

# THE DAILY REVIEW.

VOL. XI.

WILMINGTON N. C., MONDAY, JULY 18, 1887

NO. 169

We are bound to go up and going. Do I catch your eye? Must go, last call—Shall I say—G-O-N-E? More anon.—  
VOX.

**Col. Julian Allen, of Statesville. Do you know him? He is one of the most persistent and interesting talkers in this State. He is going to deliver an address at the Grangers' Encampment and Fair at Mt. Holly. His subject will be "A Northern Man's Experience in Farming in North Carolina." We venture to say that those who hear the talk will smile a few times. He is a witty talker, a clever gentleman and makes friends wherever he goes.**

**An important question to the farmers of the South is what kinds of grasses will suit our soil. Professor Milton Whitney, Superintendent of the State Experimental Farm, has given special attention to the grass crops and has experimented with every known variety. He is competent to interest the people on this interesting subject and has been selected by the committee of arrangements of the Grange Encampment to be held at Mount Holly to read a paper on "Grasses for permanent and Temporary Meadows and Pastures, especially adapted to the various soils of the South."**

**Don't Experiment.**  
You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems, at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottles free at W. H. Green & Co.'s. Large bottles \$1.

**A Sound Legal Opinion.**  
E. Bainbridge Munday, Esq., County Attorney, Clay county, Tex., says: "Have used Electric Bitters with most happy results. My brother also was very low with Malarial Fever and Jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."  
Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: "He positively believes he would have died, had it not been for Electric Bitters."  
The great remedy will ward off, as well as cure all Malarial Diseases, and for all Kidney, Liver and Stomach Disorders stands unequalled. Price 50c. and \$1, at W. H. Green & Co.'s

For other locals see fourth page.

Very fine watermelons in market on Saturday for a quarter for the choice.

Canteloupes are in their glory now. You can buy splendid ones for 50 cents a dozen.

The cheapest place to buy your school books and school stationery is at Heinberger's.

We saw three badgeless dogs together at the corner of Chestnut and Eighth streets, at about sunset last night.

There are a good many piles of trash in the streets in the Eastern section of the city which should be removed at once.

The lucky ones yesterday were those who stayed home. It was hot enough here but hotter still almost everywhere else.

Go to Sol, Bear's and buy a Gossamer and some elegant Bath Towels, then go to Carolina Beach and—take a surf bath.

Some of the newspapers, in speaking of the hot weather, are quite witty, while a few of them approach very near the blasphemous.

Up to 10 o'clock this morning 961 licenses had been issued for dogs and 187 canines had been killed; making 1148 present or accounted for.

There were smart showers at the Sound yesterday afternoon, while here there was but a slight sprinkle although the clouds had a threatening aspect for awhile.

Mrs. Alice L. Adkins has opened a new boarding house at 2044 South Front street, near Orange, where boarders can be accommodated by the day, week or month. See adv. in this issue.

### Knights of Honor.

Carolina Lodge No. 434. Regular meeting this (Monday) evening, at 8 o'clock. Full attendance is desired.

### Personal.

Messrs. P. Heinberger and W. W. Hodges, who have been spending a few days at the Rocks, returned to the city this morning. They report good fishing and lots of luck.

### Large Party.

The excursion of colored people to Wilson, on the Wilmington & Weldon Railroad, this morning, was probably the largest that ever left this city. There were fifteen passenger coaches and two baggage cars, crowded to their utmost capacity, and there were quite a number of people who desired to go, but who could not be accommodated. It was indeed a monster excursion.

### Mozart Hall.

Workmen were engaged this morning in removing the remainder of the block letters, which once constituted the legend, "Mozart Hall," over Messrs. Burr & Bailey's store. By the force of storms and the ravages of time, a large portion of the letters had been destroyed, so that fragments only remained, and as other improvements to the front of the building are in progress, it became necessary to remove these latter.

### To-Morrow Night.

The ladies hope for a large attendance at the Lawn Party to-morrow night, for the benefit of the Wilmington Light Infantry fund. They hope to have some good music on the occasion, as the Cornet Concert Club have been asked to play for them. There will be a plenty of cooling refreshments and a number of fancy articles will be offered for sale, at really very low prices. The Lawn Party is the only public amusement or entertainment announced for this week.

