The following American bishops have been appointed by the Pope: The Rev. James O'Reilly, of Wichita; the Rev. Richard Scannell, of Concordia; the Rev. Thomas Bonacum, of Lincoln; and the Rev. Maurice Bourke, of Cheyenne.

Speaking of the changes in the climate of Nevada, the Virginia City Enterprise says: "About 3,000 head of sheep are now finding abundant pasture in the vicinity of this city where twenty years ago a whippoorwill would not fly over the country without carrying a sack of provisions. Gradually the summer season here has changed. We now have reasonable showers and grass where but two decades ago all was drought and barrenness."

That was a bold manager who ventured to bring out "The Mikado" in Yokohama; and discreet as well, as he had the foresight to engage a lawyer who advised him to change the title and some of the phraseology of the text. So they called it "Three Little Maids from School," and the opening chorus: "If you want to know who we are, we are gentlemen of Siam," and in other words fixed the text so as not to offend loyal Japanese. Two performances were given, and brought in more money than had six of any other work in the company's repertory."

Edmund Yates says: Of all the jubilee offerings which her Majesty has been asked to accept none has been simpler than two new laid eggs which a poor Irishwoman sent the Queen by a bishop, hearing that the bishop of the diocese was going to London the jubilee week. This Irish loyalist asked him if the Queen would accept two eggs for her breakfast from an Irish widow. The bishop brought them across St. George's Channel and transmitted them to Windsor with a description of the donor's poverty and loyalty. They were accepted by the Queen, who in making inquiries as to what would be the most useful present in return."

Of the thirsty eucalyptus tree the San Francisco Bulletin states that: "twelve feet from where one was growing, a man dug a well, lined it with cement, and placed over it a substantial cover. The water was carried to the house from the well in a wooden pipe. In that wooden pipe was a knot-hole. In time the well began to give out. The water, too, was acquiring a strange taste. Exploration developed the fact that the well had been filled up with masses of eucalyptus roots. The tree had run a root straight for the knot-hole twenty-five feet off, and, by that method, gained the well itself."

During the last fifty years, since Queen Victoria was crowned in Westminster, the French count up the reign of Louis Philippe down to the 24th of February, 1848; the Republic from the 24th February to the 10th of December, 1848; the Presidency of Louis Napoleon Bonaparte to the 21 December, 1851; the Empire from November, 1852; then the downfall; next the Government of National Defence, on the 4th September, 1870; then the Presidency of M. Thiers, in 1871 until the 24th of May, 1873; next that of McMahon, to the month of January, 1879; and lastly, the Republic of President Grevy.

Greatest Sacrifice in Clothing Ever Known in Wilmington. Mr. I. Shrier, desiring to close out every dollar's worth of clothing, gents' furnishings and to make quick work of it, will sell out his entire stock regardless of cost. The real cost or actual value of the goods will have nothing to do with the low prices; his main object is to open up in the large and handsome store in the Parcell building with one of the largest and finest stocks of custom-made clothing. All goods on hand will be slaughtered off. Read a few of the slashing prices in children's suits: For \$1 worth \$2.25, some at \$1.50 worth \$3; a very handsome suit for \$1.50 worth \$4. On suits the price will be reduced \$3, \$5, \$8 and \$10; in furnishings goods 15, 25 and 33 per cent. Remember this is no sensational humbug scheme. Don't miss the opportunity of getting a bargain of the well known I. Shrier, 114 Market st.

The silent man may be overlooked now, but he will get a hearing by and by.

Five Hundred Dollars is the sum Dr. Pierce offers for the detection of any calomel, or other mineral poison or injurious drug, in his justly celebrated "Pleasant Purgative Pills." They are about the size of a mustard seed, therefore easily taken. While their operation is unattended by any griping pain. Blisters, sickness, headache, bad taste in the mouth, and jaundice, yield at once before these "little giants." Of your druggist.

LOCAL NEWS.

INDEX TO NEW ADVERTISEMENTS.
EXCURSION—Lake Waccamaw
C.W. YATES—Country Merchants
HEIMBERGER'S—Pianos and Organs

The remains of the late Mr. Herbert R. Latimer reached here on this morning's Carolina Central train.

Cotton has taken a most decided "turnable" in price in the New York market within the last three days.

Health Officer James condemned and sent out of the Market yesterday 60 bunches of fish that were spoiled.

It appears to us that a goodly number of awnings reach nearer to the sidewalk than the regulations prescribe.

Brooklyn Baptist Sunday School made an excursion to Carolina Beach this morning. There was a large party of them.

An earnest effort is being made to secure a large steamer to run for the remainder of the season between this city and Southport.

Sober Lorraine Steele, cleared to-day for Ponce, Porto Rico, with 213,822 feet lumber, valued at \$3,171.95 shipped by Mr. E. Kidder's Son.

Steamer *Indian River*, with the steamer *Hanover* in tow, bound from Titusville to New York, arrived in at Southport this morning, short of coal.

There must have been a volcanic eruption in the internal regions of late for it felt last night as though Seoul and the crust of the earth were not many miles apart.

