## LOCAL NEWS.

**INDEX TO NEW ADVERTISEMENTS.**  
MUNDS BROTHERS—Our  
JAS D NUTT—Limeade  
HEINSBERGER'S—Milk  
F C MILLER—Garden Seed  
C W YATES—Base Ball Supplies  
GEO B FREE OH & SONS—Lively  
SO. OXON BEAR—New Canton Matting  
CRONLY & MORRIS—Matting at Auction  
MILLER & NESTLIE—Kennedy's Medical Discovery

The Gulf stream has a velocity of five miles, and is fifty miles wide at its narrowest place.

A mitrailleuse is being tried in the American army which will fire 1,000 bullets in ninety seconds.

An ingenious young man stations himself at the ferries in New York and drives a thriving trade by supplying funeral parties with flasks of whiskey.

A talking canary has been discovered at Lowestoft, England. It belongs to a lady who has taught it to repeat several words and phrases and to imitate successfully the notes of other caged birds.

The new opera house at Odessa, when completed, will be one of the grandest in Europe. It will probably be opened under the management of Mr. Maple son in the autumn. It has been erected at a cost of \$1,000,000.

It is rather early in the season to talk of yellow fever in this country, yet it seems to have already become epidemic at Key West. We publish on the fourth page of this issue some particulars relative to its presence there.

Prof. Neumayer, of Hamburg, urges the necessity of Antarctic explorations laying special stress on its importance for geology and paleontology. He anticipates that it will show that the South Pole was a centre of dispersion of animals and plants of the Southern Hemisphere, as the North Pole is believed to have been for the Northern.

A party of excursionists from Boston recently visited the town of El Paso del Norte, in Mexico. "They came into the shop," said a merchant of the town, "but that was all right. Then the first thing I knew they walked back into the living part of the house and went to pulling over things and looking into drawers just as if they were at home. My wife had to ask them to go out, and had to push them so she could shut the door. They only laughed and thought it was a great joke that Mexicans should have any feelings."

Some one has thus figured on the ingredients of a ton of coal. Besides gas, a ton of gas coal will yield 1,500 pounds of coke, 20 gallons of ammonia water and 100 pounds of coal tar. Destructive distillation of the coal tar gives 69.6 pounds of pitch, 17 pounds of cresolite, 14 pounds of heavy oils, 9.5 pounds of naphtha yellow, 6.3 pounds of asphaltine, 4.75 pounds of naphthol, 2.25 pounds of alizarine, 2.4 pounds of solvent naphtha, 1.5 pounds of phenol, 1.3 pounds of uric acid, 1.1 pounds of aniline, 0.77 pound of toluene, 0.46 pound of anthracene and 6.9 pound of toluene.

Royal yachts cost high in England. The original cost of the Victoria and Albert was about £136,000, and she has since had spent on her over £300,000. The Osborne's original cost was about £106,000, and she has had about £119,000 expended on her. The Alberta's original cost was \$27,000, with a subsequent expenditure of £68,000. The Elin's original cost was £6,000, the subsequent expenditure being over £40,000. Besides these interesting items the annual pay of the officers and crews of the royal yachts is close upon £30,000!

**A Gift for All.**  
In order to give all a chance to test it, and thus be convinced of its wonderful curative powers, Dr. King's New Discovery for Consumption, Coughs and Colds will be, for a limited time, given away. This offer is not only liberal, but shows unbounded faith in the merits of this great remedy. All who suffer from Coughs, Colds, Consumption, Asthma, Bronchitis, or any affection of throat, Chest, or Lungs, are especially requested to call at W. H. Green & Co.'s Drug Store, and get a trial Bottle Free, Large Bottles \$1.

**Their Business Booming.**  
Probably no one thing has caused such a general revival of trade at W. H. Green & Co.'s Drug Store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.

Take care of your eyes. An agency for the LeMare's celebrated Rock Crystal Spectacles and Eye Glasses is established in this place at Heinsberger's.

**Improvements.**  
Carpenters, masons and painters are having a busy time just now. New buildings are being constructed in several portions of the city; old buildings are being repaired, enlarged and improved, all of which call for the labors of the painter, who puts on the finishing touches.

**Baxley, Ga.**  
Mr. J. W. Elyan, of Pender county, who removed to Baxley, Ga., some years ago, writes us some few particulars relative to that county. He says that there are a number of Pender county boys in that country; that it is a beautiful country, and that the turpentine distilleries are in full blast. There are some very large landowners along the Altamaha river. They generally own about ten lots, each lot containing 490 acres. Baxley is the county seat of Appling county and is a growing little town. It has one newspaper, the Baxley Banner, published weekly.

**Painful Accident.**  
Sven Patterson, a Swedish sailor on board the steamship *Benefactor*, had the misfortune to fall through one of the bunkers of the vessel this morning, by which he received painful injuries, though, fortunately, no bones were broken. Surgical aid was soon in attendance, and the condition of the wounded man was made as comfortable as possible, after which he was taken to the U. S. Marine Hospital for treatment. It is the opinion of the Surgeon that, although the patient received severe bruises and was badly sprained, he will be able to go to work again in a week or ten days.