### Base Ball.

On Saturday afternoon the third and last game of base ball of the series, between the Charlotte and Wilmington nines, was played at the Seaside grounds, resulting in a victory for the former by a score of 9 to 6. The game was hotly contested on both sides and the prospect for a favorable result for the home team was good, as the score stood 6 for the home team to 5 for the Charlottes at the beginning of the ninth inning. The latter then went to the bat and scored four runs, while the home team made nothing when they took the willow. Our boys played well until the game was nearly finished, when they failed in several instances, thus losing the game.

### City Court.

Thomas Gordon was brought before the Mayor this morning to answer to the charge of disorderly conduct. The testimony showed that it was one of those shameful cases of domestic infelicity in which the wife used the broomstick and the husband did the best he could to defend himself in an entirely playful manner with his fists. The fun proved very annoying to the neighbors, and as such occurrences are frequent, a fine of \$20 was imposed, with the alternative of 30 days in the city prison.

### Ingenious Work.

Mr. James H. Hewett killed a rattlesnake, on the 1st inst., at his farm on Jumping Run, about 1/2 miles from the city. His snake was 5 1/2 feet long and had 13 rattles and a button. Mr. Hewett skinned the reptile and had the hide tanned and after wards varnished, and has had it fitted up with springs in such a manner that it now closely resembles the original, and can be made to run and shake the rattles as it did in life. It is an ingenious piece of work, but we are not fond enough of snakes to wish for such a vicious-looking play thing.

### Heroes and Heroines.

There are few who endure bodily troubles without complaint. Did you ever meet among the heroes or heroines of your acquaintance—any such there have been—one with a yellowish cast of countenance and that jaundiced aspect generally, which the most unpracticed eye recognizes as the product of a disordered liver, who did not complain, and peevishly too, of the soreness of the recalcitrant organ, of pains beneath the right shoulder blade, of dyspeptic symptoms, constipation, a headache, of course you never did, and of course the individual was not using Hestetter's stomach Bitters, or he would not so have complained. To purify the blood when contaminated with bile, and conduct the secretion into its proper channel, to re-establish regularity of the bowels, to banish bilious headache and remove impurities, a complete digestion, nothing can approach in efficacy this peerless alternative and tonic, Malarial complaint, always involving the liver and kidneys and bladder inactivity, are remedied by it. It is a capital appetizer.

### Wrightsville Sound.

Much has been said regarding this popular resort for the people of Wilmington and vicinity, and as time progresses and the place becomes built up with pretty cottages and improved and beautified by the taste of the property owners there, much will remain to be said in its praise. The situation of the village which has sprung up on the verge of the Sound within a comparatively few years is attractive and picturesque. The tasteful and cozy looking cottages, embowered amid inviting groves and shaded by beautiful foliage, with the deep diapason of the never ceasing anthem of the ocean to be heard from the distance, seem to remind one of some fairy spot, where the dwellers are exempt from all the cares of life.

We visited the place for the first time a day or two since, and were deeply impressed with its natural beauty as well as with the tasteful improvements which were visible on every hand. The day was too torridly and horribly hot for us to see all the loveliness of the place by a stroll through the precinct, but we saw enough to cause us to sigh for a fortune that we might make it a suburban residence. But there are splendid accommodations for transient visitors, who wished to spend a day removed from the dust, turmoil and hot brick walls of the city. Piney Grove Hotel, of which our genial friend, Capt. E. W. Manning, is proprietor, has ample accommodations for a large number of guests. It is right on the margin of the Sound, in full view of the ocean, and is a cool and delightful retreat whenever there is any breeze to tan the parched and fevered brow. The cuisine is superb and the rooms are large, airy and well ventilated. There are also several bath houses connected with the establishment and a large club house, where visitors who do not like to remain in their rooms may sit and enjoy the cooling breezes as they are wafted across the sound from the ocean. Messrs. Stokely Brothers also keep a good hotel there.

