The receipts of cotton at this port today foot up 2 bales.
The clouds certainly "dropped down their fatness" on the earth this morning.
We have had an abundance of rain within the last 24 hours, and it was much needed.
Wire cloth for your windows and doors can be found at JACOB'S Hdq. Depot.
Ger. barque C. Neumann Guedebahn, Dathlof, hence, for London, passed Duongness May 24th.
Pianos and organs can be bought cheaper at Heinsberger's than at any other house in the State.
The steam yacht Louise, having been overhauled, repainted and repaired, has resumed her trips between this city and Smithville.
Parents and their friends are cordially invited to visit the Union Graded School to-morrow morning between the hours of 10 and 12 o'clock.
The soldier boys had lots of fun Saturday night. They turned out in force as the Mulligan guards and made a most effective display in that line.
One of the largest fresh water turtles we have ever seen was on exhibition in the window of the Gem Saloon to-day. It will be served to customers in a few days.
A dispatch received here last evening from Mr. Heinsberger announces that the excursionists from this city had all arrived in Washington, "safe and well."

We would call to the attention of the authorities that the West face of the clock on the First Presbyterian Church is much in need of repainting and repairing, as the numerals on the dial are hardly distinguishable.
The *Passport* is now running on regular schedule down the river. She will make two trips to Harper's Pier each day, except Friday, when she will run as far as Smithville, stopping at the Pier, down and up.
The alarm of fire which was sounded on Saturday night, at 11 o'clock, was caused by the destruction of the buildings at Mr. John R. Melton's butcher pen just beyond the city limits. The loss is estimated at \$5,000, on which there was insurance for about three-fourths of that amount.
Personal.
Platt D. Cowan, Esq., is in the city on a short visit and we are pleased to note that his health has improved somewhat since he was last here.
Criminal Court.
The attention of this tribunal has been engaged all day in the hearing of the case of the State vs. Grant Best colored, charged with murder. The jury has been selected and the examination of witnesses for the State was in progress when our report closed.
Solicitor B. R. Moore is conducting the case for the State, and Messrs. J. C. Davis and J. T. Elliott appear for the defendant.
City Court.
Eliza Jenkins, colored, was brought before the Mayor this morning charged with disorderly conduct. The charge was fully sustained and she was required to pay a fine of \$20 or go below for 30 days.
Peter Smith, colored, was drunk and disorderly last night, and he was also required to pay a fine of \$20 or go below for 30 days.
One case of drunk, disorderly and abusing a police officer while in the discharge of his duty was required to pay a fine of \$25. We suppress the name by request.
Headquarters for base ball supplies is at Heinsberger's.

The New York *Herald* publishes a telegram sent from Philadelphia to the Mayor of Nashville, Tenn., warning him that a plot is on foot to destroy all of the monuments to the Confederate dead throughout the Southern States and stating that agents have already started for Nashville, New Orleans, Memphis, Chattanooga, Charleston and Columbia. It is probably a canard but if it is not the said agents will soon find out that there are a few ex-Confederates left who have not yet forgotten how to shoot.
Our special correspondent at Washington City, who is, by the way, an old Wilmingtonian, again suggests the name of Hon. George Davis for the vacancy on the Supreme Bench, made by the death of Justice Woods. If it only could be! And it might be, too, if Mr. Davis' name should be properly presented to the President. There is no man in the whole country who could more capably and more honorably fill the position than our distinguished townsman. His elevation to the Bench would be a just tribute to the sterling patriotism of the Old North State as well as to the merit and worth of one of her favorite sons.
A Gift for All.
In order to give all a chance to test it, and thus be convinced of its wonderful curative powers, Dr. King's New Discovery for Consumption, Coughs and Colds will be, for a limited time, given away. This offer is not only liberal, but shows unbounded faith in the merits of this great remedy. All who suffer from Coughs, Colds, Consumption, Asthma, Bronchitis, or any affection of throat, chest, or lungs, are especially requested to call at W. H. Green & Co's Drug Store, and get a trial Bottle Free, Large Bottles \$1.
Their Business Booming.
Probably no one thing has caused such a general revival of trade at W. H. Green & Co's Drug Store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption, Coughs and Colds. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.

The Military.

