

THE DAILY REVIEW.

VOL. XI WILMINGTON, N. C., SATURDAY, MAY 21, 1887 NO 120

Bob Lincoln says that he will not be the tail to the Blaine kite. It is reported that the second place on the ticket has been as good as offered him and that he will not accept. Sensible. He can read the signs of the times.

And now it is said that the Democrats will probably carry Minnesota in the next presidential election, provided Mr. Cleveland is the nominee as he surely will be if he lives. Representative-elect McDonald, of that State, is the authority for this:

Sunset to-morrow afternoon at 3 minutes past 7 o'clock.

New moon to-morrow afternoon at 51 minutes past 5 o'clock.

There were two interments in Oakdale Cemetery this week, both adults.

The receipts of cotton are very small and the season may be said to be virtually closed.

The Register of Deeds issued nine marriage licenses this week; four for white and five for colored couples.

Second Presbyterian Church: No services at night. Subject of morning sermon: Untruthfulness.

There has been a good stiff breeze today, which would have given the yachts a fine opportunity of displaying their sailing qualities.

Hon. A. H. Van Bokkelen has been appointed Superintendent of Construction for the new Government building to be erected here.

The price of spirits turpentine advanced today and the receipts, which were unusually large, were taken at 33 cents per gallon.

The soldier boys are seeming to have a good time, although some of them think that they have rather too much duty to perform.

The Opera House was thronged this afternoon to witness the performance of the Cora Van Tassel Company in the play of "Leah, the Forsaken."

At the Second Presbyterian Church to-morrow morning the subject of the sermon will be "Untruthfulness." There will be no service there at night.

Sunday morning there will be no services in the First Presbyterian Church, the pastor being absent, but at 8 o'clock p. m. Rev. J. W. Primrose will fill the pulpit.

Norwegian barque *President Harbitz*, Nielsen, cleared to day for Glasgow with 1,000 casks spirits turpentine and 1,500 barrels rosin, valued at \$18,000 shipped by Messrs. Alex Sprunt & Son.

St. Paul's Evangelical Lutheran congregation will worship to-morrow in Luther Memorial Building, corner Sixth and Princess streets. German services will be held at 11 a. m. and English services at 8 p. m.

The Cora Van Tassel Co. is doing up the city of Wilmington at this time. This company seems to like the "Old North State."—*Greensboro Workman* Yes, and the "Old North" seems to like the company, judging by the warm reception they get wherever they go.

Samuel Pasco, the newly-elected U. S. Senator from Florida, was born in London, England, and is about 48 years of age. He is a graduate of Harvard, was an ardent secessionist, and served in the Confederate army but did not hold a commission.

The Hook & Ladder Company celebrated their anniversary at their Hall last night in an appropriate manner. A collation was served, and speeches were made by Col. Roger Moore, Chief of the Fire Department Oldenbutel, Capt. John H. Daniel and others.

Rev. C. W. Godwin, of Brooklyn M. E. Chapel, will preach at the Temple of Israel, for the congregation of Grace M. E. Church, at 11 a. m. to-morrow.

Rev. T. M. Guthrie, President of the Wilmington District, will preach there at night to the same congregation.

Pianos and organs can be bought cheaper at Heinsberger's than at any other house in the State.

On Wednesday next, at 12 o'clock, at the City Hall, Messrs. Cronly & Morris will sell at auction 100 rolls of matting, in thirty different patterns, all of it the manufacture of the Acme Manufacturing Company. We have before spoken of this matting. It is not only handsome, but it is durable, clean and healthy. It can be inspected previous to the sale.

City Court.

Mike Peden, colored, was drunk and disorderly in the Hollow last night, but knew nothing of the matter when brought before the Mayor this morning. The sentence of the Court was a fine of \$20, or imprisonment for 30 days.

The Graded Schools.

The teachers and pupils of the Hemenway Graded School hope to have their friends visit their school on next Monday at 10 o'clock in the forenoon. An opportunity will then be given of seeing something of the methods of teaching employed in our graded schools.

Cotton.

The receipts of cotton at this port for the week ended May 21st, 1887, foot up 71 bales, as against 272 bales for the corresponding week last year; a decrease of 201 bales. The receipts for the crop year to date foot up 133,313 bales, as against 101,042 bales for the corresponding time last year; an increase of 32,271 bales.

A New Engine.

