

THIS PAPER published every evening, Sundays excepted by JOSH T. JAMES, EDITOR AND PROPRIETOR. SUBSCRIPTIONS POSTAGE PAID: One year \$4.00. Six months, \$2.00. Three months, \$1.00. One month, 35 cents. The paper will be delivered by carriers free of charge, in any part of the city, at the above rates, or 10 cents per week. Advertising rates low and liberal. Subscribers will report any and all failures to receive their paper regularly.

THE BEST FAMILY MEDICINE
For Children, for Adults, and for the Aged.
ONLY GENUINE
has our Z Stamp on front of Wrapper.

LIVER, KIDNEYS, AND BOWELS.
AN EFFECTUAL SPECIFIC FOR Malaria, Bowel Complaints, Dyspepsia, Sick Headache, Constipation, Biliousness, Kidney Affections, Jaundice, Mental Depression, Colic. Prepared by the use of 7 Millions of Bacteria, as used in the treatment of Cholera, Cholera, and Typhoid Fever.

THE BEST FAMILY MEDICINE
For Children, for Adults, and for the Aged. ONLY GENUINE. W. L. Green, the new Premier of the Sandwich Islands, is a member of the Grand Army of the Republic. Secretary and Mrs. Whitney are said to have spent \$103,000 for charitable purposes since the first of September last. Nearly 75 per cent. of the inmates in the New York City insane asylum according to Superintendent Macdonald, are foreign born. The mines of Guanajuato, in Mexico, have since the year 1,537 produced the sum of \$1,500,000,000 by the old-fashioned methods of treating ore, and are still yielding richly. The United States pays every year for cigars and cigarettes \$186,500,000 and \$20,000,000 for tobacco smoked in pipes. To this it adds the cost of chewing tobacco, \$50,000,000, bringing the entire tobacco bill for the year up to \$256,500,000.

A tree called the umbrella tree of Japan, now growing in a yard at Tallahassee, Fla., though only three years old, has leaves on it that measure 21 inches by 16. It is umbrella shaped, and makes a shelter that is impervious to sunshine or rain. The Rev. Dr. S. H. Virgin, in a Fourth of July address at West Chelmsford, said that recently in Washington he examined with microscopic scrutiny the original draft of the Declaration of Independence, and not a trace could be found of the signatures of the men who put forth that immortal instrument. The policy of making Niagara Falls and its surroundings a public ground has been a complete success. All unsightly buildings have been removed, and for the first time in many years some of the best views of the river and falls are now attainable. The bazaars have been abolished, the hackmen tamed and every visitor is free to go about as he pleases. A woman in Chico, Cal., awoken by the jarring of an earthquake recently, thought the noise was made by a burglar, and seizing her revolver, she rushed to an open window, from which she fired a volley in the direction of the supposed robber. The shaking ceased and she again retired, and was considerably surprised to hear a few hours later that she had been shooting at an earthquake. It is now settled that typhoid fever germs are carried almost wholly in water, and that while freezing does not destroy them boiling always does. It is proved, also, that filtration is wholly ineffective for the purification of water bearing these germs, so that the water in a well may be infected from sinks, &c. at a considerable distance. With these facts definitely determined it ought to be easy to reduce the danger of typhoid fever to a minimum by care.

Carolina Beach. Keep cool and remember that the headquarters for bathing suits is at the Wilmington Shirt Factory. Suits made to order. Ladies a specialty. J. ELSBACH, Prop., 27 Market street.

THE DAILY REVIEW.

VOL. XI. WILMINGTON, N. C., TUESDAY, JULY 19, 1887. NO 170

The color line is drawn sharply in the Bahamas. Till recently the blacks have been forced to enter the churches in Nassau by different doors from the whites, and this is still true of the other islands. Even in Nassau negroes and white men sit in separate sections of the church. At Harbor Island three blacks were recently fined by a magistrate for insisting on their right to enter a Methodist Church by the white men's door.

