Containing Specific for Liver Disease.  
Bitter or bad taste in mouth; tongue coated with a brown fur; pain in the back, sides, or joints—often mistaken for rheumatism; loss of appetite; sometimes nausea and water-brash; sometimes flatulency and acid eructations; bowels alternately constipated and relaxed; loss of memory, with a painful sensation of having failed to do something which ought to have been done; a thick, yellow appearance of the skin and eyes; the urine is cloudy and high colored, and, if allowed to stand, deposits a sediment.

Russia insists that Turkey shall pay her war indemnity.  
A Buffalo woman, who was on a visit to Canada, saw over 200 Orangemen at one time, and not one of them had a beard.  
A copy of the first book printed with movable types, a Gutenberg Bible, was sold in London the other day and brought \$13 350.  
A new style of hose has been invented in which there is a receptacle for each toe. The agricultural papers describe this as a new corn cultivator.  
The Jacksonville (Fla.) Times Union publishes reports from 143 hotels in that State, showing 115,368 arrivals for the season ended May 1, against 101,066 for the previous season.  
Ten thousand dollars' worth of gambling instruments, seized during the past eighteen months by the police of Atlanta, Ga., were publicly broken up and burned in the principal thoroughfare of that city.  
During the trial at Leipzig, of the members of the French Patriotic League, who are accused of high treason, a police inspector testified that it was a Frenchman who divulged the names of the accused members.  
Paris thieves have evidently taken a lesson from the cowboy's book. In the suburbs they drop a noose, or lasso, over their victims' neck, choke them into instant silence and then rob them liberally. Eight such stragglers have been arrested recently.  
Paris knows little of her leading politicians. M. Floquet, M. Jules Ferry, the Duc de Broglie and scores of others are not and not among the crowd utterly unnoticed. Even Prince Napoleon, with his marked and characteristic features, was rarely recognized as he wandered up and down the Champs Elysees or in the Parc Monceau.  
The recorded transfer of real estate in Los Angeles county, Cal., had for the first five months of this year reached the enormous sum of \$30,520,092, and for last month alone \$8,263,327. Los Angeles is the southern metropolis of California, and the increase in real estate values is unprecedented. The purchasers are largely Eastern and Western capitalists, who have faith in the future of Los Angeles and surrounding country.  
The advantages of a reliable, safe and efficacious Family Medicine, is incalculable, and when such is found, the blessing is then happily expressed.  
I EXCLAIMED, "EUREKA!"  
I have been using Simmons Liver Regulator myself some five years or more, and my family also, and can testify from experience to its virtues. I can recommend a medicine unless I know it to be good. In a ministry of twenty-five years I have often felt that I had found such a medicine and when I. P. Harper, Proprietor of the "Christiana Visitor," Smithfield, N. C. I & W. You will find bees, forks, shovels, rakes, scythes, swaths and farming tools of all kinds at JACOBI'S Hdq. Depot.

**A Woman's Discovery.**  
"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Lather Latz." Thus writes W. C. Hamrick & Co. of Shelby, N. C. Get a free trial bottle at W. H. Green & Co's Drug Store.

**The Verdict Unanimous.**  
W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood (only half a dollar a bottle at W. H. Green & Co's Drug Store).

A fresh breeze this afternoon has been a blessing to those whose business has called them to exercise in the hot sun.

About 700 badges for dogs have thus far been sold this season. The name of "Pops" seems to be the most popular for the canines.  
Now is your time to buy wheat. It closed at the Chicago market to-day at 67 1/2 for July, which is lower than at any previous time since the war.

Mr. F. W. Ortman is making some noticeable improvements to the interior of his Club Rooms, on Second street, principal among which is a ceiling of North Carolina pine.

Look out for the health of the little ones this hot weather. They cannot take care of themselves and parents and nurses cannot guard and watch the little innocents too carefully.  
Pauline Markham, with her comedy company, is at Charleston, S. C. for a short engagement, and seems to us that she could have played to good houses here for a short time, at popular prices.

The *Passport* carried down to the Beach to day a large and happy crowd. The excursion was given by a number of young gentlemen, residents of the Fifth Ward, who have organized a band and are endeavoring to raise money enough to purchase the instruments.