John H. Howe, one of the best of our colored citizens, was the man who so gallantly sprang into the river to save a colored boy from drowning, as mentioned by us yesterday. It was a gallant act.

The games of base ball to be played to-morrow and Friday at the Seaside Grounds between the Charlotte and Wilmington teams promise to be hotly contested, and both sides will do their best to win.

Why should the Charlotte military have gone to Morehead, to be eaten up by the mosquitoes and sand flies, instead of stopping at Wrightsville, or Smithville, or Carolina Beach, almost at their own doors?

Complaint is made that there are no round trip rates between points on the Carolina Central R. R. and Carolina Beach. The management of the latter would find it to their interest to try and have these established.

"Where can I go to buy what I want?" "What do you want? Well, whatever you want, whether Matting, Towels, Trunks, Gossamers, Hammocks, Straw Hats or Summer Clothing, you can save money to buy at Sol. Bear's."

An improvement could be made in the bath houses for gentlemen at Carolina Beach. That for the ladies seems to answer very well but the two for gentlemen are inadequate. They are about eight feet square and yesterday there were eight or ten people in each at the same time. There is no privacy whatever about them.

Indications.
For North Carolina, fair weather and stationary temperature.

For the Salesmen.
A movement is on foot to have the dry goods merchants of the city agree to close their stores every Friday afternoon at 1 o'clock from now until September 1st, in order to give their clerks and salesmen an opportunity to go to Carolina Beach, the Sound or other places, for health and recreation during the hot months. The movement seems to meet with general favor, and we are glad to announce the fact. Nearly all of the up-town merchants have signed the agreement, and we are satisfied that those who have not already affixed their signature to the paper will do so without delay.

Since the above was written we have seen the list of those agreeing to the movement and they are as follows: R. M. McIntire, Julius Samson, Brown & Roddick, M. M. Katz, Sol. Bear, D. Newmann & Son, S. & B. Solomon, S. H. Fishplate, Dick & Meares, John Taylor, Mrs. E. B. Wiggins, Mrs. H. B. Jewett, Wm. Goodman, Geo. W. Penny, Davis & Register, Jno. J. Hedrick and A. Liebman.

Are you going to build, repair or paint? Then buy your material from JACOB'S Hardware Depot. He will supply you with the best and save you money.

The Firemen.

At the meeting last night of Wilmington Steam Fire Engine Company No. 1, the announcement of which we made yesterday, it was voted to attend in a body the excursion to Waccamaw Lake to be given to-morrow by the Cornet Concert Club. There has always been a warm friendship existing with this body of our city firemen towards the Concert Club, and they propose to show their appreciation now by their presence.

Base Ball.

The Charlotte Base Ball Club arrived here this morning from Charleston S. C., where they played with the nine of that city yesterday, the game resulting in a score of 13 to 5 in favor of the South Carolinians. The Charlotte team was booked to play their first game here this afternoon, but on account of the obscurity of Mr. H. R. Latimer it has been postponed until to-morrow. They are registered at the Purcell House and we were pleased to see among them Mr. C. C. Koochogay, who was catcher for the Seaside last year. He is looking as hearty and good-natured as ever.

Robbery at Whitaker's.

A correspondent writes us that on Sunday night at Whitaker's, the store of Mr. W. W. Watson was entered through a window and several articles, tobacco, candy, cigars and whiskey were stolen and carried off. Only a few nights ago the smokehouse of Mr. A. L. Parrish had also been robbed of several pieces of bacon, some lard, flour, &c. These depredations following so quickly on each other caused an unusual alertness on the part of the community and the result is that a part of the gang are now under arrest and others will be overtaken and brought to justice before this article is in print.

City Court.

The first case for the Mayor's consideration this morning was that of Peter Evans, colored, charged with disorderly conduct last Saturday night. The defendant and his friend tried hard to make it appear that some other parties were making all the "fuss," but a special policeman swore positively that Evans was the chief offender, and he was adjudged guilty, and was required to pay a fine of \$10 or go below for 30 days.

Columbus King, colored, arrested for acting suspiciously, was discharged, as there was no positive evidence against him.

One drunk and down, whose name is suppressed by request, was fined \$10 for the offence.

The cheapest place to buy your school books and school stationery is at Heimbarger's.

Merry Marriage Bells.

A large and fashionable assemblage was present last night at St. James' Church to witness the impressive ceremony which binds together for life two loving hearts. The bride in this instance was Miss Louise Adelaide Aigle, and the happy groom Mr. Otto Herbert Seyd, both of New York. The bride is a beautiful, charming and accomplished young lady, for many years a resident of Augusta, the niece of Messrs. F. W. and H. P. Clark and the sister of Mrs. J. Dickson Munds of this city. There were no cards to the ceremony and yet, notwithstanding the oppressive temperature, St. James' was crowded with the youth and beauty and wit and fashion of the city. The bride was beautifully dressed in cream colored satin, her ornaments diamonds and pearls, while the groom was in the conventional black. There were no bridal attendants. Messrs. T. Wright Meares, T. W. Strange and Frank L. Meares serving as ushers.