The new pistol law in Texas, which went into effect on July 4, punishes by fine and imprisonment all persons who carry on or about their persons, saddle or in their saddle bags, a pistol, dirk, or other deadly weapon. And to a drummer who asked if he could not carry a pistol in his travelling bag, the *Galveston News* replies no unless he has his travelling bag checked, as it is the evident purpose of the law to prevent people from having pistols within easy reach. If this law is faithfully enforced, Texas will be a new country in a few years.

Don't Experiment.
You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems, at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Croup, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottles free at W. H. Green & Co.'s. Large bottles \$1.

A Sound Legal Opinion.
E. Bainbridge Munday, Esq., County Atty., Clay county, Tex., says: "Have used Electric Bitters with most happy results. My brother also was very low with Malaria Fever and Jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."
Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: "He positively believes he would have died, had it not been for Electric Bitters." The great remedy will ward off, as well as cure all Malarial Diseases, and for all Kidney, Liver and Stomach Disorders stands unequalled. Price 50c., and \$1, at W. H. Green & Co.'s.

LOCAL NEWS.
INDEX TO NEW ADVERTISEMENTS.
C. W. YATES—Country Merchants
DICK & MEARES—Shirts to Measure
TAYLOR'S BAZAR—The Bazar Corset
HEINSBERGER'S—For the Hot Season
Milk shakes till you can't rest at the Lawn Party to-night.
The cheapest place to buy your school books and school stationery is at Heinsberger's.
The Italian harpers will play at the Lawn party to-night in the City Hall Park.
A large party of excursionists will arrive here from Goldsboro and intermediate points to-morrow.
There are obnoxious and noxious piles of garbage in many of our streets, which ought to be removed.
The excursion to Carolina Beach this morning, given by the Ladies' Aid Society of Fifth Street, M. E. Church, was largely attended.
Mr. Owen R. Hollingsworth has returned from a ten days visit to Point Caswell. He says that the crops there are good but that the weather is red-hot.
Last night was insufferably hot, and sleep was almost an impossibility. The little ones suffered much, and if the hot weather continues there will be much sickness among them.
A well of wonderfully cool and refreshing water, clear as crystal, has been opened at Mr. Wm. Larkins' place at Summer Rest, on Wrightsville Sound. It is thought to have a taste of minerals, and Mr. Larkins will have it analyzed.
Indication.
For North Carolina, occasional local thunder storms, and slightly cooler weather.
A Correction.
We were in error in saying yesterday that the Lawn Party to be given this evening in the City Hall Park for the benefit of the Wilmington Light Infantry flag fund is the only entertainment for this week, although we were perfectly sincere in so stating. We did not know until after our paper was on the street that the lady friends of the Cornet Concert Club were preparing for their benefit a lawn party to be given this week.

Lost Umbrella.
The local editor of this paper either exchanged umbrellas with some one or some one exchanged with him yesterday. The one which he lost is a small, alpaca umbrella with a silk stripe and a dark handle. The one he got is an alpaca, without the silk stripe and with a light handle. He would gladly obtain his own again, if for no other reason than that the umbrella lost is of better material than the umbrella found.

County Commissioners.
The Board of County Commissioners met yesterday afternoon in adjourned session to continue investigation of complaints of tax-payers as to assessments of property. They were engaged in this work until the hour of adjournment at 6 p. m.

It was ordered that James Hollis be allowed to list his property in Masonboro township; Jno. F. Garrell, his property in Cape Fear township; and David Jones, his property in Cape Fear township.

A Good Trade.
Some of our wholesale merchants, when asked regarding trade are prone to answer, "only moderate," or, "what is more frequently the case, dull." In conversation, a few days since, with a very intelligent shipping clerk, who is connected with one of our largest wholesale grocery houses, we were told that the amount of goods shipped daily was almost enormous, and that the clerks who attended to the shipment of goods were kept busily employed from morning until night in filing the orders of their country customers. This is reasonable, for we know that large quantities of goods are being received here every week by railroad and steamship from the North and West, and that the stock on hand is not unusually large. The trade of Wilmington is evidently good, and our merchants have no reason to complain.