**The Circus.**  
Forepaugh's Mammoth Circus and Menagerie will visit the South during the Fall, and will exhibit in this city. The dates are not yet given out, but it is certain that the show will be here in all its gorgeousness, and of course every one will want to see the animals and the clowns and the ponies, and all the novelties of the arena. The dates will be given in due season.

**City Court.**  
Samuel Mitchell, colored, was brought before the Mayor this morning charged with disorderly conduct, for which he was required to pay a fine of \$10 or go below for 20 days.  
J. H. Waddell, colored, for a similar offense, was required to pay \$20 or go below for 30 days.  
One other case of disorderly conduct was discharged.

**The Death Penalty.**  
A friend at Oxford, N. C., writes us that Albert Tatums, the negro convicted of an attempted rape on a lady of Granville county, and who had also been convicted of burglary, paid the death penalty by being hung at that place at noon on the 18th inst. The condemned man protested his innocence to the last. It is estimated that 5,000 persons were present at the execution. By the request of the Sheriff and with the consent of the Governor, the military of the county turned out to preserve order, and everything passed off very quietly for so large a gathering on such an occasion.

**Base Ball.**  
The game between the City Boys and Wilmingtons at the Seaside grounds yesterday afternoon was hotly contested, as well it might be, for it was a hot time. On account of the intense heat the game was not called until 5 o'clock, instead of at 4 o'clock, as had been previously announced. Neither of the teams was in full force, but the playing was lively and spirited, both teams working with determination to win. Only six innings were played, and these resulted in a score of twelve for the Wilmingtons and nine for the City Boys. The game is being repeated as we go to press, this afternoon.

**Which? Which? Which?**  
"WHICH? OR, BETWEEN TWO WOMEN," in press for immediate publication by T. B. Peterson & Brothers, Philadelphia, is the latest and most powerful novel from the pen of the celebrated French novelist, Ernest Daudet. It is fully worthy of its famous author's great reputation, and is one of the strongest and best love romances ever issued from the press. The action is brisk and spirited, while the interest is of the most absorbing kind. The scene is laid in Paris and the country, and the events are described with rare vigor and completeness of detail. Many of the incidents are of the most thrilling and dramatic description, while the characters are all well drawn, and speak and act like living people. It will be issued in a large du-decimo volume, price 75 cents.

**Audit and Finance.**  
The Board of Audit and Finance met in regular semi-monthly session yesterday. Present: R. J. Jones, Esq., Chairman, and Messrs J. F. Mander, Wm. Calder and J. W. Hewett.  
The Board concurred in the action of the Board of Aldermen authorizing the Committee on Fourth street bridge to remove the old street and dispose of the material. Also, in awarding the contract for four city carts to C. S. Love at \$37 50 each. The petition of Phoenix Hose Reel Co for a horse, approved by the Board of Aldermen, was non-concurred in. Bills were audited and approved as follows: For improvement of Mulberry street at its junction with Nutt an Water streets, \$2,634.16. Current expenses \$1,099.98.

**Our Advice to You**  
In buying clothing for men, boys or children, do not allow yourself to be guided by glaring advertisements which promise to sell clothing lower than the Old Reliable. It is simply to draw your attention in hopes of selling you something at a larger profit. Why will men work hard all day for \$1.50, \$2 or \$3, then throw it away when that sum could be saved in from 10 to 30 minutes by trading with I. SHRIER, whom we can recommend and who will deal honorably with you in every respect.  
Paints and Varnish. Best in city at JACOBI'S, and at lower prices than you have to pay elsewhere for more common goods.

Watermelons begin to arrive quite freely from Georgia and other Southern points. Some very nice ones arrived here to-day from those points.

**Indication.**  
For North Carolina, local rains, and slight changes in temperature.  
**Personals.**  
Mrs. E. Warren left on this morning's train for Greensboro and the mountains of Western North Carolina, expecting to be absent from the city about four weeks.

**Public Installation.**  
Invitations are being sent out to the public installation of the officers of Stonewall Lodge No. 1, and Germania Lodge No. 4, Knights of Pythias, which is to take place at the Castle Hall, on South Front street, at 8:30 o'clock on July 7th. An address will be delivered on that occasion by Mr. J. I. Macks. The joint committee consists of Messrs. Thos. D. Meares, C. H. Gauzer, Eugene Philway, John Harr, Jr., H. C. Prempert and J. G. L. Gieschen.