Robert Morrissey, foreman of Cape Fear Steam Fire Engine Company, has received information from the Silsby Manufacturing Company, Seneca Falls, N. Y., that the new engine, recently purchased by the city for the company, will be shipped this week, and it is now probably on its way here. The company have decided to retain the name of "Cape Fear" for their new engine.

For Washington.

There were forty excursionists from here on this morning's train for Washington, D. C. A large number will also leave for the same destination on to-night's train. They will be absent about a week, during which they will have a chance to see the great National Prize Drill, in which the military of nearly every State in the Union will be represented. The High Tent of Recruits will also be in session, to which delegates from this city have been sent.

Cora Van Tassel.

"Camille," the exciting French play a dramatization of Dumas' *filles* great novel of the same name, was presented last night by the Cora Van Tassel Company to one of the most crowded houses of the season. Miss Van Tassel, in the difficult and trying character of the title role, acquitted herself finely and demonstrated her unmistakable versatility of talent. She was well sustained, and the audience, as usual, were delighted. This afternoon "Leah, the Forsaken," was given, and the engagement will close to-night with the thrilling Western drama of the "Danites."

Last Night's Ball.

The grand military ball given last night at the City Hall by the Wilmington Light Infantry, complimentary to the visiting soldiery, was a superb affair. The Hall was tastefully and appropriately decorated with flags and bunting by the ladies of the city, and presented a charmingly attractive appearance. The ball was opened at half-past 9 o'clock by a grand march, and from that time until an early hour this morning there were music and dancing. The Hall was crowded with one of the largest parties ever assembled there and it was really a scene of loveliness and grace. Fair ladies, not only from our own city, but from Goldsboro, Clinton, Fayetteville and Smithville graced the occasion with their presence, and there was nothing to mar the happiness of the swiftly fleeting hours.

Always Safe and Sure.

It is safe to take BRANDRETH'S PILLS at any time, but to get the best results they should be taken on an empty stomach before going to bed. For Constipation or Dyspepsia one or two taken every night will, in a short time, perform an absolute cure. It is well to take a purgative at least once or twice a month as a preventive of disease. BRANDRETH'S PILLS are entirely vegetable, and the safest and most effective purgative ever introduced to the public. They have been used in this country for over fifty years.

Mocking bird cages of all sizes are sold very cheap at JACOB'S Hdq. Depot.

Thanks for an invitation to attend the commencement exercises of the University of North Carolina at Chapel Hill, on June 1st and 2d. The address will be delivered by Hon. John Goode, of Virginia, and the sermon by Rev. Jos. R. Wilson, formerly pastor of the First Presbyterian Church in this city, and now of the Southwestern University of Tennessee.

The Cora Van Tassel Company closes to night a very successful week's engagement in this city. They go hence to Goldsboro, and thence to Durham, soon after which they will proceed to New York. We hope to see them here again next season. They may rest assured of an always cordial welcome in Wilmington.

Personal.

Mr. James E. Willson will leave here to-morrow night for Washington, New York, Boston and other Northern cities. We wish him a pleasant trip and a safe return.

Mr. Charles Lee Taylor of Fayetteville, is in the city, the guest of his brother, Mr. James H. Taylor, of the firm of Parker & Taylor. He is en route for Washington, D. C., for which city he will leave on Monday morning.

The Military.

The exercises of the camp ground to-morrow will consist of regular guard mounting in the morning, after which nothing will be done until 4 o'clock in the afternoon, when the battalion will march to St. John's Church, where special services will be held. These being concluded, the battalion will return to camp, where dress parade and evening roll call will close the exercises of the day.

Prize Presentation.

The prizes to the winners in yesterday's yacht race were presented to those gentlemen last night at the City Hall by Hon. George Davis. There was a dense throng in attendance to hear Mr. Davis' speech, and all who had the pleasure of hearing it were forcibly impressed with the appropriateness of the language and the happy manner in which the prizes were presented.

The Military.

There was an immense throng—estimated by some at more than 7,000 people—at the encampment grounds yesterday evening. The old and young, married and single men and women, white and colored, were there, and all were intensely interested in the military display. The throng was so dense—a surging, eager mass of humanity—that the utmost efforts of the police were required to preserve space sufficient for the military evolutions. The first feature of interest was an exhibition drill by a platoon of the Fayetteville Independent Light Infantry, followed by the presentation of the prizes won in the morning's target practice. There were a large gold-lined silver cup to the Fayetteville Company and a gold badge to Lieut. Sellers, of the Maxton Guards, for the highest individual score. The prizes were presented to the winners by Col. E. D. Hall in an appropriate speech, after which there was a battalion drill. This was especially interesting and made a favorable impression upon the spectators as showing the proficiency of the soldiers. After the drill came dress parade, which being concluded, the men were dismissed to prepare for the festivities of the ball room.

