the
whole process being aided by a flowing
jet of water, which acts as a cushion,
lubricant, and flux—the fibre passes
out at the other end in the most satis-
factory condition, being thus effectually
cleaned at one operation.

The Russian ministry of finance has

submitted to the Government a scheme

for the taxing of passports for journeys
abroad. The scheme involves a tax of
30 gold rubles for a three months' ab-
sence from Russia and 15 gold rubles
for every month's continuation of the
absence beyond three months up to a
year, and a gold ruble a day after that,
or 360 gold rubles for a whole second
year. A ruble is worth about eighty
cents. It is reported that throughout
the Baltic provinces the teaching of the
Russian language in primary schools is
being enforced and that the German
gymnasiums have been converted into
Russian institutions.

An Atlanta dispatch claims that

President Cleveland has definitely ac-
cepted an invitation to attend the Pro-
mont fair, which will be held in that
city during the first two weeks of Oc-
tober.

Governor Ross of Texas, has vetoed

the tax bill which postponed for one
year the collection of taxes in the
drought district, embracing some
seventy counties. He declares that the
bill violates the Federal Constitution.

The wonderful periodic star, known

as the Star of Bethlehem, which don't
come often, but is scientifically brilliant
and beautiful when it does put in an ap-
pearance, is looked for the present year.
It was seen in 1572, 1257 and 942 and
is due about every 315 years. The name
is derived from the well known Bible
incident familiar to all.

The German Wiggins, except that

his predictions are said to be verified
with painful accuracy, is Prof. Rudolph
Faib, who recently lectured in Berlin
on the late earthquakes in the Riviera.
He attributes earthquakes and other
violent disturbances to the influences
of the sun and moon on the earth, and
is reported to have named these dates
as those upon which more or less
serious results of that kind will occur:
April 8, May 5, 6 and 7, June 3, 4, 5,
21 and 22, July 20, 24 and 25, August 3,
19 and 20, September 17 and 18, Octo-
ber 16, Nov. 6, 14 and 15 and Decem-
ber 12, 13 and 14. Of the foregoing, he
lays special stress upon the September
and October dates. The disturbances
alluded to, however, are not necessarily
earthquakes, but may manifest them-
selves simply in very high winds and
unusually heavy rain falls.

R. E. Lee Camp, of Richmond, Va.,

proposes May 30th as a universal Me-
morial Day throughout the South. The
proposition has Gov. Lee's endorse-
ment. It wouldn't do at all. May 30th
is Decoration Day for the Federal dead
and the two would conflict. Besides,
climatic conditions, which must in
reality regulate the matter, interpose
to forbid it. On May 10th Summer
may be said to be in full blast in Geor-
gia and the Gulf States. It would be
too hot then and the fatigue for the
ladies and children would be too great
and too oppressive, and besides, a very
important consideration, the flowers
most desired become scarce at that
time. We find that May 10th is suffi-
ciently late here and if any change is to
be made at all we suggest it be to an
earlier day.

Horses, Cattle and Chickens.

For colic and grubs, for lung fever,
cough or hide-bound, I give Simmons'
Liver Regulator in a mash twice a day.
You can recommend it to every one
having stock as the best medicine
known for the above complaints. In
using it with my chickens, for cholera
and tapes, I mix it with the dough and
feed it to them once a day. By this
treatment I have lost none where the
Regulator was given promptly and regu-
larly.

Cemetery this week.

dale Cemetery this week, one adult and
two children.

suits, but it is not best to be in a hurry
in the matter.

adults and three children, in Pine For-
est Cemetery this week.

cheaper at Heinsberger's than at any

from this port within the last week,
which is an unusual occurrence.

New Hanover County Superior Court

Judge Connor presiding, will convene
at the Court House in this city on Mon-
day next.

The Register of Deeds issued three

marriage licences this week; two for
white couples and one for a colored
couple.

People are on their good behavior

and the City Court seems to be falling
into "innocuous disuse." Those
heavy fines draw rather too hard on the
pockets.

Schr. John P. Wynnan, Rumill, cleared

out day for Port-au-Prince, Hayti,
with 161,050 feet lumber and 30,000
shingles, valued at \$3,320.63, shipped
by Messrs. E. Kidder's Son.

Fine showers last night, accompa-
nied by thunder and lightning, were
welcome to our people. They were an
invaluable blessing to the parched
earth and the dry and dusty streets,
and this morning the atmosphere was
clearer, purer and healthier in conse-
quence.

I. SHIRER reports that he is doing

the largest Spring trade in clothing and
gents' furnishing goods he has had for
several years. The cause is that he
sells cheaper than any one else. He
has received a large line of Percalle
shirts worth \$1.50, which he will sell at
75 cents, be sure and call and get a
shirt.

Musical Entertainment.