Lippincott's Magazine.
The August *Lippincott's* opens with a charming romance by Sidney Luska, entitled "A Land of Love," the scene being laid among the American residents of the Latin Quarter in Paris. A powerful short story is entitled "Life for Life." Edgar Fawcett has a pleasant paper on "Ouida," whom he praises as a fine and original genius. Arthur Edmonds Jenks, of the class of '88, gives an entertaining picture of "Social Life at Yale." Louis Imogen Guiney writes a humorous little essay on "Bed." Mrs. Bloomfield-Moore, who is one of the principal financial backers of the inventor Keely, writes on "The Keely Motor Secret." The sensational article of the number, "Is the Base Ball Player a Chattel?" is contributed by John Montgomery Ward, captain of the New York Ball Club, and is a vigorous attack on the methods of the League and the Association in reserving, selling and loaning players. Mr. Ward, in plain, simple, forcible language, calls public attention to the abuses to which these methods are liable to lead and have in fact led.

Board of Audit and Finance.
The Board of Audit and Finance met in regular session yesterday afternoon. Present, Wm. Calder, J. F. Maunder and Jno. W. Hewitt.
On motion Mr. Calder was called to the chair.
A communication was received from the Board of Aldermen relative to an election to be held on the 11th day of August, pertaining to the Wilmington, Onslow & East Carolina Railroad.
On motion, the communication was referred to the City Attorney, with the request that he give the Board his legal opinion as to whether consideration of this matter should be brought before the Board at the present time.
A communication from the Board of Aldermen, authorizing the Fire Department Committee to purchase a new set of drop harness for the Cape Fear Fire Engine Co., at a cost not to exceed \$125, was received. Consideration of the matter was deferred until the next meeting, with a request that the Chief of the Fire Department inform the Board as to the immediate necessity of making the purchase.
Bills were audited and approved as follows:
Current expenses \$782 84; bonds, \$99,600 as follows: Thirty-two of the denomination of \$100; 7 of the denomination of \$500, 5 of the denomination of \$400, 29 of the denomination of \$500, and 77 of the denomination of \$1,000. These bonds, which had been redeemed and cancelled, were burned in the presence of the Board.

Wade Harris in Wilmington.
It is pleasant to read what our friends have to say about us, and therefore we make no apology for reproducing here some pleasant remarks from the pencil of our friend Wade H. Harris, of the *Charlotte Chronicle*, who was in the city for a short time last week. He writes:

The games between the base ball boys of Charlotte and Wilmington at the latter place, last week, attracted a large party of Charlotte people and among the number was a *Chronicle* reporter, who took advantage of the occasion to renew his acquaintance with the town. Wilmington is undoubtedly improving, and at a rapid rate, too. The fires of last spring that wiped out so many houses cannot be looked upon in the light of a misfortune as the burned district is now almost completely rebuilt, and the new houses are far more handsome and imposing than the former ones were. The new compress and railroad buildings are particularly fine structures far in advance of the old style of Wilmington architecture. The business men generally manifest a cheerful spirit and are unambiguously slated over the present indications for the upbuilding and prosperity of Wilmington. One need of the town is being supplied in the construction of a large and first class hotel, the Orton, by the name of The Orton is something of the style of the Belmont, of Charlotte, and has proved such a success, that a new building which will almost swallow up the old one, has been commenced. The new building will treble the capacity of the present one. The Orton is a good hotel, and one will have to come to Charlotte to find one that can beat it, for Charlotte is the only place in the South, perhaps, where such a hotel can be found.

