THE BEST FAMILY MEDICINE

ONLY GENUINE

J. H. Zailin & Co., Philadelphia, Pa.,
Price, \$1.00

Nov 14-1887

The President and his wife figure as
leading characters in a recently pub-
lished novel. The President
described as "a handsome, courtly
gentleman of some three and forty
years, with a fine, open, and
cheerful countenance, and a
kindly, unassuming manner."

Chicago Railway Age says: "The
President's outlook on our railways, as
expressed by the weekly and monthly
reports of his earnings, as well as by
the general condition of the country, is
encouraging, and there is every reason
to believe that the black and disgrace-
ful records of bankruptcy, through
which during the past twelve and a half
years, as our files show, no less than
392 roads, with a mileage of over 39,000
miles, and representing a nominal cap-
ital stock and bonded debt aggregating
the vast sum of almost \$2,310,000,000,
have been sold under foreclosure, will
not again be repeated."

Some idea of the magnitude of the
present operations of the pension bureau
may be drawn from the fact that the
mail of letters received at the bureau
and sent out from it averages more
than 12,000 a day. The total number
of pension certificates issued during the
fiscal year just ended was 112,340, of
which 55,194 were original allowances.
This is the largest business ever clear-
ed off the desks in one year. The
average number of clerks for the year
was 1,530, or about 100 less than in the
last year of Mr. Arthur's Administra-
tion. The amount paid out for pen-
sions during the year is not yet fully
ascertained, but will probably exceed
\$74,000,000.

The Boston Journal says: "Mem-
bers of no party will nowadays rebuke
the President for being absent from
Washington as much as necessary in
the best term. It is considered more
important for a Chief Magistrate to un-
derstand the country and the people
than to be chained like a routine clerk
to a desk. The danger to President
Cleveland is that he will take too little
recreation. He has had two warnings
from overwork and is giving better heed
to them now. He works with more
ease, and gives himself more social re-
creation since his marriage. He is not
quite so much a slave to the lamp, but
he has not yet acquired the faculty of
dictation and still prepares the first
draft of nearly every State paper with
his own pen."

The New York Times says: "The
plan now proposed in reference to
North Carolina special tax bonds is the
forerunner of a general settlement of
Southern States' liabilities. The amount
of these defaulted bonds now outstand-
ing is comparatively small, great re-
ductions having been made by previous
payments. The statistics show an im-
mense ratio of increase in taxable
property in these States. The settle-
ment of their non-interest paying debt
would involve such a small increase of

taxation that the rate would still re-
main far below the average tax through-
out the country. The railroad corpora-
tions in the South recognize the injury
to their credit from the present state of
things, and as they are among the lead-
ing taxpayers, their cooperation is of
great value." Yet, nevertheless, and
notwithstanding, the special tax steal
in North Carolina will never be made
good by the honest people of this State.

Is Consumption Incurable?

Read the following: Mr. C. H. Mor-
ris, Newark, Ark., says: "Was down
with Abscess of Lungs and friends and
physicians pronounced me an incurable
Consumptive. Began taking Dr.
King's New Discovery for Consump-
tion, am now on my third bottle, and
able to oversee the work on my farm.
It is the finest medicine ever made."
Jesse Middewart, Decatur, Ohio,
says: "Had it not been for Dr. King's
New Discovery for Consumption I
would have died of Lung Troubles.
Was given up by the doctors. Am now
in the best of health. Try it. Sample
bottles free at W. H. Green & Co's
Drug Store."

were obliged to quit work for a while.

Indications.

For North Carolina, fair weather, and

stationary temperature.

The Hottest Yet.

At 2 o'clock this afternoon the ther-

mo-meter in our office, which is one of

the coolest places in the city, indicated

95 degrees. From this it would ap-

pear that to-day has been the hottest of

the season. We hear of thermometers

that have indicated 98 degrees and even

100 degrees, but the foregoing are the

indications in our office.

Greatest Sacrifice in Clothing

Ever Known in Wilmington.

Mr. I. Shrier, desiring to close out

every dollar's worth of clothing, gents'

furnishing goods and to make quick

work of it, will sell out his entire stock

regardless of cost. The real cost or ac-

tual value of the goods will have noth-

ing to do with the low prices; his main

object is to open up in the large and

handsome store in the Purcell building

with one of the largest and finest stocks

of custom-made clothing. All goods

on hand will be slaughtered off. Read a

few of the slashing prices in children's

suits: For \$1 worth \$2.25, some at

\$1.50 worth \$3; a very handsome suit

will be reduced \$2.50, \$5, \$8 and \$10;

in furnishing goods \$5, \$7.50 and 33 per cent.

Remember this is no sensational bum-

bust scheme. Don't miss the opportu-

nity of getting a bargain of the well

known I. Shrier, 114 Market st.

Personal.

Mr. W. W. Shaw will leave for his

new home at Durham to-morrow

morning, where we hope health and

prosperity may attend him.

Mr. S. W. Vick, the newly appoint-

ed Clerk to the County Auditing Com-

mittee and Warden of the Outdoor

Poor, assumed the duties of his office

this morning.