The incidents at Camp William McRae yesterday were unimportant, until 4:30 o'clock in the afternoon, when the battalion marched to St. John's Church, where special services were held, conducted by Rev. Dr. Carmichael, the Chaplain of the regiment. These were interesting and entirely appropriate to the occasion. The services being concluded the battalion returned to camp, accompanied by a large number of citizens, who largely swelled the throng that had been there nearly all day. After the usual dress parade, the Sampson Guards began to make preparations for their departure for home on last night's train. This was the occasion for many hearty expressions of kindly regard and hearty good will on the part of their comrades. At the appointed hour the Guards left the camp where they had passed so many pleasant hours and took up their line of march for Front street depot, followed by the good wishes of all, and accompanied by a large number of their civilian friends, who were bound to see them fairly off. Arriving at the depot the soldiers at once embarked upon the cars and were soon flying at railroad speed towards home and friends, where we trust they arrived without accident or vexations delay. The Guards are a fine body of men, soldierly in their bearing and gentlemanly in their conduct, and are an honor to the grand old county which they represent.
The three other companies remained in camp all night, where they had a small taste of the rough side of a soldier's life in the wind that blew and the rain that fell. Although the weather was anything but agreeable, the soldier boys, with a philosophy worthy of commendation, made the hours pass as pleasantly as possible.
Early this morning the Maxton Guards broke camp and marched in the rain to the Carolina Central depot, where they were soon on board the cars and whirling along towards their homes. At about 9 o'clock this forenoon the Fayetteville Independent Light Infantry also broke camp and marched to the steamer *Capz Fear*, upon which they soon embarked, and at about noon started on their homeward trip. With the departure of the latter company the camp was deserted of the soldiery, and our city returned to its normal condition, people resuming their ordinary avocations, which had been somewhat interrupted.
The encampment has proven a most decided success, and too much praise cannot be given our Light Infantry for the happy manner in which all the arrangements were made and executed. There was no turbulence, no unusual disorder, and, in fact, the entire battalion was characterized by gentlemanly deportment, as well as soldierly bearing, and reflected honor and credit on the North Carolina State Guard.

Closing Exercises.

The closing examination of the pupils of Hemenway Graded School took place this forenoon. The weather was very unfavorable, notwithstanding which there was a large number of ladies and gentlemen present to witness the exercises, and all were deeply interested. The recitations, by the different classes, were promptly and correctly given and with a gratifying spirit of pride, which showed to good advantage the ambition of the pupils to advance in the acquirements of knowledge. As the benefits of these schools are better understood, and as the methods of imparting instruction to the pupils is more fully known, much of the prejudice which at one time obtained regarding them has been cast aside, and many who were formerly opposed to the system are now its warmest and most earnest advocates. All having authority in the matter of our public schools—the school committee, superintendent, principal and teachers—are earnest and faithful workers in the cause with which they are entrusted, and the result is shown by schools of a high order of merit that are an honor to the city. Prof. Noble is an active and indefatigable worker, and his earnest zeal in the cause finds faithful and cheerful co-operation with the teachers over whom he has supervision.

Public Addresses.

Hon. A. M. Waddell will deliver the annual address at Oxford Female College, on Wednesday, June 1st. He will also deliver the annual address at Roanoke F. male College, Salem, Va., on Tuesday, June 14th, and will address the North Carolina Teacher's Assembly at Morehead City, on or about June 17th.

The Weather.

The cautionary signal was flying today in anticipation of a storm which was central last night at Jacksonville. Fla. High winds may be expected here before many hours.
The amount of rainfall last night and up to noon to-day was 1 1/2 inches. The rain was general throughout this entire section, and was equally as severe in the surrounding country as it has been in the city.

NEW ADVERTISEMENTS.

Ice. Ice. Ice.
THE LARGE SCHOONERS EMMA C. COTTON and Icyra Hall having arrived with full cargoes of the best Kennebec River Flat Ice, I am now fully prepared to fill orders at low prices by the barrel hogshead or car load, to all points on the Railroads and River, and hope to secure a reasonable share of patronage.

Wild Cats!

UNDER THE PRESENT INSURANCE LAW of North Carolina, any concern calling itself an Insurance Company that is able to pay a fee of \$50 is authorized to solicit business in the State. The consequence is that the State is filled with Solicitors of so-called Insurance Companies that have no standing and which can not pass an examination.
Upon application the undersigned will furnish a Fire Insurance Index giving the standing and condition of Insurance Companies doing business in the United States. Every insurer should consult such an Index before accepting the Policy of any Company that he is not familiar with.