Wilmington has a big thing in newspapers at present. Josh James with his excellent evening daily, the *REVIEW*, is moving along as serenely as ever, while the old-established *Star* and the newly founded 8-page *Messenger* are hustling things and are giving their readers plenty of news. Both papers seem to be fine patronized. But the people of Wilmington have other blessings besides good newspapers, and prominently among them is the newly opened resort, the Carolina Beach, about midway between Wilmington and Southport. The *Passport* makes two trips per day, landing the passengers at a finely constructed pier, whence they take passage on a train of cars and are whirled across the narrow strip of land separating the river from the beach, and are landed at the breakers within ten minutes after leaving the pier. The beach is a remarkably fine one, and those who are acquainted with such matters say that it has no equal on the Atlantic coast. Certainly it is, that Carolina Beach is far superior to that of Coney Island. The sun bathing is splendid, and crowds take advantage of it each day. Mr. Bryan, proprietor of the Orton, is building a large hotel within thirty feet of the breakers and cottages and club houses are springing up on all sides. Capt. Harper, the owner and commander of the *Passport*, is to be congratulated upon the enterprise which he displayed in inaugurating this new resort. It promises to become the seaside resort of North Carolina. Well, to return to Wilmington; we think Mayor Fowler ought to have the grass dug up from the streets, and the citizens ought to follow the example of the people of Charlotte and use plenty of paint on the houses. That would help things mightily. It helps a boy's face sometimes to have it washed, and his hair combed, and the same rule holds good in regard to towns.

Proof Better than Assertion.
With such proof as the following letter from W. H. Dean, of No. 278 Seventh St., New York, it is not necessary to make the bare assertion that ALCOCK'S POROUS PLASTERS cure lumbago. Mr. Dean says:
Some ten days ago I was taken with a very violent pain in the small of my back. It was so severe that I could hardly breathe; every movement caused great agony. I finally found out it was lumbago. Being entirely helpless, a friend sent to a drugist and got two ALCOCK'S POROUS PLASTERS; these were well warmed and applied to my back, one above the other. In half an hour, to my great surprise, I found the pain began to abate. In two hours I was able to walk out and attend to my business, the pain being almost gone. Next day I was all right, but continued wearing the plasters for a week.

Heroes and Heroines.
There are few, no endure bodily troubles without complaint. Did you ever meet through the hero or heroine of your acquaintance—if any such there have been—one with a yellowish cast of countenance and that jaundiced aspect generally which the most unpracticed eye recognizes as the product of a disordered liver, who did not complain, and peevishly too, of the soreness of the recalcitrant organ, of pains beneath the right shoulder blade, of dyspeptic symptoms, constipation, a head-ache? Of course you never did, and of course the individual was not using Dr. King's Liver Bitters, or he would not have complained. To purify the blood when contaminated with bile, and conduct the secretion into its proper channel, to re-establish regularity of the bowels, to soothe the ache and remove the elements of a complete digestion, nothing can approach in efficiency this precious alternative and tonic. Dr. King's Liver Bitters, always invigorating the liver and its biliary and biliary ducts, is recommended by it. It is a capital appetizer.

Base Ball.
The Carolina Base Ball Club, of Henderson, N. C. arrived here on last night's train and registered at the Parcell House. They will play the first of a series of games with our home team at the Sassaie Grounds this afternoon. The following are the members of the Henderson Club: J. T. Moss, manager and c. s.; R. G. Hart, 1st b.; E. G. Finch, 2d b.; J. Frank, 3d b.; E. J. Fleming, p.; J. D. Overton, c.; J. S. Dunn, l. f.; D. B. Kimball, r. i.; A. Strauss, c. f.; O. Chatman, substitute; C. S. Clark, scorer.
The Wilmington nine will be as follows: Gibson, captain and catcher; Bacon, p.; Rigby, 1st b.; Moore, 2nd b.; Creech, 3d b.; H. Rosenthal, s.; Watson, l. f.; Waddell, c. f.; Carmichael, r. f.
The visiting team is reported to be composed of first rate material, possessing pluck and skill, and the contest this afternoon will call forth all the energy and good tactics of both nines.

Criminal Court.
The following have been the proceedings before this tribunal to-day, up to the hour of closing our report:
State vs. A. H. Halmer, assault and battery. Defendant waived bill of indictment and submitted. Judgment, \$10 and costs.
State vs. J. G. Holt, assault and battery. Defendant waived bill of indictment and submitted. Judgment, \$10 and costs.