The drive to the Sound, over the turnpike, is delightful. The roadway, after leaving Market street, is one of the best in the State, and in fact, we doubt if it can be equalled. It is as solid as any Macadamized road of the North, is so nearly level that the slight undulations serve to break monotony, and is a perfect road, only lacking in width. It should be at least four feet wider. This, in brief, is our view of Wrightsville and the means of getting there.

### Criminal Court.

New Hanover County Criminal Court, Judge O. P. Meares presiding, and Solicitor B. R. Moore appearing in behalf of the State, convened at the Court House in this city this forenoon. The morning hour was devoted mainly to empanelling the grand jury and to delivering the customary charge to the same.

The following are the grand jury for the term: J. E. P. Bailey, foreman; Thomas J. Raud, D. W. Chadwick, J. Carmer Davis, M. F. Croom, B. F. Swann, Benjamin Scott, D. J. George, J. T. McIver, George B. Myers, W. S. Walker, John W. Owen.

The following cases were heard during the morning hour:

State vs. Polly Mack, assault and battery. Defendant waived bill of indictment and submitted. Judgment, one penny and costs.

State vs. Hattie Chadbourne, assault and battery. Defendant waived bill of indictment and submitted. Judgment, one penny and costs.

State vs. Mary Williamson, assault and battery, two cases. Defendant waived bill of indictment and submitted. Judgment, one penny and costs in each case.

### Greatest Sacrifice in Clothing Ever Known in Wilmington.

Mr. I. Shrier, desiring to close out every dollar's worth of clothing, gent's furnishing goods and to make quick work of it, will sell out his entire stock regardless of cost. The real cost or actual value of the goods will have nothing to do with the low prices; his main object is to open up in the large and handsome store in the Purcell building with one of the largest and finest stocks of custom made clothing. All goods on hand will be slaughtered off. Read a few of the slashing prices in children's suits: For \$1 worth \$2.25, some at \$1.50 worth \$3; a very handsome suit for \$1.50 worth \$4. On suits the price will be reduced \$2.50, \$3 and \$4; in furnishing goods 15, 25 and 35 per cent. Remember this is no sensational humbug scheme. Don't miss the opportunity of getting a bargain of the well known I. Shrier, 114 Market St.

### MARRIED.

FRYD-DILLIAGLE—At St. James' Church Wilmington, N. C., Tuesday, July 12th, 1887, by the Rev. W. J. Lewis, Mr. OTTO HERBE T SEYD to Miss L. OUIS A. DELE DE L'ILE, both of New York City.

Papers will be delivered by carriers free of charge, in any part of the city, at the above rates per week. Advertising rates low and liberal. Contributors will report any and all failures to receive their paper regularly.

### PROPOSED SUBSCRIPTION.

#### Oswalo County Man Makes Very Strong Plea in Favor of the W. O. & E. C. R. R.

OSWALO CO., N. C., July 17. THE REVIEW has published an application to the State of North Carolina asking them to subscribe \$100,000 to construct a railroad from the Atlantic & North Carolina Railroad or Newbern, to the city of Wilmington, and that the city would liberally subscribe to the same. The great New York syndicate, known as the Atlantic & North Carolina Railroad, is represented by whom Mr. Koonce is representative, would take hold of the project and give the city the benefit of the railroad. An important question to the farmers of the South is what kinds of grasses will suit our soil. Professor Milton Whitney, Superintendent of the State Experimental Farm, has given special attention to the grass crops and has experimented with every known variety. He is competent to interest the people on this interesting subject and has been selected by the committee of arrangements of the Grange Encampment to be held at Mount Holly to read a paper on "Grasses for permanent and Temporary Meadows and Pastures, especially adapted to the various soils of the South."

#### Don't Experiment.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems, at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottles free at W. H. Green & Co.'s. Large bottles \$1.

#### A Sound Legal Opinion.

E. Bainbridge Munday, Esq., County Attorney, Clay county, Tex., says: "Have used Electric Bitters with most happy results. My brother also was very low with Malarial Fever and Jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."

Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: "He positively believes he would have died, had it not been for Electric Bitters."

The great remedy will ward off, as well as cure all Malarial Diseases, and for all Kidney, Liver and Stomach Disorders stands unequalled. Price 50c. and \$1, at W. H. Green & Co.'s