**The Death Sentence.**  
At half-past 5 o'clock yesterday afternoon the Criminal Court room was crowded with a dense throng, who had assembled to hear the judgment of the court upon Grant Best, colored, who had been found guilty of murder. The prisoner was in the box, and was apparently the least concerned of all present. Solicitor Moore prayed the judgment of the court, when Mr. J. T. Elliott, of the counsel for the defendant, asked to be heard briefly. While satisfied that the prisoner had had a fair and impartial trial, so far as the facts were put before the jury, and that the court had given him every benefit to which he was entitled, counsel thought that the jury had misinterpreted their duties in the case. For this and other reasons counsel asked for a new trial, Mr. J. C. Davis, the associate counsel for the defense, joining in the request. Solicitor Moore said that the only question to be considered—Was the verdict contrary to the testimony? Twelve men—all good citizens—had declared the defendant guilty as charged, and the judgment of those twelve men was better than that of any individual. He would not be willing to set aside the verdict and take a verdict for manslaughter, the punishment for which could not exceed twenty years in the penitentiary, but he would be willing to unite in a recommendation to the Governor to commute the sentence to imprisonment for life.

The Court over-ruled the motion to set aside the verdict, and proceeded to stand up, and when asked, "What have you to say?" remained silent, but upon being prompted by one of his counsel, finally said, "Not guilty." Judge Meares then passed sentence as follows: Grant Best, you have been tried and convicted of the charge of murder, the highest crime known to the laws of North Carolina, and it now becomes my duty, and a painful one, to pronounce judgment upon you. The sentence of the law is that you be taken to the county jail from whence you came, there to remain until Thursday the 14th day of July, in the year of our Lord 1887, and that on that day, between the hours of 9 o'clock of the forenoon and 5 o'clock of the afternoon, you shall be taken by the high sheriff of the county of New Hanover to the place of execution and there be hanged by the neck until you are dead."

**Our Advice to You**  
In buying clothing for men, boys or children, do not allow yourself to be guided by glaring advertisements which promise to sell clothing lower than the Old Reliable. It is simply to draw your attention in hopes of selling you something at a larger profit. Why will men work hard all day for \$1.50, \$2 or \$3, then throw it away when that sum could be saved in from 10 to 30 minutes by trading with J. SHERER, whom we can recommend and who will deal honorably with you in every respect.

**In Our Virginia.**  
Messrs. Charles Scribner's Sons have just issued a charming volume with the above title. Its author is Thomas Nelson Page, the young Richmond lawyer who has already secured for himself a pleasant recognition in the world of letters by the cleverness with which he has portrayed Southern scenes, and incidents. The volume embraces a number of character stories, the first of which is "Marce Chan," a little tale told in negro dialect and pathetically illustrative of not only how a Southern gentleman can fight and die but of the unflinching devotion so often entertained by the negroes in the South for their masters. The book is 12 mo., handsomely bound, and is sold for \$1.25.

**City Court.**  
William Evans, colored was brought before the Mayor this morning charged with disorderly conduct on Thursday last. Several witnesses were examined, both for the city and for the defendant, and the testimony was conclusive against him. He was defended by Mr. C. P. Lockey, but was held guilty of the offense and was required to pay a fine of \$20 or go below for 30 days. The defendant appealed, when he was required to give justified bond in the sum of \$100 for his appearance at the next term of the Criminal Court.

Robert Stevenson, colored, for disorderly conduct was required to pay a fine of \$20 or go below for 30 days. He went below.

Lizzie Floyd, colored, was drunk and disorderly in front of the City Hall at about 4 o'clock this morning, and when ordered to leave repeatedly by an officer failed to do so, and was arrested. It was apparent to the Court that she had not yet gotten over her drunk and she was ordered to be locked up until she could get sober, when her case will be tried.

**A Sea Sick Passenger.**  
On the ocean, cares little about a storm. He is positively indifferent whether he is washed overboard or not. But, set right by a wine-glassful or two of Hostetter's Stomach Bitters, he feels renewed interest in his personal safety. This fine corrective neutralizes in brackish water—often compulsorily drunk on shipboard, the grievous detriment of health—the pernicious impurities which give rise to disorders of the stomach, liver and bowels. To the mariner, the tourist, the Western pioneer and miner, the Bitters is a valuable as a means of protection against malaria, when its seed are latent in air and water. To the effects of overwork, mental or manual, it is a most reliable antidote, and to the debilitated and nervous, it affords great and speedily felt relief and vigor.

Buy yourself an oil stove if you want comfort during the Summer months. Their cheapness will surprise you at JACOBI'S Hdw. Depot.

## NEW ADVERTISEMENTS.