The ceremony which united the pair in the holy bonds of matrimony was pronounced by Rev. W. H. Lewis, Rector of the church.

The happy young couple and a few invited friends repaired after the ceremony to the residence of the bride's brother-in-law, Mr. J. Dickson Munds, where an elaborate supper was served and where the bridal presents numerous in number, beautiful in appearance and costly in value, were displayed. Thence, at 11:30 o'clock, they drove to Front Street Depot where they took the 11:50 fast train for an extended tour of the United States and possibly of a portion of Europe.

The "Favorite Prescription" of Dr. Pierce cures "female weakness" and kindred affections. By druggists.

One of the great social events of the season will be the excursion given to Lake Waccamaw's cool shades to-morrow by the Cornet Concert Club, which the members of Wilmington Steam Fire Engine Co. No. 1 will attend in a body. We know that there will be a large turnout and a good time is already assured all who may go.

Free Lecture.

Dr. B. F. Dixon, Superintendent of the Oxford Orphan Asylum, will deliver a free lecture at the lecture room of the First Presbyterian Church at 8:15 o'clock to-morrow night. His subject will be "The Boys of North Carolina," which, from our knowledge of the man, we are ready to guarantee will be an interesting, entertaining and instructive address. He has a fine presence, is an independent, clever thinker and an impressive speaker, and to these may be added an earnest love for the young and especially for the young of North Carolina.

Military Visitors.

The Hornet's Nest Riflemen, of Charlotte, arrived here last night on schedule time over the Carolina Central Railroad, en route for the encampment at Morehead City. They were met at the depot by a delegation of the Wilmington Light Infantry, who escorted the visitors to the City Hall, where they were hospitably entertained. The Mecklenburg Band accompanied the Riflemen and while at the Hall they played several pieces which were much enjoyed. The company then marched down to the front of the Orton House where the band played several more pieces of their choicest music in a highly creditable manner. The company left for Morehead City on the 11:59 train, after expressing themselves as highly gratified with their reception here. It is composed of a fine body of men, to whom the people of Wilmington will ever be glad to extend courtesies.

Personal.

Mr. G. Z. French, of Rocky Point Pender county, is in the city to-day.

Mr. S. Jewett, of Crony, is in the city to-day, on one of his rare visits.

We are sorry to hear that Mr. H. C. Prempert is sick and confined to the house.

We are glad to learn that Col. Alfred Rowland was reported better yesterday morning.

Mr. A. D. McGowan, one of the most substantial citizens of Duplin county, is in the city to-day.

Col. Jesse Hargrave, of Richmond county, arrived in the city last night and went down to Carolina Beach on the *Passport* to-day.

Maj. C. W. McClammy was here to-day on some business connected with his forthcoming appearance in the public arena at Washington City.

Mr. H. E. Newbury, a prominent merchant of Magnolia, Duplin county, arrived in the city this morning, with his wife and two of his children. They went to Carolina Beach this afternoon, where they will spend a few days of recreation.

Mr. George W. Huggins, who for several weeks has suffered intensely with rheumatism of the eyes, will leave on to-morrow morning's train for Cleveland Springs. He visited these Springs last year for a similar complaint, and was very much benefited, which we trust will be the result with the present visit.

In Memoriam.

At a meeting of the members of Carolina Yacht Club held yesterday afternoon, the following resolutions presented by ex-Commodore Jones, were unanimously adopted:

Resolved, That we have heard with great sorrow of the death of Herbert R. Latimer, flag captain of the club. For many years a member and officer, a devoted yachtsman, ever foremost in every movement tending to the material prosperity and welfare of our association, eager in its, and active in their promotion, his untimely death, while but upon the threshold of life, is a loss to us which cannot be measured. Ardent by nature, generous and frank in all his impulses, affectionate and faithful in his friendships, a courteous gentleman and a true man, as a comrade and companion we will always retain him in loving remembrance.

Resolved, That as a mark of our regard and respect, the flag at the club house be kept at half mast for a period of twenty days.

Resolved, That a blank page in the records of the club be inscribed with the dates of birth and death of our deceased fellow-member, and that these resolutions be spread upon the minutes.

Resolved further, That the club attend the funeral in a body.

You will find bees, turks, shovels, spades, scythes, snaths and farming tools of all kinds at JACOB'S Hardware Depot.

Breaking Down and Building Up.

When a man breaks down by the matter of physical strength, the question of his recovery depends to great measure upon the length of time he allows to elapse before adopting medical means to recuperate it. A tonic which gives a speedy and powerful impulse to the processes of digestion and assimilation, is the best auxiliary he can employ, and he should resort to it promptly. The most reliable dependence of the feeble, the aged and the nervous, has ever proved to be Hestor's Stomach Bitters, an invigorant of national reputation and proven worth commended by medical men of distinction, not only for building up a broken-down system, but as a remedy for dyspepsia, constipation, liver complaint, fever and ague, and kidney trouble. While not claimed to be a panacea, it is a most useful and comprehensive household remedy. It is, moreover, eminently safe as well as effective.