The Pittsboro Celebration.

Hon. A. M. Waddell returned to the city this morning from Pittsboro, where he was present yesterday and delivered an address at the celebration held there of the completion of the Pittsboro R. R. He tells us that the affair was a great success in every way. There were probably 2,500 or 3,000 persons on the ground, some of them going a long distance. Capt. W. L. London was Chief Marshal. An address of welcome was delivered by Mr. Henry A. London, President of the R. R., and was responded to by Maj. R. S. Tucker, of Raleigh. Speeches were made by Col. Waddell, Hon. Charles Cooke, State Treasurer, and Capt. C. B. Denson and some others. The celebration was held at Kelynn, Capt. Denson's residence in Pittsboro, and after the speaking an elegant and beautiful repast was spread in the beautiful grove. The President and Directors of the R. R. were complimented very highly by the speakers for their energy in constructing the road in the face of the many difficulties they encountered, and Mr. London was presented with a beautiful gold-headed cane and Mr. Byrnes, the Treasurer, with a handsome silver pitcher, on behalf of the citizens of Pittsboro. The festivities closed with a grand ball last night.

Criminal Court.

There was no session of the Criminal Court to-day, it having taken a recess on Thursday evening until Monday next, at which time the case of the State vs. Grant Best, colored, charged with murder, is set for trial. A special venire of 85 jurors has been summoned for the occasion.

The Yacht Race.

As we announced yesterday, the *Vixen*, Capt. E. S. Latimer, was the winning yacht in the regatta, and won the first prize, having made the race in 1 hour, 14 minutes and 48 seconds, actual sailing time. Of the yachts of the second class the *Lilian* and *Florence*, Capt. E. Manning, won the first prize and the *Rosa*, Capt. W. L. Smith, Jr., won the second. It was a well and hotly contested race which showed that there was good seamanship and fast yachts in the fleet.

A Sea Sick Passenger.

On the ocean, cares little about a storm. He is positively indifferent whether he is washed overboard or not. But, set right by a wine-glassful or two of Hostetter's Stomach Bitters, he feels renewed interest in his personal safety. This fine corrective neutralizes in brackish water—often compulsorily drunk on shipboard—to the grievous detriment of health—the pernicious impurities which give rise to disorders of the stomach, liver and bowels. To the mariner, the tourist, the Western pioneer and miner, the Bitters is invaluable as a means of protection against malaria, when its seed are latent in air and water. To the effects of overwork, mental or manual, it is a most reliable antidote, and to the debilitated and nervous, it affords great and speedily felt relief and vigor.

A New York customhouse official says that Henry George and Dr. McGlynn are working for Blaine and at the right time will come out openly for the Maine statesman.

Gen. Lyman, the newly appointed minister to Austria, repudiates the idea of a "New South," and says that the phrase is a misnomer. The same man are at the front now, he says, as under the old regime.

James G. Blaine is going to Europe, in June with his wife and two daughters to see the Old World. He has engaged two double staterooms on the steamer *Ems*, of the North German Lloyd Line, and will start on June 8.

The New York Herald is evidently thoroughly reconstructed. Read this:

If Mr. Rutherford B. Hayes accepts the presidency of the Ohio State University he may be properly addressed as "Mr. President" and for the first time in his life.

Nobody will be asked to contribute to the Arthur monument. All subscriptions must be spontaneous. The gentlemen who are at the head of the movement are confident that the \$300,000 needed will be readily contributed.

The subject of universal penny postage is being discussed in England, and figures are published showing that if the rate on letters from Great Britain to this country should be reduced from 2 1/2 pence to 1 penny the income would more than pay the cost of transportation even if there were no increase in the number sent.

There is not a Judge on the Bench of the Supreme Court of the United States who was appointed by a Democratic President, Justice Miller, the oldest in service, having been appointed in 1862. There is only one Justice Field, who is rated as a Democrat in politics, and he was appointed by President Lincoln.