**The Entertainment.**  
The entertainment at the Opera House on Friday night next will be for the benefit of the Wilmington Light Infantry, and it will undoubtedly draw a crowded house. The company are in need of new uniforms, which they are hardly prepared to purchase at present, and the proceeds of the concert will be given towards defraying the expense of new suits. The instrumental part of the programme will be under the direction of Prof. E. Van Laer, while the vocalists will be conducted by Mr. E. J. Thorpe. There is no doubt of the excellence of the entertainment, as the best musical talent in the city has been engaged for the occasion, and all of them are busy at their rehearsals.

**More About Thermometers**  
Wilmington is credited with having been much warmer yesterday than it was in reality. The Signal Office reported the maximum heat of the day at 98 degrees, at 12 o'clock. In reality the mean temperature at that hour did not exceed 93 degrees. At 3 o'clock it was warmer and 94 degrees, or possibly 95, was the maximum.

This was all in the business parts of the city, where the full force of the glare from the streets and awnings and the heat from the brick buildings was felt. On the hills, in residences, it was from two to three degrees cooler, making the maximum temperature there from 92 to 93. This is the result of careful investigations made this forenoon.

Of course we are not so rash as to impugn the reliability of the thermometer used at the Signal office. We only assert that the temperature it recorded was not a fair test of the temperature of the city. The instrument is located in the "hen coop" on top of the National Bank building, is some fifty feet above the level of the street and is open to all the hot air that comes from the water and the brick buildings that surround it. Besides, it is exposed to the heated temperature of the altitude, which rises from the street and is bound to be hotter than the lower strata of air. What we want is a fair test of the temperature of the city, not of the aerial heights above the city. This test should be taken at the houses, of the people as well as at their places of business, and should always be taken from the lower strata of atmosphere.

Therefore we repeat what we said yesterday, that the highest temperature of the day was 93 at 12 o'clock and 94 at 4 o'clock. This shows that Wilmington was the coolest place on the Atlantic coast, leaving out of calculation altogether the boufiful breezes with which we were favored throughout the entire day.

**A Warning**  
The high repute and extensive sales of ALLCOCK'S POROUS PLASTERS has not only encouraged imitations but dangerous compounds to be offered for sale. Let the public bear in mind that ALLCOCK'S are the only genuine and reliable porous plasters, and that while they contain the indispensably necessary ingredients for a perfect plaster are purely vegetable and free from deleterious drugs.

**Music and Matrimony.**  
The Cornet Concert Club were out last night and serenaded Mr. W. L. DeRosset, Jr., a member of the band, who has recently become a benedict. Mr. DeRosset and his bride are at Dr. A. J. DeRosset's residence, corner Market and Third streets, and it was there that the band assembled. They discussed some of their most delightful music and were then invited into the house where they were pleasantly entertained for an hour or more.  
Mr. DeRosset was married at Calvary Church, Tarboro, N. C., on Thursday, the 16th inst., by the Rev. Dr. Chesire, to Miss Routh, daughter of Capt. David Pender, a charming, lovely and accomplished young lady, and arrived with his bride in this city the same night. On Friday night a reception was held and the spacious rooms were thronged with the friends and relatives of the happy groom, who came to tender their congratulations on the auspicious event. To these we will add ours, hoping that a long life of peace and content and plenty may be the portion of those who have thus so happily begun together the pilgrimage of life.

**Though Shaken Like a Leaf**  
By the most trivial causes, weak nerves are easily susceptible of invigoration, a term which also imports, in this instance, quietude. The nervous have but to use Hostetter's Stomach Bitters systematically to overcome that super-sensitiveness of the human sensorium, which is subversive of all bodily comfort and mental tranquility, and which reacts most hurtfully upon the system. The difficulty underlying this, as well as many other ailments, is imperfect assimilation, no less than incomplete digestion of the food. In the discharge of both the digestive and assimilative functions, the Bitters are the most potent, the most reliable auxiliary. As the body reclaims vigor and regularity by its aid, the brain and nervous system are also benefited. Persons subject to the influence of malaria, dyspeptic and rheumatic invalids, and persons whose kidneys are inactive, should also, use the Bitters.

**MARRIED.**