There will be a grand musical enter-
tainment at St. Stephen's A. M. E. Church,
corner of Fifth and Red Cross streets,
on Monday night, the 18th inst., under
the direction of Prof. H. M. Shepherd,
of New Haven, Conn. Aside from
the musical portion of the programme,
Rev. F. W. E. Peschau, of St. Paul's
Lutheran Church, will deliver an ap-
propriate address. The seats will be
free. President Cleveland, Gov. Seales,
Lieut. Gov. Stedman, Bishop John M.
Brown, of the District of Columbia,
Prof. John M. Langston, ex-Minister to
Hayti, and Prof. J. C. Price, of North
Carolina, have been invited to be pres-
ent.

Meeting of District Stewards.

A meeting of the Stewards represent-
ing the pastoral charges of Wilmington
District, M. E. Church South, was
held at the Front Street parsonage yes-
terday. Rev. T. W. Guthrie, Presiding
Elder of the District, was in the Chair
and Mr. J. C. Davis was elected Sec-
retary. The following assessments for
the District were made for the year
1887:

For the Presiding Elder, \$1,412.50;

foreign missions \$1,459; domestic mis-
sion, \$615; conference claimants, \$585;

church extension, \$347; Trinity Col-
lege, \$398.66; bishops, \$137; making a
total assessment of \$4,955.16

A Frightened Bovine.

A frightened steer, attached to an
ordinary cart, created some excitement
and no little amusement at the foot of
Princess street this afternoon. He
started up North Water street, and
notwithstanding the efforts of two
colored men, managed to run into the
wheels of a buggy, but fortunately
without doing any damage to the
vehicle, and thence he ran into a hen
coop which was smashed so as to
liberate the poultry, one of which flew
up into the window of Messrs. James H.
Chadbourn & Co's office in his flight.
After crossing the street several times
in a vain attempt to get away from
those who had him in charge, the steer
quietly subsided and was led off.

Using Them for Fifty Years.

ARKANSAW, PEPPIN CO., Wis., Dec.
2, 1885.

For upward of fifty years I have

used BRANDRETH'S PILLS. I am now
nearly eighty years old and in good
health. That my faculties are still
intact is due to this fact, and this only.
I have almost relied on BRAND-
RETH'S PILLS to the exclusion of strong-
er medicines to restore me to health
whenever either seriously indisposed
or in great suffering from colds, back-
ache, &c., and am deeply grateful, next
to my Maker, to the blessed man who
originated and placed within reach of
his fellow-beings so simple and effica-
cious a remedy. For bilious derange-
ments and kidney disturbances, their
usefulness, in my experience, is par-
ticularly noticeable.

Mrs. FAYETTE DIXON.

Cotton.

The receipts of cotton at this port for

the week ended April 16th, 1887, foot
up 193 bales, as against 984 bales for
the corresponding week last year; a
decrease of 791 bales. The receipts for
the crop year to date foot up 132,836
bales, as against 97,973 bales for the
corresponding time last year; an in-
crease of 34,863 bales.

Bank of Clarendon.

The incorporators of the Bank of Claren-
don—Messrs J. W. Atkinson, W. H.
Chadbourn, Clayton Gilles, Gabriel
Holmes, R. J. Jones, E. S. Martin, Jas. C.
Stevenson, G. H. Smith, Wm. Latimer,
Pembroke Jones, W. I. Gore, A. J.
DeRosset and Wm. Calder—met in the
Director's room of the First National
Bank yesterday, when Messrs A. J.
DeRosset, R. J. Jones and Wm. Calder
were appointed commissioners to open
books of subscription to the capital
stock.

Personal.

Mr. C. T. Askew, of the paper house

of A. G. Elliot & Co. of Philadelphia,
is in the city and favored us with a visit
to-day.

Hon. O. P. Meares returned to the

city this morning from Charlotte, where
he has been holding Criminal Court
this week.

Prof. A. Bellezzs, after a sojourn of

several months in our city, where he
has made a host of friends by his gen-
tlemanly character, will leave on to-
night's train for Tarboro, where he will
locate for the present. His brother
will accompany him.

Mr. W. H. Gibson, Special Agent of

the National Life & Maturity Associa-
tion has returned from Washington
City where he was called by the serious
illness of one of his children, now
happily much better. The National
Life & Maturity plans have become very
popular here and Mr. Gibson and Dr.
Riddelle are doing a large business with
our people.

Railroad Changes.

Capt. A. H. Cutts, for many years a

well-known and popular conductor on
the Wilmington & Weldon Railroad,
but for several months the gate-keeper
at the Front street depot, has been ap-
pointed conductor on the Clinton &
Warsaw branch, and entered upon
those duties when the road was opened
for traffic on the 3d inst. Mr. M. P.
Muse, formerly a baggage master on
the Wilson & Fayetteville branch, has
been appointed gate keeper at Front
street depot, to fill the place made
vacant by the appointment of Capt.
Cutts. The latter contemplates remov-
ing his family to Clinton sometime
during the coming Fall.

See JACOBI'S large and fine assort-
ment of fishing tackle. He can surely
please any fisherman with his assort-
ment.