State vs. John Jones, burglary Judgment. It is ordered by the Court that the defendant, John Jones, be remanded to the County Jail, from whence he came, there to remain until Tuesday, the ninth (9th) day of August, 1887, and that on that day, and between the hours of 8 o'clock, of the forenoon, and 4 o'clock of the afternoon thereof, he shall be taken by the High Sheriff of the County of New Hanover, to the place of public execution, and then and there hung by the neck until he is dead.

The Colored Excursion.
The colored excursion yesterday to Wilson was attended with fatal results, so far as one of the party was concerned, owing to the intense heat and the crowded condition of the cars. Bets, wife of Edward Green, colored, who lives on Red Cross street, was sick when she left here yesterday morning, and on the return, soon after the party left Goldsboro, she died. Several others of the excursionists were overpowered by the heat and fainted, and it was with difficulty that they were restored to consciousness. The train reached here at about 11 o'clock last night, and there was much excitement at the depot upon its arrival, when it became known that one of the passengers was dead and that several were so prostrated by the heat as to be utterly helpless. Of those who were not stricken down, there was not one who did not suffer intensely from the heat and who did not rejoice to be permitted to reach home in safety. It was a fearful day and the great wonder is that there were not more fatal results to the excursionists.

City Court.
Harry Palmer, alias Harry Farmer, was brought before the Mayor this morning charged with the larceny of clothing on Sunday night from a printer named McGue, at Mrs. Woodcock's boarding house on Market street, between Second and Third. The testimony showed that during the absence of McGue, the defendant took a suit of black clothes, some underwear and other articles belonging to the former and decamped. He was arrested yesterday afternoon on North Water street with a portion of the clothing on his person, and this was fully identified. He also had \$355 in Confederate money in a good state of preservation and mostly in bills of the denomination of \$20. Besides these there was a check on the Bank of Charleston, S. C., for \$680, payable to A. J. Pearce and signed by T. B. Edwards, a letter addressed to A. J. Pearce from Hotel Jerome, Columbia, S. C., signed Ned Gaston and a telegram to A. J. Pearce from S. C. Brooks, Washington D. C. The last three were in the same handwriting and were evidently forgeries. Palmer has a swarthy complexion, is spare built, about 5 feet 7 inches tall, with a restless demeanor and a remarkably long, thin head. He offered no defense, and as the evidence was overwhelming the Court required that he should give a justified bond in the sum of \$50 for his appearance at the present term of the Criminal Court.

The Heat.
At about noon to-day Mr. H. M. Woodcock, engineer at Messrs. Morton & Hall's distillery, was overcome by the intense heat in the engine room and had to be conveyed to his residence where he was resting comfortably.
Mr. John Berry, who is employed at Mr. E. Kidder's Son saw mill, was overpowered by the intense heat to-day and was conveyed to the residence of Col. Roger Moore, where he resides, and where he was made as comfortable as possible.
There have been reports on the street to-day that Bill Howe, the colored stove-drawer, had died from the effects of the heat of yesterday, but such is not the fact, as he was alive at 4 o'clock this afternoon.
Owing to the intense heat Messrs. Burr & Bailey closed their machine shops at 1 o'clock this afternoon.
Paints and Varnish. Best in city at JACOBI S., and at lower prices than you can buy elsewhere. †

PLEASE NOTICE
We will be glad to receive communications from our friends on any and all subjects of general interest but the name of the writer must always be named to the Editor. Communications must be written on one side of the paper. Personalities must be avoided. And it is especially and particularly understood that the Editor does not always echo the views of correspondents unless so said in the editorial column.

DIED.
MRS. LOUISA HINES, in her 44th year. The funeral services will be conducted at "The Old Ladies' Home," and thence to Solitude Cemetery, at 5:30 P. M. to-day. Friends and acquaintances are invited to attend.