At the Lake.

The excursion to Lake Waccamaw

yesterday by the Cornet Concert Club

was a grand affair and a most com-

plete success, socially as well as finan-

cially. The Club turned out in full

numbers and their playing was ex-

cellent. Notwithstanding the intense

heat the enjoyment at the Lake was all

that could be desired, and the excu-

sionists returned last night in due

season, all delighted with the day's re-

creation and pleasure.

Base Ball.

Notwithstanding the intense heat

there was a goodly assemblage of lad-

ies and gentlemen at the Seaside grounds

yesterday afternoon to witness the first

match game of ball between the Wil-

mington and Charlotte nines. Mr.

Kiley acted as umpire, to the complete

satisfaction of all concerned, and Mr.

W. P. Monroe was scorer. The game

was hotly contested and there was

some remarkably skillful playing on

both sides, but the Charlotte boys

were the winners in a score of 4 to 0.

They play again this afternoon, when

the home team will put in their best

icks for success.

The Heat.

Yesterday the heat was intense, and

it is something remarkable in our cli-

mate that there were not numerous

cases of sunstroke. Only two such

cases have been reported, both of whom

were street hands. These were Richard

Farrow and — Hewlett and both

had to be conveyed to their homes.

Later in the afternoon there were re-

freshing and much needed showers,

which laid the dust and for a time ma-

terially cooled the atmosphere. After

the showers, however, and as night ap-

proached, the sweltering heat returned

and continued until after midnight.

The heat was almost suffocating and

sleep was one of the impossibilities.

The children were the greatest sufferers

and their condition were really pitiable.

It will, we trust, be cooler one of these

days.

Last Night's Lecture.

Dr. B. F. Dixon, Superintendent of

the Oxford Orphan Asylum, lectured

last night at the lecture room of the

First Presbyterian Church. The heat

was intense, yet the room was well

filled. The exercises were opened by

singing "Bow Down Thine Ear." by a

quartet composed of Messrs. J. D. Smith,

first tenor; D. B. Mitchell,

second tenor; H. H. Munson, first

bass, and R. H. Grant, second bass,

with Miss Sprunt presiding at the

organ. Rev. P. H. Hoge, pastor of the

church, then offered prayer, at the con-

clusion of which Mr. C. H. Robinson,

Grand Master of the Masonic Grand

Lodge of North Carolina, introduced

Dr. Dixon to the audience in a brief but

felicitous speech. The subject selected

by Dr. Dixon was, "North Carolina

Boys, and how to save them." a theme

full of interest and solicitude, and one

which appeals directly to the heart of

every father, mother and sister in the

good old State. In the discussion of

this all-important theme the speaker

was plain, practical and candid and

at times his remarks were full of gen-

uine humor, which is one of his hap-

py characteristics. He has a fine

presence, a rich full voice and is an

earnest man. At the conclusion of his

lecture, by request of Grand Master

Robinson, Dr. Dixon gave some ac-

count of the Orphan Asylum, stating

that there were now 205 children who

were being prepared for the duties of

life at that institution. Of these the

boys were being taught farming, shoe

making and telegraphy, while the girls

were being taught cooking and sewing,

and all were being given a good prac-

tical education in the English language.

The speaker made a most favorable im-

pression upon our people, who would

be glad to greet him again when the

weather shall not be quite so hot.

At the conclusion of his remarks the

quartet sang, "Remember Thy

Creator," after which Rev. Mr. Hoge

made a few remarks expressive of ap-

probation of the lecture and the audi-

ence were dismissed.

Go to Sol. Bear's and buy a Gossa-

mer and some elegant Bath Towels,

then go to Carolina Beach, and—take a

surf bath.

Exports Foreign.

Ital. barque *Il Vero*, Caffero, clear-

ed to-day for Trieste, Austria, with 4

106 barrels rosin, valued at \$4,384

shipped by Messrs. Paterson, Downing

& Co. Nor. brig *Emma*, Anderson,

cleared for Hull, Eng., with 1,844 casks

spirits turpentine, valued at \$31,350,

shipped by Messrs. Alex. Sprunt &

Son; making a total of ex-ports foreign

amounting to \$35,734.

Half Holiday.

Our streets this afternoon presented

quite a deserted appearance, in conse-

quence of the closing of nearly all the

stores in order that the clerks may

have a half holiday or recreation. The

movement has become general among

dry goods merchants, clothing, boot

and shoe dealers and jewelers, and the

employees engaged in those vocations

will have an opportunity for a half day

of pleasure.

City Court.

W. H. Loftin, colored, who was

brought before the Mayor yesterday

morning charged with keeping an un-

licensed dog, but whose case was con-

tinued, was brought up again this

morning and was fined \$5. He took

an appeal which was granted upon con-

dition that he furnish a justified bond

in the sum of \$50 to prosecute the ap-

peal.

W. Collision was charged with being

drunk and down, but the hearing in

his case was continued by the city on

account of the absence of two im-

portant witnesses. A fine of \$5 each

was entered against the absent witnesses

who were both police officers.
